Re: RFP #322 Electrical Labor - High Voltage & Low Voltage

RFP #322 for the T & M contract for Electrical Labor - High Voltage & Low Voltage from July 1, 2024 through June 30, 2025, with the option to renew for two (2) additional one-year periods if acceptable to both parties was sent to 3 vendors

Two (2) vendors responded with the following results:

<u>Vendor</u>	<u>Total</u>
Benson Electric	\$49,150.00
Hunt Electric	\$48,225.00

The Facilities Department, Bryan Brown, Jeremy DeGraef, and Kris Brown reviewed the bids.

Recommendation

I recommend the Duluth School Board approve accepting and rewarding the RFP meeting specifications as submitted to Benson Electric and not Hunt Electric because of the labor price on the Journeyman labor rate. Benson is at \$107.00 and Hunt is at \$135.00. It is a better value for the School District to go with the lower rate, since they always send out a Journeyman and not an Apprentice. The quote tabulation is attached for your reference.

Bryan Brown will be at the Board Meeting on June 13th to answer any questions.

FINAL

This AGREEMENT (the “Agreement”) is made effective July 1, 2024, by and between Independent School District 709, in the city of Duluth and of the State of Minnesota, hereinafter described as "ISD 709" and Voyageur Bus Company, Inc. hereinafter described as "Vendor." WHEREAS, ISD 709 has selected Vendor to furnish student transportation services to certain ISD 709 students in accordance with the terms defined herein.

NOW THEREFORE, in consideration of the mutual covenants and conditions agreed to and contained herein, ISD 709 and Vendor agree as follows:

The period from the Commencement Date to the Termination Date, as amended or extended by the Parties, shall be referred to as the “Term.”
2. Renewal. Vendor reserves the right to extend or renew this Agreement with or without modifications for additional eight (8) years, with good faith discussions commencing no later than June 1, each additional year. Any modifications for a renewal term shall be mutually agreed to by the parties and memorialized by a written amendment.
3. In addition, Vendor does hereby grant ISD 709 the right to renew this Agreement at the end of the second year (June 30, 2026). In the event the required school days fall below 170, Parties agree to negotiate adjusted rates in good faith.

5. Any school bus used to transport students in wheelchairs shall be equipped with fastening devices that will hold such wheelchairs securely in a fixed position. All special equipment must meet applicable federal and state requirements for that vehicle.
6. Each driver of a vehicle for disabled students should be carefully selected to fulfill the unique requirements of the job. Drivers shall be assigned to each route on a regular basis whenever possible.
7. Each aide assigned to a vehicle transporting handicapped students, or the driver if no aide is assigned, or both, shall:
 - a. Have available to them, in the vehicle, a type written card indicating the student's name, address, nature of the student's handicaps, emergency health care information, names and telephone number of student's physician, parents, guardians and/or custodians, same of person other than student's parents/guardians who can be contacted in case of emergency.
 - b. Be instructed in the proper emergency health care procedures for the students under their care. - c. Assist such children on and off the bus when necessary for their safe ingress and egress from the bus.
 - d. Ensure that protective safety devices, as required, are in use and fastened properly.
8. ISD 709 contracted for up to twenty (20) special needs buses in 2023-2024. ISD 709 anticipates a similar need in 2024-2025.

Written notice may be required by Vendor if order forms are furnished and if orders are picked up by the Vendor. When orders do not meet the three (3) day minimum, the Vendor may deny the request if drivers or equipment are not available.
- 4. The minimum charter cancellation time will be four (4) hours. Should minimum cancellation times not be followed for charter orders, ISD 709 will pay a penalty charge. Weather conditions that cause late cancellations will not result in charges under this provision.
- 4. It is anticipated that over 900 charter trips will be scheduled in 2024-2025.

F. SUMMER SCHOOL

- 1. Summer school transportation (herein “Summer Transportation”) is similar to the needs of the school year. All special equipment needs of the regular school will apply.

The operating provisions governing this Agreement apply through the end of summer school.

THE PURPOSE OF THE AGREEMENT is to set out the terms and conditions whereby Contractor will provide programs or services for the District at the times and locations set forth in this Agreement.

The terms and conditions of this Agreement are as follows:

1. **Dates of Service.** This Agreement shall be deemed to be effective as of September 5, 2023 and shall remain in effect until June 5, 2024, unless terminated earlier as provided for herein, or unless and until all obligations set forth in this Agreement have been satisfactorily fulfilled, whichever occurs first.

2. **Performance.** Interpreting Services as needed by the school district for students and staff requiring ASL-English Interpreting Services. Contractor will provide a Nationally Certified Interpreter or interpreter actively pursuing certification, in accordance with District requirements.

District reserves the right to offset any overpayment or disallowance of any item or items at any time under this Agreement by reducing future payments to Contractor. This clause shall not be construed to bar any other legal remedies District may have to recover funds expended by Contractor for disallowed costs.

7. Ownership of Materials. The District reserves the rights to reproduce the programming in any fashion, or appropriate the contents of the programming, or any portion thereof, to its own use for any and all programs, forms and other materials that Contractor has provided, prepared, or utilized in performance of the terms of this Agreement.

Nothing contained in this Agreement shall be construed as in any manner creating a relationship of joint venture between the parties, which shall remain independent contractors with respect to all actions performed pursuant to this Agreement.

Accordingly, Contractor shall be responsible for payment of all taxes, including Federal, State, and local taxes, arising out of Contractor's activities in accordance with this Agreement, including by way of illustration, but not limited to, Federal and State income tax, Social Security tax, Unemployment Insurance taxes, workers compensations, and any other taxes or business license fees as required.

THIS AGREEMENT, made and entered into this 30th day of May, 2024, by and between Independent School District #709, a public corporation, hereinafter called District, and KY Interpreting, an independent contractor, hereinafter called Contractor.

THE PURPOSE OF THE AGREEMENT is to set out the terms and conditions whereby Contractor will provide programs or services for the District at the times and locations set forth in this Agreement.

The terms and conditions of this Agreement are as follows:

1. Dates of Service. This Agreement shall be deemed to be effective as of September 3, 2024 and shall remain in effect until June 5, 2025, unless terminated earlier as provided for herein, or unless and until all obligations set forth in this Agreement have been satisfactorily fulfilled, whichever occurs first.

2. Performance. Interpreting Services as needed by the school district for students and staff requiring ASL-English Interpreting Services. Contractor will provide a Nationally Certified Interpreter or interpreter actively pursuing certification, in accordance with District requirements.

3. Background Check.

Contractor must provide an executed criminal history consent form and a money order or check payable to the District in an amount equal to the actual cost of conducting a criminal history background check on all of its employees assigned to the program. Contractor is precluded from performance of contract until the results of the criminal background check(s) are on file.

If Contractor has already completed background checks for their business needs, Contractor stipulates that the background checks are completed, on file, and will be made available for review if the District should request.

Contractor will notify the District of any individual working in our schools with convictions of a gross misdemeanor or felony.

4. Reimbursement. In consideration of the performance of Contractor of its obligations pursuant to this Agreement, District hereby agrees to reimburse Contractor for its services and expenses in performing said obligations up to a sum not to exceed \$65.00 hourly (2 hour minimum at \$130.00) and \$200,000.00 in total.

All interpreting services need to be canceled 48 hours in advance (2 full business days) prior to the assignment to avoid being charged. Interpreting services canceled less than 48 hours will be billed the full rate and time of the assignment. Assignment will be determined by Duluth Public Schools. District will not be invoiced when the Contractor is unavailable to provide Interpreting Services on previously scheduled days.

Contractor is required by Minnesota Statutes, Section 270.66, subd. 3, to provide their Taxpayer Identification Number (TIN) used in the enforcement of Federal and State tax laws. The TIN will be available to Federal and State tax authorities and State personnel involved in the payment of State obligations. This Agreement will not be approved unless TIN is provided.

5. Requests for Reimbursement. The terms of payment under this Agreement are as follows:

- a. Payment shall be made by the District within 30 days of submission of a proper invoice by the Contractor;
- b. Any other terms of payment in the performance of services are incorporated by reference in this Agreement.

6. Propriety of Expenses. The fact that the District has reimbursed Contractor for any expense claimed by Contractor shall not preclude District from questioning the propriety of any such item. District reserves the right to offset any overpayment or disallowance of any item or items at any time under this Agreement by reducing future payments to Contractor. This clause shall not be construed to bar any other legal remedies District may have to recover funds expended by Contractor for disallowed costs.

7. Ownership of Materials. The District reserves the rights to reproduce the programming in any fashion, or appropriate the contents of the programming, or any portion thereof, to its own use for any and all programs, forms and other materials that Contractor has provided, prepared, or utilized in performance of the terms of this Agreement.

8. Independent Contractor. Both the District and Contractor agree that they will act as an independent contractor in the performance of its duties under this Agreement. Nothing contained in this Agreement shall be construed as in any manner creating a relationship of joint venture between the parties, which shall remain independent contractors with respect to all actions performed pursuant to this Agreement.

Accordingly, Contractor shall be responsible for payment of all taxes, including Federal, State, and local taxes, arising out of Contractor's activities in accordance with this Agreement, including by way of illustration, but not limited to, Federal and State income tax, Social Security tax, Unemployment Insurance taxes, workers compensations, and any other taxes or business license fees as required.

9. Indemnity and defense of the District. Contractor hereby agrees to defend, indemnify and hold the District harmless from all claims relating to its work pursuant to this Agreement.

Client Responsibilities. Client agrees to the following items to facilitate VocoVision's provision of Services:

- (a) Client shall be responsible for providing a secure environment for VocoVision hardware and software ("Equipment") installed and operated at Client's designated location(s).
- (b) Client will provide sufficient infrastructure to support the proper operation of the Equipment, including network connectivity equal or superior to DSL access.
- (c) Client warrants that its facilities and operations will comply at all times with all federal, state and local safety and health laws, regulations and standards.
- (d) Client warrants that it will not use the Equipment for any purpose other than as contemplated hereunder and acknowledges that VocoVision is not responsible for any damages associated with such impermissible use.
- (e) Client agrees to provide appropriate local support to facilitate remote Telepractitioner's ability to fulfill the responsibilities outlined in Addendum C: Duties and Responsibilities.

Scheduling. Client agrees to the minimum hours of Services per week as stipulated in Addendum A: Terms of Teleservices Assignment and will schedule the appropriate number of student speech sessions and other related services each week to meet or exceed the minimum hours requirement. Client and telepractitioner will agree upon a weekly schedule for Services which will be loaded into the VocoVision system. Any revisions to the schedule must be submitted to the VocoVision Operations Department no later than 12:00 PM EST Friday for Services the following week. VocoVision requires a 24-hour notice to cancel scheduled Services. One cancellation without notice is permitted per school year. Additional cancellations with less than 24 hours' notice will be billed at the regular rate. Note that VocoVision telepractitioners are encouraged to complete non-therapy work (e.g., paperwork, planning, file reviews, etc.) during any such cancellation time.

Administrative Responsibilities. Client shall be responsible for orienting telepractitioners to Client's policies and procedures regarding the submission of any requisite paperwork which must be tendered for reimbursement by funding entities such as Medicare, Medicaid, or health insurance. During the contracted assignment, should telepractitioners fail to submit paperwork as required per Client's policies and procedures, Client must notify VocoVision in writing within three (3) business days of alleged failure. Failure to notify VocoVision within the three (3) day period shall negate any Client claim to withhold payment due to paperwork non-compliance by telepractitioners. Within three (3) business days following the conclusion of a contracted assignment, Client shall conduct a final review to determine whether the completion of additional paperwork is needed from the telepractitioners. Failure to notify VocoVision prior to the fourth (4th) day after conclusion of the assignment will negate any Client claim to withhold payment due to paperwork non-compliance by telepractitioner.

VocoVision Damaged Equipment Policy

If, during the course of contracted services, VocoVision computer equipment sustains damage or is missing components (keyboard, audio accessories, etc.), it should be reported immediately to the VocoVision Operations Department at 1-866-779-7005. RE: Duluth News Tribune Building Remodel – Additional Services

Dear Mr. Brown
Thank you for the continued opportunity to work with you on the Duluth News Tribune Building Remodel into a new ISD 709 Education Center. We would like to request additional services related to the project based on the adjustment to the overall building scope of work and schedule revisions.

In our original Professional Engineering Services proposal dated October 10, 2023, Design Tree Engineering's fee approach was based on an estimated \$6,000,000 project cost, with an estimated 60% related to the Mechanical, Electrical, Plumbing and Structural construction. Our proposed fee was based on 4.25% of the construction scope of work for a total of \$153,000.

With the delivery of Schematic Design documents in January 2024, ICS created an SD project cost estimate of \$10,200,000 for the developed scope of work which includes the structural in-fill of two floor areas that were not included in the initial scope of work. The Duluth School District 709 provided a notice-to-proceed with the full SD-level scope of work on Friday, May 3, 2024.

Fees for Proposed Services

Design Tree Engineering will provide additional engineering services as listed below for the lump sum fee:

Professional Engineering Services

<i>Revised Project Cost:</i>	\$10,200,000
<i>Revised MEP & S Cost (60%):</i>	\$6,120,000
<i>Revised Total MEP & S Fee:</i>	\$260,100
<i>Less Original Contract Fee:</i>	\$153,000
Total Lump Sum Fee:	\$107,100

Project Schedule

1. The anticipated project schedule based on the notice-to-proceed and restart of the project will have DD deliverables to ICS by mid June and CD deliverables to ICS by mid-August with an intention to bid in September 2024.

If you have any questions or see a need for modifying the above services, please feel free to contact our office. When you find this proposal is acceptable, please sign and date the space below and return to our office.

Sincerely,

Message from the Assistant Superintendent

Dear families and students,

As we embark on a new school year, I want to extend a warm welcome to all of our students, families, and staff.

At our school, we believe that every student should feel seen, heard, and valued for who they are. We recognize that our students come from diverse backgrounds and have unique experiences, beliefs, and identities. We also acknowledge that systemic barriers and discrimination continue to impact marginalized communities, and we are committed to addressing these issues.

We are also committed to ongoing dialogue and feedback from our students, families, and community members. We encourage you to share your thoughts, concerns, and suggestions with us so that we can continue to improve and grow.

At our school, we are committed to promoting diversity, equity, and inclusion in everything we do. We believe that by working together with families, we can create a school community that is truly inclusive and supportive of all students.

Thank you for your support and partnership in this important work.

Educationally yours,

Anthony Bonds

PHILOSOPHY OF LEARNING

Duluth Public Schools strives to create a safe, equitable and welcoming environment that fosters growth in relationships, academics, social-emotional competency and life skills. We believe it is important to develop the unique potential of each student by providing quality, challenging, engaging, and differentiated instructional opportunities in order to establish a foundation for lifelong success that result in positive contributions to our community and wider society. We believe that each student, staff member, parent/guardian, and community member add value to our school community and that engagement and collaboration with all stakeholders is of utmost importance in our student's education and success. We work to ensure that we are empowering students to be leaders, problem-solvers, and innovators throughout their education. We continue to make it a priority that we are delivering flexible and culturally responsive instruction so that each student receives an education that aligns with best practice, current research, and state/national standards.

OUR BELIEFS ABOUT AND COMMITMENTS TO EQUITY

Educational equity is the condition of justice, fairness and inclusion in our systems of education so that all students have access to the opportunities to learn and develop to their fullest potentials. The pursuit of educational equity recognizes the historical conditions and barriers that have prevented opportunity and success in learning for students based on their races, genders, sexual orientations, incomes, and other social conditions. Creating greater equitable outcomes depends upon having inclusive policies and equitable practices that represent all students and staff and provide each student and staff increased access to allow for meaningful participation in high-quality learning and working experiences where each student and staff realizes positive outcomes. We recognize the importance of continuous ongoing work to address racism, sexism, bias, and equity in district policies and practices. This is challenging work that must be of the highest priority in order for our district to achieve its vision for all.

PART I – INFORMATION

Arrival and Dismissal Hours

An elementary student instructional day is from 7:45-2:15. In general student arrival will begin 15 minutes prior and bus departure begins within 10 minutes following the instructional day.

The middle school instructional day is from 8:40-3:19. The entry bell rings at 8:40 AM and bus departure is within 10 minutes following the instructional day. Any school sponsored after school activities run from 3:30-4:15 on identified days. An after school activity bus is provided and departs at 4:25. The middle school day is in an A/B block model, which can be found on the calendar.

The high school regular instructional day is from 8:50-3:29. The high schools have a 7-period day with an extended 3rd period for school announcements. Each class will be 47 minutes long.

Please see your student's school website for specific details on the school day, arrival and dismissal procedures and after school activities.

Individual building hours are determined by event and staffing capabilities.

Calendar

The school calendar is adopted annually by the school board. A copy of the school calendar can be found in the Appendix and on the school district's website at www.isd709.org/calendar.

Class Assignments

Class assignments will be communicated through the Back to School information that is sent from your student's school mid to late August. Parents can access teacher placement information in the parent portal of Infinite Campus at duluthmn.infinitecampus.org/campus/portal/duluth.jsp

Complaints

Students, parents/guardians, employees, or other persons may report concerns or complaints to the school district. Complaints may be either written or oral. People are encouraged, but not required, to file a written complaint at the building level where appropriate. The appropriate administrator will respond in writing to the complaining party regarding the school district's response to the complaint. An example flow chart to have concerns addressed would be as follows:

Any staff member, parent or student, who feels the Student Code of Conduct was not followed properly in regards to discipline has a right to make a complaint to the Director of Elementary Teaching, Learning and Equity Brenda Spartz or Director of Secondary Teaching, Learning and Equity Jen Larva.

E-Learning Plan

What is an e-learning day?

- Refers to an instructional school day that takes place when students are physically not at the school due to inclement weather situations.
- Instruction and communication happens online for some students while others may have assignments and resources sent home with them.
- Teachers are available to provide assistance to students and parents via email and/or phone via voicemail.
- Up to 5 e-learning days may be used for weather related school cancellations.

What are the goals of e-learning days?

- Provide flexible delivery of instruction to minimize the disruption to education caused by any unexpected weather related school closings.
- Gives 6-12th grade students the opportunity to practice the kind of online learning that is increasingly part of college and the workplace.
- Enables students to apply becoming increasingly responsible for their learning.

How will ⁷⁴the district notify families?

Families must be notified of the plan at the beginning of the school year and prior to an e-learning day occurring. Some ways this information may be communicated are:

- Student Handbooks
- District website
- Conferences
- Open House

In addition, there will be an automated message delivered to parents via phone and/or email soon after it is determined that the district will be moving to e-learning due to inclement weather. The recorded message will state whether or not e-learning will be executed on that day. Messages will also be communicated to local news and reporting outlets to share with the schools' communities.

How does an e-learning day work?

- Preschool students will have work assigned by their teachers, which will be age appropriate with instruction and resources sent home.
- K-5th grade students will have grade appropriate Choice Boards assigned by their teachers.
- 6-12th grade students will have a combination of work assigned for all classes scheduled for that day in either digital or hard copy formats depending on the requirements of each teacher and the status of a student's Internet access.
- Students with special circumstances and needs such as those on IEPs will be addressed by their case managers in conjunction with their classroom teacher(s).
- Teachers will be available by email and/or phone via voicemail for students and families from 9:15AM-2:15PM.
- Due dates for work completed on an e-learning day will be determined by each classroom teacher as the nature of assignments will vary.

What happens if a family chooses not to participate on an e-learning day?

A family that chooses to not participate on an e-learning day will have their child marked as an excused absence for that day.

Internet Access

Parents and students in 6-12th grades MUST inform teachers if there is no Internet access or limited Internet access at home so required modifications to assignments can be planned prior to an e-learning day.

Administrators are responsible for:

- Being available by phone via voicemail and/or email.
- Actively interacting and supporting teachers and parents as needed.
- Ensuring E-Learning Day Plan is posted online and communicated through newsletters.
- Monitoring teacher attendance and compliance with the E-Learning Day Plan.

Teachers are responsible for:

- Familiarizing students with their delivery method, type of assignments, and expectations of instruction prior to an e-learning day.
- Collaborating to make sure workload is appropriate and addresses each student's needs. Homeroom, specialists, intervention, special education, and content specific teachers will all contribute to a child's instruction on an e-learning day as appropriate.
- Including elements of instruction to address the requirements of interventions, IEPs for special education students and the needs of students with 504 accommodations if applicable.
 - This should be coordinated with case managers, academic support teachers, and certified support staff (Title I, EL, intervention teachers, dean of students, social workers, counselors, school nurse).
- Being available by phone via voicemail and/or email for student and parent communication from 9:15AM to 2:15PM.
- **Grades PreK-5:**
 - Ensuring parents are informed of Choice Board use on e-learning days and that Choice Boards are uploaded on the appropriate student communication tool prior to the first e-learning day.
- **Grades 6-12:**
 - Posting assigned work in Canvas by 9:15 AM on an e-learning day, if it has not already been assigned.
 - Sharing office hours on the Canvas class page.
 - Ensuring instruction and assignments are meaningful, monitored, and important to students.
 - Must include some type of instruction; cannot be a catch-up work day
 - However, review lessons & activities are okay
 - Lessons/activities should take most students no more than 20 minutes to complete
 - Students on 504s and IEPs will follow same accommodations with e-learning activities as they would if in the classroom
 - Being aware of each 6-12th grade student's access to adequate Internet service at home.
 - With prior communication, any student without Internet access at home should receive an alternative delivery method for instruction such as paper/pen versions of digital content with any hard copy textbooks if necessary for support to complete work.
 - Teachers can also have students download content prior to leaving the day prior to an anticipated e-learning day.

Parents are responsible for:

- Verifying student attendance according to the expectations of the teacher(s).
- Seeking clarification from teachers regarding expectations on an e-learning day.

- Informing teachers if there is not adequate Internet at home for students in grades 6th-12th as assignments may need access. Teachers can provide alternatives to digital content as well as other accommodations if necessary.
- Supporting your child at home on an e-learning day. If your child struggles with a concept or assignment and is unable to complete work, please encourage your child to communicate with the teacher, who should then follow up when returning to school.

Students are responsible for:

- Completing and submitting work as assigned by the teacher(s).
- Accounting for their attendance according to the requirements of their grade and/or teacher(s).
- Communicating with their teacher about lack of Internet access at home for students in grades 6th-12th.

Addition information for e-learning:

- If there are no weather related school cancellations, no part of this plan will be executed.

Eighteen-Year-Old Students

The age of majority for most purposes in Minnesota is 18 years of age. All students, regardless of age, are governed by the rules for students provided in school district policy and this handbook.

Employment Background Checks

The school district will seek criminal history background checks for all applicants who receive an offer of employment with the school district. The school district also will seek criminal history background checks for all individuals, except enrolled student volunteers, who are offered the opportunity to provide athletic coaching services or other extracurricular academic coaching services to the school district, regardless of whether compensation is paid. These positions include, but are not limited to, all athletic coaches, extracurricular academic coaches, assistants, and advisors. The school district may elect to seek criminal history background checks for other volunteers, independent contractors, and student employees.

Equal Access to School Facilities

The school district has created a limited open forum for secondary students to conduct non curriculum-related meetings during non instructional time. The school district will not discriminate against or deny equal access or a fair opportunity on the basis of the religious, political, philosophical, or other content of the speech at such meetings. These limited open forum meetings will be voluntary and student initiated; will not be sponsored by school employees or agents; employees or agents of the school will be present at religious meetings only in a non participatory capacity; the meetings will not interfere with the orderly conduct of educational activities within the school; and nonschool persons will not direct, control, or regularly attend activities of student groups. All meetings under this provision must follow the procedures established by the school district.

Fees

Materials that are part of the basic educational program are provided with state, federal, and local funds at no charge to a student. Students are expected to provide their own pencils, pens, paper, erasers, notebooks, and other personal items. If families are unable to provide the necessary supplies please reach out to your school for assistance.

Students may be required to pay certain other fees or deposits, including (not an inclusive list):

- Admission fees or charges for extracurricular activities, where attendance is optional and where the admission fees or charges a student must pay to attend or participate in an extracurricular activity are the same for all students, regardless of whether the student is enrolled in a public or a home school.
- Cost for materials for a class project that exceeds minimum requirements and is kept by the student.
- Security deposits for the return of materials, supplies, or equipment.
- Personal physical education and athletic equipment and apparel.
- Items of personal use or products that a student has an option to purchase such as student publications, class rings, annuals, and graduation announcements.
- Field trips considered supplementary to the district's educational program.
- Admission fees or costs to attend or participate in optional extracurricular activities and programs.
- Voluntarily purchased student health and accident insurance.
- Use of musical instruments owned or rented by the school district.
- A school district-sponsored driver or motorcycle education training course.
- Transportation to and from school for students living within 1 mile of school.
- Transportation of students to and from optional extracurricular activities or post-secondary instruction conducted at locations other than school.

Students will be charged for textbooks, workbooks, and library books that are lost or destroyed. The school district may waive a required fee or deposit if the student and parent/guardian are unable to pay. For more information, contact the building principal.

Food in the Classrooms

As stated in District Policy 533 Wellness:

Student wellness will be a consideration for all foods offered, but not sold, to students on the school campus. Caution will be exercised when offering foods that may cause allergic reactions or adversely impact students with health conditions, including those foods provided through:

- Celebrations and parties. A celebration or party is a special and enjoyable occasion (birthdays, holidays, etc.). The school district will provide a list of healthy party ideas to families and staff, including non-food celebration ideas.
- Classroom snacks to be distributed to the class. A snack is food eaten between meals to supplement the nutritional needs of students intended to make a positive contribution to the child's health and diet. The school district will provide to parents, families and staff a list of suggested foods and beverages that meet Smart Snacks nutrition standards.
- Please contact your child's teacher or building administrator for guidance on bringing food or treats to the classroom.

Fundraising

All fundraising activities conducted by student groups and organizations and/or parent groups must be approved in advance by the school board. School District regulation 511R details the procedure for garnering approval through Business Services. Participation in non approved fundraising activities is a violation of school district policy. Solicitations of students or employees by students for nonschool-related activities will not be allowed during the school day. The fundraising request form can be found at isd709.org/about-us/departments/business-finance.

Gifts to Employees

Employees are not allowed to solicit gifts and are discouraged from accepting or receiving gifts from a student, parent, or other individual or organization of greater than nominal value. Parents/guardians and students are encouraged to write letters and notes of appreciation or to give small tokens of gratitude.

Graduation Ceremony Participation and Dress Code

Student participation in the graduation ceremony is a privilege, not a right. Students who have completed the requirements for graduation are allowed to participate in graduation exercises, unless participation is denied for appropriate reasons, which may include discipline. Graduation exercises are under the control and direction of the building principal(s). Each high school will communicate the guidelines for graduation ceremonies with seniors and families.

Students enrolled in ALC or AEO but who spent most of their high school years at Denfeld and East are welcome to participate in those ceremonies. However, these students must inform Denfeld and East offices of their intent to participate no later than February 1 of the graduation year. It is important to note that the school where the student completed requirements is still the school issuing the official diploma.

The commencement dress code embraces that in all cultures, there are traditions for various celebrations of accomplishment. We recognize the many different ways families acknowledge accomplishments. The graduation commencement in our schools is no different. Our goal is to be culturally responsive to the needs of all students as we balance unique differences with the long-held traditions of graduation in the Duluth Public Schools.

- Caps, gowns, and tassels are purchased by the school. Students who purchase alternative tassels must wear one issued to them by the school during the ceremony.
- Only district approved stoles, cords, pins, and medals are permitted. These are limited to:
 - Student Service Leadership medals provided by sites.
 - Honor Society cords and/or stoles.
 - Academic honor distinctions issued by the school. These may include alternative colored tassels, pins, cords, or medals as determined by the site.
 - Stoles issued to Native American students by the American Indian Education Department.
 - Cords provided to Upward Bound participants.
 - Stoles provided by the Black Student Association.
 - Stoles provided by Military Service organizations for students who have enlisted.
- Additions of Tribal regalia, items of cultural significance, and religious items are encouraged. Examples include feathers, decorated stoles, beadwork on caps, and religious head coverings.
- American Indian students are welcomed to wear American Indian regalia, Tribal regalia, or objects of cultural significance to graduation ceremonies. No staff member is to prohibit American Indian students from the wearing of these items in accordance with Minnesota State Statute 124D.792.
- Other than exceptions previously described, the school-issued cap and gown are part of the school tradition being preserved. No decorating (sparkles, puff paint, etc.) the cap or gown until AFTER commencement.
- We will have "emergency" replacements to borrow at commencement if something happens to the school issued items or if a student is in violation of the dress code detailed here.
- Students and families are encouraged to contact the building principal well in advance of commencements with any questions.

Holiday Celebrations and Parties

⁷⁷
School administrators and teachers will show sensitivity to students and families with varied cultural and religious beliefs. At times, schools and classrooms

may plan events and activities to celebrate heritage months and holidays. Please contact your child's teachers for procedures in excusing students from these celebrations.

Interviews of Students by Outside Agencies

Students may not be interviewed during the school day by persons other than a student's parents/guardians or school district officials, employees, and/or agents, except as provided by law and/or school policy.

Library and Media Center

The library/media center is open during regular instructional hours. Students may use the library/media center during the school day and before and after school only when a supervisor is present.

Lunch

Lunch is to be eaten in designated areas only. Lunch times vary by classroom and/or grade level. Students will be notified of their assigned lunchtime on the first day of school. Breakfast and lunch meals, (students must take the whole meal) will be provided for free to all students, regardless of economic status. Students may be able to purchase a second lunch or a la carte items, if available, with their positive balance meal account. Students may bring a prepared lunch from home and milk will be available for purchase to supplement lunches brought from home.

Details on negative account balances can be found in Appendix K. Any parent wishing to get a refund from a meal account or transfer it to another student, should contact Child Nutrition at childnutrition@isd709.org. Off-campus lunch is determined by school.

Messages to Students

Personal cell phone use during the instructional day is discouraged and often prohibited. Students should leave their cell phones off (including smart watches and blu tooth earbuds) and in their lockers or at home during the school day. We ask families to help by reinforcing this message at home.

Our buildings have landline phones in every class and office space so that an urgent message can be delivered to a student during the day. Please contact the school for further directions for contacting your child.

Nondiscrimination

The school district is committed to inclusive education and providing an equal educational opportunity for all students. The school district does not discriminate on the basis of race, color, creed, religion, national origin, sex, marital status, parental status, status with regard to public assistance, disability, sexual orientation, including gender identity and expression, or age in its programs and activities. The school board has designated Assistant Superintendent Anthony Bonds, 709 Portia Johnson Drive, Duluth MN 55811, 218-336-8739 as the district's human rights officer to handle inquiries regarding nondiscrimination.

Notice of Violent Behavior by Students

The school district will give notice to teachers and other appropriate school district staff before students with a history of violent behavior are placed in their classrooms. Prior to giving this notice, district officials will inform the student's parent or guardian that the notice will be given. The student's parents/guardians have the right to review and challenge their child's records, including the data documenting the history of violent behavior.

Parent and Teacher Conferences

Parent and teacher conferences will be held twice per year. Conference dates are set by individual buildings. For more information, contact the site clerical.

Parent Volunteers

Parents/guardians are welcome in the schools and are encouraged to volunteer in their children's classrooms. To volunteer in the school building or classroom, parents/guardians should contact the building principal. Parents/guardians who visit the school should sign in at the main school office before entering a classroom. The use of volunteers is at the discretion of each building's professional staff. Parent volunteers will be asked to complete a background check and will be notified once they are received and reviewed. For more information, contact the building principal.

Pledge of Allegiance

78
Students will recite the Pledge of Allegiance to the flag of the United States of America once a week. Any person who does not wish to participate in reciting the Pledge of Allegiance for any personal reason may elect not to do so. Students must respect another person's right to make that choice. Students will also receive

instruction in the proper etiquette toward, correct display of, and respect for the flag.

Schedule

A schedule is needed to ensure smooth operation of the school. The daily school schedule is often building specific and within the building principal's authority to determine. Please see your school counselor or building principal for information on daily class schedules and schedule adjustments.

School Activities

The school district provides opportunities for students to pursue special interests that contribute to their physical, mental, and emotional health. Formal instruction is the school district's priority.

Students who participate in school-sponsored activities are expected to responsibly represent the school and community. All rules pertaining to student conduct and student discipline apply to school activities.

All spectators at school-sponsored activities are expected to behave appropriately. Students and employees may be subject to discipline. Parents/guardians and other spectators may be subject to sanctions for inappropriate, illegal, or unsportsmanlike behavior at these activities or events.

The Duluth School District is a member of the Minnesota State High School League (MSHSL). Students who participate in MSHSL activities must abide by the MSHSL rules. The district will enforce all MSHSL rules during the school year and in the summer as applicable.

Employees who conduct MSHSL activities will cover applicable rules, penalties, and opportunities with students and parents/guardians prior to the start of an activity. For more information about the MSHSL rules and student eligibility requirements, contact your school Activity Director or refer to www.mshsl.org.

School Closing Procedures

School may be canceled when the superintendent believes severe weather or other circumstances threaten the safety of students and employees. The decision to close or delay the start of school due to severe weather is made prior to 5 a.m. All families will receive a call, text and/or email through our emergency messaging system if school is closed or delayed. If possible, a decision will be made the night before so families, especially those with elementary age students, have enough time to make alternative plans for their children in the event of weather-related school closings. Please visit www.isd709.org/weather for more information.

School Resource Officers

Duluth Public Schools contract with the Duluth Police Department to have a school resource officer at each of our high schools and middle schools. The school resource officers are commissioned Duluth police officers and are required to visit all of our school sites to build relationships with students and be available during emergency situations. Duluth Public Schools will review the impacts of the program on the district and students on a yearly basis. For more information visit isd709.org/about-us/school-resource-officers.

