RE: —Website Survey

In an effort to improve our campus and district websites, each year Lawrence sends out a website online survey. The results of the spring 2007 survey are attached. Overall, I think we are doing a very good job on our websites. There are a few comments that you will want to review and adjust the website to meet them. I know among all of your other duties, you are working to keep websites current. Please be sure to share these comments with your staff members when they return in the fall. There are a few negative comments, but overall, I think the results are positive. Thank you for all you do!

Results for Web Survey - Spring 2007 with no names

-The website improvements look great!

Comment: Thank you!

-Someone needs to proofread the high school announcements. The spelling and grammar are atrocious!

-We have forms on our campus website, as we have for over three years. I designed them from scratch, but I would like to have training or help using forms so we could make better use of them.

Comment: Thanks to everyone who works on the website, whether they are in charge of the district, a campus website, or even a single page. It seems that you are not appreciated enough for all the hours you spend at home, on the weekends, in the middle of the night, etc., while the high-profile nature of the task inevitably seems to bring criticism rather than thanks for all your hard work.

-I have dial up at home, and I don't like it when there are large pictures on the front page of BISD site. Takes too long to load.

-It would be greatly appreciated if someone would add an e-class link on the teacher part of the website so we can enter our grades only once from home. This way we don't have to do them at home, save them, come to school, download them and export them. It would save some of our weekends. Also, Please post the teacher and administrator salary pay scale on the site.

-Having to fill in comments when you don't have any is a big drag, not to mention a waste of my time. But, this survey will not let me out of here until I comment!

-Thanks for all the hard work.

Comment: Thanks again for all your departments hard work.

Comment: Thank you for a job well done

-I guess we need a new webmaster, since I think April McAdoo was ours. It says she still teaches English.

-Update the photos

-the link for the yearly calendar is broken

-They just need to be updated as needed.

-I am pleased with the current website, whatever you do to improve it will be fine.

-cannot think of any improvements that need to be made

-Very good now.

-The website is well done and informative.

-The web site is nice to visit, but I usually don't use it that much.

-Some of the items on the MJH website were correct but the staff of various departments was not correct.

Comment: I have no idea who the webmaster is for our website.

-Please have more up to date info for the parents

-the page is i dont know...not as wonderful as i would hope...

-The high school announcements helps me as a parent also.

-i found it very helpful

-I think that you'll do a great job with the websit and it is very informative. Seems like you'll are on the

Comment: The technology dept. has great people working. They are always willing to do whatever it takes to help anyone out. They are pulled in many different directions and I appreciate everthing they do.

-I'd like information on setting up my webpage

Comment: All in all - great going guys

-Thank you

-need for consistent design and navigation

-The Athletic Sports Pages should have driving directions link on them for when we have to travel out of town. We should also have driving directions link for out-of-town people traveling here for sports events.

-Everything looks good. Keep up the good work.

-Need to update athletics information

-Doing well

Comment:Keep up the good work.

-clarification of the move or changes for 2007-8 for the public to guarantee their child's safety would help

-I believe that the website looks great and provides helpful information to all that go it.

-Good webpage, I have had no problem getting the information I'm looking for on the page.

Comment:none

-Cut out the extraneous information, especially the animations

-doing a good job

-I think the district page is very informative and eye appealing.

Comment:Website is improving every year & is useful.

Comment:GREAT JOB!!

-I keep forgetting the password for the form we need to filled out when we need you all to come see one of our computers.

Comment:Thanks for your hard work.

-I think it is great!

-Nice website

Comment:Easy to follow website

-very informative

-suggestion box for for the web page, access to grades, monthly principal for school newsletter with accolades, future dates to keep in mind, etc.,something to touch base with parents, students current and future, and current and future community members.

Comment:the kindergarten page is the most appealing and moreno has to be the worst and least current of all.

-Scrolling announcements are not updated frequently enough. Most, and sometimes all, have passed and still on the page.

Comment:Moreno needs to update its information. I think there should be a page for each school that shows its accomplishments by its students for all activities they participate in, not just high school athletics.
