

**GOVERNING BOARD AGENDA ITEM
AMPHITHEATER UNIFIED SCHOOL DISTRICT NO. 10**

DATE OF MEETING: **December 6, 2016**

TITLE: **Presentation of Amphitheater Middle School Mesquite Tree Bench**

BACKGROUND:

Several years ago the approximately 100 year-old mesquite tree that graced the grounds of Amphitheater Middle School was determined by Arborists to be diseased to the point it could not be saved and was unsafe. The decision was made to remove the tree and harvest the lumber which would be made into furniture for Amphitheater Middle School. Our Operational Support Carpentry Shop took on the task of creating a bench and a display case from the cured wood.

Mr. Dave Hall built the bench; a stunning piece of craftsmanship which will be presented tonight. We also take this opportunity to recognize Mr. Hall for his talent.

RECOMMENDATION:

This item is presented for the Governing Board's information and recognition.

INITIATED BY:

Karen S. Gardiner

Karen S. Gardiner, Administrative Assistant to the Governing Board

Date: November 29, 2016