Searches

In the interest of student safety and to ensure that schools are drug free, district authorities may conduct searches. Students violate school policy when they carry contraband on their person or in their personal possessions or store contraband in desks, lockers, or vehicles parked on school property. "Contraband" means any unauthorized item, the possession of which is prohibited by school district policy and/or law. If a search yields contraband, school officials will seize the item(s) and, when appropriate, give the item(s) to legal officials for ultimate disposition. Students found to be in violation of this policy are subject to discipline in accordance with the school district's "Student Discipline" policy, which may include suspension, exclusion, expulsion, and, when appropriate, the student may be referred to legal officials.

Lockers and Personal Possessions Within a Locker

Under Minnesota law, school lockers are school district property. At no time does the school district relinquish its exclusive control of lockers provided for students' convenience. School officials may inspect the interior of lockers for any reason at any time, without notice, without student consent, and without a search warrant.

Students' personal possessions within a school locker may be searched only when school officials have a reasonable suspicion that the search will uncover evidence of a violation of law or school rules. As soon as practicable after the search of a student's personal possessions, the school officials will provide notice of the search to students whose lockers were searched, unless disclosure would impede an ongoing investigation by police or school officials.

Desks

79

School desks are school district property. At no time does the school district relinquish its exclusive control of desks provided for students' convenience. School

officials may inspect the interior of desks for any reason at any time, without notice, without student consent, and without a search warrant.

Personal Possessions and Student's Person

The personal possessions of a student and/or a student's person may be searched when school officials have a reasonable suspicion that the search will uncover a violation of law or school rules. The search will be reasonable in its scope and intrusiveness.

Vehicles on Campus

Patrols and Inspections

School officials may conduct routine patrols of student parking lots and other school district locations and routine inspections of the exteriors of the motor vehicles of students. Such patrols and inspections may be conducted without notice, without student consent, and without a search warrant.

Search of the Interior of a Student's Motor Vehicle

The interior of a student's motor vehicle, including the glove and trunk compartments, in a school district location may be searched when school officials have a reasonable suspicion that the search will uncover a violation of law and/or school policy or rule. The search will be reasonable in its scope and intrusiveness. Such searches may be conducted without notice, without consent, and without a search warrant. A student will be subject to loss of parking privileges and to discipline if the student refuses to open a locked motor vehicle or its compartments under the student's control upon a school official's request.

Student Publications and Materials

The school district's policy is to protect students' free speech rights while, at the same time, preserving the district's obligation to provide a learning environment that is free of disruption. All school publications are under the supervision of the building principal and/or sponsor. Non-school-sponsored publications may not be distributed without prior approval.

Distribution of Non-school-Sponsored Materials on School Premises

The school district recognizes that students and employees have the right to express themselves on school property. This protection includes distributing non-school-sponsored material, subject to school district regulations and procedures, at a reasonable time and place and in a reasonable manner. For detailed information, see the complete "Distribution of Non-school-Sponsored Materials on School Premises by Students and Employees" policy (Appendix B).

School-Sponsored Student Publications

The school district may exercise editorial control over the style and content of student expression in school-sponsored publications and activities. Faculty advisors shall supervise student writers to ensure compliance with the law and school district policies. Students producing official school publications and participating in school activities will be under the supervision of a faculty advisor and the school principal. "Official school publications" means school newspapers, yearbooks, or material produced in communications, journalism, or other writing classes as part of the curriculum. Expression in an official school publication or school-sponsored activity is prohibited when the material:

- Is obscene to minors;
- Is libelous or slanderous;
- Advertises or promotes any product or service not permitted for minors by law;
- Encourages students to commit illegal acts or violate school regulations or substantially disrupts the orderly operation of school or school activities;

- Is distributed or displayed in violation of time, place, and manner regulations.

Expression in an official school publication or school-sponsored activity is subject to school district editorial control over the style and content when the school district's actions are reasonably related to legitimate pedagogical concerns. Official school publications may be distributed at reasonable times and locations.

Student Records

Student records are classified as public, private, or confidential. State and federal laws protect student records from unauthorized inspection or use and provide parents/guardians and eligible students with certain rights. For the purposes of student records, an "eligible" student is one who is 18 or older or who is enrolled in an institution of post-secondary education. For more information on the rights of parents/guardians and eligible students regarding student records, see "Student Records" (Appendix C). A complete copy of the school district's "Protection and Privacy of Pupil Records" policy may be obtained at the Office of the Superintendent or on the website at www.isd709.org/about-us/policies.

Student Surveys

Occasionally, the school district utilizes surveys to obtain student opinions and information about students. For complete information on the rights of parents/guardians and eligible students about conducting surveys, collection and use of information for marketing purposes, and certain physical examinations, see "Student Surveys" (Appendix D). A complete copy of the school district's "Student Surveys" policy may be obtained at the Office of the Superintendent or on the website at www.isd709.org/about-us/policies.

Transportation of Public School Students

The school district will provide transportation, at the expense of the school district, for all resident students who live one mile or more from the school. Transportation will be provided on all regularly scheduled school days or make-up days. Transportation will not be provided during the summer school break, except in certain circumstances. The school district will not provide transportation for students whose transportation privileges have been revoked or have been voluntarily surrendered by the students' parent or guardian. See additional discipline procedures in the Code of Conduct section.

Extracurricular Transportation

The school district may provide transportation for students to and from extracurricular activities. To the extent the school district provides extracurricular transportation, the district may charge a fee for transportation of students to and from extracurricular activities and optional field trips at locations other than school.

Video and Audio Recording

School Buses

All school buses used by the school district may be equipped for the placement and operation of a video camera. The school district will post a notice in a conspicuous location informing students that their conversations or actions may be recorded. The school district may use a video recording of the actions of student passengers as evidence in any disciplinary action arising from the students' misconduct on the bus.

Places Other Than Buses

The school district buildings and grounds may be equipped with video cameras. Video surveillance may occur in any school district building or on any school district property.

PART II — ACADEMICS

Alternative Educational Opportunities

Some students may be at risk of not continuing or completing their educational programs. The school district provides alternative learning options for students at risk of not succeeding in school. Alternative educational opportunities may include special tutoring, diversified curriculum and instruction, instruction through electronic media, special education services, homebound instruction, and enrollment in an alternative learning center, among others. A list of the alternative learning options is available on the district's website at www.isd709.org/academics/special-education and/or alc.isd709.org. Students and parents/guardians with questions about these programs should contact the Special Services or ALC.

Homework

Homework assignments are made by the teachers. The amount of homework varies by teacher and subject area. The school district asks parents/guardians to encourage their child(ren) to complete homework thoroughly and promptly.

Cheating and Plagiarism

Cheating and plagiarism are prohibited. Students who cheat or commit plagiarism on any test or assignment will be given a failing grade for that test or assignment and will be disciplined in accordance with the school district's "Student Discipline" policy (Appendix E).

Dropping Classes or Removing a Student from Class

- Semester Courses (such as Health, Physical Education, Psychology)
 - » Students will have ten school days after the start of the first grade period to drop without penalty.
- Sequential / Yearlong Semester Courses (such as English, Geometry, American History)
 - » 1st and 2nd Semester: Students will have ten school days after the start of the first grade period to drop without penalty.

Students who drop a class after the deadline above will have a transcript with a record of their credit(s) attempted and credits earned. The student will receive no credit and will receive a grade of "I". The grade point average will be permanently affected since this would be a credit attempt, but no credit earned.

Any student removed from a class due to excessive trancies or absences will receive no credit and a permanent "I" grade. The grade point average will be permanently affected since this would be credit attempted, but no credit earned.

Extended School Year Opportunities

The school district provides extended school year opportunities to a student who is the subject of an Individualized Education Program (IEP) if the student's IEP team determines the services are necessary during a break in instruction in order to provide a free and appropriate public education. For more information on extended school year opportunities for students with an IEP, contact the student's case manager.

Field Trips

Field trips may be offered to supplement student learning in which students voluntarily participate and, if so, students who participate may be charged. Students will not be required to pay for instructional trips that take place during the school day, relate directly to a course of study, and require student participation.

Grades

Elementary Report Card

Duluth Public Schools implements a standards based report card for elementary students. Report cards are issued once each semester. Family Report Card Guides and as well as activities that can be done at home to support learning are available for grades K-5 at your child's school or online at www.isd709.org/academics/grading-and-reporting/elementary-report-card. The report cards are designed to report on each child's performance in relation to specific criteria.

The goals of standards based report cards include the ability to:

- Reflect academic achievement
- Provide meaningful feedback
- Be honest, fair, transparent, credible, useful, and user friendly
- Be aligned with the Duluth Public Schools curriculum
- Reflect consistency among courses, grade levels, departments, and schools
- Separate non-academic factors like participation or effort

The following numbers and descriptors are used to report progress:

4 — Mastering

The student exhibits knowledge and understanding of the concepts, skills, and processes the standard requires and can readily apply this knowledge in a variety of settings.

3 — Meeting

The student has a thorough knowledge, understanding, and application of the concepts, skills, and processes the standard requires. A score of three meets grade level expectations.

2 — Developing

The student is gaining understanding of the concepts, skills, and processes the standard requires, but has not been able to consistently demonstrate the learning.

1 — Beginning

The student is just starting to understand the concepts, skills, and processes the standard requires and needs consistent support.

Middle School Report Card

Students in grades 6-8 receive letter grades to report academic progress. Report cards for grades 6-8 are issued four times per year. You may access your student's grades by going to: <https://duluthmn.infinitecampus.org/campus/portal/duluth.jsp>.

- A full schedule (100 % enrolled) is 6 classes with What I Need (WIN) Advisory, per semester.
- WIN/Advisory participation is a mandatory part of every student's schedule. It is an abbreviated class and may not be replaced by an online learning class.
- OES & LPMS physical education & music classes are considered ½ semester classes since they meet every other day.

High School Report Card

Students in grades 9-12 receive letter grades to report academic progress in the following manner, exceptions may be given for Honors, AP, or CITS classes.

- Report cards for grades 9-12 are issued four times per year.
- Credit is awarded at the semester level.
- Final semester grades are calculated as follows: quarter A grade (43%) plus quarter B grade (43%) plus final exam (14%) = Final Semester Grade.
- A student's Grade Point Average (GPA) is calculated using whole grades, meaning plus and minus do not impact GPA.
- A full schedule is 6 credit bearing courses with a mandatory What I Need (WIN) Advisory.
- A student may participate in 50% online learning courses and still be considered enrolled in their resident district.
- You may access your student's grades by going to: <https://duluthmn.infinitecampus.org/campus/portal/duluth.jsp>.

Families can monitor current scores through the Canvas learning management system. Students who participate in advanced coursework such as Honors, AP, PSEO, CITS, or other rigorous opportunities may have different grading guidelines as a result of the course requirements. For specifics, please refer to the course syllabus or cooperating postsecondary institution for details.

There are a few exceptions in high school concurrent and dual enrollment classes where letter grades may be required and high schools must work with their post-secondary partners on completion requirements. Please refer to your school for more information.

Middle School and High School Grades

The following percentages are used for both middle and high school grading:

A	(90-100%)	Excellent
B	(80-89%)	Very Good
C	(70-79%)	Satisfactory
D	(60-69%)	Passed
F	(Below 60%)	Fail

- AEO and ALC staff will request information from their students regarding where the students plan to walk at the end of Semester 1
- ALC principal will provide the names of students at the start of Semester 2 to East or Denfeld in order to order graduation materials for students

- Final grades for AEO and ALC students must be to Denfeld and East by 8:00am Monday the week of graduation
- Students will receive a diploma from the school they attend at least 50% the last semester of 12th grade year

Postsecondary Enrollment Options (PSEO)

Postsecondary Enrollment Options (PSEO) is a program that allows 10th-, 11th- and 12th-grade students to earn both high school and college credit while still in high school, through enrollment in and successful completion of college nonsectarian courses at eligible participating postsecondary institutions. Most PSEO courses are offered on the campus of the postsecondary institution; some courses are offered online. Each participating college or university sets its own admissions requirements for enrollment into the PSEO courses. Eleventh and 12th-grade students may take PSEO courses on a full- or part-time basis; 10th graders are eligible to enroll in PSEO on a more limited basis (see note below). Students must meet the PSEO residency and eligibility requirements and abide by participation limits specified in Minnesota Statutes, section 124D.09. If a school district determines a pupil is not on track to graduate, she/he may continue to participate in PSEO on a term by term basis. Information about PSEO and more information can be found at education.mn.gov/MDE/dse/ccs/pseo.

Promotion and Retention

All students are expected to achieve an acceptable level of proficiency. Students who achieve at an acceptable level will be promoted to the next grade level at the completion of the school year. Retention of a student may be considered when professional staff and parents/guardians feel that it is in the best interest of the student. The superintendent's decision will be final. The district has a variety of services to help students succeed in school. For more information, contact the school principal.

Multi-Tiered System of Supports (MTSS)

Duluth Public Schools implements a Multi-Tiered System of Supports to ensure needs of all learners are addressed. Every school has a team of staff dedicated to supporting student success. There are academic, social, emotional, and behavioral supports available at each school. Contact your child's teacher or principal for more information.

Summer School

The school district may provide summer school learning opportunities through the Duluth Area Learning Center. There are two options for summer school: seat-based summer school or credit recover through online classes. For more information about summer school, contact your counselor.

E-Squared

As part of the district's MTSS (Multiple Tiered Systems of Support) initiative to accelerate the performance of all students, we offer supplemental services in conjunction with other interventions and extensions for 3rd-5th grade students throughout the district. We use universal screeners to identify the highest 10% of grades 3-5 at each elementary site in math and ELA (English Language Arts). We then provide at least 10 hours per qualified subject area of intervention courses. These subject specific units offer project-based learning opportunities that focus on extending the grade- level standards and allow students the opportunity to collaborate, communicate and think critically with a small cohort of high achieving peers. All students have the opportunity to qualify for either or both math and ELA services.

English Language Learner Program

The English Language Learner (ELL) Program serves students who:

1. First spoke a language other than English, come from homes where a language other than English is usually spoken, or do not use English as a primary language

- AND -

2. Lack the necessary English skills to fully participate in classes taught in English

If you think your child requires ELL services, please contact your student's building principal. Immersion Language Programs

Duluth Public Schools is providing high quality language instruction in two different elementary immersion programs. Families interested in enrolling their child/children in the Misaabekong Ojibwe Immersion Program or Nueva Vision Spanish Immersion Program should contact Lowell Elementary School at 218-336-8895.

Parent Right to Know

If a parent requests it, the school district will provide information regarding the professional qualifications of his/her child's classroom teachers, including, at a minimum, the following:

1. Whether the teacher has met state qualifications and licensing criteria for the grade levels and subject areas in which the teacher provides instruction;
2. Whether the teacher is teaching under emergency or other provisional licensing status through which state qualification or licensing criteria have been waived;
3. The baccalaureate degree major of the teacher and any other graduate certification or degree held by the teacher, and the field of discipline of the certification or degree;
4. Whether the student is provided services by paraprofessionals and, if so, their qualifications.

In addition, the school district will provide parents with information as to the level of achievement of their child in each of the state academic assessments. The school district will provide notice to parents if their child has been assigned to, or taught for four or more consecutive weeks by, a teacher who is not highly qualified.

PART III — RULES AND DISCIPLINE

Misbehavior by one student can disrupt the learning process for many other students. In addition, students must learn to practice good safety habits, value academic honesty, respect the rights of others, and obey the law. For detailed information on the Student Code of Conduct and consequences for violations, see the “Student Discipline” policy (Appendix E).

Attendance

Regular school attendance is directly related to success in academic work, benefits students socially, provides opportunities for important communications between teachers and students, and establishes regular habits of dependability. For detailed information, see the “Student Attendance” policy (Appendix F).

Bullying Prohibition

The school district is committed to providing a safe and respectful learning environment for all students. Acts of bullying, in any form, by either an individual student or a group of students, are prohibited on school district property, at school-related functions or activities, on school transportation, and by misuse of technology. For detailed information, see the school district’s “Bullying Prohibition” policy (Appendix G).

Conduct on School Buses and Consequences for Misbehavior

Riding the school bus is a privilege, not a right. The school district’s general student behavior rules are in effect for all students on school buses, including nonpublic and charter school students. The school district will not provide transportation for students whose transportation privileges have been revoked.

The school district is committed to transporting students in a safe and orderly manner. To accomplish this, student riders are expected to follow school district rules for waiting at a school bus stop and for riding on a school bus.

While waiting for the bus or after being dropped off at a school bus stop, all students must comply with the following rules:

- Get to the bus stop five minutes before your scheduled pick up time. The school bus driver will not wait for late students.
- Respect the property of others while waiting at the bus stop.
- Keep your arms, legs, and belongings to yourself.
- Use appropriate language.
- Stay away from the street, road, or highway when waiting for the bus.
- Wait until the bus stops before approaching the bus.
- After getting off the bus, move away from the bus.
- If you must cross the street, always cross in front of the bus where the driver can see you. Wait for the driver to signal to you before crossing the street.
- No fighting, harassment, intimidation, or horseplay.
- No use of alcohol, tobacco, or drugs.

While riding a school bus, all riders must comply with the following rules:

- Follow the driver’s directions at all times.
- Remain seated facing forward while the bus is in motion.
- Talk quietly and use appropriate language.
- Keep all parts of your body inside the bus.
- Keep arms, legs, and belongings to yourself and out of the aisle.
- Treat everyone with kindness and keep your hand to yourself.
- Keep all objects to yourself.

- Avoid eating, drinking, or use of alcohol, tobacco, or drugs.
- Do not bring any weapons or dangerous objects on the school bus.
- Take care of the bus and not damage the school bus.

Consequences for school bus/bus stop misconduct will be imposed by the school district under administrative discipline procedures. All school bus/bus stop misconduct will be reported to the school district's transportation safety director. Serious misconduct may be reported to local law enforcement. For further information on busing behavioral procedures see under Code of Conduct section.

Cell Phones and Other Electronic Communication Devices

The Duluth Public Schools holds high expectations for student behavior, academic integrity, and responsible use of existing and emerging technologies. Students who possess cell phones and other personal electronic devices at school or school-sponsored events shall demonstrate the greatest respect for the educational environment and for the rights and privacy of all individuals within the school community.

At Duluth Public Schools every school participates in Away for the Day, which means that students will not have access to their cell phones from first bell to last bell. We ask that families help by reinforcing this message at home. As always, our school has a landline phone in every class and office space so that a message can be delivered to a student during the day.

Students who have earbuds in, cellphones out of their locker or smart watches on during the school day will be asked to leave their devices at home for the remainder of the quarter.

Students also are prohibited from using a cell phone or other electronic communication device to engage in conduct prohibited by school district policies including, but not limited to, cheating, bullying, harassment, and malicious and sadistic conduct. If the school district has a reasonable suspicion that a student has violated a school rule or law by use of a cell phone or other electronic communication device, the school district may search the device. The search of the device will be reasonably related in scope to the circumstances justifying the search. Students who use an electronic communication device during the school day and/or in violation of school district policies may be subject to disciplinary action pursuant to the school district's discipline policy. In addition, a student's cell phone or electronic communication device may be confiscated by the school district and, if applicable, provided to law enforcement. Cell phones or other electronic communication devices that are confiscated and retained by the school district will be returned in accordance with school building procedures.

Cell phone and camera use is prohibited in all bathrooms, locker rooms, and other areas where a student's privacy could be violated.

Dress and Appearance

The staff, students, parents, and the Duluth Public Schools community recognized the importance and necessity for students' attire to be respectful and appropriate for school. To ensure effective and equitable enforcement of this dress code, school staff shall enforce the dress code consistently and in a manner that does not reinforce or increase marginalization or oppression of any group based on race, sex, gender identity, gender expression, sexual orientation, ethnicity, religion, cultural observance, household income or body type/size. Duluth Public Schools expects that all students will dress in a way that is appropriate for the school day or for any school sponsored event. Student dress choices should respect the District's intent to sustain a community that is inclusive of a diverse range of identities.

The primary responsibility for a student's attire resides with the student and their parent(s) or guardian(s). The school district supports student attire that reflects their personal style and identity; that fosters a welcoming, safe, and respectful environment for all students, and the dress code celebrates and embraces the diversity and inclusion of any group based on race, sex, gender identity, gender expression, sexual orientation, ethnicity, religion, cultural observance, household income, or body type/size as long as it doesn't interfere with the health, safety, and educational opportunities for students. Any restrictions to the way a student dresses must be necessary to support the overall educational goals of the school and must be explained within this dress code.

For detailed information on dress and appearance, see the "Student Dress and Appearance Policy" (Appendix L).

Drug-Free School and Workplace

The possession and use of alcohol, controlled substances, and toxic substances are prohibited at school or in any other school location before, during, or after school hours. Paraphernalia associated with controlled substances also is prohibited. The school district will discipline or take appropriate action against anyone who violates this policy.

District policy is not violated when a person brings a controlled substance that has a currently accepted medical treatment use onto a school location for personal use if the person has a physician's prescription for the substance except marijuana is not allowed on school property even if prescribed. Students who have prescriptions must comply with the school district's "Student Medication" policy. The school district will provide an instructional program in every elementary and secondary school on chemical abuse and the prevention of chemical dependency.

Harassment and Violence Prohibition

The school district strives to maintain a learning and working environment free from harassment and violence on the basis of race, color, creed, religion, national origin, sex, gender, age, marital status, familial status, status with regard to public assistance, sexual orientation, or disability. The school district prohibits any form of harassment or violence on the basis of race, color, creed, religion, national origin, sex, gender, age, marital status, familial status, status with regard to public assistance, sexual orientation, or disability. Detailed information on the school district's "Harassment and Violence Prohibition" policy is included in this handbook (Appendix H).

Harassment, Violence, and Bullying Behavior

Duluth Public Schools is committed to creating and maintaining a learning and working environment where all individuals are treated with respect and dignity. Every Individual has the right to learn/work in an environment free of harassment, violence, and bullying behavior

Prevention — Preventing harassment, violence, and bullying behavior before it happens is always best. Prevention keeps us from experiencing adverse experiences in the first place, helps us focus on teaching and learning, and is an efficient and effective use of resources. Efforts to intentionally develop a positive school climate and create positive relationships will work to prevent harassment, violence, and bullying behavior. Furthermore, academic success is directly related to school engagement and school engagement associated with peer and adult support and relationships. Nothing has a more positive impact in the life of a child than positive relationships.

Suicide Prevention — The mental health of students in Duluth Public Schools is important. Mental health is defined as how a person thinks, feels, and acts in regards to their emotional, psychological and social well-being. It helps determine how we handle stress, relate to others, and make choices. One way you can maintain good mental health is by getting professional help when you need it. Sometimes a person may experience an emotional crisis and be in need of support now. The 988 Suicide and Crisis Lifeline provides free 24/7 confidential support for people in distress. If you or someone you know needs support now, call or text 988 or chat 988Lifeline.org. Duluth Public Schools, as part of state licensing, also provides educators with training opportunities to recognize the signs and symptoms of early onset child and adolescent mental illness as well as suicide prevention.

Preparation — Preparing students, staff, and families for adverse experiences is also an important part of creating safe and welcoming environments for everyone. We should know what to do and have a plan in place to do it well. Preparation includes teaching students about these behaviors, the roles that people fulfill in an incident, what to do, and how to report it.

Response — When harassment, violence, or bullying behavior is reported or witnessed, responses include telling the person to stop, creating separation and safety, investigating incidents, planning and implementing interventions, and informing others. Each situation is unique and may require different and unique interventions, including student conferencing, parent involvement, school discipline, connection to other resources, and restorative practices.

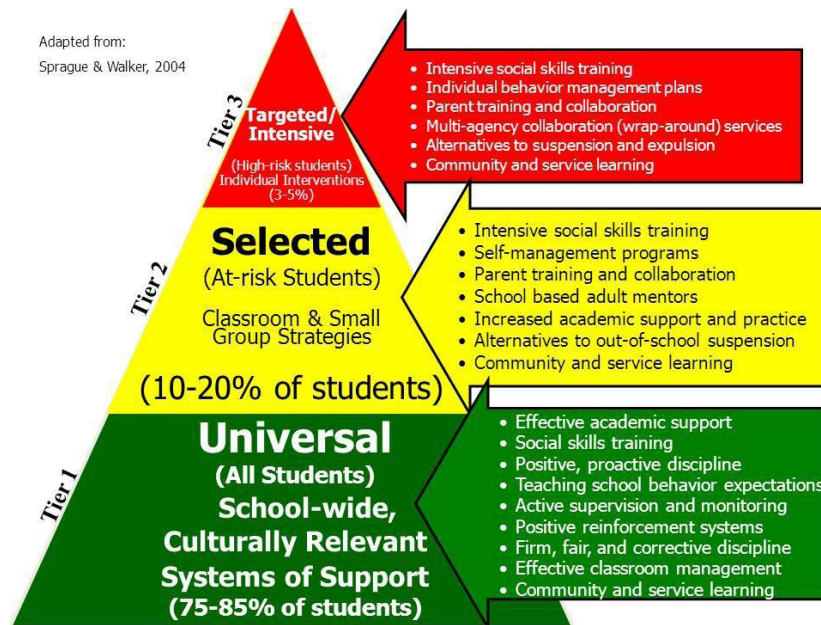

Recovery — Even when prevention is done well and we prepare and respond effectively, students may still benefit from support and assistance in recovering from incidents of harassment, violence, and bullying behavior. Helping students recover may look different from child to child and from school to school. Schools have resources available in a crisis and can help families connect to on-going supports in the community. All schools have co-located mental health services. The focus of recovery is to return students back to regular school activity in a safe and welcoming environment.

Positive Behavioral Interventions and Supports (PBIS) — Positive Behavioral Interventions and Supports (PBIS) is an evidenced-based framework for proactive teaching of social emotional and behavioral instruction as well as supporting all students' social, emotional and behavioral needs. This approach helps schools create and sustain effective and culturally-inclusive environments that support academic and social, emotional and behavioral success for all students. Duluth Public Schools uses PBIS foundations to teach school-wide expectations and social emotional learning for all students. PBIS also positively recognizes students who meet those expectations. Additional social, emotional, or behavioral supports are provided to students as needed to ensure that students receive the services they need to meet the social emotional behavioral standards as set forth by the Minnesota Department of Education. PBIS also encourages the use of non-exclusionary discipline approaches such as utilizing a restorative approach for addressing student behavioral challenges.

Within each school, the following systems and practices are foundational to PBIS implementation:

- Each school creates clear and consistent school-wide expectations that promote positive behavior. These expectations, which reflect the school community, values and culture, are defined, taught, modeled, reinforced and (when necessary) retaught.
- Schools also use data to guide how they teach and reinforce the expectations for individual students, groups of students, whole classrooms and school-wide.
- Social emotional learning skills are taught to all students.
- A continuum of evidence-based interventions is integrated and utilized to support the social, emotional, and behavioral success of all students.
- Data is used to identify students in need of additional social, emotional or behavioral support and match them to interventions or support needed.
- A school climate survey is administered twice annually in our schools to gather information from students, families, and staff in order to further develop our PBIS practices and systems to better meet the needs of our students and promote a positive school environment.
- Each school continually collects data and refines its systems and practices as needs change. The goal is to provide positive and equitable social, emotional, behavioral, and academic outcomes for all students.

Each school designs a three-tiered system that is aligned with the district's strategic direction:

Tier 1: All students are involved in learning about the school and classroom behavior expectations as well as foundational social emotional learning skills to meet the social emotional learning competencies as laid out by the Minnesota Department of Education. Staff members teach, model and reinforce these expectations and skills throughout the course of the school year.

Tier 2: Some students receive additional intervention or support for their needs. This may occur at times in a small group setting or within the classroom.

Tier 3: A few students receive individualized or more intensive interventions and support based on their needs, after less intensive levels of intervention have been tried.

Restorative Practices — Restorative Practices are both proactive as well as responsive interventions that are used to foster an equitable and positive school culture where relationships are central. Restorative practices are a continuum of support and may include things like proactive and community building circles, using affective statements in interactions, using restorative questions, responsive circles, conferencing, short impromptu conversations, thinking sheets, etc. In this approach, relationships are the most important way we learn about the world and ourselves.

Some schools are implementing Restorative Practices school-wide as a way to proactively build community among stakeholders. All schools have support staff trained in restorative practices in order to be able to respond to members of our school community when harm has been caused through utilizing a restorative approach. Restorative practices may replace traditional ways of approaching student behavior but still provide a space for accountability to occur through conversation when harm has been caused. In a restorative school community we believe:

- Everyone in the school community has something to contribute and deserves the right to be heard.
- We are all connected to one another.
- All of us want to have meaningful relationships with others.
- We all have talents and gifts we bring to school.
- It takes time, habits and support to build and maintain positive relationships.
- Learning can happen through conversation and through relationships.
- That empathy, kindness, caring, and good communication skills can develop through the use of restorative practices.

Social-Emotional Learning (SEL) — Social and Emotional Learning is how children and adults learn how to manage emotions, set and achieve positive goals, feel and show empathy for others, establish and maintain positive relationships, and make responsible decisions. Departments across the district work collaboratively to support social-emotional learning. A school may choose to implement a specific Social-Emotional Learning program(s) to support academic and social success. Social-emotional learning is the process of developing the self-awareness, self-control, and interpersonal skills that are vital for school, work, and life success.

CASEL's definition — We define social and emotional learning (SEL) as an integral part of education and human development. SEL is the process through which all young people and adults acquire and apply the knowledge, skills, and attitudes to develop healthy identities, manage emotions and achieve personal and collective goals, feel and show empathy for others, establish and maintain supportive relationships, and make responsible and caring decisions.

SEL advances educational equity and excellence through authentic school-family-community partnerships to establish learning environments and experiences that feature trusting and collaborative relationships, rigorous and meaningful curriculum and instruction, and ongoing evaluation. SEL can help address various forms of inequity and empower young people and adults to co-create thriving schools and contribute to safe, healthy, and just communities.

Minnesota Department of Education has adopted CASEL's social emotional learning 5 competencies:

Mental Health & Wellness — Mental Health refers to how a person thinks, feels, and acts in regards to their emotional, psychological, and social well-being. It helps determine how we will handle stress, relate to others, and make choices. The Duluth School District supports student mental health by creating social

and emotional learning opportunities in addition to supporting access to mental health services through internal supports as well through community based providers. These supports strive to create a safe learning environment, maximize collaboration between students and adults, create trusting relationships, and empower students to do their best.

Reporting Harassment, Violence, and Bullying Behavior — Harassment, violence, and bullying behavior is a concern across our nation and here in Duluth. Reducing this behavior is important to Duluth Public Schools and we take any allegations of this seriously.

Any time you witness or are involved in a situation involving harassment, violence, or bullying behavior it is important to report it. Help is available. Speak with your teacher, school principal, or another trusted adult at school, home, or in your community.

- If someone is hurting you verbally or physically, tell them to stop, walk away, and tell an adult
- Report it right away. A prompt response increases safety, reduces response time, and improves the results of the investigation and intervention. Reporting forms can be located at the back of this handbook or online at www.isd709.org.
- Be specific. Share who was with you or might have seen something, who said or did what, and when and where it happened. Keep text messages and social media posts that contain harassing, violent, or bullying behavior so you can show them to an adult at school.

Minnesota Law — Minnesota has passed the Safe Schools Act.

Hazing Prohibition

Hazing is prohibited. No student will plan, direct, encourage, aid, or engage in hazing. Students who violate this rule will be subject to disciplinary action pursuant to the school district's "Student Discipline" policy. Please see the school district's "Hazing Prohibition" policy (Appendix I).

Internet Acceptable Use

All school district students have conditional access to the school district's computer system, including Internet access, for limited educational purposes, including use of the system for classroom activities, educational research, and professional and career development. Use of the school district's system is a privilege, not a right. Unacceptable use of the school district's computer system or the Internet may result in one or more of the following consequences: suspension or cancellation of use or access privileges; payments for damages and repairs; discipline under other appropriate school district policies, including, but not limited to, suspension, expulsion, or exclusion; or civil or criminal liability under other applicable laws.

A copy of the school district's "Internet Acceptable Use" policy is available at the Office of the Superintendent or on the website at www.isd709.org/about-us/policies.

Within 30 days of the start of each school year, the school district must give parents and students direct and timely notice, by United States mail, e-mail, or other direct form of communication, of any curriculum, testing, or assessment technology provider contract affecting a student's educational data. The notice must:

89

1. Identify each curriculum, testing, or assessment technology provider with access to educational data;

2. Identify the educational data affected by the curriculum, testing, or assessment technology provider contract; and
3. Include information about the contract inspection and provide contact information for a school department to which a parent or student may direct questions or concerns regarding any program or activity that allows a curriculum, testing, or assessment technology provider to access a student's educational data.

The school district must provide parents and students an opportunity to inspect a complete copy of any contract with a technology provider.

Students will receive a copy of the school district's "Internet Acceptable Use" policy and are expected to understand and agree to abide by the policy as a condition of use of the school district's computer system. All students who wish to use the school district's computer system must sign the Blended Learning 1:1 Agreement form annually.

Parking on School District Property

Students

The school district allows limited use and parking of motor vehicles by students in school district locations subject to the following rules:

Parking a motor vehicle on school property during the school day is a privilege;

- Parking is permitted in designated areas only, by permit. For information, contact your school.;
- Students are not permitted to use motor vehicles during the school day in any school district locations unless permission has been granted to the student by the school administration;
- Students are permitted to use motor vehicles on the high school campus(es) only before and after the school day;
- Unauthorized vehicles parked on school district property may be towed at the expense of the owner or operator.

The school district may conduct routine patrols of school district properties and inspections of the exteriors of the motor vehicles of students. Interiors of students' vehicles in school district locations may be searched when school officials have a reasonable suspicion that the search will uncover a violation of law and/or school policy or rule. If a search yields contraband, school officials may seize the item and may turn it over to legal authorities when appropriate. A student who violates this policy may be subject to withdrawal of parking privileges and/or discipline according to the school district's "Student Discipline" policy (Appendix E). Please see the parking agreement/permit application form for specific site related information.

Visitors

Visitors are permitted to park in designated school district visitor parking areas. Unattended vehicles left in other locations on school district property may be towed at the owner's expense.

Tobacco-Free Schools; Possession and Use of Tobacco, Tobacco-Related Devices, and Electronic Delivery Devices; Vaping Awareness and Prevention Instruction

School district students and staff have the right to learn and work in an environment that is tobacco free. School policy is violated by any individual's use of tobacco, tobacco-related devices, or carrying or using activated electronic delivery devices in a public school, on school grounds, in any school-owned vehicles, or at any school events or activities. Students may not possess any type of tobacco, tobacco-related devices, electronic delivery devices, THC, CBD, or marijuana in a public school, on school grounds, in any school-owned vehicles, or at any school events or activities. Any student who violates this policy is subject to school district discipline. For detailed information on the school district's "Tobacco-Free Environment; Possession and Use of Tobacco, Tobacco-Related Devices, and Electronic Delivery Devices; Vaping Awareness and Prevention Instruction" policy, see Appendix J. Contact the building principal if you have questions or wish to report violations.

A limited exception to the tobacco prohibition exists for adult members of an Indian tribe, as defined under Minnesota law, who may light tobacco on school district property as a part of a traditional Indian spiritual or cultural ceremony.

Weapons Prohibition

No person will possess, use, or distribute a weapon when in a school location except as provided in school district policy. A "weapon" means any object, device, or instrument designed as a weapon or through its use is capable of threatening or producing bodily harm or which may be used to inflict self-injury including, but not limited to, any firearm, whether loaded or unloaded; air guns; pellet guns; BB guns; all knives; blades; clubs; metal knuckles; numchucks; throwing stars; explosives; fireworks; mace and other propellants; stun guns; ammunition; poisons; chains; arrows; and objects that have been modified to serve as a weapon. A weapon also includes look-alike weapons. Appropriate discipline and action will be taken against any person who violates this policy. The school district does not allow the possession, use, or distribution of weapons by students. Discipline of students will include, at a minimum: immediate out-of-school suspension; confiscation of the weapon; immediate notification of police; parent or guardian notification; and recommendation to the superintendent of dismissal for a period of time not to exceed one year. The building principal shall, as soon as practicable, refer to the criminal justice or juvenile

delinquency system, as appropriate, a student who brings a firearm to school unlawfully. A student who brings a firearm to school will be expelled for at least one year, subject to school district discretion on a case-by-case basis. For a copy of the “School Weapons” policy, visit isd709.org/about-us/policies.

Standards of Conduct

Standards of conduct are developed to ensure a safe, equitable and welcoming environment that fosters growth in relationships, academics, social-emotional competency and life skills. We believe these are achieved through a culture that promotes positive relationships, mutual respect, repairing harm, and a belief in the potential of all members while engaging with families and community as partners.

Disciplinary policies within the elementary and secondary schools shall be enforced within the general guidelines as set forth in the grid below. These guidelines are designed to prevent student’s inappropriate behavior from recurring through use of environmental, instructional, and/or restorative intervention and represent the majority of incidents that occur in schools. However other incidents may occur which warrant disciplinary action.

These guidelines describe the various administrative actions that may be taken for incidents that violate school district standards of conduct and/or the law. The listing of guidelines does not require that a ‘step by step’ progression of increasing severity be employed by an administrator when addressing an incident.

Behavioral incidents requiring Office intervention will be documented as an office discipline referral in Infinite Campus under the student behavior tab. Out of school suspension is used for the purpose of creating separation and safety for further investigation and intervention planning in response to a behavioral incident. At all age levels, use of suspension should be paired with environmental, instructional, and/or restorative intervention. For students with a history of violent behavior, staff will be notified per Policy 5022.

The Principal’s discretion regarding the enforcement of policy will be used when age, culture, and development/ability are factors in behavioral issues. There should be a logical relationship between the severity of the offense and the administrative action. Behaviors are grouped into four levels for the purpose of consistency and organization. Some behaviors will be severe or egregious enough to warrant disciplinary actions corresponding with a higher level. The Assistant Superintendent will be consulted if any site desires to implement discipline which exceeds the minimum guidelines.

Busing infractions will follow the four levels listed below based on the incident and additional discipline will follow the Code of Conduct. Separately or in addition to, bus conduct can result in removal from the bus.

Students are subject to all school disciplinary actions or violations while in a school zone. A school zone is defined as an area that begins at the boundaries of the school property and extends three hundred feet from that point, or one city block, whichever is greater. This zone includes school bus stops and the area within a school bus being used to transport one or more elementary or secondary school students. This zone also includes district contract parking.

Definitions of interventions and Disciplinary Actions

ANTECEDENT BASED & ENVIRONMENTAL INTERVENTIONS - Ways to change the environment that promote an increase of pro-social behaviors and simultaneously reduce the possibility of challenging behaviors to occur.

DETENTION - A student may be asked to come before school, stay in during lunch, or remain after school by a teacher or principal for the purpose of correcting a violation. Any student who is instructed to report before or after school but is unable must obtain permission from the teacher or principal. Reasonable attempts will be made to contact parent(s) or guardian(s) prior to implementation.

EXPULSION OR EXCLUSION - "Expulsion" means a School Board action to prohibit an enrolled student from further attendance for up to twelve months from the date the student is expelled. "Exclusion" means an action taken by the School Board to prevent enrollment or re-enrollment of a student for a period that shall not extend beyond the school year. Expulsion and exclusion proceedings shall be in accordance with M.S. 121A.41, The Pupil Fair Dismissal Act. A School Board may expel for a period of at least one year a student who is determined to have brought a firearm to school. For the purposes of this section, a firearm is as defined in United States Code, Title 18, Section 921. In accordance with M.S. 121A.41, The Pupil Fair Dismissal Act, a student and his/her parent(s) or guardian(s) shall be served personally or by mail with notice of the expulsion hearing. The hearing will be held within ten days of service of the written note, unless continued pursuant to the statute. The recommendation of the hearing officer shall be made to the School Board within two days of the end of the hearing. The decision of the School Board shall be rendered at a special meeting within five days after receipt of the recommendation of the hearing officer. The student shall receive due process as set forth in M.S. 121A.41, The Pupil Fair Dismissal Act.

IN-SCHOOL SUSPENSION - An action by school administration where a child is temporarily removed from his or her regular classroom(s) but remains under the direct supervision of school personnel.

ALTERNATIVE TO SUSPENSION - An intensive space to support students in lieu of suspension. Programming is focused heavily on restorative interventions and social

emotional learning support to provide students with skill building opportunities, de-escalation, problem-solving and harm repair. This programming could look differently based on the services needed at a school building from a very intensive space/program to a less intensive space.

OUT-OF-SCHOOL SUSPENSION - An action by school administration prohibiting a student from attending school for a period of no more than 10 days. Each suspension action may include a re-entry meeting and readmission plan.

PARENT(S) OR GUARDIAN(S) CONFERENCE - A parent(s) or guardian(s) conference is required if a student has committed a serious rule violation or has been suspended out of school. If a parent or guardian is unable to be present, the principal shall contact the parent(s) or guardian(s).

REFERRAL TO SCHOOL BEHAVIOR TEAM OR CHILD STUDY TEAM - Schools use a multi-tiered system of support. Students can be referred to a small school team for academic or social-emotional-behavioral interventions. The process varies a bit at each school but includes a brief meeting, determining an intervention, trying it for approximately 30 school days, and reviewing outcomes.

REFERRAL TO COMMUNITY SERVICE(S) - School staff may work with parents or guardians to support the consideration of accessing community services. The process of helping a family connect to a community service, sharing information (with permission), or making introductions to a community service are all part of a "referral".

REFERRAL TO JUVENILE AUTHORITIES - If a student's behavior may be a violation of law, the principal or designated representative may contact juvenile authorities or police. If the officer indicates that he/she is arresting the student, with or without a warrant, he/she shall have complete jurisdiction and responsibility in the matter and the principal shall not interfere with the student's removal from the building. The student will, in all cases, be accorded the rights of due process.

RESTORATIVE PRACTICES - Restorative practices are an approach used with students that promotes inclusivity of all through relationship-building and problem-solving. Methods such as circles, restorative chats, mediations and conferencing may be used to resolve issues or conflicts as they arise and to bring those harmed, those who harmed, and their supports together to address any wrongdoings. Through this process, students are encouraged to reflect on and take responsibility for their actions and come up with plans to repair harm. Unlike punishment, when using restorative practices we attempt to resolve issues "with" students rather than doing something "to" them or "for" them.

RISK SCREENING & REFERRAL FOR ASSESSMENT - Students deemed to be a threat to themselves and/or others may be asked to undergo a risk screening and/or formal risk assessment by a district approved mental health professional before being readmitted to school.

REFERRAL TO BUILDING AND DISTRICT RESOURCES - Referral to building and district resources is to be made by school personnel, parent(s) or guardian(s), or community agencies. The parent(s) or guardian(s) shall be consulted if any special services are to be made available to a student. Reasonable attempts will be made to contact parent(s) or guardian(s) regarding referrals to building and district resources.

REMOVAL FROM CLASS - All students have the right to learn and teachers the right to teach. Disruption to the learning process may result in the loss of privilege to remain in the class. This removal is limited to a reasonable time-frame to be reinstated upon an agreed solution with the instructor and principal as necessary. Students shall be allowed the privilege of making up daily work, including tests and final exams, upon their return to class. Removal from class or dismissal for the day of students with disabilities is also governed by the Individuals with Disabilities Education Act, M.S. 125A.03, and Minnesota Rules. See the section of this policy entitled "Students with Disabilities."

TEACH / RETEACH / REINFORCE DESIRED SKILL OR BEHAVIOR - To identify and provide instruction of new skills or behaviors to replace challenging or harmful behaviors. New behaviors are most effective when considered "functional" and meet the same needs as the challenging or harmful behavior. Reinforcement of a desired skill or behavior is anything that comes after the behavior that makes it more likely to be used again. Reinforcement may be a tangible item or activity, verbal or non-verbal recognition, the experience of learning something new, or simply meeting the initial need.

TIER 2 FUNCTIONAL BEHAVIOR ANALYSIS AND BEHAVIOR SUPPORT PLAN - An attempt to determine the function or purpose of a behavior through interviews, review of available information and data, and maybe observation. The idea is to then create a plan to support desired behaviors that meet the same needs in a more pro-social manner.

ADDITIONAL INFORMATION:

INFORMATION AND REVIEW PROCESS – Students, parent(s) or guardian(s) who wish to discuss concerns or review disciplinary actions, except for expulsion or suspension, may request a conference with school personnel. It is recommended that conferences occur between personnel closest to the concern and be solution-based toward district aims and vision.

SCHOOL ZONE - Students are subject to all school disciplinary actions or violations while in a school zone. A school zone is defined as an area that begins at the boundaries of the school property and extends three hundred feet from that point, or one city block, whichever is greater. This zone includes school bus stops and the area within a school bus being used to transport one or more elementary or secondary school students. This zone also includes district contract parking.

STUDENT CONFERENCE - Depending on the violation and the seriousness of the action, a student may meet with the principal and/or a teacher to discuss the incident. During this conference, students may be asked to formulate a plan which addresses their behavior and a commitment to solutions for improvement

PART IV — HEALTH AND SAFETY

Accidents

All student⁹⁹ injuries that occur at school, at school-sponsored activities, or on school transportation should be reported to the building nursing staff. Parents/

guardians of an injured student will be notified as soon as possible. If the student requires immediate medical attention, the principal or other district leader will call 911 or seek emergency medical treatment and then contact the parent(s).

Asbestos Management Plan

The school district has developed an asbestos management plan. Contact the District Safety Health and Environmental Coordinator.

Crisis Management

The school district has developed a "Crisis Management" policy. Each school building has its own building-specific crisis management plan called the Emergency Response & Crisis Management manual. Students and parents will be provided with information as to district- and school-specific plans. The "Crisis Management" policy addresses a range of potential crisis situations in the school district. The school district has developed general crisis procedures for securing buildings, classroom evacuation, campus evacuation, sheltering, and communication procedures. The school district will conduct lock-down drills, fire drills, and a tornado drill. Building plans include classroom and building evacuation procedures.

Emergency Contact Information

When there is an emergency within a school building or the district, parents/guardians will be notified through the district's emergency notification mass communication system. Parents/guardians will receive a text message, phone call and email regardless of opt-out communication requests.

Health Information

First Aid

The nurse's office in each building is equipped to handle minor injuries requiring first aid. If the nurse's office is not open, assistance can be sought from the building's administrative office. If a student experiences a more serious medical emergency at school, 911 may be called and/or a parent/guardian will be contacted depending on the situation.

The district has installed automated external defibrillators (AEDs) in each building. Locations of AEDs are indicated on the building map located in each entry vestibule. Tampering with any AED is prohibited and may result in discipline.

Communicable Diseases

To protect other students from contagious illnesses, students infected with certain diseases are not allowed to come to school while contagious. If a parent or guardian suspects that his/her child has a communicable or contagious disease, the parent or guardian should contact the school nurse or principal so that other students who might have been exposed to the disease can be alerted.

Please call your school health office to report the following health conditions: COVID-19, Chickenpox, Strep Throat, Influenza, Head Lice, Mumps, Measles, Meningitis, Pertussis (Whooping Cough).

Students with certain communicable diseases will not be excluded from attending school in their usual daily attendance settings as long as their health permits and their attendance does not create a significant risk of transmitting the illness to other students or school district employees. The school district will determine on a case-by-case basis whether a contagious student's attendance creates a significant risk of transmitting the illness to others.

Health Service

Research has shown that students with an optimal level of wellness are more receptive to the learning process. Therefore, Duluth Public Schools health service staff strive to promote the health of students and promote a healthy school environment. The primary goal of health services is to eliminate/minimize health related barriers to learning. To accomplish this, health service staff, as part of the school team, works to:

- Promote student and staff wellness.
- Provide skilled nursing.
- Protect students' well being.
- Enhance healthy behaviors.
- Encourage self-care.
- Assess and communicate student health concerns through referral to parents/guardians.

The Licensed School Nurse provides leadership of the daily health office operations, promotes health equity by connecting students and families to community health resources, and maintains continuity of care between home, medical provider, and school through medical and educational planning. The Licensed School Nurse also provides health assessment and planning throughout the Special Education process.

under the delegation of the Licensed School Nurse.

WHEN TO KEEP YOUR CHILD HOME

Many students and parents are frequently concerned about when students should stay home or attend school. The following information is intended to help with this decision. General practice:

- If a student has had a fever of 100 degrees or more, the student must stay home for 24 hours after the temperature returns to normal without fever reducing medication.
- If a student has vomited or had diarrhea, the student must stay home until 24 hours after the last episode.
- If a student has had any rash that may be disease-related or the cause is unknown, check with your family physician before sending the student to school.
- If a student is ill, please call the school daily to report the illness.

When a student is sick, parents often wonder whether or not to keep a child at home from school. If a child stays home and has the care they need when first sick, they will often get better faster. Staying home and resting will help the body fight the sickness. A parent/guardian should notify the school if his/her child is unable to attend school because of illness. Please contact the school attendance line.

WHEN A CHILD IS SICK AT SCHOOL

If your child becomes ill at school and needs to go home, the Health Services Staff will contact a parent/guardian. Children must call from the health office and not from their cell phones.

If staff are unable to reach parents and determine that the student must go home, emergency contacts will then be called. It's important for parents to keep emergency contacts updated and ensure that they are available during the day. Your child will not be allowed to leave school without contacting an adult.

In the event of an emergency, 911 may be called.

HEAD LICE

Anyone can get head lice. Head lice are most often transmitted through head to head contact. School transmission is rare. Some common symptoms of head lice include: itching and scratching of the scalp and neck, feeling that something is 'crawling' in the hair, sores from constant scratching, and seeing lice on the scalp or nits attached to the hair shaft. If your child has any of these symptoms, please check your child's head for lice. Also, all household members and other close contacts of the person with lice should be checked.

Should your child be found to have live lice in their hair during the school day, a parent/guardian will be contacted by a health office staff member. The students may remain in school but prompt treatment is recommended.

VISION AND HEARING SCREENINGS

Students may receive hearing and/or vision screening upon request from a teacher if the teacher suspects that there may be a hearing or vision concern that is affecting the student's ability to learn. If you do not wish for your child to receive vision and/or hearing screening, please inform your school health office. The screenings are not intended to replace professional examinations.

Immunizations

All students must provide proof of immunization or submit appropriate documentation exempting them from such immunizations in order to enroll or remain enrolled. Students may be exempted from the immunization requirement when the immunization of the student is contraindicated for medical reasons; laboratory confirmation of adequate immunity exists; or due to the conscientiously held beliefs of the parents/guardians or student. The school district will maintain a file containing the immunization records for each student in attendance at the school district for at least five years after the student reaches the age of 18. For a copy of the immunization schedule or to obtain an exemption form or information, contact the school health office. Immunization records must be provided by Oct. 13. Student may be excluded if required immunizations have not been administered by Oct. 23. Policy 530 can be found on the district website at isd709.org/about-us/policies.

Medications at School During the School Day

The school district acknowledges that some students may require prescribed drugs or medication during the school day. The administration of prescription medication or drugs at school requires a completed signed request from the student's parent. An "Authorization to Administer Medication" form must be completed once a year and/or when a change in the prescription or requirements for administration occurs. Prescription medications must be brought to school in the original container labeled for the student by a pharmacist, and must be administered in a manner consistent with the instructions on the label. Prescription medications are not to be carried by the student, but will be left with the appropriate school personnel. Exceptions that may be allowed include: prescription asthma medications administered with an inhaler pursuant to school district policy and procedures, medications administered as noted in a written agreement

between the school district and parent or as specified in an Individualized Education Program (IEP), a plan developed under Section 504 of the Rehabilitation Act (§504 Plan), or an individual health plan (IHP). Marijuana is not allowed on school property even if prescribed. The school district is to be notified of any change in administration of a student's prescription medication.

Pesticide Application Notice

The school district may plan to apply pesticide(s) on school property. To the extent the school district applies certain pesticides, the school district will provide a notice by September 15 as to the school district's plan to use these pesticides. A parent may request to be notified prior to the application of certain pesticides on days different from those specified in the notice. Additional information regarding what pesticides are used, an estimated schedule of pesticide applications (which will be available for review or copying at the school offices), and the long-term health effects of the class of pesticide on children can be requested by contacting the District Facilities Manager.

Safety

The safety of students on campus and at school-related activities is a high priority of the district. While district-wide safety procedures are in place, student and parent cooperation is essential to ensuring school safety. More information about our safety protocols visit isd709.org/about-us/safe-and-welcoming. Duluth Public Schools has adopted and implemented ALICE district-wide and is an official ALICE district. More information about ALICE and how we prepare students visit isd709.org/about-us/safe-and-welcoming.

Visitors in District Buildings

Parents/guardians and community members are welcome to visit the schools. To ensure the safety of those in the school and to avoid disruption to the learning environment, all visitors must report directly to the office upon entering the building, with the exception of events open to the public. All visitors will be required to sign in at the office and to wear a "visitors badge" while in the building during the school day. Visitors must have the approval of the principal before visiting a classroom during instructional time. An individual or group may be denied permission to visit a school or school property, or such permission may be revoked, if the visitor does not comply with school district procedures or if the visit is not in the best interests of the students, employee, or the school district.

Students are not allowed to bring visitors to school without prior permission from the principal.

APPENDIX B

505 DISTRIBUTION OF NONSCHOOL-SPONSORED MATERIALS ON SCHOOL PREMISES BY STUDENTS AND EMPLOYEES

I. PURPOSE

The purpose of this policy is to protect the exercise of students' and employees' free speech rights, taking into consideration the educational objectives and responsibilities of the school district.

II. GENERAL STATEMENT OF POLICY

- A. The school district recognizes that students and employees have the right to express themselves on school property. This protection includes the right to distribute, at a reasonable time and place and in a reasonable manner, nonschool-sponsored material.
- B. To protect First Amendment rights, while at the same time preserving the integrity of the educational objectives and responsibilities of the school district, the school board adopts the following regulations and procedures regarding distribution of nonschool-sponsored material on school property and at school activities.

III. DEFINITIONS

- A. "Distribute" or "Distribution" means circulation or dissemination of material by means of handing out free copies, selling or offering copies for sale, accepting donations for copies, or posting or displaying material, or placing material in internal staff or student mailboxes.
- B. "Nonschool-sponsored material" or "unofficial material" includes all materials or objects intended for distribution, except school newspapers, employee newsletters, literary magazines, yearbooks and other publications funded and/or sponsored or authorized by the school. Examples of nonschool-sponsored materials include but are not limited to leaflets, brochures, buttons, badges, fliers, petitions, posters, and underground newspapers whether written by students or employees or others, and tangible objects.
- C. "Obscene to minors" means:
 - 1. The average person, applying contemporary community standards, would find that the material, taken as a whole, appeals to the prurient interest of minors of the age to whom distribution is requested;
 - 2. The material depicts or describes, in a manner that is patently offensive to prevailing standards in the adult community concerning how such conduct should be presented to minors of the age to whom distribution is requested, sexual conduct such as intimate sexual acts (normal or perverted), masturbation, excretory functions, and lewd exhibition of the genitals; and
 - 3. The material, taken as a whole, lacks serious literary, artistic, political, or scientific value for minors.
- D. "Minor" means any person under the age of eighteen (18).
- E. "Material and substantial disruption" of a normal school activity means:
 - 1. Where the normal school activity is an educational program of the district for which student attendance is compulsory, "material and substantial disruption"

505 - 1 of 5

is defined as any disruption which interferes with or impedes the implementation of that program.

2. Where the normal school activity is voluntary in nature (including, but not limited to, school athletic events, school plays and concerts, and lunch periods) "material and substantial disruption" is defined as student rioting, unlawful seizures of property, conduct inappropriate to the event, participation in a school boycott, demonstration, sit-in, stand-in, walk-out, or other related forms of activity.

In order for expression to be considered disruptive, specific facts must exist upon which the likelihood of disruption can be forecast, including past experience in the school, current events influencing student activities and behavior, and instances of actual or threatened disruption relating to the written material in question.

- F. "School activities" means any activity sponsored by the school including, but not limited to, classroom work, library activities, physical education classes, official assemblies and other similar gatherings, school athletic contests, band concerts, school plays, and in-school lunch periods.
- G. "Libelous" is a false and unprivileged statement about a specific individual that tends to harm the individual's reputation or to lower that individual in the esteem of the community.

IV. GUIDELINES

- A. Students and employees of the school district have the right to distribute, at reasonable times and places as set forth in this policy, and in a reasonable manner, nonschool-sponsored material.
- B. Requests for distribution of nonschool-sponsored material, other than union materials distributed by the Duluth Federation of Teachers, will be reviewed by the administration on a case-by-case basis. However, distribution of the materials listed below is always prohibited. Material is prohibited that:
 1. is obscene to minors;
 2. is libelous or slanderous;
 3. is pervasively indecent or vulgar or contains any indecent or vulgar language or representations, with a determination made as to the appropriateness of the material for the age level of students to which it is intended.
 4. advertises or promotes any product or service not permitted to minors by law;
 5. advocates violence or other illegal conduct;
 6. constitutes insulting or fighting words, the very expression of which injures or harasses other people (e.g., threats of violence, defamation of character or of a person's race, religious or ethnic origin);
 7. presents a clear and present likelihood that, either because of its content or the manner of distribution, it will cause a material and substantial disruption of the proper and orderly operation and discipline of the school or school activities, will cause the commission of unlawful acts or the violation of lawful school regulations.

- C. Distribution by students and employees of nonschool-sponsored materials on school district property are subject to reasonable time, place, and manner restrictions set forth below. In making decisions regarding the time, place, and manner of distribution, the administration will consider factors including, but not limited to, the following:
1. whether the material is educationally related;
 2. the extent to which distribution is likely to cause disruption of or interference with the school district's educational objectives, discipline, or school activities;
 3. whether the materials can be distributed from the office or other isolated location so as to minimize disruption of traffic flow in hallways;
 4. the quantity or size of materials to be distributed;
 5. whether distribution would require assignment of school district staff, use of school district equipment, or other resources;
 6. whether distribution would require that nonschool persons be present on the school grounds;
 7. whether the materials are a solicitation for goods or services not requested by the recipients.
- D. To the extent that the Duluth Federation of Teachers' Union distributes any political materials, the materials will be prepared in such a way that no political material is visible from the outside page(s) of any publication. The Union shall either seal, fold, or staple the materials so political information may not be seen or include any political material on an internal page so that it will not be visible. Political material shall be defined consistent with the provisions of Minnesota Statute 211B.01, subd. 2, which defines campaign material as "any literature, publication, or material that is disseminated for the purpose of influencing voting at a primary or other election..."

V. TIME, PLACE, AND MANNER OF DISTRIBUTION

- A. No nonschool-sponsored material shall be distributed during and at the place of a normal school activity if it is reasonably likely to cause a material and substantial disruption of that activity.
- B. Distribution of nonschool-sponsored material is prohibited when it blocks the safe flow of traffic within corridors and entrance ways of the school, and school parking lots. Distribution shall not impede entrance to or exit from school premises in any way.
- C. No one shall coerce a student or staff member to accept any publication.
- D. All employees and students shall comply with the provisions of Minnesota Law regarding distribution of political materials in a polling place on Election Day.
- E. The time, place, and manner of distribution will be solely within the discretion of the administration, consistent with the provisions of this policy.

- F. The District will allow the Duluth Federation of Teacher's Union access to teacher mailboxes as a mechanism to communicate with its members. All distribution of material through the mailboxes will be done by Union members.
- G. For all employees including non-teacher members of the Duluth Federation of Teachers, any distribution of materials will be done outside of the normal paid workday. For teacher members, distribution may be done during non-assigned work time (e.g., lunch or preparation time) so long as any time spent is minimal. If the District has any concerns about the abuse of time by teacher members of the Duluth Federation of Teachers, it will notify the Union.

VI. PROCEDURES

- A. Any student or employee wishing to distribute (as defined in this policy) nonschool-sponsored material, other than union materials distributed by the Duluth Federation of Teachers, must first submit for approval a copy of the material to the principal at least 24 hours in advance of desired distribution time, together with the following information:

- C. If the person submitting the request does not receive a response within one school day, the person shall contact the office to verify that the lack of response was not due to an inability to locate the person.
- D. If the person is dissatisfied with the decision of the principal, the person may submit a written request for appeal to the superintendent. If the person does not receive a response within three (3) school days (not counting Saturdays, Sundays and holidays) of submitting the appeal, the person shall contact the office of the superintendent to verify that the lack of response is not due to an inability to locate the person.
- E. Permission or denial of permission to distribute material does not imply approval or disapproval of its contents by either the school, the administration of the school, the school board, or the individual reviewing the material submitted.

VII. DISCIPLINARY ACTION

- A. Distribution by any student of nonschool-sponsored material prohibited herein or in violation of the provisions of time, place and manner of distribution as described above will be halted and disciplinary action will be taken in accordance with the School District's Student Discipline Policy.

Distribution by any employee of nonschool-sponsored material prohibited herein or in violation of the provisions of time, place, and manner of distribution as described above will be halted and appropriate disciplinary action will be taken, in accordance with any individual contract, collective bargaining agreement, school district policies and procedures, and/or governing statute.
- C. Any other party violating this policy will be requested to leave the school property immediately and, if necessary, the police will be called.

VIII. NOTICE OF POLICY TO STUDENTS AND EMPLOYEES

A copy of this policy will be published in student handbooks annually and posted in school buildings.

APPENDIX C

515 PROTECTION AND PRIVACY OF PUPIL RECORDS

I. PURPOSE

The school district recognizes its responsibility in regard to the collection, maintenance, and dissemination of pupil records and the protection of the privacy rights of students as provided in federal law and state statutes.

II. GENERAL STATEMENT OF POLICY

The following procedures and policies regarding the protection and privacy of parents and students are adopted by the school district, pursuant to the requirements of 20 United States Code section 1232g, *et seq.*, (Family Educational Rights and Privacy Act (FERPA)) 34 Code of Federal Regulations part 99 and consistent with the requirements of the Minnesota Government Data Practices Act, Minnesota Statutes chapter 13, and Minnesota Rules parts 1205.0100-1205.2000.

III. DEFINITIONS

A. Authorized Representative

"Authorized representative" means any entity or individual designated by the school district, state, or an agency headed by an official of the Comptroller of the United States, the Attorney General of the United States, the Secretary of the U.S. Department of Education, or state and local educational authorities to conduct, with respect to federal or state supported education programs, any audit or evaluation or any compliance or enforcement activity in connection with federal legal requirements that relate to these programs.

B. Biometric Record

"Biometric record," as referred to in "Personally Identifiable," means a record of one or more measurable biological or behavioral characteristics that can be used for automated recognition of an individual (e.g., fingerprints, retina and iris patterns, voiceprints, DNA sequence, facial characteristics, and handwriting).

C. Dates of Attendance

"Dates of attendance," as referred to in "Directory Information," means the period of time during which a student attends or attended a school or schools in the school district, including attendance in person or by paper correspondence, videoconference, satellite, Internet, or other electronic information and telecommunications technologies for students who are not in the classroom, and including the period during which a student is working under a work-study program. The term does not include specific daily records of a student's attendance at a school or schools in the school district.

D. Directory Information

"Directory information" means information contained in an education record of a student that would not generally be considered harmful or an invasion of privacy if disclosed. It includes the student's name; address; telephone listing; electronic mail address; photograph; date and place of birth; major field of study; dates of attendance; grade level; enrollment status (i.e., full-time or part-time); participation in officially recognized activities and sports; weight and height of members of athletic teams; degrees, honors and awards received; and the most recent educational agency

or institution attended. It also includes the name, address, and telephone number of the student's parent(s). Directory information does not include:

1. a student's social security number;
2. a student's identification number (ID), user ID, or other unique personal identifier used by a student for purposes of accessing or communicating in electronic systems if the identifier may be used to access education records without use of one or more factors that authenticate the student's identity such as a personal identification number (PIN), password, or other factor known or possessed only by the authorized user;
3. a student ID or other unique personal identifier that is displayed on a student ID badge if the identifier can be used to gain access to educational records when used in conjunction with one or more factors that authenticate the student's identity, such as a PIN, password, or other factor known or possessed only by the student;
4. personally identifiable data which references religion, race, color, social position, or nationality; or
5. data collected from nonpublic school students, other than those who receive shared time educational services, unless written consent is given by the student's parent or guardian.

E. Education Records

1. What constitutes "education records." Education records means those records that are: (1) directly related to a student; and (2) maintained by the school district or by a party acting for the school district.
2. What does not constitute education records. The term "education records" does not include:
 - a. Records of instructional personnel that are:
 - (1) kept in the sole possession of the maker of the record;
 - (2) used only as a personal memory aid;
 - (3) not accessible or revealed to any other individual except a temporary substitute teacher; and
 - (4) destroyed at the end of the school year.
 - b. Records of a law enforcement unit of the school district, provided education records maintained by the school district are not disclosed to the unit, and the law enforcement records are:
 - (1) maintained separately from education records;
 - (2) maintained solely for law enforcement purposes; and
 - (3) disclosed only to law enforcement officials of the same

jurisdiction.

- c. Records relating to an individual, including a student, who is employed by the school district which:
 - (1) are made and maintained in the normal course of business;
 - (2) relate exclusively to the individual in that individual's capacity as an employee; and
 - (3) are not available for use for any other purpose.

However, records relating to an individual in attendance at the school district who is employed as a result of his or her status as a student are education records.

- d. Records relating to an eligible student, or a student attending an institution of post-secondary education, that are:
 - (1) made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in his or her professional or paraprofessional capacity or assisting in that capacity;
 - (2) made, maintained, or used only in connection with the provision of treatment to the student; and
 - (3) disclosed only to individuals providing the treatment; provided that the records can be personally reviewed by a physician or other appropriate professional of the student's choice. For the purpose of this definition, "treatment" does not include remedial educational activities or activities that are a part of the program of instruction within the school district.
- e. Records created or received by the school district after an individual is no longer a student at the school district and that are not directly related to the individual's attendance as a student.
- f. Grades on peer-related papers before the papers are collected and recorded by a teacher.

F. Education Support Services Data

"Education support services data" means data on individuals collected, created, maintained, used, or disseminated relating to programs administered by a government entity or entity under contract with a government entity designed to eliminate disparities and advance equities in educational achievement for youth by coordinating services available to participants, regardless of the youth's involvement with other government services. J. Parent

“Parent” means a parent of a student and includes a natural parent, a guardian, or an individual acting as a parent of the student in the absence of a parent or guardian. K. Personally Identifiable

“Personally identifiable” means that the data or information includes, but is not limited to: (a) a student’s name; (b) the name of the student’s parent or other family member; (c) the address of the student or student’s family; (d) a personal identifier such as the student’s social security number or student number or biometric record; (e) other indirect identifiers, such as the student’s date of birth, place of birth, and mother’s maiden name; (f) other information that, alone or in combination, is linked or linkable to a specific student that would allow a reasonable person in the school community, who does not have personal knowledge of the relevant circumstances, to identify the student with reasonable certainty; or (g) information requested by a person who the school district reasonably believes knows the identity of the student to whom the education record relates.

Q. Other Terms and Phrases

All other terms and phrases shall be defined in accordance with applicable state and federal law or ordinary customary usage.

IV. GENERAL CLASSIFICATION

State law provides that all data collected, created, received, or maintained by a school district are public unless classified by state or federal law as not public or private or confidential. State law classifies all data on individuals maintained by a school district which relates to a student as private data on individuals. This data may not be disclosed to parties other than the parent or eligible student without consent, except pursuant to a valid court order, certain state statutes authorizing access, and the provisions of FERPA and the regulations promulgated thereunder.

B. Eligible Students

All rights and protections given to parents under this policy transfer to the student when he or she reaches eighteen (18) years of age or enrolls in an institution of post-secondary education. The student then becomes an "eligible student." However, the parents of an eligible student who is also a "dependent student" are entitled to gain access to the education records of such student without first obtaining the consent of the student. In addition, parents of an eligible student may be given access to education records in connection with a health or safety emergency if the disclosure meets the conditions of any provision set forth in 34 Code of Federal Regulations section 99.31(a).

C. Students with a Disability

B. Prior Consent for Disclosure Not Required

The school district may disclose personally identifiable information from the education records of a student without the written consent of the parent of the student or the eligible student unless otherwise provided herein, if the disclosure is:

 - c. will not disclose the information to any other party without the prior consent of the parent or eligible student and uses the information only for the purposes for which the disclosure was made;
3. To officials of other schools, school districts, or post-secondary educational institutions in which the student seeks or intends to enroll, or is already enrolled, as long as the disclosure is for purposes related to the student's enrollment or transfer. The records shall include information about disciplinary action taken as a result of any incident in which the student possessed or used a dangerous weapon, and with proper annual notice (see Section XIX.), suspension and expulsion information pursuant to section 7917 of the federal Every Student Succeeds Act, 20 United States Code section 7917, *[insert the following if the school district has a policy regarding Staff Notification of Violent Behavior by Students]* and, if applicable, data regarding a student's history of violent behavior. 4.  - b. determine the amount of the aid;
 - c. determine conditions for the aid; or
 - d. enforce the terms and conditions of the aid.

“Financial aid” for purposes of this provision means a payment of funds provided to an individual or a payment in kind of tangible or intangible property to the individual that is conditioned on the individual’s attendance at an educational agency or institution;

6. To state and local officials or authorities to whom such information is specifically allowed to be reported or disclosed pursuant to state statute adopted:
 - a. before November 19, 1974, if the allowed reporting or disclosure concerns the juvenile justice system and such system’s ability to effectively serve the student whose records are released; or
 - b. after November 19, 1974, if the reporting or disclosure allowed by state statute concerns the juvenile justice system and the system’s ability to effectively serve, prior to adjudication, the student whose records are released, provided the officials and authorities to whom the records are disclosed certify in writing to the school district that the data will not be disclosed to any other party, except as provided by state law, without the prior written consent of the parent of the student. At a minimum, the school district shall disclose the following information to the juvenile justice system under this paragraph: a student’s full name, home address, telephone number, and date of birth; a student’s school schedule, attendance record, and photographs, if any; and parents’ names, home addresses, and telephone numbers;
7. To organizations conducting studies for or on behalf of educational agencies or institutions for the purpose of developing, validating, or administering predictive tests, administering student aid programs, or improving instruction; provided that the studies are conducted in a manner which does not permit the personal identification of parents or students by individuals other than representatives of the organization who have a legitimate interest in the information, the information is destroyed when no longer needed for the purposes for which the study was conducted, and the school district enters into a written agreement with the organization that: (a) specifies the purpose, scope, and duration of the study or studies and the information to be disclosed; (b) requires the organization to use personally identifiable

information from education records only to meet the purpose or purposes of the study as stated in the written agreement; (c) requires the organization to conduct the study in a manner that does not permit personal identification of parents and students by anyone other than representatives of the organization with legitimate interests; and (d) requires the organization to destroy all personally identifiable information when information is no longer needed for the purposes for which the study was conducted and specifies the time period in which the information must be destroyed. For purposes of this provision, the term, "organizations," includes, but is not limited to, federal, state, and local agencies and independent organizations. In the event the Department of Education determines that a third party outside of the school district to whom information is disclosed violates this provision, the school district may not allow that third party access to personally identifiable information from education records for at least five (5) years;

8. To accrediting organizations in order to carry out their accrediting functions;
9. To parents of a student eighteen (18) years of age or older if the student is a dependent of the parents for income tax purposes;
10. To comply with a judicial order or lawfully issued subpoena, provided, however, that the school district makes a reasonable effort to notify the parent or eligible student of the order or subpoena in advance of compliance therewith so that the parent or eligible student may seek protective action, unless the disclosure is in compliance with a federal grand jury subpoena, or any other subpoena issued for law enforcement purposes, and the court or other issuing agency has ordered that the existence or the contents of the subpoena or the information furnished in response to the subpoena not be disclosed, or the disclosure is in compliance with an ex parte court order obtained by the United States Attorney General (or designee not lower than an Assistant Attorney General) concerning investigations or prosecutions of an offense listed in 18 United States Code section 2332b(g)(5)(B), an act of domestic or international terrorism as defined in 18 U.S.C. § 2331, or a parent is a party to a court proceeding involving child abuse and neglect or dependency matters, and the order is issued in the context of the proceeding. If the school district initiates legal action against a parent or student, it may disclose to the court, without a court order or subpoena, the education records of the student that are relevant for the school district to proceed with the legal action as a plaintiff. Also, if a parent or eligible student initiates a legal action against the school district, the school district may disclose to the court, without a court order or subpoena, the student's education records that are relevant for the school district to defend itself;
11. To appropriate parties, including parents of an eligible student, in connection with an emergency if knowledge of the information is necessary to protect the health, including the mental health, or safety of the student or other individuals. The decision is to be based upon information available at the time the threat occurs that indicates that there is an articulable and significant threat to the health or safety of a student or other individuals. In making a determination whether to disclose information under this section, the school district may take into account the totality of the circumstances pertaining to a threat and may disclose information from education records to any person whose knowledge of the information is necessary to protect the health or safety of the student or other students. A record of this disclosure must be maintained pursuant to Section XIII.E. of this policy. In addition, an educational agency or institution may include in the education records of a student appropriate information concerning disciplinary action taken against

the student for conduct that posed a significant risk to the safety or well-being of that student, other students, or other members of the school community. This information may be disclosed to teachers and school officials within the school district and/or teachers and school officials in other schools who have legitimate educational interests in the behavior of the student;

12. To the juvenile justice system if information about the behavior of a student who poses a risk of harm is reasonably necessary to protect the health or safety of the student or other individuals;
13. Information the school district has designated as "directory information" pursuant to Section VII. of this policy;
14. To military recruiting officers and post-secondary educational institutions pursuant to Section XI. of this policy;

17. To volunteers who are determined to have a legitimate educational interest in the data and who are conducting activities and events sponsored by or endorsed by the educational agency or institution for students or former students;
18. To the juvenile justice system, on written request that certifies that the information will not be disclosed to any other person except as authorized by law without the written consent of the parent of the student:
 - a. the following information about a student must be disclosed: a student's full name, home address, telephone number, date of birth; a student's school schedule, daily attendance record, and photographs, if any; and any parents' names, home addresses, and telephone numbers;
 - b. the existence of the following information about a student, not the actual data or other information contained in the student's education record, may be disclosed provided that a request for access must be submitted on the statutory form and it must contain an explanation of why access to the information is necessary to serve the student: (1) use of a controlled substance, alcohol, or tobacco; (2) assaultive or threatening conduct that could result in dismissal from school under the Pupil Fair Dismissal Act; (3) possession or use of weapons or look-alike weapons; (4) theft; or (5) vandalism or other damage to property. Prior to releasing this information, the principal or chief administrative officer of a school who receives such a request must, to the extent permitted by federal law, notify the student's parent or guardian by certified mail of the request to disclose information. If the student's parent or guardian notifies the school official of an objection to the disclosure within ten (10) days of receiving certified notice, the school official must not disclose the information and instead must

inform the requesting member of the juvenile justice system of the objection. If no objection from the parent or guardian is received within fourteen (14) days, the school official must respond to the request for information.

The written requests of the juvenile justice system member(s), as well as a record of any release, must be maintained in the student's file;

19. To the principal where the student attends and to any counselor directly supervising or reporting on the behavior or progress of the student if it is information from a disposition order received by a superintendent under Minnesota Statutes section 260B.171, subdivision 3. The principal must notify the counselor immediately and must place the disposition order in the student's permanent education record. The principal also must notify immediately any teacher or administrator who directly supervises or reports on the behavior or progress of the student whom the principal believes needs the information to work with the student in an appropriate manner, to avoid being needlessly vulnerable, or to protect other persons from needless vulnerability. The principal may also notify other school district employees, substitutes, and volunteers who are in direct contact with the student if the principal determines that these individuals need the information to work with the student in an appropriate manner, to avoid being needlessly vulnerable, or to protect other persons from needless vulnerability. Such notices from the principal must identify the student, outline the offense, and describe any conditions of probation about which the school must provide information if this information is provided in the disposition order. Disposition order information received is private educational data received for the limited purpose of serving the educational needs of the student and protecting students and staff. The information may not be further disseminated by the counselor, teacher, administrator, staff member, substitute, or volunteer except as necessary to serve the student, to protect students and staff, or as otherwise required by law, and only to the student or the student's parent or guardian;
20. To the principal where the student attends if it is information from a peace officer's record of children received by a superintendent under Minnesota Statutes section 260B.171, subdivision 5. The principal must place the information in the student's education record. The principal also must notify immediately any teacher, counselor, or administrator directly supervising the student whom the principal believes needs the information to work with the student in an appropriate manner, to avoid being needlessly vulnerable, or to protect other persons from needless vulnerability. The principal may also notify other district employees, substitutes, and volunteers who are in direct contact with the student if the principal determines that these individuals need the information to work with the student in an appropriate manner, to avoid being needlessly vulnerable, or to protect other persons from needless vulnerability. Such notices from the principal must identify the student and describe the alleged offense if this information is provided in the peace officer's notice. Peace officer's record information received is private educational data received for the limited purpose of serving the educational needs of the student and protecting students and staff. The information must not be further disseminated by the counselor, teacher administrator, staff member, substitute, or volunteer except to communicate with the student or the student's parent or guardian as necessary to serve the student, to protect students and staff, or as otherwise required by law.

The principal must delete the peace officer's record from the student's education record, destroy the data, and make reasonable efforts to notify any

teacher, counselor, staff member, administrator, substitute, or volunteer who received information from the peace officer's record if the county attorney determines not to proceed with a petition or directs the student into a diversion or mediation program or if a juvenile court makes a decision on a petition and the county attorney or juvenile court notifies the superintendent of such action;

21. To the Secretary of Agriculture, or authorized representative from the Food and Nutrition Service or contractors acting on behalf of the Food and Nutrition Service, for the purposes of conducting program monitoring, evaluations, and performance measurements of state and local educational and other agencies and institutions receiving funding or providing benefits of one or more programs authorized under the National School Lunch Act or the Child Nutrition Act of 1966 for which the results will be reported in an aggregate form that does not identify any individual, on the conditions that: (a) any data collected shall be protected in a manner that will not permit the personal identification of students and their parents by other than the authorized representatives of the Secretary; and (b) any personally identifiable data shall be destroyed when the data are no longer needed for program monitoring, evaluations, and performance measurements; or
22. To an agency caseworker or other representative of a State or local child welfare agency, or tribal organization (as defined in 25 United States Code section 5304), who has the right to access a student's case plan, as defined and determined by the State or tribal organization, when such agency or organization is legally responsible, in accordance with State or tribal law, for the care and protection of the student, provided that the education records, or the personally identifiable information contained in such records, of the student will not be disclosed by such agency or organization, except to an individual or entity engaged in addressing the student's education needs and authorized by such agency or organization to receive such disclosure and such disclosure is consistent with the State or tribal laws applicable to protecting the confidentiality of a student's education records.

C. Nonpublic School Students

The school district may disclose personally identifiable information from the education records of a nonpublic school student, other than a student who receives shared time educational services, without the written consent of the parent of the student or the eligible student unless otherwise provided herein, if the disclosure is:

1. Pursuant to a valid court order;
2. Pursuant to a statute specifically authorizing access to the private data; or
3. To appropriate health authorities to the extent necessary to administer immunization programs and for bona fide epidemiological investigations which the commissioner of health determines are necessary to prevent disease or disability to individuals in the public educational agency or institution in which the investigation is being conducted.

VII. RELEASE OF DIRECTORY INFORMATION

A. Classification

Directory information is public except as provided herein.

515 - 13 of 28

B. Former Students

Unless a former student validly opted out of the release of directory information while the student was in attendance and has not rescinded the opt out request at any time, the school district may disclose directory information from the education records generated by it regarding the former student without meeting the requirements of Paragraph C. of this section. In addition, under an explicit exclusion from the definition of an "education record," the school district may release records that only contain information about an individual obtained after he or she is no longer a student at the school district and that are not directly related to the individual's attendance as a student (e.g., a student's activities as an alumnus of the school district).

C. Present Students and Parents

The school district may disclose directory information from the education records of a student and information regarding parents without prior written consent of the parent of the student or eligible student, except as provided herein. Prior to such disclosure the school district shall:

1. Annually give public notice by any means that are reasonably likely to inform the parents and eligible students of:
 - a. the types of personally identifiable information regarding students and/or parents that the school district has designated as directory information;
 - b. the parent's or eligible student's right to refuse to let the school district designate any or all of those types of information about the student and/or the parent as directory information; and
 - c. the period of time in which a parent or eligible student has to notify the school district in writing that he or she does not want any or all of those types of information about the student and/or the parent designated as directory information.
2. Allow a reasonable period of time after such notice has been given for a parent or eligible student to inform the school district in writing that any or all of the information so designated should not be disclosed without the parent's or eligible student's prior written consent, except as provided in Section VI. of this policy.
3. A parent or eligible student may not opt out of the directory information disclosures to:
 - a. prevent the school district from disclosing or requiring the student to disclose the student's name, ID, or school district e-mail address in a class in which the student is enrolled; or
 - b. prevent the school district from requiring a student to wear, to display publicly, or to disclose a student ID card or badge that exhibits information that may be designated as directory information and that has been properly designated by the school district as directory information.

4. The school district shall not disclose or confirm directory information without meeting the written consent requirements contained in Section VI.A. of this policy if a student's social security number or other non-directory information is used alone or in combination with other data elements to identify or help identify the student or the student's records.

D. Procedure for Obtaining Nondisclosure of Directory Information

The parent's or eligible student's written notice shall be directed to the responsible authority and shall include the following:

1. Name of the student and/or parent, as appropriate;
2. Home address;
3. School presently attended by student;
4. Parent's legal relationship to student, if applicable; and
5. Specific categories of directory information to be made not public without the parent's or eligible student's prior written consent, which shall only be applicable for that school year.

E. Duration

The designation of any information as directory information about a student or parents will remain in effect for the remainder of the school year unless the parent or eligible student provides the written notifications provided herein.

VIII. DISCLOSURE OF PRIVATE RECORDS

A. Private Records

For the purposes herein, education records are records which are classified as private data on individuals by state law and which are accessible only to the student who is the subject of the data and the student's parent if the student is not an eligible student. The school district may not disclose private records or their contents except as summary data, or except as provided in Section VI. of this policy, without the prior written consent of the parent or the eligible student. The school district will use reasonable methods to identify and authenticate the identity of parents, students, school officials, and any other party to whom personally identifiable information from education records is disclosed.

B. Private Records Not Accessible to Parent

In certain cases, state law intends, and clearly provides, that certain information contained in the education records of the school district pertaining to a student be accessible to the student alone, and to the parent only under special circumstances, if at all.

1. The responsible authority may deny access to private data by a parent when a minor student who is the subject of that data requests that the responsible authority deny such access. The minor student's request must be submitted in writing setting forth the reasons for denying access to the parent and must be

signed by the minor. Upon receipt of such request the responsible authority shall determine if honoring the request to deny the parent access would be in the best interest of the minor data subject. In making this determination the responsible authority shall consider the following factors:

- a. whether the minor is of sufficient age and maturity to be able to explain the reasons for and understand the consequences of the request to deny access;
- b. whether the personal situation of the minor is such that denying parental access may protect the minor data subject from physical or emotional harm;
- c. whether there are grounds for believing that the minor data subject's reasons for precluding parental access are reasonably accurate;
- d. whether the data in question is of such a nature that disclosure of it to the parent may lead to physical or emotional harm to the minor data subject; and
- e. whether the data concerns medical, dental or other health services provided pursuant to Minnesota Statutes sections 144.341-144.347, in which case the data may be released only if the failure to inform the parent would seriously jeopardize the health of the minor.

C. Private Records Not Accessible to Student

Students shall not be entitled to access to private data concerning financial records and statements of the student's parent or any information contained therein.

D. Military-Connected Youth Identifier

When a school district updates its enrollment forms in the ordinary course of business, the school district must include a box on the enrollment form to allow students to self-identify as a military-connected youth. For purposes of this section, a "military-connected youth" means having an immediate family member, including a parent or sibling, who is currently in the armed forces either as a reservist or on active duty or has recently retired from the armed forces. Data collected under this provision is private data on individuals, but summary data may be published by the Department of Education.

IX. DISCLOSURE OF CONFIDENTIAL RECORDS

A. Confidential Records

Confidential records are those records and data contained therein which are made not public by state or federal law, and which are inaccessible to the student and the student's parents or to an eligible student.

B. Reports Under the Maltreatment of Minors Reporting Act

Pursuant to Minnesota Statutes Chapter 260E , written copies of reports pertaining to a neglected and/or physically and/or sexually abused child shall be accessible only to the appropriate welfare and law enforcement agencies. In respect to other parties,

such data shall be confidential and will not be made available to the parent or the subject individual by the school district. The subject individual, however, may obtain a copy of the report from either the local welfare agency, county sheriff, or the local police department subject to the provisions of Minnesota Statutes Chapter 260E.

Regardless of whether a written report is made under Minnesota Statutes Chapter 260E, as soon as practicable after a school receives information regarding an incident that may constitute maltreatment of a child in a school facility, the school shall inform the parent, legal guardian, or custodian of the child that an incident occurred that may constitute maltreatment of the child, when the incident occurred, and the nature of the conduct that may constitute maltreatment.

C. Investigative Data

Data collected by the school district as part of an active investigation undertaken for the purpose of the commencement or defense of pending civil legal action, or are retained in anticipation of a pending civil legal action are classified as protected nonpublic data in the case of data not on individuals, and confidential data in the case of data on individuals.

1. The school district may make any data classified as protected non-public or confidential pursuant to this subdivision accessible to any person, agency, or the public if the school district determines that such access will aid the law enforcement process, promote public health or safety, or dispel widespread rumor or unrest.
2. A complainant has access to a statement he or she provided to the school district.
3. Parents or eligible students may have access to investigative data of which the student is the subject, but only to the extent the data is not inextricably intertwined with data about other school district students, school district employees, and/or attorney data as defined in Minnesota Statutes section 13.393.
4. Once a civil investigation becomes inactive, civil investigative data becomes public unless the release of the data would jeopardize another pending civil legal action, except for those portions of such data that are classified as not public data under state or federal law. Any civil investigative data presented as evidence in court or made part of a court record shall be public. For purposes of this provision, a civil investigation becomes inactive upon the occurrence of any of the following events:
 - a. a decision by the school district, or by the chief attorney for the school district, not to pursue the civil legal action. However, such investigation may subsequently become active if the school district or its attorney decides to renew the civil legal action;
 - b. the expiration of the time to file a complaint under the statute of limitations or agreement applicable to the civil legal action; or
 - c. the exhaustion or expiration of rights of appeal by either party to the civil legal action.
5. A "pending civil legal action" for purposes of this subdivision is defined as including, but not limited to, judicial, administrative, or arbitration

proceedings.

D. Chemical Abuse Records

To the extent the school district maintains records of the identity, diagnosis, prognosis, or treatment of any student which are maintained in connection with the performance of any drug abuse prevention function conducted, regulated, or directly or indirectly assisted by any department or agency of the United States, such records are classified as confidential and shall be disclosed only for the purposes and under the circumstances expressly authorized by law.

X. DISCLOSURE OF SCHOOL RECORDS PRIOR TO EXCLUSION OR EXPULSION HEARING

At a reasonable time prior to any exclusion or expulsion hearing, the student and the student's parent or guardian or representative shall be given access to all school district records pertaining to the student, including any tests or reports upon which the action proposed by the school district may be based, pursuant to the Minnesota Pupil Fair Dismissal Act, Minnesota Statutes section 121A.40, *et seq.*

XI. DISCLOSURE OF DATA TO MILITARY RECRUITING OFFICERS AND POST-SECONDARY EDUCATIONAL INSTITUTIONS

A. The school district will release the names, addresses, electronic mail address (which shall be the electronic mail addresses provided by the school district, if available, that may be released to military recruiting officers only), and home telephone numbers of students in grades 11 and 12 to military recruiting officers and post-secondary educational institutions within sixty (60) days after the date of the request unless a parent or eligible student has refused in writing to release this data pursuant to Paragraph C. below.

B. Data released to military recruiting officers under this provision:

1. may be used only for the purpose of providing information to students about military service, state and federal veterans' education benefits, and other career and educational opportunities provided by the military;
2. cannot be further disseminated to any other person except personnel of the recruiting services of the armed forces; and
3. copying fees shall not be imposed.

C. A parent or eligible student has the right to refuse the release of the name, address, electronic mail addresses (which shall be the electronic mail addresses provided by the school, if available, that may be released to military recruiting officers only) or home telephone number to military recruiting officers and post-secondary educational institutions. To refuse the release of the above information to military recruiting officers and post-secondary educational institutions, a parent or eligible student must notify the responsible authority Executive Director of Business Services and Finance in writing by Oct. 1st each year. The written request must include the following information:

1. Name of student and parent, as appropriate;
2. Home address;

3. Student's grade level;
 4. School presently attended by student;
 5. Parent's legal relationship to student, if applicable;
 6. Specific category or categories of information which are not to be released to military recruiting officers and post-secondary educational institutions; and
 7. Specific category or categories of information which are not to be released to the public, including military recruiting officers and post-secondary educational institutions.
- D. Annually, the school district will provide public notice by any means that are reasonably likely to inform the parents and eligible students of their rights to refuse to release the names, addresses, and home phone numbers of students in grades 11 and 12 without prior consent.
- E. A parent or eligible student's refusal to release the above information to military recruiting officers and post-secondary educational institutions does not affect the school district's release of directory information to the rest of the public, which includes military recruiting officers and post-secondary educational institutions. In order to make any directory information about a student private, the procedures contained in Section VII. of this policy also must be followed. Accordingly, to the extent the school district has designated the name, address, home phone number, and grade level of students as directory information, absent a request from a parent or eligible student not to release such data, this information will be public data and accessible to members of the public, including military recruiting officers and post-secondary educational institutions.

XII. LIMITS ON REDISCLOSURE

A. Redisclosure

Consistent with the requirements herein, the school district may only disclose personally identifiable information from the education records of a student on the condition that the party to whom the information is to be disclosed will not disclose the information to any other party without the prior written consent of the parent of the student or the eligible student, except that the officers, employees, and agents of any party receiving personally identifiable information under this section may use the information, but only for the purposes for which the disclosure was made.

B. Redisclosure Not Prohibited

1. Subdivision A. of this section does not prevent the school district from disclosing personally identifiable information under Section VI. of this policy with the understanding that the party receiving the information may make further disclosures of the information on behalf of the school district provided:
 - a. The disclosures meet the requirements of Section VI. of this policy; and
 - b. The school district has complied with the record-keeping requirements of Section XIII. of this policy.

2. Subdivision A. of this section does not apply to disclosures made pursuant to court orders or lawfully issued subpoenas or litigation, to disclosures of directory information, to disclosures to a parent or student or to parents of dependent students, or to disclosures concerning sex offenders and other individuals required to register under 42 United States Code section 14071. However, the school district must provide the notification required in Section XII.D. of this policy if a redisclosure is made based upon a court order or lawfully issued subpoena.

C. Classification of Disclosed Data

The information disclosed shall retain the same classification in the hands of the party receiving it as it had in the hands of the school district.

D. Notification

The school district shall inform the party to whom a disclosure is made of the requirements set forth in this section, except for disclosures made pursuant to court orders or lawfully issued subpoenas, disclosure of directory information under Section VII. of this policy, disclosures to a parent or student, or disclosures to parents of a dependent student. In the event that the Family Policy Compliance Office determines that a state or local educational authority, a federal agency headed by an official listed in 34 Code of Federal Regulations section 99.31(a)(3), or an authorized representative of a state or local educational authority or a federal agency headed by an official listed in section 99.31(a)(3), or a third party outside of the school district improperly rediscloses personally identifiable information from education records or fails to provide notification required under this section of this policy, the school district may not allow that third party access to personally identifiable information from education records for at least five (5) years.

XIII. RESPONSIBLE AUTHORITY; RECORD SECURITY; AND RECORD KEEPING

A. Responsible Authority

The responsible authority shall be responsible for the maintenance and security of student records.

B. Record Security

The principal of each school subject to the supervision and control of the responsible authority shall be the records manager of the school, and shall have the duty of maintaining and securing the privacy and/or confidentiality of student records.

C. Plan for Securing Student Records

The building principal shall submit to the responsible authority a written plan for securing students records by September 1 of each school year. The written plan shall contain the following information:

1. A description of records maintained;
2. Titles and addresses of person(s) responsible for the security of student records;
3. Location of student records, by category, in the buildings;

4. Means of securing student records; and
5. Procedures for access and disclosure.

D. Review of Written Plan for Securing Student Records

The responsible authority shall review the plans submitted pursuant to Paragraph C. of this section for compliance with the law, this policy, and the various administrative policies of the school district. The responsible authority shall then promulgate a chart incorporating the provisions of Paragraph C. which shall be attached to and become a part of this policy.

E. Record Keeping

1. The principal shall, for each request for and each disclosure of personally identifiable information from the education records of a student, maintain a record, with the education records of the student, that indicates:
 - a. the parties who have requested or received personally identifiable information from the education records of the student;
 - b. the legitimate interests these parties had in requesting or obtaining the information; and
 - c. the names of the state and local educational authorities and federal officials and agencies listed in Section VI.B.4. of this policy that may make further disclosures of personally identifiable information from the student's education records without consent.
2. In the event the school district discloses personally identifiable information from an education record of a student pursuant to Section XII.B. of this policy, the record of disclosure required under this section shall also include:
 - a. the names of the additional parties to which the receiving party may disclose the information on behalf of the school district;
 - b. the legitimate interests under Section VI. of this policy which each of the additional parties has in requesting or obtaining the information; and
 - c. a copy of the record of further disclosures maintained by a state or local educational authority or federal official or agency listed in Section VI.B.4. of this policy in accordance with 34 Code of Federal Regulations section 99.32 and to whom the school district disclosed information from an education record. The school district shall request a copy of the record of further disclosures from a state or local educational authority or federal official or agency to whom education records were disclosed upon a request from a parent or eligible student to review the record of requests for disclosure.
3. Section XIII.E.1. does not apply to requests by or disclosure to a parent of a student or an eligible student, disclosures pursuant to the written consent of a parent of a student or an eligible student, requests by or disclosures to other school officials under Section VI.B.1. of this policy, to requests for disclosures

of directory information under Section VII. of this policy, or to a party seeking or receiving the records as directed by a federal grand jury or other law enforcement subpoena and the issuing court or agency has ordered that the existence or the contents of the subpoena or the information provided in response to the subpoena not be disclosed or as directed by an ex parte court order obtained by the United States Attorney General (or designee not lower than an Assistant Attorney General) concerning investigations or prosecutions of an offense listed in 18 United States Code section 2332b(g)(5)(B) or an act of domestic or international terrorism.

4. The record of requests of disclosures may be inspected by:
 - a. the parent of the student or the eligible student;
 - b. the school official or his or her assistants who are responsible for the custody of the records; and
 - c. the parties authorized by law to audit the record-keeping procedures of the school district.
5. The school district shall record the following information when it discloses personally identifiable information from education records under the health or safety emergency exception:
 - a. the articulable and significant threat to the health or safety of a student or other individual that formed the basis for the disclosure; and
 - b. the parties to whom the school district disclosed the information.
6. The record of requests and disclosures shall be maintained with the education records of the student as long as the school district maintains the student's education records.

XIV. RIGHT TO INSPECT AND REVIEW EDUCATION RECORDS

A. Parent of a Student, an Eligible Student or the Parent of an Eligible Student Who is Also a Dependent Student

The school district shall permit the parent of a student, an eligible student, or the parent of an eligible student who is also a dependent student who is or has been in attendance in the school district to inspect or review the education records of the student, except those records which are made confidential by state or federal law or as otherwise provided in Section VIII. of this policy.

B. Response to Request for Access

The school district shall respond to any request pursuant to Subdivision A. of this section immediately, if possible, or within ten (10) days of the date of the request, excluding Saturdays, Sundays, and legal holidays.

C. Right to Inspect and Review

The right to inspect and review education records under Subdivision A. of this section includes:

1. The right to a response from the school district to reasonable requests for explanations and interpretations of records; and
2. If circumstances effectively prevent the parent or eligible student from exercising the right to inspect and review the education records, the school district shall provide the parent or eligible student with a copy of the records requested or make other arrangements for the parent or eligible student to inspect and review the requested records.
3. Nothing in this policy shall be construed as limiting the frequency of inspection of the education records of a student with a disability by the student's parent or guardian or by the student upon the student reaching the age of majority.

D. Form of Request

Parents or eligible students shall submit to the school district a written request to inspect education records which identify as precisely as possible the record or records he or she wishes to inspect.

E. Collection of Student Records

If a student's education records are maintained in more than one location, the responsible authority may collect copies of the records or the records themselves from the various locations so they may be inspected at one site. However, if the parent or eligible student wishes to inspect these records where they are maintained, the school district shall attempt to accommodate those wishes. The parent or eligible student shall be notified of the time and place where the records may be inspected.

F. Records Containing Information on More Than One Student

If the education records of a student contain information on more than one student, the parent or eligible student may inspect and review or be informed of only the specific information which pertains to that student.

G. Authority to Inspect or Review

The school district may presume that either parent of the student has authority to inspect or review the education records of a student unless the school district has been provided with evidence that there is a legally binding instrument or a state law or court order governing such matters as marriage dissolution, separation, or custody which provides to the contrary.

H. Fees for Copies of Records

1. The school district shall charge a reasonable fee for providing photocopies or printed copies of records unless printing a copy is the only method to provide for the inspection of data. In determining the amount of the reasonable fee, the school district shall consider the following:
 - a. the cost of materials, including paper, used to provide the copies;
 - b. the cost of the labor required to prepare the copies;
 - c. any schedule of standard copying charges established by the school

district in its normal course of operations;

- d. any special costs necessary to produce such copies from machine-based record-keeping systems, including but not limited to computers and microfilm systems; and
 - e. mailing costs.
2. If 100 or fewer pages of black and white, letter or legal size paper copies are requested, actual costs shall not be used, and, instead, the charge shall be no more than 25 cents for each page copied.
 3. The cost of providing copies shall be borne by the parent or eligible student.
 4. The responsible authority, however, may not impose a fee for a copy of an education record made for a parent or eligible student if doing so would effectively prevent or, in the case of a student with a disability, impair the parent or eligible student from exercising their right to inspect or review the student's education records.

XV. REQUEST TO AMEND RECORDS; PROCEDURES TO CHALLENGE DATA

A. Request to Amend Education Records

The parent of a student or an eligible student who believes that information contained in the education records of the student is inaccurate, misleading, or violates the privacy rights of the student may request that the school district amend those records.

1. The request shall be in writing, shall identify the item the requestor believes to be inaccurate, misleading, or in violation of the privacy or other rights of the student, shall state the reason for this belief, and shall specify the correction the requestor wishes the school district to make. The request shall be signed and dated by the requestor.
2. The school district shall decide whether to amend the education records of the student in accordance with the request within thirty (30) days after receiving the request.
3. If the school district decides to refuse to amend the education records of the student in accordance with the request, it shall inform the parent of the student or the eligible student of the refusal and advise the parent or eligible student of the right to a hearing under Subdivision B. of this section.

B. Right to a Hearing

If the school district refuses to amend the education records of a student, the school district, on request, shall provide an opportunity for a hearing in order to challenge the content of the student's education records to ensure that information in the education records of the student is not inaccurate, misleading, or otherwise in violation of the privacy or other rights of the student. A hearing shall be conducted in accordance with Subdivision C. of this section.

1. If, as a result of the hearing, the school district decides that the information is inaccurate, misleading, or otherwise in violation of the privacy or other rights of the student, it shall amend the education records of the student accordingly

and so inform the parent of the student or the eligible student in writing.

2. If, as a result of the hearing, the school district decides that the information is not inaccurate, misleading, or otherwise in violation of the privacy or other rights of the student, it shall inform the parent or eligible student of the right to place a statement in the record commenting on the contested information in the record or stating why he or she disagrees with the decision of the school district, or both.
3. Any statement placed in the education records of the student under Subdivision B. of this section shall:
 - a. be maintained by the school district as part of the education records of the student so long as the record or contested portion thereof is maintained by the school district; and
 - b. if the education records of the student or the contested portion thereof is disclosed by the school district to any party, the explanation shall also be disclosed to that party.

C. Conduct of Hearing

1. The hearing shall be held within a reasonable period of time after the school district has received the request, and the parent of the student or the eligible student shall be given notice of the date, place, and time reasonably in advance of the hearing.
2. The hearing may be conducted by any individual, including an official of the school district who does not have a direct interest in the outcome of the hearing. The school board attorney shall be in attendance to present the school board's position and advise the designated hearing officer on legal and evidentiary matters.
3. The parent of the student or eligible student shall be afforded a full and fair opportunity for hearing to present evidence relative to the issues raised under Subdivisions A. and B. of this section and may be assisted or represented by individuals of his or her choice at his or her own expense, including an attorney.
4. The school district shall make a decision in writing within a reasonable period of time after the conclusion of the hearing. The decision shall be based solely on evidence presented at the hearing and shall include a summary of evidence and reasons for the decision.

D. Appeal

The final decision of the designated hearing officer may be appealed in accordance with the applicable provisions of Minnesota Statutes chapter 14 relating to contested cases.

XVI. PROBLEMS ACCESSING DATA

- A. The data practices compliance official is the designated employee to whom persons may direct questions or concerns regarding problems in obtaining access to data or

APPENDIX D

520 STUDENT SURVEYS

I. PURPOSE

Occasionally, the school district utilizes surveys to obtain student opinions and information about students. The purpose of this policy is to establish the parameters of information that may be sought in student surveys.

II. GENERAL STATEMENT OF POLICY

Student surveys may be conducted as determined necessary by the school district. Surveys, analyses, and evaluations conducted as part of any program funded through the U.S. Department of Education must comply with 20 U.S.C. § 1232h.

III. STUDENT SURVEYS IN GENERAL

- A. Student surveys will be conducted anonymously and in an indiscernible fashion. No mechanism will be used for identifying the participating student in any way. No attempt will be made in any way to identify a student survey participant. No requirement that the student return the survey shall exist, and no record of the student's returning a survey will be maintained.
- B. The superintendent may choose not to approve any survey that seeks probing personal and/or sensitive information that could result in identifying the survey participant, or is discriminatory in nature based on age, race, color, sex, disability, religion, or national origin.
- C. Surveys containing questions pertaining to the student's or the student's parent(s) or guardian(s) personal beliefs or practices in sex, family life, morality, and religion will not be administered to any student unless the parent or guardian of the student is notified in writing that such survey is to be administered and the parent or guardian of the student gives written permission for the student to participate or has the opportunity to opt out of the survey depending upon how the survey is funded. Any and all documents containing the written permission of a parent/guardian for a student to participate in a survey will be maintained by the school district in a file separate from the survey responses.
- D. Although the survey is conducted anonymously, potential exists for personally identifiable information to be provided in response thereto. To the extent that personally identifiable information of a student is contained in his or her responses to a survey, the school district will take appropriate steps to ensure the data is protected in accordance with Minn. Stat. Ch. 13 (Minnesota Government Data Practices Act), 20 U.S.C. § 1232g (Family Educational Rights and Privacy Act) and 34 C.F.R. Part 99.
- E. The school district must not impose an academic or other penalty on a student who opts out of participating in a student survey.

IV. STUDENT SURVEYS CONDUCTED AS PART OF DEPARTMENT OF EDUCATION PROGRAM

- A. All instructional materials, including teacher's manuals, films, tapes, or other supplementary material which will be used in connection with any survey, analysis, or evaluation as part of any program funded in whole or in part by the U.S. Department of Education, shall be available for inspection by the parents or guardians of the students.
- B. No student shall be required, as part of any program funded in whole or in part by the U.S. Department of Education, without the prior consent of the student (if the student is an adult or emancipated minor), or, in the case of an unemancipated minor, without the prior written consent of the parent/guardian, to submit to a survey that reveals information concerning:
 - 1. political affiliations or beliefs of the student or the student's parent/guardian;
 - 2. mental and psychological problems of the student or the student's family;
 - 3. sex behavior or attitudes;
 - 4. illegal, antisocial, self-incriminating, or demeaning behavior;
 - 5. critical appraisals of other individuals with whom respondents have close family relationships;
 - 6. legally recognized privileged or analogous relationships, such as those of lawyers, physicians, and ministers;
 - 7. religious practices, affiliations, or beliefs of the student or the student's parent/guardian; or
 - 8. income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such program).
- C. A school district that receives funds under any program funded by the U.S. Department of Education shall develop local policies consistent with Sections IV.A. and IV.B., above, concerning student privacy, parental access to information, and administration of certain physical examinations to minors.
 - 1. The following policies are to be adopted in consultation with parents/guardians:
 - a. The right of a parent/guardian to inspect, on request, a survey, including an evaluation, created by a third party before the survey is administered or distributed by a school to a student, including procedures for granting a parent/guardian's request for reasonable access to such survey within a reasonable period of time after the request is received.

"Parent/guardian" means a legal guardian or other person acting *in loco parentis* (in place of a parent), such as a grandparent or stepparent with whom the child lives, or a person who is legally responsible for the welfare of the child.
 - b. Arrangements to protect student privacy in the event of the administration or distribution of a survey, including an evaluation, to a student which contains one or more of the items listed in Section IV.B., above, including the right of a parent/guardian of a student to inspect, on request, any such survey.
 - c. The right of a parent/guardian of a student to inspect, on request, any instructional material used as part of the educational curriculum for the student and procedures for granting a request by a parent/guardian for such access within a reasonable period of time after the request is received.

"Instructional material" means instructional content that is provided to a student, regardless of format, including printed or representational materials, audio-visual materials, and materials in electronic or digital formats (i.e., materials accessible through the Internet). The term does not include academic tests or academic assessments.
 - d. The administration of physical examinations or screenings that the school district may administer to a student. This provision does not apply to a survey administered to a student in accordance with the Individuals with Disabilities Education Act (20 U.S.C. § 1400, *et seq.*).

- e. The collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information (or otherwise providing the information to others for that purpose), including arrangements to protect student privacy that are provided by the school district in the event of such collection, disclosure, or use.
 - (1) "Personal information" means individually identifiable information including a student or parent/guardian's first and last name; a home or other physical address (including street name and the name of the city or town); a telephone number; or a Social Security identification number.
 - (2) This provision does not apply to the collection, disclosure, or use of personal information collected from students for the exclusive purpose of developing, evaluating, or providing educational products or services for, or to, students or educational institutions, such as:
 - (a) college or other post-secondary education recruitment or military;
 - (b) book clubs, magazines, and programs providing access to low cost literary products;
 - (c) curriculum and instructional materials used by elementary and secondary schools;
 - (d) tests and assessments used by elementary schools and secondary schools to provide cognitive, evaluative, diagnostic, clinical, aptitude, or achievement information about students, or to generate other statistically useful data for the purpose of securing such tests and assessments and the subsequent analysis and public release of the aggregate data from such tests and assessments;
 - (e) the sale by students of products or services to raise funds for school-related or education-related activities; and
 - (f) student recognition programs.
 - (3) The right of a parent/guardian to inspect, on request, any instrument used in the collection of information, as described in Section IV.C.1., Subparagraph e., above, before the instrument is administered or distributed to a student and procedures for granting a request by a parent/guardian for reasonable access to such an instrument within a reasonable period of time after the request is received.
2. The policies adopted under Section IV.C., Subparagraph 1., above, shall provide for reasonable notice of the adoption or continued use of such policies directly to parents/guardians of students enrolled in or served by the school district.
- a. The notice will be provided at least annually, at the beginning of the school year, and within a reasonable period of time after any substantive change in a policy.
 - b. The notice will provide parents/guardians with an opportunity to opt out of participation in the following activities:
 - (1) Activities involving the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information, or otherwise providing that information to others for that purpose.
 - (2) The administration of any third-party survey (non-Department of Education funded) containing one or more of the items contained in Section IV.B., above.
 - (3) Any nonemergency, invasive physical examination or screening that is required as a condition of attendance, administered by the school and scheduled by the school in advance, and not necessary to protect the immediate health and safety of the student or other students. "Invasive physical examination" means any medical examination that involves the exposure of private body parts, or act during such examination that includes incision, insertion, or injection into the body, but does not include a hearing, vision, or scoliosis screening.
 - c. The notice will advise students of the specific or approximate dates during the school year when the activities in Section IV.C.2., Subparagraph b., above, are scheduled, or expected to be scheduled.
 - d. The notice provisions shall not be construed to preempt applicable provisions of state law that require parental/guardian notification and do not apply to any physical examination or screening that is permitted or required by applicable state law, including physical examinations or screenings that are permitted without parental/guardian notification.

506 STUDENT DISCIPLINE

I. PURPOSE

The purpose of this policy is to ensure that students are aware of and comply with the school district's expectations for student conduct. Such compliance will enhance the school district's ability to maintain discipline and ensure that there is no interference with the educational process. The school district will take appropriate disciplinary action when students fail to adhere to the Code of Student Conduct established by this policy.

II. GENERAL STATEMENT OF POLICY

The school board recognizes that individual responsibility and mutual respect are essential components of the educational process. The school board further recognizes that nurturing the maturity of each student is of primary importance and is closely linked with the balance that must be maintained between authority and self-discipline as the individual progresses from a child's dependence on authority to the more mature behavior of self-control.

All students are entitled to learn and develop in a setting which promotes respect of self, others, and property. Proper positive discipline can only result from an environment which provides options and stresses student self-direction, decision-making, and responsibility. Schools can function effectively only with internal discipline based on mutual understanding of rights and responsibilities.

Students must conduct themselves in an appropriate manner that maintains a climate in which learning can take place. Overall decorum affects student attitudes and influences student behavior. Proper student conduct is necessary to facilitate the education process and to create an atmosphere conducive to high student achievement.

Although this policy emphasizes the development of self-discipline, it is recognized that there are instances when it will be necessary to administer disciplinary measures. The position of the school district is that a fair and equitable district-wide student discipline policy will contribute to the quality of the student's educational experience. This discipline policy is adopted in accordance with and subject to the Minnesota Pupil Fair Dismissal Act, Minnesota Statutes, sections 121A.40-121A.56.

In view of the foregoing and in accordance with Minnesota Statutes, section 121A.55, the school board, with the participation of school district administrators, teachers, employees, students, parents, community members, and such other individuals and organizations as appropriate, has developed this policy which governs student conduct and applies to all students of the school district.

III. DEFINITIONS

- A. "Nonexclusionary disciplinary policies and practices" means policies and practices that are alternatives to dismissing a pupil from school, including but not limited to evidence-based positive behavior interventions and supports, social and emotional services, school-linked mental health services, counseling services, social work services, academic screening for Title 1 services or reading interventions, and alternative education services. Nonexclusionary disciplinary policies and practices include but are not limited to the policies and practices under sections 120B.12; 121A.575, clauses (1) and (2); 121A.031, subdivision 4, paragraph (a), clause (1); 121A.61, subdivision 3, paragraph (r); and 122A.627, clause (3).

 - 1. for a pupil who remains enrolled in the school district or is awaiting enrollment in a new district, the school district's continuing responsibility includes reviewing the pupil's schoolwork and grades on a quarterly basis to ensure the pupil is on track for readmission with the pupil's peers. The school district must communicate on a regular basis with the pupil's parent or guardian to ensure that the pupil is completing the work assigned through the alternative educational services as defined in Minnesota Statutes, section 121A.41, subdivision 11. These services are required until the pupil enrolls in another school or returns to the same school;
 - 2. a pupil receiving school-based or school-linked mental health services in the school district under Minnesota Statutes, section 245.4889 continues to be eligible for those services until the pupil is enrolled in a new district; and

IX. RECESS AND OTHER BREAKS

- A. "Recess detention" means excluding or excessively delaying a student from participating in a scheduled recess period as a consequence for student behavior. Recess detention does not include, among other things, providing alternative recess at the student's choice.

- B. The school district is encouraged to ensure student access to structured breaks from the demands of school and to support teachers, principals, and other school staff in their efforts to use evidence-based approaches to reduce exclusionary forms of discipline.
- C. The school district must not use recess detention unless:
 - 1. a student causes or is likely to cause serious physical harm to other students or staff;
 - 2. the student's parent or guardian specifically consents to the use of recess detention; or
 - 3. for students receiving special education services, the student's individualized education program team has determined that withholding recess is appropriate based on the individualized needs of the student.
- D. The school district must not withhold recess from a student based on incomplete schoolwork.
- E. The school district must require school staff to make a reasonable attempt to notify a parent or guardian within 24 hours of using recess detention.

This information must be available to the public upon request. The school district is encouraged to use the data in professional development promoting the use of nonexclusionary discipline.

X. DISCIPLINARY ACTION OPTIONS

The general policy of the school district is to utilize progressive discipline to the extent reasonable and appropriate based upon the specific facts and circumstances of student misconduct. The specific form of discipline chosen in a particular case is solely within the discretion of the school district. At a minimum, violation of school district code of conduct, rules, regulations, policies, or procedures will result in discussion of the violation and a verbal warning. The school district shall, however, impose more severe disciplinary sanctions for any violation, including exclusion or expulsion, if warranted by the student's misconduct, as determined by the school district. Disciplinary action may include, but is not limited to, one or more of the following:

- A. Student conference with teacher, principal, counselor, or other school district personnel, and verbal warning;

Teachers have the responsibility of attempting to modify disruptive student behavior by such means as conferring with the student, using positive reinforcement, assigning detention or other consequences, or contacting the student’s parents. When such measures fail, or when the teacher determines it is otherwise appropriate based upon the student’s conduct, the teacher shall have the authority to remove the student from class pursuant to the procedures established by this discipline policy. “Removal from class” and “removal” mean any actions taken by a teacher, principal, or other school district employee to prohibit a student from attending a class or activity period for a period of time not to exceed five (5) days, pursuant to this discipline policy.

Grounds for removal from class shall include any of the following:

- 1. Willful conduct that significantly disrupts the rights of others to an education, including conduct that interferes with a teacher’s ability to teach or communicate effectively with students in a class or with the ability of other students to learn;

Such removal shall be for at least one (1) activity period or class period of instruction for a given course of study and shall not exceed five (5) such periods.

A student must be removed from class immediately if the student engages in assault or violent behavior. "Assault" is an act done with intent to cause fear in another of immediate bodily harm or death; or the intentional infliction of, or attempt to inflict, bodily harm upon another.

- B. If a student is removed from class more than ten (10) times in a school year, the school district shall notify the parent or guardian of the student's tenth removal from class and make reasonable attempts to convene a meeting with the student's parent or guardian to discuss the problem that is causing the student to be removed from class.
- C. Procedures for Removal of a Student From a Class.

 2. Behaviors under the major category in the student handbook are documented in the Student Information System.

 - 2. An IEP team will consider whether there is a need for a review of the adequacy of the current Individualized Education Program (IEP) of a student with a disability who is removed from class or disciplined; and
 - 3. Any determined appropriate services for referring students in need of additional or alternate special education services.
- I. Procedures for Detecting and Addressing Chemical Abuse Problems of Students While on School Premises.

XII. DISMISSAL

- A. “Dismissal” means the denial of the current educational program to any student, including exclusion, expulsion, and suspension. Dismissal does not include removal from class.

The school district shall not deny due process or equal protection of the law to any student involved in a dismissal proceeding which may result in suspension, exclusion or expulsion.

The school district shall not dismiss any student without attempting to before dismissal proceedings or pupil withdrawal agreements, except where it appears that the student will create an immediate and substantial danger to self or to surrounding persons or property.

The use of exclusionary practices for early learners as defined in Minnesota Statutes, section 12A.425 is prohibited. The use of exclusionary practices to address attendance and truancy issues is prohibited.

- B. Violations leading to suspension, based upon severity, may also be grounds for actions leading to expulsion, and/or exclusion. A student may be dismissed on any of the

following grounds:

1. Willful violation of any reasonable school board regulation, including those found in this policy;
2. Willful conduct that significantly disrupts the rights of others to an education, or the ability of school personnel to perform their duties, or school sponsored extracurricular activities; or
3. Willful conduct that endangers the student or other students, or surrounding persons, including school district employees, or property of the school.

C. **Disciplinary Dismissals Prohibited**

1. A pupil enrolled in the following is not subject to dismissals under the Pupil Fair Dismissal Act:
 - a. a preschool or prekindergarten program, including an early childhood family education, school readiness, school readiness plus, voluntary prekindergarten, Head Start, or other school-based preschool or prekindergarten program; or
 - b. kindergarten through Grade 3.
2. This section does not apply to a dismissal from school for less than one school day, except as provided under Minnesota Statutes, chapter 125A and federal law for a student receiving special education services.
3. Notwithstanding this section, expulsions and exclusions may be used only after resources outlined under Nonexclusionary discipline have been exhausted, and only in circumstances where there is an ongoing serious safety threat to the child or others.

D. **Suspension Procedures**

1. "Suspension" means an action by the school administration, under rules promulgated by the School Board, prohibiting a student from attending school for a period of no more than ten (10) school days; provided, however, if a suspension is longer than five (5) school days, the suspending administrator shall provide the superintendent with a reason for the longer term of suspension. This definition does not apply to dismissal for one (1) school day or less where a student with a disability does not receive regular or special education instruction during that dismissal period.
2. School administration must allow a suspended pupil the opportunity to complete all school work assigned during the period of the pupil's suspension and to receive full credit for satisfactorily completing the assignments. The school principal or other person having administrative control of the school building or program is encouraged to designate a district or school employee as a liaison to work with the pupil's teachers to allow the suspended pupil to (1) receive timely course materials and other information, and (2) complete daily and weekly assignments and receive teachers' feedback.
3. If a student's total days of removal from school exceed ten (10) cumulative days in a school year, the school district shall make reasonable attempts to convene a meeting with the student and the student's parent or guardian before subsequently removing the student from school and, with the permission of the parent or guardian, arrange for a mental health screening

for the student at the parent or guardian's expense. The purpose of this meeting is to attempt to determine the student's need for assessment or other services or whether the parent or guardian should have the student assessed or diagnosed to determine whether the student needs treatment for a mental health disorder.

4. The definition of suspension under Minnesota Statutes, section 121A.41, subdivision 10, does not apply to a student's dismissal from school for one school day or less, except as provided under federal law for a student with a disability. Each suspension action may include a readmission plan. The plan shall include, where appropriate, a provision for implementing alternative educational services upon readmission which must not be used to extend the current suspension. A readmission plan must not obligate a parent or guardian to provide psychotropic drugs to their student as a condition of readmission. School administration must not use the refusal of a parent or guardian to consent to the administration of psychotropic drugs to their student or to consent to a psychiatric evaluation, screening, or examination of the student as a ground, by itself, to prohibit the student from attending class or participating in a school-related activity, or as a basis of a charge of child abuse, child neglect, or medical or educational neglect. The school administration may not impose consecutive suspensions against the same student for the same course of conduct, or incident of misconduct, except where the student will create an immediate and substantial danger to self or to surrounding persons or property or where the school district is in the process of initiating an expulsion, in which case the school administration may extend the suspension to a total of fifteen (15) days.
5. A child with a disability may be suspended. When a child with a disability has been suspended for more than five (5) consecutive days or ten (10) cumulative school days in the same year, and that suspension does not involve a recommendation for expulsion or exclusion or other change in placement under federal law, relevant members of the child's IEP team, including at least one of the child's teachers, shall meet and determine the extent to which the child needs services in order to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals in the child's IEP. That meeting must occur as soon as possible, but no more than ten (10) days after the sixth (6th) consecutive day of suspension or the tenth (10th) cumulative day of suspension has elapsed.
6. Alternative education services must be provided to a pupil who is suspended for more than five (5) consecutive school days. Alternative educational services may include, but are not limited to, special tutoring, modified curriculum, modified instruction, other modifications or adaptations, instruction through electronic media, special education services as indicated by appropriate assessments, homebound instruction, supervised homework, or enrollment in another district or in an alternative learning center under Minnesota Statutes, section 123A.05 selected to allow the student to progress toward meeting graduation standards under Minnesota Statutes, section 120B.02, although in a different setting.
7. The school administration shall not suspend a student from school without an informal administrative conference with the student. The informal administrative conference shall take place before the suspension, except where it appears that the student will create an immediate and substantial danger to self or to surrounding persons or property, in which case the conference shall take place as soon as practicable following the suspension. At the informal administrative conference, a school administrator shall notify the student of the grounds for the suspension, provide an explanation of the

evidence the authorities have, and the student may present the student's version of the facts. A separate administrative conference is required for each period of suspension.

8. After school administration notifies a student of the grounds for suspension, school administration may, instead of imposing the suspension, do one or more of the following:
 - a. strongly encourage a parent or guardian of the student to attend school with the student for one day;
 - b. assign the student to attend school on Saturday as supervised by the principal or the principal's designee; and
 - c. petition the juvenile court that the student is in need of services under Minnesota Statutes chapter 260C.
9. A written notice containing the grounds for suspension, a brief statement of the facts, a description of the testimony, a readmission plan, and a copy of the Minnesota Pupil Fair Dismissal Act, Minnesota Statutes, sections 121A.40-121A.56, shall be personally served upon the student at or before the time the suspension is to take effect, and upon the student's parent or guardian by mail within forty-eight (48) hours of the conference. (See attached sample Notice of Suspension.)
10. The school administration shall make reasonable efforts to notify the student's parent or guardian of the suspension by telephone as soon as possible following suspension.
11. In the event a student is suspended without an informal administrative conference on the grounds that the student will create an immediate and substantial danger to surrounding persons or property, the written notice shall be served upon the student and the student's parent or guardian within forty-eight (48) hours of the suspension. Service by mail shall be complete upon mailing.
12. Notwithstanding the foregoing provisions, the student may be suspended pending the school board's decision in an expulsion or exclusion proceeding, provided that alternative educational services are implemented to the extent that suspension exceeds five (5) consecutive school days.

E. Expulsion and Exclusion Procedures

1. "Expulsion" means a school board action to prohibit an enrolled student from further attendance for up to twelve (12) months from the date the student is expelled. The authority to expel rests with the school board.
2. "Exclusion" means an action taken by the school board to prevent enrollment or re-enrollment of a student for a period that shall not extend beyond the school year. The authority to exclude rests with the school board.
3. All expulsion and exclusion proceedings will be held pursuant to and in accordance with the provisions of the Minnesota Pupil Fair Dismissal Act, Minnesota Statutes, sections 121A.40-121A.56.
4. No expulsion or exclusion shall be imposed without a hearing, unless the right to a hearing is waived in writing by the student and parent or guardian.

5. The student and parent or guardian shall be provided written notice of the school district's intent to initiate expulsion or exclusion proceedings. This notice shall be served upon the student and his or her parent or guardian personally or by mail, and shall contain a complete statement of the facts; a list of the witnesses and a description of their testimony; state the date, time and place of hearing; be accompanied by a copy of the Pupil Fair Dismissal Act, Minnesota Statutes, sections 121A.40-121A.56; describe the nonexclusionary disciplinary practices accorded the student in an attempt to avoid the expulsion proceedings; and inform the student and parent or guardian of their right to: (1) have a representative of the student's own choosing, including legal counsel at the hearing; (2) examine the student's records before the hearing; (3) present evidence; and (4) confront and cross-examine witnesses. The school district must advise the student's parent or guardian that free or low-cost legal assistance may be available and that a legal assistance resource list is available from the Minnesota Department of Education (MDE) and is posted on its website.
6. The hearing shall be scheduled within ten (10) days of the service of the written notice unless an extension, not to exceed five (5) days, is requested for good cause by the school district, student, parent, or guardian.
7. All hearings shall be held at a time and place reasonably convenient to the student, parent, or guardian and shall be closed, unless the student, parent, or guardian requests an open hearing.
8. The school district shall record the hearing proceedings at district expense, and a party may obtain a transcript at its own expense.
9. The student shall have a right to a representative of the student's own choosing, including legal counsel, at the student's sole expense. The school district shall advise the student's parent or guardian that free or low-cost legal assistance may be available and that a legal assistance resource list is available from MDE. The school board may appoint an attorney to represent the school district in any proceeding.
10. If the student designates a representative other than the parent or guardian, the representative must have a written authorization from the student and the parent or guardian providing them with access to and/or copies of the student's records.
11. All expulsion or exclusion hearings shall take place before and be conducted by an independent hearing officer designated by the school district. The hearing shall be conducted in a fair and impartial manner. Testimony shall be given under oath and the hearing officer shall have the power to issue subpoenas and administer oaths.
12. At a reasonable time prior to the hearing, the student, parent or guardian, or authorized representative shall be given access to all school district records pertaining to the student, including any tests or reports upon which the proposed dismissal action may be based.
13. The student, parent or guardian, or authorized representative, shall have the right to compel the presence of any school district employee or agent or any other person who may have evidence upon which the proposed dismissal action may be based, and to confront and cross-examine any witnesses testifying for the school district.
14. The student, parent or guardian, or authorized representative, shall have the

right to present evidence and testimony, including expert psychological or educational testimony.

15. The student cannot be compelled to testify in the dismissal proceedings.
16. The hearing officer shall prepare findings and a recommendation based solely upon substantial evidence presented at the hearing, which must be made to the school board and served upon the parties within two (2) days after the close of the hearing.
17. The school board shall base its decision upon the findings and recommendation of the hearing officer and shall render its decision at a meeting held within five (5) days after receiving the findings and recommendation. The school board may provide the parties with the opportunity to present exceptions and comments to the hearing officer's findings and recommendation provided that neither party presents any evidence not admitted at the hearing. The decision by the school board must be based on the record, must be in writing, and must state the controlling facts on which the decision is made in sufficient detail to apprise the parties and the Commissioner of the Minnesota Department of Education (Commissioner) of the basis and reason for the decision.
18. A party to an expulsion or exclusion decision made by the school board may appeal the decision to the Commissioner within twenty-one (21) calendar days of school board action pursuant to Minnesota Statutes section 121A.49. The decision of the school board shall be implemented during the appeal to the Commissioner.
19. The school district shall report any suspension, expulsion or exclusion action taken to the appropriate public service agency, when the student is under the supervision of such agency.
20. The school district must report, through the MDE electronic reporting system, each expulsion or exclusion within thirty (30) days of the effective date of the action to the Commissioner. This report must include a statement of alternative educational services given the student and the reason for, the effective date, and the duration of the exclusion or expulsion. The report must also include the student's age, grade, gender, race, and special education status. The dismissal report must include state student identification numbers of affected students.
21. Whenever a student fails to return to school within ten (10) school days of the termination of dismissal, a school administrator shall inform the student and his/her parent or guardian by mail of the student's right to attend and to be reinstated in the school district.

XIII. ADMISSION OR READMISSION PLAN

A school administrator must prepare and enforce an admission or readmission plan for any student who is excluded or expelled from school. The plan must include measures to improve the student's behavior, which may include completing a character education program consistent with Minnesota Statutes, section 120B.232, subdivision 1, social and emotional learning, counseling, social work services, mental health services, referrals for special education or 504 evaluation, and evidence-based academic interventions. The plan must include reasonable attempts to obtain parental involvement in the admission or readmission process, and may indicate the consequences to the student of not improving the student's behavior. The readmission plan must not obligate parents to provide a sympathomimetic medication for their child as a condition of readmission.

XIV. NOTIFICATION OF POLICY VIOLATIONS

Notification of any violation of this policy and resulting disciplinary action shall be as provided herein, or as otherwise provided by the Pupil Fair Dismissal Act or other applicable law. The teacher, principal or other school district official may provide additional notification as deemed appropriate.

In addition, the school district must report, through the MDE electronic reporting system, each exclusion or expulsion, each physical assault of a school district employee by a pupil, and each pupil withdrawal agreement within thirty (30) days of the effective date of the dismissal action, pupil withdrawal, or assault, to the MDE Commissioner. This report must include a statement of the nonexclusionary disciplinary practices, or other sanction, intervention, or resolution in response to the assault given to the pupil and the reason for, the effective date, and the duration of the exclusion or expulsion or other sanction, intervention, or resolution. The report must also include the pupil's age, grade, gender, race, and special education status.

XV. STUDENT DISCIPLINE RECORDS

The policy of the school district is that complete and accurate student discipline records be maintained. The collection, dissemination, and maintenance of student discipline records shall be consistent with applicable school district policies and federal and state law, including the Minnesota Government Data Practices Act, Minnesota Statutes chapter 13.

XVI. STUDENTS WITH DISABILITIES

Students who are currently identified as eligible under the IDEA or Section 504 will be subject to the provisions of this policy, unless the student's IEP or 504 plan specifies a necessary modification.

Before initiating an expulsion or exclusion of a student with a disability, relevant members of the child's IEP team and the child's parent shall, consistent with federal law, conduct a manifestation determination and determine whether the child's behavior was (i) caused by or had a direct and substantial relationship to the child's disability and (ii) whether the child's conduct was a direct result of a failure to implement the child's IEP. If the student's educational program is appropriate and the behavior is not a manifestation of the student's disability, the school district will proceed with discipline – up to and including expulsion – as if the student did not have a disability, unless the student's educational program provides otherwise. If the team determines that the behavior subject to discipline is a manifestation of the student's disability, the team shall conduct a functional behavioral assessment and implement a behavioral intervention plan for such student provided that the school district had not conducted such assessment prior to the manifestation determination before the behavior that resulted in a change of placement. Where a behavioral intervention plan previously has been developed, the team will review the behavioral intervention plan and modify it as necessary to address the behavior.

When a student who has an IEP is excluded or expelled for misbehavior that is not a manifestation of the student's disability, the school district shall continue to provide special education and related services during the period of expulsion or exclusion.

XVII. OPEN ENROLLED STUDENTS

The school district may terminate the enrollment of a nonresident student enrolled under an Enrollment Option Program (Minnesota Statutes section 124D.03) or Enrollment in Nonresident District (Minnesota Statutes section 124D.08) at the end of a school year if the student meets the definition of a habitual truant, the student has been provided appropriate services for truancy (Minnesota Statutes chapter 260A), and the student's case has been referred to juvenile court. The school district may also terminate the enrollment of a

nonresident student over the age of seventeen (17) enrolled under an Enrollment Options Program if the student is absent without lawful excuse for one or more periods on fifteen (15) school days and has not lawfully withdrawn from school.

XVIII. DISCIPLINE COMPLAINT PROCEDURE

Students, parents and other guardians, and school staff may file a complaint and seek corrective action when the requirements of the Minnesota Pupil Fair Dismissal Act, including the implementation of the local behavior and discipline policies, are not being implemented appropriately or are being discriminately applied.

The Discipline Complaint Procedure must, at a minimum:

1. provide procedures for communicating this policy including the ability for a parent to appeal a decision under Minnesota Statutes, section 121A.49 that contains explicit instructions for filing the complaint;
2. provide an opportunity for involved parties to submit additional information related to the complaint;
3. provide a procedure to begin to investigate complaints within three school days of receipt, and identify personnel who will manage the investigation and any resulting record and are responsible for keeping and regulating access to any record;
4. provide procedures for issuing a written determination to the complainant that addresses each allegation and contains findings and conclusions;
5. if the investigation finds the requirements of Minnesota Statutes, sections 121A.40 to 121A.61, including any local policies that were not implemented appropriately, contain procedures that require a corrective action plan to correct a student's record and provide relevant staff with training, coaching, or other accountability practices to ensure appropriate compliance with policies in the future; and
6. prohibit reprisals or retaliation against any person who asserts, alleges, or reports a complaint, and provide procedures for applying appropriate consequences for a person who engages in reprisal or retaliation.

XIX. DISTRIBUTION OF POLICY

The school district will notify students and parents of the existence and contents of this policy in such manner as it deems appropriate. Copies of this discipline policy shall be made available to all students and parents at the commencement of each school year and to all new students and parents upon enrollment. This policy shall also be available upon request in each principal's office.

XX. REVIEW OF POLICY

The principal and representatives of parents, students and staff in each school building shall confer at least annually to review this discipline policy, determine if the policy is working as intended, and to assess whether the discipline policy has been enforced. Any recommended changes shall be submitted to the superintendent for consideration by the school board, which shall conduct an annual review of this policy.

503 STUDENT ATTENDANCE

I. PURPOSE

- A. The school board believes that regular school attendance is directly related to success in academic work, benefits students socially, provides opportunities for important communications between teachers and students, and establishes regular habits of dependability important to the future of the student. The purpose of this policy is to encourage regular school attendance. It is intended to be positive and not punitive.
- B. This policy also recognizes that class attendance is a joint responsibility to be shared by the student, parent or guardian, teacher, and administrators. This policy will assist students in attending class.

II. GENERAL STATEMENT OF POLICY

A. Responsibilities

1. Student's Responsibility

It is the student's right to be in school. It is also the student's responsibility to attend all assigned classes and study halls every day that school is in session and to be aware of and follow the correct procedures when absent from an assigned class or study hall. Finally, it is the student's responsibility to request any missed assignments due to an absence.

2. Parent or Guardian's Responsibility

It is the responsibility of the student's parent or guardian to ensure the student is attending school, to inform the school in the event of a student absence, and to work cooperatively with the school and the student to solve any attendance problems that may arise.

3. Teacher's Responsibility

It is the teacher's responsibility to take daily attendance and to maintain accurate attendance records in each assigned class and study hall. It is also the teacher's responsibility to be familiar with all procedures governing attendance and to apply these procedures uniformly. It is also the teacher's responsibility to provide any student who has been absent with any missed assignments upon request. Finally, it is the teacher's responsibility to work cooperatively with the student's parent or guardian and the student to solve any attendance problems that may arise.

4. Administrator's Responsibility

- a. It is the administrator's responsibility to require students to attend all assigned classes and study halls. It is also the administrator's responsibility to be familiar with all procedures governing attendance and to apply these procedures uniformly

to all students, to maintain accurate records on student attendance, and to prepare a list of the previous day's absences stating the status of each. Finally, it is the administrator's responsibility to inform the student's parent or guardian of the student's attendance and to work cooperatively with them and the student to solve attendance problems.

- b. In accordance with the Minnesota Compulsory Instruction Law, Minnesota. Statutes, section 120A.22, the students of the school district are REQUIRED to attend all assigned classes and/or study halls every day school is in session, unless the student has been excused by the school board from attendance because the student has already completed state and school district standards required to graduate from high school, has withdrawn, or has a valid excuse for absence.

B. Attendance Procedures

Attendance procedures shall be presented to the school board for review and approval. When approved by the school board, the attendance procedures will be included as an addendum to this policy.

1. Excused Absences

- a. To be considered an excused absence, the student's parent or legal guardian may be asked to verify, in writing, the reason for the student's absence from school. A note from a physician or a licensed mental health professional stating that the student cannot attend school is a valid excuse.
- b. The following reasons shall be sufficient to constitute excused absences:
 - (1) Absences where the guardian has notified school within 24 hours of absence.
 - (1) Illness.
 - (2) Serious illness in the student's immediate family.
 - (3) A death or funeral in the student's immediate family or of a close friend or relative.
 - (4) Medical, dental, orthodontic or mental health treatment/appointments.
 - (5) Court appearances occasioned by family or personal action.
 - (6) Religious instruction not to exceed three hours in any week.
 - (7) Physical emergency conditions such as fire, flood, storm,

etc.

- (8) Official school field trip or other school-sponsored outing.
- (9) Removal of a student pursuant to a suspension. Suspensions are to be handled as excused absences and students will be permitted to complete make-up work.
- (10) Family emergencies.
- (11) Active duty in any military branch of the United States.
- (12) A student's condition that requires ongoing treatment for a mental health diagnosis.

c. Consequences of Excused Absences

- (1) Students whose absences are excused are required to make up all assignments missed or to complete alternative assignments as deemed appropriate by the classroom teacher.
- (2) Students will be allowed 2 days to makeup work for every day absent upon return to school. Any work not completed within this period shall result in "no credit" for the missed assignment. However, the building principal or the classroom teacher may extend the time allowed for completion of make-up work in the case of an extended illness or other extenuating circumstances.
- (3) A student who is absent for extended time periods due to a placement in an inpatient hospitalization behavioral health unit due to a mental health emergency or placement in a partial hospitalization program for their mental health should be exempt from missed assignments during that time period. Middle and High School students will have a reduced workload if exemptions are not possible based on course requirements. At a maximum, teachers will require 50% of missed points to be completed. Courses that may have special circumstances requiring more work completion (such as some CITS courses) must have additional work requirements approved in writing by the building principal following consultation with the teacher and school counselor. It may warrant following the identified college's expectations and policies regarding mental health, attendance, and assignment make-up.

2. Unexcused Absences

- a. The following are examples of absences which will not be excused:

- (1) Truancy. An absence by a student which was not approved by the parent and/or the school district.
- (2) Any absence in which the student failed to comply with any reporting requirements of the school district's attendance procedures including absences that are unreported.
- (3) Work at home.
- (4) Work at a business, except under a school-sponsored work release program.
- (5) Absences resulting from accumulated unexcused tardies (3 tardies equal one unexcused absence).
- (6) Any other absence not included under the attendance procedures set out in this policy.

b. Consequences of Unexcused Absences

- (1) Absences resulting from official suspension will be handled in accordance with the Pupil Fair Dismissal Act, Minnesota Statutes, sections 121A.40-121A.56.
- (2) Days during which a student is suspended from school shall not be counted in a student's total accumulated unexcused absences.
- (3) In cases of recurring unexcused absences, the administration may also request the county attorney to file a petition with the juvenile court, pursuant to Minnesota statutes.

C. Tardiness

1. Definition: Students are expected to be in their assigned area at designated times. Failure to do so constitutes tardiness.

2. Procedures for Reporting Tardiness

- a. Students tardy at the start of school must report to the school office for an admission slip.
- b. Tardiness between periods will be handled by the teacher.

3. Excused Tardiness

Valid excuses for tardiness are:

- a. Illness.

- b. Serious illness in the student’s immediate family.

4. Unexcused Tardiness

- a. An unexcused tardiness is failing to be in an assigned area at the designated time class period commences without a valid excuse.

D. Participation in Extracurricular Activities and School-Sponsored On-the-Job Training Programs

- 1. This policy applies to all students involved in any extracurricular activity scheduled either during or outside the school day and any school-sponsored on-the-job training programs.
- 2. School-initiated absences will be accepted and participation permitted.
- 3. A student may not participate in any activity or program if he or she has an unexcused absence from any class during the day.
- 4. If a student is suspended from any class, he or she may not participate in any activity or program that day.
- 5. If a student is absent from school due to medical reasons, he or she must present a physician’s statement or a statement from the student’s parent or guardian clearing the student for participation that day. The note must be presented to the coach or advisor before the student participates in the activity or program.

III. RELIGIOUS OBSERVANCE ACCOMMODATION

Reasonable efforts will be made by the school district to accommodate any student who wishes to be excused from a curricular activity for a religious observance. Requests for accommodations should be directed to the building principal.

IV. DISSEMINATION OF POLICY

- 1. Copies of this policy shall be made available to all students and parents at the commencement of each school year. This policy shall also be available upon request in each principal’s office.

2. The school district will provide annual notice to parents of the school district's policy relating to a student's absence from school for religious observance.

V. REQUIRED REPORTING

A. Continuing Truant

Minnesota Statutes section 260A.02 provides that a continuing truant is a student who is subject to the compulsory instruction requirements of Minnesota Statutes section 120A.22 and is absent from instruction in a school, as defined in Minnesota Statutes section 120A.05, without valid excuse within a single school year for:

1. That the child is truant;
2. That the parent or guardian should notify the school if there is a valid excuse for the child's absences;
3. That the parent or guardian is obligated to compel the attendance of the child at school pursuant to Minnesota Statutes section 120A.22 and parents or guardians who fail to meet this obligation may be subject to prosecution under Minnesota Statutes section 120A.34;
4. That this notification serves as the notification required by Minnesota Statutes section 120A.34;
5. That alternative educational programs and services may be available in the child's enrolling or resident district;
6. That the parent or guardian has the right to meet with appropriate school personnel to discuss solutions to the child's truancy;
7. That if the child continues to be truant, the parent and child may be subject to juvenile court proceedings under Minnesota Statutes Chapter 260C;
8. That if the child is subject to juvenile court proceedings, the child may be subject to suspension, restriction, or delay of the child's driving privilege pursuant to Minnesota Statutes section 260C.201; and

514 BULLYING PROHIBITION POLICY

I. PURPOSE

The purpose of this policy is to prohibit bullying behavior and assist the Duluth Public Schools in its goal of preventing and responding to acts of bullying, intimidation, violence, and other similar disruptive behavior.

The District strives to provide safe, secure and respectful learning environments for all students in school buildings, on school grounds, school buses and at school-sponsored activities. A safe and civil environment is needed for students to learn and attain high academic standards and to promote healthy human relationships.

A safe and civil environment is needed for students to learn and attain high academic standards and to promote healthy human relationships. Bullying, like other violent or disruptive behavior, is conduct that interferes with a student's ability to learn and/or a teacher's ability to educate students in a safe environment. The school district cannot monitor the activities of students at all times and eliminate all incidents of bullying between students, particularly when students are not under the direct supervision of school personnel. However, to the extent such conduct affects the educational environment of the school district and the rights and welfare of its students and is within the control of the school district in its normal operations, the school district intends to prevent bullying and to take action to investigate, respond to, and to remediate and discipline for those acts of bullying which have not been successfully prevented. The purpose of this policy is to assist in its goal of preventing and responding to acts of bullying, intimidation, violence, reprisal, retaliation, and other similar disruptive and detrimental behavior.

II. GENERAL STATEMENT OF POLICY

- A. An act of bullying, by either an individual student or a group of students, is expressly prohibited on school premises, on school district property, at school functions or activities, or on school transportation. This policy applies not only to students who directly engage in an act of bullying but also to students who, by their indirect behavior, condone or support another student's act of bullying. This policy also applies to any student whose conduct at any time or in any place constitutes bullying or other prohibited conduct that interferes with or obstructs the mission or operations of the school district or the safety or welfare of the student or other students, or materially and substantially interferes with a student's educational opportunities or performance or ability to participate in school functions or activities or receive school benefits, services, or privileges. This policy also applies to an act of cyberbullying regardless of whether such act is committed on or off school district property and/or with or without the use of school district resources.
- B. No teacher, administrator, volunteer, contractor, or other employee of the school district shall permit, condone, or tolerate bullying.
- C. Apparent permission or consent by a student being bullied does not lessen or negate the prohibitions contained in this policy.

- D. Retaliation against a victim, good faith reporter, or a witness of bullying is prohibited.
- E. False accusations or reports of bullying against another student are prohibited.
- F. A person who engages in an act of bullying, reprisal, retaliation, or false reporting of bullying or permits, condones, or tolerates bullying shall be subject to discipline or other remedial responses for that act in accordance with the school district's policies and procedures, including the school district's discipline policy. The school district may take into account the following factors:
 1. The developmental ages and maturity levels of the parties involved;
 2. The levels of harm, surrounding circumstances, and nature of the behavior;
 3. Past incidences or past or continuing patterns of behavior;
 4. The relationship between the parties involved; and
 5. The context in which the alleged incidents occurred.

Consequences for students who commit prohibited acts of bullying may range from remedial responses or positive behavioral interventions up to and including suspension and/or expulsion. The school district shall employ research-based developmentally appropriate best practices that include preventative and remedial measures and effective discipline for deterring violations of this policy, apply throughout the school district, and foster student, parent, and community participation.

Consequences for employees who permit, condone, or tolerate bullying or engage in an act of reprisal or intentional false reporting of bullying may result in disciplinary action up to and including termination or discharge.

Consequences for other individuals engaging in prohibited acts of bullying may include, but not be limited to, exclusion from school district property and events.

- G. The school district will act to investigate all complaints of bullying reported to the school district and will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the school district who is found to have violated this policy.

III. DEFINITIONS

For purposes of this policy, the definitions included in this section apply.

A person may report bullying anonymously. However, the school district may not rely solely on an anonymous report to determine discipline or other remedial responses.
- B. The District has made available to the reporting party or complainant the use of a report form. Contact the principal, or Duluth Public Schools Website at isd709.org/families/bullying-harassment to access bullying report forms. Oral reports shall be considered complaints as well.
- C. The building principal or designee, or the building supervisor (hereinafter the "building report taker") is the person responsible for receiving reports of bullying at the building level. Any person may report bullying or other prohibited conduct directly to the school district human rights officer or the superintendent. If the complaint involves the building report taker, the complaint shall be made directly with the assistant superintendent or superintendent of the District. Please see our Parent & Student Handbook or Duluth Public Schools Website at isd709.org for principal and Duluth Public Schools contact information.

The building report taker shall ensure that this policy and its procedures, practices, consequences, and sanctions are fairly and fully implemented and shall serve as the primary contact on policy and procedural matters. The building report taker or a third party designated by the school district shall be

responsible for the investigation. The building report taker shall provide information about available community resources to the target or victim of the bullying or other prohibited conduct, the perpetrator, and other affected individuals as appropriate.

- D. A district employee, volunteer, or contractor shall be particularly alert to possible situations, circumstances, or events that might include bullying. Any such person who witnesses, observes, receives a report of, or has other knowledge or belief of conduct that may constitute bullying or other prohibited conduct shall make reasonable efforts to address and resolve the bullying or prohibited conduct and shall inform the building report taker immediately. District employees who fail to inform the building report taker of conduct that may constitute bullying or other prohibited conduct or who fail to make reasonable efforts to address and resolve the bullying or prohibited conduct in a timely manner may be subject to disciplinary action.
- E. Reports of bullying or prohibited conduct are classified as private educational and/or personnel data and/or confidential investigative data and will not be disclosed except as permitted by law. The building report taker, in conjunction with the responsible authority, shall be responsible for keeping and regulating access to any report of bullying and the record of any resulting investigation.
- F. Submission of a good faith complaint or report of bullying or other prohibited conduct will not affect the complainant's or reporter's future employment, grades, or work assignments, or educational or work environment.
- G. The school district will respect the privacy of the complainant(s), the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the Duluth Public Schools' obligation to investigate, take appropriate action, and comply with any legal disclosure obligations.

V. SCHOOL DISTRICT ACTION

- A. Within three days of the receipt of a complaint or report of bullying or other prohibited conduct, the school district shall undertake or authorize an investigation by the building report taker or a third party designated by the school district.
- B. The building report taker or other appropriate school district officials may take immediate steps, at their discretion, to protect the target or victim of the bullying or other prohibited conduct, the complainant, the reporter, and students or others, pending completion of an investigation of the bullying or other prohibited conduct, consistent with applicable law. When investigating a complaint, the building report taker may take into account the following factors:
 - The developmental ages and maturity levels of the parties involved.
 - The potential for culturally misinterpreting behavior.
 - The levels of harm, surrounding circumstances, and nature of the behavior.
 - Past incidences or past or continuing patterns of behavior.
 - The relationship between the parties involved.

- The context in which the alleged incidents occurred.
- C. The alleged perpetrator of the bullying or other prohibited conduct shall be allowed the opportunity to present a defense during the investigation or prior to the imposition of discipline or other remedial responses.
- D. Upon completion of an investigation that determines that bullying or other prohibited conduct has occurred, the school district will take appropriate action. Such action may include, but is not limited to, warning, suspension, exclusion, expulsion, transfer, remediation, termination, or discharge. Disciplinary consequences will be sufficiently severe to try to deter violations and to appropriately discipline prohibited conduct. Remedial responses to the bullying or other prohibited conduct shall be tailored to the particular incident and nature of the conduct and shall take into account the factors specified in Section II.F. of this policy. School district action taken for violation of this policy will be consistent with the requirements of applicable collective bargaining agreements; applicable statutory authority, including the Minnesota Pupil Fair Dismissal Act; the student discipline policy and other applicable school district policies; and applicable regulations.
- For the student harmed: Protect, support, and intervene on behalf of the student who is the target of the prohibited conduct. Support may include: safety planning, student conference(s), referral to student support staff for one-to-one support or social skills training; check-in and/or check-out with a trusted adult in the school; and choice to participate in a restorative process - facilitated by a trained facilitator. When an incident includes documentation through an office discipline referral, information regarding the student harmed will be included on the referral.
 - For the student who violated the prohibited conduct policy: Schools may use multi-tiered levels of response that are individualized, consistent, reasonable, fair, and age-appropriate and should match the severity of the student's behavior and their developmental age. The response must be a natural and logical match to the prohibited behavior; consequences must be paired with meaningful instruction and guidance; and must be carefully planned with well-defined outcomes. Responses may include but are not limited to:
 - Safety planning
 - Student conference(s)
 - Working with parents of involved students
 - Teaching/reteaching of desired skills or behavior
 - Reinforcing desired skills or behaviors
 - School disciplinary action (detention, suspension, etc.)
 - Connecting students/families to school, district, community resources
 - Consideration of a restorative process if all parties are prepared and willing

- E. The school district is not authorized to disclose to a victim private educational or personnel data regarding an alleged perpetrator who is a student or employee of the school district. School officials will notify the parent(s) or guardian(s) of students who are targets of bullying or other prohibited conduct and the parent(s) or guardian(s) of alleged perpetrators of bullying or other prohibited conduct who have been involved in a reported and confirmed bullying incident of the remedial or disciplinary action taken, to the extent permitted by law.
- F. In order to prevent or respond to bullying or other prohibited conduct committed by or directed against a child with a disability, the District shall, when determined appropriate by the child's individualized education program (IEP) team or Section 504 team, allow the child's IEP or Section 504 plan to be drafted to address the skills and proficiencies the child needs as a result of the child's disability to allow the child to respond to or not to engage in bullying or other prohibited conduct.
- G. Any party who is not satisfied with the outcome of the investigation may appeal to the district's Office of the Assistant Superintendent within 10 school days of notification of the principal/designee's decision. The assistant superintendent or designee will conduct a review of the appeal and, within 10 school days of receipt of the appeal, will affirm, reverse or modify the findings of the report. The assistant superintendent or designee shall notify the party requesting the appeal and the principal that its decision is final and shall document that notification with the appeal.
- H. When it is determined that a district employee was aware prohibited conduct was taking place but failed to report it, the employee will be considered to have violated this policy. The employee's supervisor shall consider employee discipline for such violations, making reference to any applicable collective bargaining agreement. Remedies for offending contractors should be imposed according to their Duluth Public Schools contracts.

VI. RETALIATION OR REPRISAL

The school district will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the school district who commits an act of reprisal or who retaliates against any person who asserts, alleges, or makes a good faith report of alleged bullying or prohibited conduct, who provides information about bullying or prohibited conduct, who testifies, assists, or participates in an investigation of alleged bullying or prohibited conduct, or who testifies, assists, or participates in a proceeding or hearing relating to such bullying or prohibited conduct. Retaliation includes, but is not limited to, any form of intimidation, reprisal, harassment, or intentional disparate treatment. (For purposes of this policy, school personnel include: School Board members, administrators, teachers, all other school employees, agents, volunteers, contractors, or other persons subject to the supervision and control of ISD 709.)

It shall be a violation of this policy for any student or school personnel of ISD 709 to inflict, threaten to inflict, or attempt to inflict violence relating to: Race, Color, Creed, Religion, National Origin, Sex, Marital Status, Disability, Status with Regard to Public Assistance, Sexual Orientation, Age, Gender Identity, Gender Expression, and Any or All Other Protected Groups as identified by state and/or federal statute as well as any other forms of violence as defined by this policy upon any pupil or school personnel.

ISD 709 will act with reasonable diligence to take action to investigate, respond, remediate and discipline all complaints, either formal or informal, oral or written, of improper actions or statements which may constitute harassment and violence as defined in this policy and Regulation 4015R. Furthermore, ISD 709 intends to provide support for students identified as the victims of these acts in compliance with Minn. Statute Sections 121A.0695.

526 HAZING PROHIBITION

I. PURPOSE

The purpose of this policy is to maintain a safe learning environment for students and staff that is free from hazing. Hazing activities of any type are inconsistent with the educational goals of the school district and are prohibited at all times.

II. GENERAL STATEMENT OF POLICY

- A. No student, teacher, administrator, volunteer, contractor, or other employee of the school district shall plan, direct, encourage, aid, or engage in hazing.
- B. No teacher, administrator, volunteer, contractor, or other employee of the school district shall permit, condone, or tolerate hazing.
- C. Apparent permission or consent by a person being hazed does not lessen the prohibitions contained in this policy.
- D. Retaliation against a victim, good faith reporter, or a witness of hazing is prohibited.
- E. False accusations or reports of hazing against a student, teacher, administrator, volunteer, contractor, or other employee are prohibited.
- F. A person who engages in an act of hazing, reprisal, retaliation, or false reporting of hazing or permits, condones, or tolerates hazing shall be subject to discipline or other remedial responses for that act in accordance with the school district's policies and procedures.

Consequences for students who commit, tolerate, or are a party to prohibited acts of hazing may range from remedial responses or positive behavioral interventions up to and including suspension and/or expulsion.

Consequences for employees who permit, condone, or tolerate hazing or engage in an act of reprisal or intentional false reporting of hazing may result in disciplinary action up to and including termination or discharge.

Consequences for other individuals engaging in prohibited acts of hazing may include, but not be limited to, exclusion from school district property and events and/or termination of services and/or contracts.

- G. This policy applies to hazing that occurs during and after school hours, on or off school premises or property, at school functions or activities, or on school transportation.
- H. A person who engages in an act that violates school policy or law in order to be initiated into or affiliated with a student organization shall be subject to discipline for that act.
- I. The school district will act to investigate all complaints of hazing and will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the school district who is found to have violated this policy.

III. DEFINITIONS

- A. "Hazing" means committing an act against a student, or coercing a student into committing an act, that creates a substantial risk of harm to a person, in order for the student to be initiated into or affiliated with a student organization, or for any other school-related purpose. The term hazing includes, but is not limited to:
 - 1. Any type of physical brutality such as whipping, beating, striking, branding, electronic shocking, or placing a harmful substance on the body.
 - 2. Any type of physical activity such as sleep deprivation, exposure to weather, confinement in a restricted area, calisthenics, or other activity that subjects the student to an unreasonable risk of harm or that adversely affects the mental or physical health or safety of the student.
 - 3. Any activity involving the consumption of any alcoholic beverage, drug, tobacco product, or any other food, liquid, or substance that subjects the student to an unreasonable risk of harm or that adversely affects the mental or physical health or safety of the student.
 - 4. Any activity that intimidates or threatens the student with ostracism, that subjects a student to extreme mental stress, embarrassment, shame, or humiliation, that adversely affects the mental health or dignity of the student or discourages the student from remaining in school.
 - 5. Any activity that causes or requires the student to perform a task that involves violation of state or federal law or of school district policies or regulations.
- B. "Immediately" means as soon as possible but in no event longer than 24 hours.
- C. "On school premises or school district property, or at school functions or activities, or on school transportation" means all school district buildings, school grounds, and school property or property immediately adjacent to school grounds, school bus stops, school buses, school vehicles, school contracted vehicles, or any other vehicles approved for school district purposes, the area of entrance or departure from school grounds, premises, or events, and all school-related functions, school-sponsored activities, events, or trips. School district property also may mean a student's walking route to or from school for purposes of attending school or school-related functions, activities, or events. While prohibiting hazing at these locations and events, the school district does not represent that it will provide supervision or assume liability at these locations and events.
- D. "Remedial response" means a measure to stop and correct hazing, prevent hazing from recurring, and protect, support, and intervene on behalf of a student who is the target or victim of hazing.
- E. "Student" means a student enrolled in a public school or a charter school.
- F. "Student organization" means a group, club, or organization having students as its primary members or participants. It includes grade levels, classes, teams, activities, or particular school events. A student organization does not have to be an official school organization to come within the terms of this definition.

IV. REPORTING PROCEDURES

- A. Any person who believes he or she has been the target or victim of hazing or any person with knowledge or belief of conduct which may constitute hazing shall report the alleged acts immediately to an appropriate school district official designated by this policy. A person may report hazing anonymously. However, the school district may not rely solely on an anonymous report to determine discipline or other remedial responses.
- B. The school district encourages the reporting party to use the report form available from the principal or building supervisor of each building or available from the school district office, but oral reports shall be considered complaints as well.

The building principal, the principal's designee, or the building supervisor (hereinafter the "building report taker") is the person responsible for receiving reports of hazing at the building level. Any adult school district personnel who receives a report of hazing prohibited by this policy shall inform the building report taker immediately. Any person may report hazing directly to a school district human rights officer or to the superintendent. If the complaint involves the building report taker, the complaint shall be made or filed directly with the superintendent or the school district human rights officer by the reporting party or complainant.

The building report taker shall ensure that this policy and its procedures, practices, consequences, and sanctions are fairly and fully implemented and shall serve as a primary contact on policy and procedural matters.

- C. A teacher, administrator, volunteer, contractor, and other school employees shall be particularly alert to possible situations, circumstances, or events which might include hazing. Any such person who witnesses, observes, receives a report of, or has other knowledge or belief of conduct which may constitute hazing shall make reasonable efforts to address and resolve the hazing and shall inform the building report taker immediately. School district personnel who fail to inform the building report taker of conduct that may constitute hazing or who fail to make reasonable efforts to address and resolve the hazing in a timely manner may be subject to disciplinary action.
- D. Submission of a good faith complaint or report of hazing will not affect the complainant or reporter's future employment, grades, work assignments, or educational or work environment.
- E. Reports of hazing are classified as private educational and/or personnel data and/or confidential investigative data and will not be disclosed except as permitted by law. The building report taker, in conjunction with the responsible authority, shall be responsible for keeping and regulating access to any report of hazing and the record of any resulting investigation.
- F. The school district will respect the privacy of the complainant(s), the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the school district's legal obligations to investigate, to take appropriate action, and to comply with any discovery or disclosure obligations.

V. SCHOOL DISTRICT ACTION

- A. Within three (3) days of the receipt of a complaint or report of hazing, the school district shall undertake or authorize an investigation by school district officials or a third party designated by the school district.
- B. The building report taker or other appropriate school district officials may take immediate steps, at their discretion, to protect the target or victim of the hazing, the complainant, the reporter, and students or others pending completion of an investigation of alleged hazing prohibited by this policy.
- C. The alleged perpetrator of the hazing shall be allowed the opportunity to present a defense during the investigation or prior to the imposition of discipline or other remedial responses.
- D. Upon completion of an investigation that determines hazing has occurred, the school district will take appropriate action. Such action may include, but is not limited to, warning, restorative practices, suspension, exclusion, expulsion, transfer, remediation, termination, or discharge. Disciplinary consequences will be sufficiently severe to try to deter violations and to appropriately discipline prohibited behavior. School district action taken for violation of this policy will be consistent with the requirements of applicable collective bargaining agreements; applicable statutory authority, including the Minnesota Pupil Fair Dismissal Act; and applicable school district policies and regulations.
- E. The school district is not authorized to disclose to a victim private educational or personnel data regarding an alleged perpetrator who is a student or employee of the school district. School officials will notify the parent(s) or guardian(s) of students who are targets or victims of hazing and the parent(s) or guardian(s) of alleged perpetrators of hazing who have been involved in a reported and confirmed hazing incident of the remedial or disciplinary action taken, to the extent permitted by law.
- F. In order to prevent or to respond to hazing committed by or directed against a child with a disability, the school district shall, where determined appropriate by the child's individualized education program (IEP) team or Section 504 team, allow the child's IEP or Section 504 plan to be drafted to address the skills and proficiencies the child needs as a result of the child's disability to allow the child to respond to or not to engage in hazing.

VI. RETALIATION OR REPRISAL

The school district will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the school district who commits an act of reprisal or who retaliates against any person who asserts, alleges, or makes a good faith report of alleged hazing, who provides information about hazing, who testifies, assists, or participates in an investigation of alleged hazing, or who testifies, assists, or participates in a proceeding or hearing relating to such hazing. Retaliation includes, but is not limited to, any form of intimidation, reprisal, harassment, or intentional disparate treatment. Disciplinary consequences will be sufficiently severe to deter violations and to appropriately discipline the individual(s) who engaged in the prohibited conduct. Remedial responses to the prohibited conduct shall be tailored to the particular incident and nature of the conduct.

VII. DISSEMINATION OF POLICY

- A. This policy shall appear in each school's student handbook and in each school's building and staff handbooks.

534 SCHOOL MEALS POLICY

I. PURPOSE

The purpose of this policy is to ensure that students receive healthy and nutritious meals through the school district's nutrition program and that school district employees, families, and students have a shared understanding of expectations regarding meal charges. The policy of the school district is to provide meals to students in a respectful manner and to maintain the dignity of students by prohibiting lunch shaming or otherwise ostracizing the student. The policy seeks to allow students to receive the nutrition they need to stay focused during the school day and minimize identification of students with insufficient funds to pay for a la carte items or second meals as well as to maintain the financial integrity of the school nutrition program.

II. PAYMENT OF MEALS

- A. Payment for second meals or ala carte items is expected at the time the meal is served. Parents have three options to put money in their child's lunch account:
1. Online payments
 2. Check sent to the child's school or Administrative offices
 3. Cash sent to the child's school or Administrative offices

If the school district participates in the United States Department of Agriculture National School Lunch program and has an Identified Student Percentage below the federal percentage determined for all meals to be reimbursed at the free rate via the Community Eligibility Provision must participate in the free school meals program.

- B. A school that participates in the United States Department of Agriculture National School Lunch program and has an Identified Student Percentage at or above the federal percentage determined for all meals to be reimbursed at the free rate must participate in the federal Community Eligibility Provision in order to participate in the free school meals program.

Families may apply for free/reduced-price meal benefits anytime during the school year. Meal applications are distributed to all families in the district prior to the student's first day of classes. In addition, applications are available on the school district website or available to be mailed via USPS if requested.

- C. Each school that participates in the free school meals program must:
- (1) participate in the United States Department of Agriculture School Breakfast Program and the United States Department of Agriculture National School Lunch Program; and
 - (2) provide to all students at no cost up to two federally reimbursable meals per school day, with a maximum of one free breakfast and one free lunch.
- D. Once a meal has been placed on a student's tray or otherwise served to a student, the meal may not be subsequently withdrawn from the student by the cashier or other school official, whether or not the student has an outstanding meals balance.
- E. When a student has a negative account balance, the student will not be allowed to charge a second meal or ala carte items.
- F. If a parent or guardian chooses to send in one payment that is to be divided between sibling accounts, the parent or guardian must specify how the funds are to be distributed to the students' accounts.

III. LOW OR NEGATIVE ACCOUNT BALANCES – NOTIFICATION

- A. The school district will make reasonable efforts to notify families when meal account balances are low or fall below zero.
- B. Families will be notified of an outstanding negative balance once the negative balance reaches \$10.00. Families will be notified by monthly billings sent home.
- C. Reminders for payment of outstanding student meal balances will not demean or stigmatize any student participating in the school lunch program.

IV. UNPAID MEAL CHARGES

- A. The school district will make reasonable efforts to communicate with families to resolve the matter of unpaid charges. Where appropriate, families may be encouraged to apply for free or reduced-price meals for their children.
- B. The school district will make reasonable efforts to collect unpaid meal charges classified as delinquent debt. Unpaid meal charges are designated as delinquent debt when payment is overdue, the debt is considered collectable, and efforts are being made to collect it.
- C. Negative balances of more than \$50.00, not paid prior to the end of August, before new school year starts, will be turned over to accounts payable in the business services department for collection. In accordance with other outstanding debts owed to the school district, after attempts to collect are unsuccessful, the debts are turned over to the credit agency for collection.
- D. The school district may not enlist the assistance of non-school district employees, such as volunteers, to engage in debt collection efforts.
- E. The school district will not impose any other restriction prohibited under Minnesota Statutes, section 123B.37 due to unpaid student meal balances. The school district will not limit a student’s participation in any school activities, graduation ceremonies, field trips, athletics, activity clubs, or other extracurricular activities or access to materials, technology, or other items provided to students due to an unpaid student meal balance.

V. COMMUNICATION OF POLICY

- A. This policy and any pertinent supporting information shall be provided in writing (i.e., mail, email, back-to-school packet, student handbook, etc.) to:
 - 1. all households at or before the start of each school year;
 - 2. students and families who transfer into the school district, at the time of enrollment; and
 - 3. all school district personnel who are responsible for enforcing this policy.
- B. The school district will post this policy on the school district’s website, or the website of the organization where the meal is served, in addition to providing the required written notification described above.

APPENDIX L

504 STUDENT DRESS AND APPEARANCE

I. PURPOSE

The purpose of this policy is to enhance the education of students by establishing expectations of dress and grooming that are related to educational goals and community standards.

II. GENERAL STATEMENT OF POLICY

- A. The policy of the school district is to encourage students to be dressed appropriately for school activities and in keeping with community standards. This is a joint responsibility of the student and the student's parent(s) or guardian(s).
- B. Appropriate clothing includes, but is not limited to, the following:
 - 1. Clothing appropriate for the weather.
 - 2. Clothing that does not create a health or safety hazard.
 - 3. Clothing appropriate for the activity (i.e., physical education or the classroom).
- C. Inappropriate clothing includes, but is not limited to, the following:
 - 1. Clothing bearing a message that is lewd, vulgar, or obscene.
 - 2. Apparel promoting products or activities that are illegal for use by minors.
 - 3. Objectionable emblems, badges, symbols, signs, words, objects or pictures on clothing or jewelry communicating a message that is racist, sexist, or otherwise derogatory to a protected minority group, evidences gang membership or affiliation, or approves, advances, or provokes any form of religious, racial, or sexual harassment and/or violence against other individuals as defined in MSBA/MASA Model Policy 413.
 - 4. Any apparel or footwear that would damage school property.
- D. Headwear, such as hats, may be worn during the school day provided the head covering complies with other district policies, does not interfere with the learning environment, and does not obscure the face or ears, except as a religious observance.
- E. The intention of this policy is not to abridge the rights of students to express political, religious, philosophical, or similar opinions by wearing apparel on which such messages are stated. Such messages are acceptable as long as they are not lewd, vulgar, obscene, defamatory, profane, or do not advocate violence or harassment against others.
- F. "Gang," as defined in this policy, means any ongoing organization, association, or group of three or more persons, whether formal or informal, having as one of its primary activities the commission of one or more criminal acts, which has an identifiable name or identifying sign or symbol, and whose members individually or collectively engage in or whose members engaged in a pattern of criminal gang activity. "Pattern of gang activity" means the commission, attempt to commit, conspiring to commit, or solicitation of two or more criminal acts, provided the criminal acts were committed on separate dates or by two or more persons who are members of or belong to the same criminal street gang.

III. PROCEDURES

504 - 1 of 2

- A. When, in the judgment of the administration, a student’s appearance, grooming, or mode of dress interferes with or disrupts the educational process or school activities, or poses a threat to the health or safety of the student or others, the student will be directed to make modifications or will be sent home for the day. Parents/guardians will be notified.

Students who are in violation of the dress code will be asked to change clothes, cover up existing clothing if possible or go home to change so that they meet dress code. In the event a student must go home and change, the parent will be contacted. The student must sign in and out at the Attendance Office.

- B. The administration may recommend a form of dress considered appropriate for a specific event and communicate the recommendation to students and parents/guardians.
- C. Likewise, an organized student group may recommend a form of dress for students considered appropriate for a specific event and make such recommendation to the administration for approval.

504R STUDENT DRESS AND APPEARANCE

Statement

The staff, students, parents, and the Duluth Public Schools community recognized the importance and necessity for students' attire to be respectful and appropriate for school. To ensure effective and equitable enforcement of this dress code, school staff shall enforce the dress code consistently and in a manner that does not reinforce or increase marginalization or oppression of any group based on race, sex, gender identity, gender expression, sexual orientation, ethnicity, religion, cultural observance, household income or body type/size. Duluth Public Schools expects that all students will dress in a way that is appropriate for the school day or for any school sponsored event. Student dress choices should respect the District's intent to sustain a community that is inclusive of a diverse range of identities.

The primary responsibility for a student's attire resides with the student and their parent(s) or guardian(s). The school district supports student attire that reflects their personal style and identity; that fosters a welcoming, safe, and respectful environment for all students, and the dress code celebrates and embraces the diversity and inclusion of any group based on race, sex, gender identity, gender expression, sexual orientation, ethnicity, religion, cultural observance, household income, or body type/size as long as it doesn't interfere with the health, safety, and educational opportunities for students. Any restrictions to the way a student dresses must be necessary to support the overall educational goals of the school and must be explained within this dress code.

Our values are:

- All students should be able to dress comfortably for school and engage in the educational environment without fear of or actual unnecessary discipline or body shaming.
- All students and staff should understand that they are responsible for managing their own personal "distractions" without regulating individual students' clothing/self-expression.
- Student dress code should support school attendance and engagement.
- Dress code violations should be addressed using student/body-positive language to explain the code.
- Teachers should focus on teaching and students focus on learning without the distraction and often uncomfortable burden of addressing dress code violations.
- Reasons for conflict and inconsistent and/or inequitable discipline should be minimized whenever possible.

1. Basic Principle: Certain body parts must be covered for all students at all times. Clothes must be worn in a way such that genitals, buttocks, breasts, and nipples are fully covered with opaque fabric.

2. Student Must Wear, while following the basic principle of Section 1 above:

- A Shirt (with fabric in the front, back and sides that covers the middle torso) AND
- Pants/jeans or the equivalent (for example, a skirt, sweatpants, leggings, a dress or shorts) AND
- Weather & activity appropriate shoes.

3. Student May Wear:

- Headwear, such as hats, may be worn during the school day provided the head covering complies with other district policies, does not interfere with the learning environment, and does not obscure the face or ears, except as a religious observance.

- Staff may direct students to remove headwear that causes a disturbance or problems which interrupt an event, activity, or process to the learning environment.

4. Students Cannot Wear:

- Any clothing that reveals visible undergarments (visible waistbands and visible straps are allowed).
- Bulky jackets/coats intended for outside wear and must be kept in the student's locker during regular school hours.
- Clothing that includes words or pictures that are obscene, vulgar, sexually explicit, convey sexual innuendo, abuse or discrimination, or which promote or advertise alcohol, chemicals, tobacco or any other product that is illegal for use by minors and illegal on school property, will not be allowed.
- Objectionable emblems, badges, symbols (including confederate flags & swastika's), derogatory mascots, signs, words, objects or pictures on clothing or jewelry communicating a message that is racist, sexist, or otherwise derogatory to any group, evidences of gang membership or affiliation, or approves, advances, or provokes any form of religious, racial, or sexual harassment and/or violence against other individuals is not allowed.

Students who are in violation of the dress code will be asked to change clothes, cover up existing clothing if possible or go home to change so that they meet dress code. In the event a student must go home and change, the parent will be contacted. The student must sign in and out at the Attendance Office.

Statewide Assessments: Parent/Guardian Participation Guide and Refusal Information

Your student's participation in statewide assessments is important as it allows your school and district to ensure all students have access to a high-quality education. In the past, students with disabilities and English learners were often excluded from statewide assessments. By requiring that all students take statewide assessments, schools and teachers have more information to see how all students are doing. This helps schools to continuously improve the education they provide and to identify groups, grades, or subjects that may need additional support.

Assessments Connect to Standards

Statewide assessments are based on the [Minnesota Academic Standards](#) or the [WIDA English Language Development Standards](#). These standards define the knowledge and skills students should be learning in K–12 public and charter schools. Minnesota prioritizes high-quality education, and statewide assessments gives educators and leaders an opportunity to evaluate student and school success.

Minnesota Comprehensive Assessments (MCA) and Minnesota Test of Academic Skills (MTAS)

MCA and MTAS are the annual assessments in reading, mathematics and science that measure a snapshot of student learning of the Minnesota K–12 Academic Standards.

ACCESS and Alternate ACCESS for English Learners

The ACCESS and Alternate ACCESS are the annual assessments for English learners that provide information about their progress in learning academic English based on the WIDA English Language Development Standards.

Statewide Assessments Help Families and Students

Participating in statewide assessments helps families see a snapshot of their student's learning so they can advocate for their success in school. High school students can use MCA results:

- For course placement at a Minnesota State college or university. If students receive a college-ready score, they may not need to take a remedial, noncredit course for that subject.
- For Postsecondary Enrollment Options (PSEO) and College in the Schools programs.

English learners who take the ACCESS or Alternate ACCESS and meet certain requirements have the opportunity to exit from English learner programs.

Taking Statewide Assessments Helps Your Student's School

Statewide assessments provide information to your school and district about how all students are engaging with the content they learn in school. This information helps:

- Educators evaluate their instructional materials.
- Schools and districts identify inequities between groups, explore root causes and implement supports.
- School and district leaders make decisions about how to use money and resources to support all students.

Student Participation in Statewide Assessments

Student participation in state and locally required assessments is a parent/guardian choice. If you choose to have your student not participate in a statewide assessment, please provide a reason for your decision on the form. Contact your student's school to learn more about locally required assessments.

Consequences of Not Participating in Statewide Assessments

- The student will not receive an individual score. For ACCESS and Alternate ACCESS, the student would not have the opportunity to exit their English learner program.
- School and district assessment results will be incomplete, making it more difficult to have an accurate picture of student learning.
- Since all eligible students are included in some calculations even when they do not participate, school and district accountability results are impacted. This may affect the school's ability to be identified for support or recognized for success.

[education.mn.gov > Students and Families > Programs and Initiatives > Statewide Testing](https://education.mn.gov/Students-and-Families/Programs-and-Initiatives/Statewide-Testing)

Check with your local school or district to see if there are any other consequences for not participating.

Additional Information

- On average, students spend less than 1 percent of instructional time taking statewide assessments each year.
- Minnesota statutes limit the total amount of time students can spend taking other district- or school-wide assessments to 11 hours or less each school year, depending on the grade.
- School districts and charter schools are required to publish an assessment calendar on their website by the beginning of each school year. Refer to your district or charter school's website for more information on assessments.

(Note: This form is only applicable for the 20____ to 20____ school year.)

By completing this form, you are acknowledging that your student will not participate in statewide assessments and will not receive individual assessment results. This form must be returned to your student's school before the applicable test administration.

EAST HIGH SCHOOL ALMA MATER

We hail our Alma Mater, its glorious name we praise.
Each loyal son and daughter, too
A joyous song we'll raise.
Our birch trees white, our campus bright,
Our clear, blue northern sky
Will ever bring fond memories of our East High.

We fondly will remember, our lake of silvery blue
And near its shores, our Alma Mater, glorious to view.
We hold thee near; we hold thee dear.
We cherish every tie.
With reverence we will honor thee, our own East High

To faculty and classmates, we bid you fond farewell.
Our banners fly; our hopes are high; our thoughts will
always dwell.
Our memories dear, will bring a tear.
We'll often breathe a sigh.
We'll ne'er regret, we'll ne'er forget, our old East High.

MSBA/MASA Model Policy 507.5
Orig. 2024

Revised: _____

507.5 SCHOOL RESOURCE OFFICERS

[Note: The provisions of this policy substantially reflect statutory requirements. School districts utilizing school resource officers may choose to adopt this policy.]

I. PURPOSE

The purpose of this policy is to establish the contractual duties and training requirements of a school resource officer.

II. GENERAL STATEMENT OF POLICY

The school district, upon securing the services of one or more school resource officers, is committed to establishing the qualifications and duties required of these officers. Any contract for the services of a school resources officer with the school district must meet the requirements of this policy.

III. DEFINITIONS

- A. "School" means an elementary school, middle school or secondary school, as defined in Minnesota Statutes, section 120A.05, subdivisions 9, 11, and 13.
- B. "School Resource Officer" means a peace officer who is assigned to work in an elementary school, middle school, or secondary school during the regular instructional school day as one of the officer's regular responsibilities through the terms of a contract entered between the peace officer's employer and the designated school district or charter school.

IV. CONTRACTUAL DUTIES

- A. A school resource officer's contractual duties with the school district shall include:
 - 1. fostering a positive school climate through relationship building and open communication;
 - 2. protecting students, staff, and visitors to the school grounds from criminal activity;
 - 3. serving as a liaison from law enforcement to school officials;
 - 4. providing advice on safety drills;
 - 5. identifying vulnerabilities in school facilities and safety protocols;
 - 6. educating and advising students and staff on law enforcement topics; and,
 - 7. enforcement of criminal laws.
- B. The school district may contract with a school resource officer's employer for the officer to perform additional duties to those described in paragraph IV.A.
- C. A school resource officer must not use force or the authority of their office solely to

enforce school rules or policies or participate in the enforcement of discipline for violations of school rules.

- D. Nothing in this Article limits any other duty or responsibility imposed on peace officers; limits the expectation that peace officers will exercise professional judgment and discretion to protect the health, safety, and general welfare of the public when carrying out their duties; or creates a duty for school resource officers to protect students, staff, or others on school grounds that is different from the duty to protect the public as a whole.

V. TRAINING

- A. Except as provided for in paragraphs V.B., V.C., and V.D. below, beginning September 1, 2025, a peace officer assigned to serve as a school resource officer must complete a training course that provides instruction on the learning objectives identified in Minnesota Statutes, section 626.8482, subdivision 4 prior to assuming the duties of a school resource officer.
- B. A peace officer who has completed either the School Safety Center standardized Basic School Resource Officer Training or the National School Resource Officer Basic School Resource Officer course prior to September 1, 2025, must complete the training mandated under paragraph V.A. above before June 1, 2027. A peace officer covered under this paragraph may complete a supplemental training course approved by the board pursuant to Minnesota Statutes, section 626.8482, subdivision 4, paragraph (b), to satisfy the training requirement.
- C. If an officer's employer is unable to provide the required training course to the officer prior to the officer assuming the duties of a school resource officer, the officer must complete the required training within six months of assuming the duties of a school resource officer. ~~1155 — POLICE DEPARTMENT RELATIONSHIP~~

~~The schools have an obligation to cooperate with police officers in law enforcement and crime prevention. A cooperative climate shall be maintained between School District officials and law enforcement agencies. The schools also have an obligation to protect the legal rights of children who are in their charge. The purpose of this statement of policy is to clarify the responsibility of the principal when police officers want to interrogate a pupil in the course of their investigation of some violation of the law or wish to take a pupil into custody.~~

- ~~1. When a regular Duluth police officer, in the line of duty, makes a demand that a pupil accompany him to police headquarters for questioning, this constitutes technical arrest, and no teacher or principal has a right to interfere. Full responsibility is assumed by the arresting officer. The principal should notify the parents promptly. The arresting officer shall sign a form signifying that he is taking the student into custody.~~
- ~~2. This policy shall apply only to regular officers of the Duluth Police Department. No child shall be surrendered to a "special police officer" serving a private organization. There are circumstances under which a peace officer from some other jurisdiction can make an arrest even without a warrant. If an officer from outside Duluth seeks to arrest a pupil without a warrant, the principal should immediately notify the Duluth Police Department, which will send one of its own officers to make the actual arrest.~~
- ~~3. Agents of the Federal Government, Postal Inspectors, Treasury agents, and agents of the Federal Bureau of Investigation also have the power of arrest. Normally, their contacts with the school will be for the purpose of investigation, and they cooperate with the local police in making arrests. However, on occasion this authority may be exercised directly, and when they feel it necessary to take a student into their custody, they should sign a blank stating this and leave it with the school.~~
- ~~4. A student may be questioned by a police officer at the school in the presence of the principal or some person designated by him. The same opportunity shall be given to members of the Arson Squad, the sheriff or his deputy, and agents of the Federal Government.~~
- ~~5. Occasionally, other kinds of requests may be made by a police officer. Examples are: requesting a child to be a witness, or requesting that a child accompany the officer to the scene of a crime. The parent should be contacted before granting such requests unless it is established that the parent or guardian has given written consent.~~

~~2035 POLICE SCHOOL LIAISON OFFICERS~~

~~For the positions of Police School Officers, when mutually agreed upon by the School District and the City of Duluth, the candidates shall be selected by the Chief of Police, recommended by the Superintendent of Schools, and approved by the School Board. The principal of the school affected will consult with the Superintendent relative to the recommendation being made. It must be understood by all parties involved in the selection process of Police School Liaison Officers that the office must have a particular interest in children and an aptitude for working with them.~~

~~1130—GENERAL USE OF SCHOOL FACILITIES~~

~~The School Board, being aware of the large capital investment the community has in school facilities, has determined that the community should receive maximum return for this investment. The introduction of the community education program has been made in pursuit of this objective. The policy is further extended to the use of school buildings and facilities by community groups in the promotion of school, civic, or social goals, at no charge, subject to the following conditions:~~

- ~~4. Approved student groups will be given priority over adult groups.~~
- ~~5. Regular building custodial personnel are on duty and performing normal in-session activities.~~

~~School equipment may be used by non-school organizations or individuals. Removal of school equipment from buildings to which assigned, to be used for non-school purposes, is not authorized. The building principal and the Community Education Coordinator, in cooperation with the building engineer, will make final determination of adequacy of supervision. 205 OPEN MEETINGS AND CLOSED MEETINGS

I. PURPOSE

- A. The school board embraces accountability and transparency in the conduct of its business, in the belief that openness produces better programs, more efficient administration of programs, and an organization more responsive to public interest and less susceptible to private interest. The school board shall conduct its business under a presumption of openness. At the same time, the school board recognizes and respects the privacy rights of individuals as provided by law. The school board also recognizes that there are certain exceptions to the Minnesota Open Meeting Law as recognized in statute where it has been determined that, in limited circumstances, the public interest is best served by closing a meeting of the school board.
- B. The purpose of this policy is to provide guidelines to assure the rights of the public to be present at school board meetings, while also protecting an individual's rights to privacy under law, and to close meetings when the public interest so requires as recognized by law.

II. GENERAL STATEMENT OF POLICY

- A. Except as otherwise expressly provided by statute, all meetings of the school board, including executive sessions, shall be open to the public.
- B. Meetings shall be closed only when expressly authorized by law.

III. DEFINITION

"Meeting" means a gathering of at least a quorum of school board members—or quorum of a committee or subcommittee of school board members, at which members discuss, decide, or receive information as a group on issues relating to the official business of the school board. The term does not include a chance or social gathering or the use of social media by members of a public body so long as the social media use is limited to exchanges with all members of the general public. For purposes of the Open Meeting Law, social media does not include e-mail.

IV. PROCEDURES

- A. Meetings
 - 1. Regular Meetings

A schedule of the regular meetings of the school board shall be kept on file at the school district office. If the school board decides to hold a regular meeting at a time or place different from the time or place stated in its regular meeting schedule, it shall give the same notice of the meeting as for a special meeting.
 - 2. Special Meetings
 - a. For a special meeting, the school board shall post written notice of the date, time, place, and purpose of the meeting on the principal bulletin board of the school district or on the door of the school board's usual meeting room if there is no principal bulletin board. The school board's actions at the special meeting are limited to those topics included in the notice.
 - b. The notice shall also be mailed or otherwise delivered to each person

who has filed a written request for notice of special meetings. This notice shall be posted and mailed or delivered at least three days before the date of the meeting.

- c. As an alternative to mailing or otherwise delivering notice to persons who have filed a written request, the school board may publish the notice once, at least three days before the meeting, in the official newspaper of the school district or, if none, in a qualified newspaper of general circulation within the area of the school district.
- d. A person filing a request for notice of special meetings may limit the request to particular subjects, in which case the school board is required to send notice to that person only concerning those particular subjects.

3. Emergency Meetings

- a. An emergency meeting is a special meeting called because of circumstances that, in the school board's judgment, require immediate consideration.
- b. If matters not directly related to the emergency are discussed or acted upon, the minutes of the meeting shall include a specific description of those matters.
- c. The school board shall make good faith efforts to provide notice of the emergency meeting to each news medium that has filed a written request for notice if the request includes the news medium's telephone number.
- d. Notice of the emergency meeting shall be given by telephone or any other method used to notify the members of the school board.
- e. Notice shall be provided to each news medium which has filed a written request for notice as soon as reasonably practicable after notice has been given to the school board members.
- f. Notice shall include the subject of the meeting.
- g. Posted or published notice of an emergency meeting shall not be required.
- h. The notice requirements for an emergency meeting as set forth in this policy shall supersede any other statutory notice requirement for a special meeting that is an emergency meeting.

4. Recessed or Continued Meetings

If a meeting is a recessed or continued session of a previous meeting, and the time and place of the meeting was established during the previous meeting and recorded in the minutes of that meeting, then no further published or mailed notice is necessary.

5. Closed Meetings

The notice requirements of the Minnesota Open Meeting Law apply to closed meetings.

6. Actual Notice

If a person receives actual notice of a meeting of the school board at least twenty-four (24) hours before the meeting, all notice requirements are satisfied with respect to that person, regardless of the method of receipt of notice.

7. Meetings during Pandemic or Chapter 12 Emergency

In the event of a health pandemic or an emergency declared under Minnesota Statutes chapter 12, a meeting may be conducted by telephone or interactive technology in compliance with Minnesota Statutes section 13D.021.

8. Meetings by Interactive Technology

A meeting may be conducted by interactive technology, Zoom, Skype, or other similar electronic means in compliance with Minnesota Statutes section 13D.02.

B. Votes

The votes of school board members shall be recorded in a journal or minutes kept for that purpose. The journal or any minutes used to record votes of a meeting must be open to the public during all normal business hours at the school district's administrative offices.

C. Written Materials

1. In any open meeting, a copy of any printed materials, including electronic communications, relating to the agenda items of the meeting prepared or distributed by or at the direction of the school board or its employees and distributed to or available to all school board members shall be available in the meeting room for inspection by the public while the school board considers their subject matter.
2. This provision does not apply to materials not classified by law as public, or to materials relating to the agenda items of a closed meeting.

D. Open Meetings and Data

1. Meetings may not be closed to discuss data that are not public data, except as provided under Minnesota law.
2. Data that are not public data may be discussed at an open meeting if the disclosure relates to a matter within the scope of the school board's authority and is reasonably necessary to conduct the business or agenda item before the school board.
3. Data discussed at an open meeting retain the data's original classification; however, a record of the meeting, regardless of form, shall be public.

E. Closed Meetings

1. Labor Negotiations Strategy
 - a. The school board may, by a majority vote in a public meeting, decide

to hold a closed meeting to consider strategy for labor negotiations, including negotiation strategies or developments or discussion and review of labor negotiation proposals, conducted pursuant to Minnesota's Public Employment Labor Relations Act (PELRA)

- b. The time and place of the closed meeting shall be announced at the public meeting. A written roll of school board members and all other persons present at the closed meeting shall be made available to the public after the closed meeting. The proceedings of a closed meeting to discuss negotiation strategies shall be tape recorded, and the tape recording shall be preserved for two years after the contract discussed at the meeting is signed. The recording shall be made available to the public after all labor contracts are signed by the school board for the current budget period.

2. Sessions Closed by Bureau of Mediation Services

All negotiations, mediation meetings, and hearings between the school board and its employees or their respective representatives are public meetings. Mediation meetings may be closed only by the Commissioner of the Bureau of Mediation Services (BMS). The use of recording devices, stenographic records, or other recording methods is prohibited in mediation meetings closed by the BMS.

3. Preliminary Consideration of Allegations or Charges

The school board shall close one or more meetings for preliminary consideration of allegations or charges against an individual subject to its authority. If the school board members conclude that discipline of any nature may be warranted as a result of those specific charges or allegations, further meetings or hearings relating to those specific charges or allegations held after that conclusion is reached must be open. A meeting must also be open at the request of the individual who is the subject of the meeting. A closed meeting for this purpose must be electronically recorded at the expense of the school district, and the recording must be preserved for at least three years after the date of the meeting. The recording is not available to the public.

4. Performance Evaluations

The school board may close a meeting to evaluate the performance of an individual who is subject to its authority. The school board shall identify the individual to be evaluated prior to closing a meeting. At its next open meeting, the school board shall summarize its conclusions regarding the evaluation. A meeting must be open at the request of the individual who is the subject of the meeting. A closed meeting for this purpose must be electronically recorded at the expense of the school district, and the recording must be preserved for at least three years after the date of the meeting. The recording is not available to the public.

5. Attorney-Client Privilege Meeting

A meeting may be closed if permitted by the attorney-client privilege. Attorney-client privilege applies when litigation is imminent or threatened, or when the school board needs advice above the level of general legal advice,

for example, regarding specific acts and their legal consequences. A meeting may be closed to seek legal advice concerning litigation strategy, but the mere threat that litigation might be a consequence of deciding a matter one way or another does not, by itself, justify closing the meeting. The motion to close the meeting must specifically describe the matter to be discussed at the closed meeting, subject to relevant privacy and confidentiality considerations under state and federal law. The law does not require that such a meeting be recorded.

6. Dismissal Hearing

- a. A hearing on dismissal of a licensed teacher shall be public or private at the teacher's discretion. A hearing regarding placement of teachers on unrequested leave of absence shall be public.
- b. A hearing on dismissal of a student pursuant to the Pupil Fair Dismissal Act shall be closed unless the pupil, parent, or guardian requests an open hearing.
- c. To the extent a teacher or student dismissal hearing is held before the school board and is closed, the closed meeting must be electronically recorded at the expense of the school district, and the recording must be preserved for at least three years after the date of the meeting. The recording is not available to the public.

7. Coaches; Opportunity to Respond

- a. If the school board has declined to renew the coaching contract of a licensed or nonlicensed head varsity coach, it must notify the coach within fourteen (14) days of that decision.
- b. If the coach requests the reasons for the nonrenewal, the school board must give the coach its reasons in writing within ten (10) days of receiving the request. The existence of parent complaints must not be the sole reason for the school board not to renew a coaching contract.
- c. On the request of the coach, the school board must provide the coach with a reasonable opportunity to respond to the reasons at a school board meeting.
- d. The meeting may be open or closed at the election of the coach unless the meeting is closed as required by Minnesota Statutes section 13D.05 to discuss educational or certain other nonpublic data.
- e. A meeting closed for this purpose must be electronically recorded at the expense of the school district, and the recording must be preserved for at least three years after the date of the meeting. The recording is not available to the public.

8. Meetings to Discuss Certain Not Public Data

- a. Any portion of a meeting must be closed if the following types of data are discussed:

(1) data that would identify alleged victims or reporters of criminal sexual conduct, domestic abuse, or maltreatment of minors or vulnerable adults;

(2) active investigative data collected or created by a law enforcement agency;

(3) educational data, health data, medical data, welfare data, or mental health data that are not public data; or

(4) an individual's personal medical records.

b. A closed meeting must be electronically recorded at the expense of the school district, and the recording must be preserved for at least three years after the date of the meeting. The recording is not available to the public.

9. Purchase and Sale of Property

a. The school board may close a meeting:

(1) to determine the asking price for real or personal property to be sold by the school district;

(2) to review confidential or nonpublic appraisal data; and

(3) to develop or consider offers or counteroffers for the purchase or sale of real or personal property.

b. Before closing the meeting, the school board must identify on the record the particular real or personal property that is the subject of the closed meeting.

c. The closed meeting must be tape recorded at the expense of the school district. The tape must be preserved for eight years after the date of the meeting and be made available to the public after all real or personal property discussed at the meeting has been purchased or sold or the school board has abandoned the purchase or sale. The real or personal property that is the subject of the closed meeting must be specifically identified on the tape. A list of school board members and all other persons present at the closed meeting must be made available to the public after the closed meeting.

d. An agreement reached that is based on an offer considered at a closed meeting is contingent on its approval by the school board at an open meeting. The actual purchase or sale must be approved at an open meeting and the purchase price or sale price is public data.

10. Security Matters

a. The school board may close a meeting to receive security briefings and reports, to discuss issues related to security systems, to discuss emergency response procedures, and to discuss security deficiencies in

or recommendations regarding public services, infrastructure, and facilities, if disclosure of the information discussed would pose a danger to public safety or compromise security procedures or responses.

- b. Financial issues related to security matters must be discussed and all related financial decisions must be made at an open meeting.
- c. Before closing a meeting, the school board must refer to the facilities, systems, procedures, services, or infrastructures to be considered during the closed meeting.
- d. The closed meeting must be tape recorded at the expense of the school district and the recording must be preserved for at least four years.

11. Other Meetings

Other meetings shall be closed as provided by law, except as provided above. A closed meeting must be electronically recorded at the expense of the school district, and the recording must be preserved for at least three years after the date of the meeting. The recording is not available to the public.

F. Procedures for Closing a Meeting

The school board shall provide notice of a closed meeting just as for an open meeting. A school board meeting may be closed only after a majority vote at a public meeting. Before closing a meeting, the school board shall state on the record the specific authority permitting the meeting to be closed and shall describe the subject to be discussed.

C. Written Materials

1. In any open meeting, a copy of any printed materials, including electronic communications, relating to the agenda items of the meeting prepared or distributed by or at the direction of the school board or its employees and distributed to or available to all school board members shall be available in the meeting room for inspection by the public while the school board considers their subject matter.
2. This provision does not apply to materials not classified by law as public, or to materials relating to the agenda items of a closed meeting.

D. Open Meetings and Data

1. Meetings may not be closed to discuss data that are not public data, except as provided under Minnesota law.
2. Data that are not public data may be discussed at an open meeting if the disclosure relates to a matter within the scope of the school board's authority and is reasonably necessary to conduct the business or agenda item before the school board.
3. Data discussed at an open meeting retain the data's original classification; however, a record of the meeting, regardless of form, shall be public.

E. Closed Meetings

1. Labor Negotiations Strategy

- a. The school board may, by a majority vote in a public meeting, decide to hold a closed meeting to consider strategy for labor negotiations, including negotiation strategies or developments or discussion and review of labor negotiation proposals, conducted pursuant to Minnesota's Public Employment Labor Relations Act (PELRA)
- b. The time and place of the closed meeting shall be announced at the public meeting. A written roll of school board members and all other persons present at the closed meeting shall be made available to the public after the closed meeting. The proceedings of a closed meeting to discuss negotiation strategies shall be tape recorded, and the tape recording shall be preserved for two years after the contract discussed at the meeting is signed. The recording shall be made available to the public after all labor contracts are signed by the school board for the current budget period.

2. Sessions Closed by Bureau of Mediation Services

All negotiations, mediation meetings, and hearings between the school board and its employees or their respective representatives are public meetings. Mediation meetings may be closed only by the Commissioner of the Bureau of Mediation Services (BMS). The use of recording devices, stenographic records, or other recording methods is prohibited in mediation meetings closed by the BMS.

3. Preliminary Consideration of Allegations or Charges

The school board shall close one or more meetings for preliminary consideration of allegations or charges against an individual subject to its authority. If the school board members conclude that discipline of any nature may be warranted as a result of those specific charges or allegations, further meetings or hearings relating to those specific charges or allegations held after that conclusion is reached must be open. A meeting must also be open at the request of the individual who is the subject of the meeting. A closed meeting for this purpose must be electronically recorded at the expense of the school district, and the recording must be preserved for at least three years after the date of the meeting. The recording is not available to the public.

4. Performance Evaluations

The school board may close a meeting to evaluate the performance of an individual who is subject to its authority. The school board shall identify the individual to be evaluated prior to closing a meeting. At its next open meeting, the school board shall summarize its conclusions regarding the evaluation. A meeting must be open at the request of the individual who is the subject of the meeting. A closed meeting for this purpose must be electronically recorded at the expense of the school district, and the recording must be preserved for at least three years after the date of the meeting. The recording is not available to the public.

5. Attorney-Client Privilege Meeting

A meeting may be closed if permitted by the attorney-client privilege. Attorney-client privilege applies when litigation is imminent or threatened, or when the school board needs advice above the level of general legal advice, for example, regarding specific acts and their legal consequences. A meeting may be closed to seek legal advice concerning litigation strategy, but the mere threat that litigation might be a consequence of deciding a matter one way or another does not, by itself, justify closing the meeting. The motion to close the meeting must specifically describe the matter to be discussed at the closed meeting, subject to relevant privacy and confidentiality considerations under state and federal law. The law does not require that such a meeting be recorded.

6. Dismissal Hearing

- a. A hearing on dismissal of a licensed teacher shall be public or private at the teacher's discretion. A hearing regarding placement of teachers on unrequested leave of absence shall be public.
- b. A hearing on dismissal of a student pursuant to the Pupil Fair Dismissal Act shall be closed unless the pupil, parent, or guardian requests an open hearing.
- c. To the extent a teacher or student dismissal hearing is held before the school board and is closed, the closed meeting must be electronically recorded at the expense of the school district, and the recording must be preserved for at least three years after the date of the meeting. The recording is not available to the public.

7. Coaches; Opportunity to Respond

- a. If the school board has declined to renew the coaching contract of a licensed or nonlicensed head varsity coach, it must notify the coach within fourteen (14) days of that decision.
- b. If the coach requests the reasons for the nonrenewal, the school board must give the coach its reasons in writing within ten (10) days of receiving the request. The existence of parent complaints must not be the sole reason for the school board not to renew a coaching contract.
- c. On the request of the coach, the school board must provide the coach with a reasonable opportunity to respond to the reasons at a school board meeting.
- d. The meeting may be open or closed at the election of the coach unless the meeting is closed as required by Minnesota Statutes section 13D.05 to discuss educational or certain other nonpublic data.
- e. A meeting closed for this purpose must be electronically recorded at the expense of the school district, and the recording must be preserved for at least three years after the date of the meeting. The recording is not available to the public.

8. Meetings to Discuss Certain Not Public Data

- a. Any portion of a meeting must be closed if the following types of data are discussed:
- (1) data that would identify alleged victims or reporters of criminal sexual conduct, domestic abuse, or maltreatment of minors or vulnerable adults;
 - (2) active investigative data collected or created by a law enforcement agency;
 - (3) educational data, health data, medical data, welfare data, or mental health data that are not public data; or
 - (4) an individual's personal medical records.
- b. A closed meeting must be electronically recorded at the expense of the school district, and the recording must be preserved for at least three years after the date of the meeting. The recording is not available to the public.

9. Purchase and Sale of Property

- a. The school board may close a meeting:
- (1) to determine the asking price for real or personal property to be sold by the school district;
 - (2) to review confidential or nonpublic appraisal data; and
 - (3) to develop or consider offers or counteroffers for the purchase or sale of real or personal property.
- b. Before closing the meeting, the school board must identify on the record the particular real or personal property that is the subject of the closed meeting.
- c. The closed meeting must be tape recorded at the expense of the school district. The tape must be preserved for eight years after the date of the meeting and be made available to the public after all real or personal property discussed at the meeting has been purchased or sold or the school board has abandoned the purchase or sale. The real or personal property that is the subject of the closed meeting must be specifically identified on the tape. A list of school board members and all other persons present at the closed meeting must be made available to the public after the closed meeting.
- d. An agreement reached that is based on an offer considered at a closed meeting is contingent on its approval by the school board at an open meeting. The actual purchase or sale must be approved at an open meeting and the purchase price or sale price is public data.

10. Security Matters

- a. The school board may close a meeting to receive security briefings and reports, to discuss issues related to security systems, to discuss emergency response procedures, and to discuss security deficiencies in or recommendations regarding public services, infrastructure, and facilities, if disclosure of the information discussed would pose a danger to public safety or compromise security procedures or responses.
- b. Financial issues related to security matters must be discussed and all related financial decisions must be made at an open meeting.
- c. Before closing a meeting, the school board must refer to the facilities, systems, procedures, services, or infrastructures to be considered during the closed meeting.
- d. The closed meeting must be tape recorded at the expense of the school district and the recording must be preserved for at least four years.

11. Other Meetings

Other meetings shall be closed as provided by law, except as provided above. A closed meeting must be electronically recorded at the expense of the school district, and the recording must be preserved for at least three years after the date of the meeting. The recording is not available to the public.

F. Procedures for Closing a Meeting

The school board shall provide notice of a closed meeting just as for an open meeting. A school board meeting may be closed only after a majority vote at a public meeting. Before closing a meeting, the school board shall state on the record the specific authority permitting the meeting to be closed and shall describe the subject to be discussed.

205 OPEN MEETINGS AND CLOSED MEETINGS

[Note: The provisions of this policy accurately reflect Minnesota’s Open Meeting Law statutes and are not discretionary in nature.]

I. PURPOSE

- A. The school board embraces accountability and transparency in the conduct of its business, in the belief that openness produces better programs, more efficient administration of programs, and an organization more responsive to public interest and less susceptible to private interest. The school board shall conduct its business under a presumption of openness. At the same time, the school board recognizes and respects the privacy rights of individuals as provided by law. The school board also recognizes that there are certain exceptions to the Minnesota Open Meeting Law as recognized in statute where it has been determined that, in limited circumstances, the public interest is best served by closing a meeting of the school board.
- B. The purpose of this policy is to provide guidelines to assure the rights of the public to be present at school board meetings, while also protecting an individual’s rights to privacy under law, and to close meetings when the public interest so requires as recognized by law.

II. GENERAL STATEMENT OF POLICY

- A. Except as otherwise expressly provided by statute, all meetings of the school board, including executive sessions, shall be open to the public.
- B. Meetings shall be closed only when expressly authorized by law.

III. DEFINITION

“Meeting” means a gathering of at least a quorum of school board members—or quorum of a committee or subcommittee of school board members, at which members discuss, decide, or receive information as a group on issues relating to the official business of the school board. The term does not include a chance or social gathering or the use of social media by members of a public body so long as the social media use is limited to exchanges with all members of the general public. For purposes of the Open Meeting Law, social media does not include e-mail.

IV. PROCEDURES

A. Meetings

1. Regular Meetings

A schedule of the regular meetings of the school board shall be kept on file at the school district office. If the school board decides to hold a regular meeting at a time or place different from the time or place stated in its regular meeting schedule, it shall give the same notice of the meeting as for a special meeting.

2. Special Meetings

- a. For a special meeting, the school board shall post written notice of the date, time, place, and purpose of the meeting on the principal bulletin board of the school district or on the door of the school board's usual meeting room if there is no principal bulletin board. The school board's actions at the special meeting are limited to those topics included in the notice.
- b. The notice shall also be mailed or otherwise delivered to each person who has filed a written request for notice of special meetings. This notice shall be posted and mailed or delivered at least three days before the date of the meeting.
- c. As an alternative to mailing or otherwise delivering notice to persons who have filed a written request, the school board may publish the notice once, at least three days before the meeting, in the official newspaper of the school district or, if none, in a qualified newspaper of general circulation within the area of the school district.
- d. A person filing a request for notice of special meetings may limit the request to particular subjects, in which case the school board is required to send notice to that person only concerning those particular subjects.
- e. The school board will establish an expiration date on requests for notice of special meetings and require refiling once each year. Not more than sixty (60) days before the expiration date of request for notice, the school board shall send notice of the refiling requirement to each person who filed during the preceding year.

3. Emergency Meetings

- a. An emergency meeting is a special meeting called because of circumstances that, in the school board's judgment, require immediate consideration.

[Note: While the statute leaves the question to the board of whether the circumstances require immediate consideration at an emergency meeting, advisory opinions of the Minnesota Commissioner of Administration would limit such meetings to responding to natural disasters or health epidemics caused by an event such as an accident or terrorist attack.]

- b. If matters not directly related to the emergency are discussed or acted upon, the minutes of the meeting shall include a specific description of those matters.
- c. The school board shall make good faith efforts to provide notice of the emergency meeting to each news medium that has filed a written request for notice if the request includes the news medium's telephone number.
- d. Notice of the emergency meeting shall be given by telephone or any other method used to notify the members of the school board.
- e. Notice shall be provided to each news medium which has filed a written request for notice as soon as reasonably practicable after notice has been given to the school board members.

- f. Notice shall include the subject of the meeting.
- g. Posted or published notice of an emergency meeting shall not be required.
- h. The notice requirements for an emergency meeting as set forth in this policy shall supersede any other statutory notice requirement for a special meeting that is an emergency meeting.

4. Recessed or Continued Meetings

If a meeting is a recessed or continued session of a previous meeting, and the time and place of the meeting was established during the previous meeting and recorded in the minutes of that meeting, then no further published or mailed notice is necessary.

5. Closed Meetings

The notice requirements of the Minnesota Open Meeting Law apply to closed meetings.

6. Actual Notice

If a person receives actual notice of a meeting of the school board at least twenty-four (24) hours before the meeting, all notice requirements are satisfied with respect to that person, regardless of the method of receipt of notice.

7. Meetings during Pandemic or Chapter 12 Emergency

In the event of a health pandemic or an emergency declared under Minnesota Statutes chapter 12, a meeting may be conducted by telephone or interactive technology in compliance with Minnesota Statutes section 13D.021.

8. Meetings by Interactive Technology

A meeting may be conducted by interactive technology, Zoom, Skype, or other similar electronic means in compliance with Minnesota Statutes section 13D.02.

B. Votes

The votes of school board members shall be recorded in a journal or minutes kept for that purpose. The journal or any minutes used to record votes of a meeting must be open to the public during all normal business hours at the school district's administrative offices.

C. Written Materials

- 1. In any open meeting, a copy of any printed materials, including electronic communications, relating to the agenda items of the meeting prepared or distributed by or at the direction of the school board or its employees and distributed to or available to all school board members shall be available in the meeting room for inspection by the public while the school board considers their subject matter.
- 2. This provision does not apply to materials not classified by law as public, or to

materials relating to the agenda items of a closed meeting.

D. Open Meetings and Data

1. Meetings may not be closed to discuss data that are not public data, except as provided under Minnesota law.
2. Data that are not public data may be discussed at an open meeting if the disclosure relates to a matter within the scope of the school board's authority and is reasonably necessary to conduct the business or agenda item before the school board.
3. Data discussed at an open meeting retain the data's original classification; however, a record of the meeting, regardless of form, shall be public.

E. Closed Meetings

1. Labor Negotiations Strategy

- a. The school board may, by a majority vote in a public meeting, decide to hold a closed meeting to consider strategy for labor negotiations, including negotiation strategies or developments or discussion and review of labor negotiation proposals, conducted pursuant to Minnesota's Public Employment Labor Relations Act (PELRA)
- b. The time and place of the closed meeting shall be announced at the public meeting. A written roll of school board members and all other persons present at the closed meeting shall be made available to the public after the closed meeting. The proceedings of a closed meeting to discuss negotiation strategies shall be tape recorded, and the tape recording shall be preserved for two years after the contract discussed at the meeting is signed. The recording shall be made available to the public after all labor contracts are signed by the school board for the current budget period.

2. Sessions Closed by Bureau of Mediation Services

All negotiations, mediation meetings, and hearings between the school board and its employees or their respective representatives are public meetings. Mediation meetings may be closed only by the Commissioner of the Bureau of Mediation Services (BMS). The use of recording devices, stenographic records, or other recording methods is prohibited in mediation meetings closed by the BMS.

3. Preliminary Consideration of Allegations or Charges

The school board shall close one or more meetings for preliminary consideration of allegations or charges against an individual subject to its authority. If the school board members conclude that discipline of any nature may be warranted as a result of those specific charges or allegations, further meetings or hearings relating to those specific charges or allegations held after that conclusion is reached must be open. A meeting must also be open at the request of the individual who is the subject of the meeting. A closed meeting for this purpose must be electronically recorded at the expense of the school district, and the recording must be preserved for at least three years after the date of the meeting. The recording is not available to the public.

4. Performance Evaluations

The school board may close a meeting to evaluate the performance of an individual who is subject to its authority. The school board shall identify the individual to be evaluated prior to closing a meeting. At its next open meeting, the school board shall summarize its conclusions regarding the evaluation. A meeting must be open at the request of the individual who is the subject of the meeting. A closed meeting for this purpose must be electronically recorded at the expense of the school district, and the recording must be preserved for at least three years after the date of the meeting. The recording is not available to the public.

5. Attorney-Client Privilege Meeting

A meeting may be closed if permitted by the attorney-client privilege. Attorney-client privilege applies when litigation is imminent or threatened, or when the school board needs advice above the level of general legal advice, for example, regarding specific acts and their legal consequences. A meeting may be closed to seek legal advice concerning litigation strategy, but the mere threat that litigation might be a consequence of deciding a matter one way or another does not, by itself, justify closing the meeting. The motion to close the meeting must specifically describe the matter to be discussed at the closed meeting, subject to relevant privacy and confidentiality considerations under state and federal law. The law does not require that such a meeting be recorded.

6. Dismissal Hearing

- a. A hearing on dismissal of a licensed teacher shall be public or private at the teacher's discretion. A hearing regarding placement of teachers on unrequested leave of absence shall be public.
- b. A hearing on dismissal of a student pursuant to the Pupil Fair Dismissal Act shall be closed unless the pupil, parent, or guardian requests an open hearing.
- c. To the extent a teacher or student dismissal hearing is held before the school board and is closed, the closed meeting must be electronically recorded at the expense of the school district, and the recording must be preserved for at least three years after the date of the meeting. The recording is not available to the public.

7. Coaches; Opportunity to Respond

- a. If the school board has declined to renew the coaching contract of a licensed or nonlicensed head varsity coach, it must notify the coach within fourteen (14) days of that decision.
- b. If the coach requests the reasons for the nonrenewal, the school board must give the coach its reasons in writing within ten (10) days of receiving the request. The existence of parent complaints must not be the sole reason for the school board not to renew a coaching contract.
- c. On the request of the coach, the school board must provide the coach with a reasonable opportunity to respond to the reasons at a school board meeting.
- d. The meeting may be open or closed at the election of the coach unless the meeting is closed as required by Minnesota Statutes section

13D.05 to discuss educational or certain other nonpublic data.

- e. A meeting closed for this purpose must be electronically recorded at the expense of the school district, and the recording must be preserved for at least three years after the date of the meeting. The recording is not available to the public.

8. Meetings to Discuss Certain Not Public Data

- a. Any portion of a meeting must be closed if the following types of data are discussed:
 - (1) data that would identify alleged victims or reporters of criminal sexual conduct, domestic abuse, or maltreatment of minors or vulnerable adults;
 - (2) active investigative data collected or created by a law enforcement agency;
 - (3) educational data, health data, medical data, welfare data, or mental health data that are not public data; or
 - (4) an individual's personal medical records.
- b. A closed meeting must be electronically recorded at the expense of the school district, and the recording must be preserved for at least three years after the date of the meeting. The recording is not available to the public.

9. Purchase and Sale of Property

- a. The school board may close a meeting:
 - (1) to determine the asking price for real or personal property to be sold by the school district;
 - (2) to review confidential or nonpublic appraisal data; and
 - (3) to develop or consider offers or counteroffers for the purchase or sale of real or personal property.
- b. Before closing the meeting, the school board must identify on the record the particular real or personal property that is the subject of the closed meeting.
- c. The closed meeting must be tape recorded at the expense of the school district. The tape must be preserved for eight years after the date of the meeting and be made available to the public after all real or personal property discussed at the meeting has been purchased or sold or the school board has abandoned the purchase or sale. The real or personal property that is the subject of the closed meeting must be specifically identified on the tape. A list of school board members and all other persons present at the closed meeting must be made available to the public after the closed meeting.
- d. An agreement reached that is based on an offer considered at a closed meeting is contingent on its approval by the school board at an open

meeting. The actual purchase or sale must be approved at an open meeting and the purchase price or sale price is public data.

10. Security Matters

- a. The school board may close a meeting to receive security briefings and reports, to discuss issues related to security systems, to discuss emergency response procedures, and to discuss security deficiencies in or recommendations regarding public services, infrastructure, and facilities, if disclosure of the information discussed would pose a danger to public safety or compromise security procedures or responses.
- b. Financial issues related to security matters must be discussed and all related financial decisions must be made at an open meeting.
- c. Before closing a meeting, the school board must refer to the facilities, systems, procedures, services, or infrastructures to be considered during the closed meeting.
- d. The closed meeting must be tape recorded at the expense of the school district and the recording must be preserved for at least four years.

11. Other Meetings

Other meetings shall be closed as provided by law, except as provided above. A closed meeting must be electronically recorded at the expense of the school district, and the recording must be preserved for at least three years after the date of the meeting. The recording is not available to the public.

F. Procedures for Closing a Meeting

The school board shall provide notice of a closed meeting just as for an open meeting. A school board meeting may be closed only after a majority vote at a public meeting. Before closing a meeting, the school board shall state on the record the specific authority permitting the meeting to be closed and shall describe the subject to be discussed.

I. PURPOSE

The purpose of this policy is to provide guidance about the school district's position, rights, and responsibilities when a civil or criminal action is pending against the school district, or a school board member, school district employee, or student.

II. GENERAL STATEMENT OF POLICY

- A. The school district recognizes that, when civil or criminal actions are pending against a school board member, school district employee, or student, the school district may be requested or required to take action.
- B. In responding to such requests and/or requirements, the school district will take such measures as are appropriate to its primary mission of providing for the education of students in an environment that is safe for staff and students and is conducive to learning.
- C. The school district acknowledges its statutory obligations with respect to providing assistance to school board members and teachers who are sued in connection with performance of school district duties. Collective bargaining agreements and school district policies may also apply.

III. CIVIL ACTIONS

- A. Pursuant to Minnesota Statutes section 466.07, subdivision 1, the school district shall defend and indemnify any school board member or school district employee for damages in school-related litigation, including punitive damages, claimed or levied against the school board member or employee, provided that the school board member or employee was acting in the performance of the duties of the position and was not guilty of malfeasance, willful neglect of duty, or bad faith.
- B. Pursuant to Minnesota Statutes section 123B.25(b), with respect to teachers employed by the school district, upon written request of the teacher involved, the school district must provide legal counsel for any school teacher against whom a claim is made or action is brought for recovery of damages in any tort action involving physical injury to any person or property or for wrongful death arising out of or in connection with the employment of the teacher with the school district. The school district will choose legal counsel after consultation with the teacher.

C. Data Practices

Educational data and personnel data maintained by the school district may be sought as evidence in a civil proceeding. The school district will release the data only pursuant to the Minnesota Government Data Practices Act, Minnesota Statutes chapter 13 and to the Family Educational Rights and Privacy Act, 20 United States Code section 1232g, and related regulations. When an employee is subpoenaed and is expected to testify regarding educational data or personnel data, the employee will inform the building administrator or designated supervisor, who shall immediately inform the superintendent or designee. No school board member or employee may release data without consultation in advance with the school district official designated as the responsible authority for the collection, use, and dissemination of data.

D. Service of Subpoenas

School district officers and employees will normally not be involved in providing service of process for third parties in the school setting.

E. Leave to Testify

Leave for employees appearing in court, either when sued or under subpoena to testify, will be considered in accordance with school district personnel policies and applicable collective bargaining agreements.

IV. CRIMINAL CHARGES OR CONDUCT

A. Employees

1. The school district expects that its employees serve as positive role models for students. As role models for students, employees have a duty to conduct themselves in an exemplary manner.
2. If the school district receives information relating to activities of a criminal nature by an employee, the school district will investigate and take appropriate disciplinary action, which may include discharge, subject to school district policies, statutes, and provisions of applicable collective bargaining agreements.
3. Pursuant to Minnesota Statutes section 123B.02, subdivision 20, if reimbursement for a criminal defense is requested by a school district employee, the school board may, after consulting with its legal counsel, reimburse the employee for any costs and reasonable attorney fees incurred by the employee to defend criminal charges brought against the employee arising out of the performance of duties for the school district. The decision whether to reimburse shall be made in the school board's discretion. A school board member who is a witness or an alleged victim in the case may not vote on the reimbursement. If a quorum of the school board is disqualified from voting on the reimbursement, the reimbursement must be approved by a judge of the district court.

B. Students

The school district has an interest in maintaining a safe and healthful environment and in preventing disruption of the educational process. To promote that interest, the school district will take appropriate action regarding students convicted of crimes that relate to the school environment.

C. Criminal Investigations

1. The policy of the school district is to cooperate with law enforcement officials. The school district will make all efforts, however, to encourage law enforcement officials to question students and employees outside of school hours and off school premises unless extenuating circumstances exist, the matter being investigated is school-related, or as otherwise provided by law.
2. If questioning at school is unavoidable, the school district will attempt to maintain confidentiality to avoid embarrassment to students and employees and to avoid disruption of the educational program. The school district will attempt to notify parents of a student under age 18 that police will be questioning their child. Normally, the superintendent, principal, or other appropriate school official will be present during the interview, except as

otherwise required by law (Minnesota Statutes section 260E.22), or as otherwise determined in consultation with the parent or guardian.

D. Data Practices

The school district will release to juvenile justice and law enforcement authorities educational and personnel data only in accordance with Minnesota Statutes chapter 13 (Minnesota Government Data Practices Act) and 20 United States Code section 1232g (FERPA).

V. **STATEMENTS WHEN LITIGATION IS PENDING**

The school district recognizes that when a civil or criminal action is commenced or pending, parties to the lawsuit have particular duties in reference to persons involved or named in the lawsuit, as well as insurance carrier(s). Therefore, school board members or school district employees shall make or release statements in that situation only in consultation with legal counsel.

204 SCHOOL BOARD MEETING MINUTES

I. PURPOSE

The purpose of this policy is to establish procedures relating to the maintenance of records of the school board and the publication of its official proceedings.

II. GENERAL STATEMENT OF POLICY

It is the policy of the school district to maintain its records so that they will be available for inspection by members of the general public and to provide for the publication of its official proceedings in compliance with law.

III. MAINTENANCE OF MINUTES AND RECORDS

A. The clerk shall keep and maintain permanent records of the school board, including records of the minutes of school board meetings and other required records of the school board. All votes taken at meetings required to be open to the public pursuant to the Minnesota Open Meeting Law shall be recorded in a journal kept for that purpose. Public records maintained by the school district must be available for inspection by members of the public during the regular business hours of the school district. Minutes of meetings shall be available for inspection at the administrative offices of the school district after they have been prepared. Minutes of a school board meeting shall be approved or modified by the school board at a subsequent meeting, which action shall be reflected in the official proceedings of that subsequent meeting.

B. Recordings of Closed Meetings

1. All closed meetings, except those closed as permitted by the attorney-client privilege, must be electronically recorded at the expense of the school district. Recordings of closed meetings shall be made separately from the recordings of an open meeting, to the extent such meetings are recorded. If a meeting is closed to discuss more than one (1) matter, each matter shall be separately recorded.
2. School Board members and other participants in Executive Closed Session meetings are prohibited from bringing or using a recording device during such meetings.
3. Recordings of closed meetings shall be preserved by the school district for the following time periods:
 - a. Meetings closed to discuss labor negotiations strategy shall be preserved for two (2) years after the contract is signed.
 - b. Meetings closed to discuss security matters shall be preserved for at least four (4) years.
 - c. Meetings closed to discuss the purchase or sale of property shall be preserved for at least eight (8) years after the date of the meeting.
 - d. All other closed meetings shall be preserved by the school district for at least three (3) years after the date of the meeting.
 - e. Following the expiration of the above time periods, recordings of closed meetings shall be maintained as set forth in the school district's

Records Retention Schedule.

4. Recordings of closed meetings shall be classified by the school district as protected non-public data that is not accessible by the public or any subject of the data, with the following exceptions:
 - a. Recordings of labor negotiations strategy meetings shall be classified as public data and made available to the public after all labor contracts are signed by the school district for the current budget period.
 - b. Recordings of meetings related to the purchase or sale of property shall be classified as public data and made available to the public after all real or personal property discussed at the meeting has been purchased or sold or the school district has abandoned the purchase or sale.
 - c. Recordings of any other closed meetings shall be classified and/or released as required by court order.
5. Recordings of closed meetings shall be maintained separately from recordings of open meetings, to the extent recordings of open meetings are maintained by the school district, with the exception of recordings that have been classified as public data as set forth in Section III.B.4. above. Recordings of closed meetings classified as non-public data also shall be maintained in a secure location, separate from recordings classified as public data.
6. Recordings of closed meetings shall be maintained in a manner to easily identify the data classification of the recording. The recordings shall be identified with at least the following information:
 - a. The date of the closed meeting;
 - b. The basis upon which the meeting was closed (i.e.: labor negotiations strategy, purchase or sale of real property, educational data, etc.); and
 - c. The classification of the data.
7. Recordings of closed meetings related to labor negotiations strategy and the purchase or sale of property shall be maintained and monitored in a manner that reclassifies the recording as public upon the occurrence of an event reclassifying that data as set forth in Section III.B.4. above.

IV. PUBLICATION OF OFFICIAL PROCEEDINGS

- A. The school board shall cause its official proceedings to be published once in the official newspaper of the school district within thirty (30) days of the meeting at which the proceedings occurred; however, if the school board conducts regular meetings not more than once every thirty (30) days, the school board need not publish the minutes until ten (10) days after they have been approved by the school board.
- B. The proceedings to be published shall be sufficiently full to fairly set forth the proceedings. They must include the substance of all official actions taken by the school board at any regular or special meeting, and at minimum must include the subject matter of a motion, the persons making and seconding the motion, a listing of how each member present voted on the motion, the character of resolutions offered

including a brief description of their subject matter and whether adopted or defeated. The minutes and permanent records of the school board may include more detail than is required to be published with the official proceedings. If the proceedings have not yet been approved by the school board, the proceedings to be published may reflect that fact.

- C. The proceedings to be published may be a summary of the essential elements of the proceedings, and/or of resolutions and other official actions of the school board. Such a summary shall be written in a clear and coherent manner and shall, to the extent possible, avoid the use of technical or legal terms not generally familiar to the public. When a summary is published, the publication shall clearly indicate that the published material is only a summary and that the full text is available for public inspection at the administrative offices of the school district and that a copy of the proceedings, other than attachments to the minutes, is available without cost at the offices of the school district or by means of standard or electronic mail.

- C. The proceedings to be published may be a summary of the essential elements of the proceedings, and/or of resolutions and other official actions of the school board. Such a summary shall be written in a clear and coherent manner and shall, to the extent possible, avoid the use of technical or legal terms not generally familiar to the public. When a summary is published, the publication shall clearly indicate that the published material is only a summary and that the full text is available for public inspection at the administrative offices of the school district and that a copy of the proceedings, other than attachments to the minutes, is available without cost at the offices of the school district or by means of standard or electronic mail.

204 SCHOOL BOARD MEETING MINUTES BYLAW

I. PURPOSE

The purpose of this Bylaw is to establish procedures relating to the maintenance of records of the school board and the publication of its official proceedings.

II. GENERAL STATEMENT OF POLICY

It is the policy of the school district to maintain its records so that they will be available for inspection by members of the general public and to provide for the publication of its official proceedings in compliance with law.

III. MAINTENANCE OF MINUTES AND RECORDS

- A. The clerk shall keep and maintain permanent records of the school board, including records of the minutes of school board meetings and other required records of the school board. All votes taken at meetings required to be open to the public pursuant to the Minnesota Open Meeting Law shall be recorded in a journal kept for that purpose. Public records maintained by the school district shall be available for inspection by members of the public during the regular business hours of the school district. Minutes of meetings shall be available for inspection at the administrative offices of the school district after they have been prepared. Minutes of a school board meeting shall be approved or modified by the school board at a subsequent meeting, which action shall be reflected in the official proceedings of that subsequent meeting.
- B. Recordings of Closed Meetings
1. All closed meetings, except those closed as permitted by the attorney-client privilege, must be electronically recorded at the expense of the school district. Recordings of closed meetings shall be made separately from the recordings of an open meeting, to the extent such meetings are recorded. If a meeting is closed to discuss more than one (1) matter, each matter shall be separately recorded.
 2. School Board members and other participants in Executive Closed Session meetings are prohibited from bringing or using a recording device during such meetings.
 3. Recordings of closed meetings shall be preserved by the school district for the following time periods:
 - a. Meetings closed to discuss labor negotiations strategy shall be preserved for two (2) years after the contract is signed.
 - b. Meetings closed to discuss security matters shall be preserved for at least four (4) years.
 - c. Meetings closed to discuss the purchase or sale of property shall be preserved for at least eight (8) years after the date of the meeting.
 - d. All other closed meetings shall be preserved by the school district for at least three (3) years after the date of the meeting.
 - e. Following the expiration of the above time periods, recordings of closed meetings shall be maintained as set forth in the school district's

Records Retention Schedule.

4. Recordings of closed meetings shall be classified by the school district as protected non-public data that is not accessible by the public or any subject of the data, with the following exceptions:
 - a. Recordings of labor negotiations strategy meetings shall be classified as public data and made available to the public after all labor contracts are signed by the school district for the current budget period.
 - b. Recordings of meetings related to the purchase or sale of property shall be classified as public data and made available to the public after all real or personal property discussed at the meeting has been purchased or sold or the school district has abandoned the purchase or sale.
 - c. Recordings of any other closed meetings shall be classified and/or released as required by court order.
5. Recordings of closed meetings shall be maintained separately from recordings of open meetings, to the extent recordings of open meetings are maintained by the school district, with the exception of recordings that have been classified as public data as set forth in Section III.B.3. above. Recordings of closed meetings classified as non-public data also shall be maintained in a secure location, separate from recordings classified as public data.
6. Recordings of closed meetings shall be maintained in a manner to easily identify the data classification of the recording. The recordings shall be identified with at least the following information:
 - a. The date of the closed meeting;
 - b. The basis upon which the meeting was closed (i.e.: labor negotiations strategy, purchase or sale of real property, educational data, etc.); and
 - c. The classification of the data.
7. Recordings of closed meetings related to labor negotiations strategy and the purchase or sale of property shall be maintained and monitored in a manner that reclassifies the recording as public upon the occurrence of an event reclassifying that data as set forth in Section III.B.3. above.

IV. PUBLICATION OF OFFICIAL PROCEEDINGS

- A. The school board shall cause its official proceedings to be published once in the official newspaper of the school district within thirty (30) days of the meeting at which the proceedings occurred; however, if the school board conducts regular meetings not more than once every thirty (30) days, the school board need not publish the minutes until ten (10) days after they have been approved by the school board.
- B. The proceedings to be published shall be sufficiently full to fairly set forth the proceedings. They must include the substance of all official actions taken by the school board at any regular or special meeting, and at minimum must include the subject matter of a motion, the persons making and seconding the motion, a listing of how each member present voted on the motion, the character of resolutions offered

including a brief description of their subject matter and whether adopted or defeated. The minutes and permanent records of the school board may include more detail than is required to be published with the official proceedings. If the proceedings have not yet been approved by the school board, the proceedings to be published may reflect that fact.

- C. The proceedings to be published may be a summary of the essential elements of the proceedings, and/or of resolutions and other official actions of the school board. Such a summary shall be written in a clear and coherent manner and shall, to the extent possible, avoid the use of technical or legal terms not generally familiar to the public. 507 CORPORAL PUNISHMENT AND PRONE RESTRAINT

I. PURPOSE

The purpose of this policy is to describe limitations on the use of corporal punishment and prone restraint upon a student.

II. GENERAL STATEMENT OF POLICY

No employee or agent of the school district shall inflict corporal punishment or use prone restraint upon a student except as provided below.

III. DEFINITIONS

1. "Corporal punishment" means conduct involving:
 - a. hitting or spanking a person with or without an object; or
 - b. unreasonable physical force that causes bodily harm or substantial emotional harm.
2. "Employee or agent of the district" does not include a school resource officer as defined in Minnesota Statutes, section 626.8482, subdivision 1. paragraph (c).
3. "Prone restraint" means placing a child in a face-down position.

IV. PROHIBITIONS

1. An employee or agent of a district shall not inflict corporal punishment or cause corporal punishment to be inflicted upon a pupil to reform unacceptable conduct or as a penalty for unacceptable conduct.
2. An employee or agent of the school district shall not use prone restraint.
3. An employee or agent of a district shall not inflict any form of physical holding that restricts or impairs a pupil's ability to breathe; restricts or impairs a pupil's ability to communicate distress; places pressure or weight on a pupil's head, throat, neck, chest, lungs, sternum, diaphragm, back, or abdomen; or results in straddling a pupil's torso.
4. Conduct that violates this Article is not a crime under Minnesota Statutes, section 645.241, but may be a crime under Minnesota Statutes, chapter 609 if the conduct violates a provision of Minnesota Statutes, chapter 609. Conduct that violates IV.1 above is not per se corporal punishment under the statute. Nothing in this Minnesota Statutes, section 121A.58 or 125A.0941 precludes the use of reasonable force under Minnesota Statutes, section 121A.582. The use of reasonable force as set forth in Section V does not authorize conduct prohibited pursuant to Minnesota Statutes, section 125A.0942.

V. REASONABLE FORCE

1. Reasonable force may be used upon or toward the person of another without the other's consent when used by a teacher, school principal, school employee, school bus driver, or other agent of the school in the exercise of lawful authority, to restrain a

child or pupil to prevent bodily harm or death to the child, pupil, or another.

2. Reasonable force may be used upon or toward the person of a child without the child's consent when used by a teacher, school principal, school employee, school bus driver, other agent of the district, or other member of the instructional, support, or supervisory staff upon or toward a child or pupil when necessary to restrain the child or pupil to prevent bodily harm or death to the child, pupil, or another pursuant to Minnesota Statutes, section 609.379. Nothing in section 609.379 limits any other authorization to use reasonable force including but not limited to authorizations under Minnesota Statutes, section 121A.582, subdivision 1, and section 609.06, subdivision 1.
3. A teacher school principal, and other school staff may use reasonable force under the conditions set forth in Policy 506 (Student Discipline).

VI. VIOLATION

Employees who violate the provisions of this policy shall be subject to disciplinary action as appropriate. Any such disciplinary action shall be made pursuant to and in accordance with applicable statutory authority, collective bargaining agreements and school district policies. Violation of this policy may also result in civil or criminal liability for the employee.

Family & Community Engagement Efforts Update

By: Shalon Monroe and Adelle Wellens

Connecting Throughout the School Year

- Duluth S.T.E.M Event on Saturday, May 18th.
- Duluth Loves to Read event (co-assisted by Sally Weident and the Duluth Public Library staff members) on Saturday, May 11th.
- Teen Day at the Duluth Public Library– Downtown Branch on Thursday, May 16th.

Donation/Sponsorship Update for Unity In Our Community

- The 2024 Unity in Our Community planning is underway and Monday, August 19th will be here before we know it.
- Many local and beyond the Twin Ports businesses have been connected and asked if they would like to help in sponsoring the event and there have been some responses and donations as there is a 4-6 week timeline for others to respond.
- There are fundraising opportunities that are in place through the next two months with Texas Roadhouse and Chipotle.
- Forty-three businesses have responded to our Booth and Performance Registration. A link to that and our volunteer registration are available with the booth registration ending on Monday, July 22nd.
- We have a "<https://www.givemn.org/story/Duluth-Unity>" website that is set up if individuals would like to donate.

Bipoc Parent Bi-Weekly Meeting

- Every second Thursday of the month at the Washington Center, BIPOC parents and guardians come together to share concerns about their children's education and community concerns.
- Throughout my time attending meetings, I, along with the Superintendent Magas had the chance to hear and have deep and meaningful conversations about ways that parents would like to interact within the schools and help to build that connection between families and the many resources that the district offers.
- Parents and guardians got to speak with the Superintendent Magas and learn about the form technology referendum and have time to have an open dialog about some of the group principles, mission statement, and more.
- Attending the group has allowed me to get more insight into life for our students and families outside of our school halls. It helps to understand and break down those misunderstandings/misconceptions in conversations.

2023 vs 2024 Community Engagement Outlook

- Family and Community Engagement in the Fall of 2023 scored 0% as is displayed below. These scores come from the SEMI-MnMTSS Review.
- Engagement can look different from many different angles, however, many factors can change from family involvement, communications, providing resources (big and small), focus groups, creating a warm and welcoming atmosphere, and so much more.
- Adelle and I have weekly sessions, where they look at different family engagement support systems from different research groups and school districts on how they break down and build up family and community support.

Message from the Assistant Superintendent

Dear families and students,

As we embark on a new school year, I want to extend a warm welcome to all of our students, families, and staff.

At our school, we believe that every student should feel seen, heard, and valued for who they are. We recognize that our students come from diverse backgrounds and have unique experiences, beliefs, and identities. We also acknowledge that systemic barriers and discrimination continue to impact marginalized communities, and we are committed to addressing these issues.

We are also committed to ongoing dialogue and feedback from our students, families, and community members. We encourage you to share your thoughts, concerns, and suggestions with us so that we can continue to improve and grow.

At our school, we are committed to promoting diversity, equity, and inclusion in everything we do. We believe that by working together with families, we can create a school community that is truly inclusive and supportive of all students.

Thank you for your support and partnership in this important work.

Educationally yours,

PHILOSOPHY OF LEARNING

Duluth Public Schools strives to create a safe, equitable and welcoming environment that fosters growth in relationships, academics, social-emotional competency and life skills. We believe it is important to develop the unique potential of each student by providing quality, challenging, engaging, and differentiated instructional opportunities in order to establish a foundation for lifelong success that result in positive contributions to our community and wider society. We believe that each student, staff member, parent/guardian, and community member add value to our school community and that engagement and collaboration with all stakeholders is of utmost importance in our student's education and success. We work to ensure that we are empowering students to be leaders, problem-solvers, and innovators throughout their education. We continue to make it a priority that we are delivering flexible and culturally responsive instruction so that each student receives an education that aligns with best practice, current research, and state/national standards.

OUR BELIEFS ABOUT AND COMMITMENTS TO EQUITY

Educational equity is the condition of justice, fairness and inclusion in our systems of education so that all students have access to the opportunities to learn and develop to their fullest potentials. The pursuit of educational equity recognizes the historical conditions and barriers that have prevented opportunity and success in learning for students based on their races, genders, sexual orientations, incomes, and other social conditions. Creating greater equitable outcomes depends upon having inclusive policies and equitable practices that represent all students and staff and provide each student and staff increased access to allow for meaningful participation in high-quality learning and working experiences where each student and staff realizes positive outcomes. We recognize the importance of continuous ongoing work to address racism, sexism, bias, and equity in district policies and practices. This is challenging work that must be of the highest priority in order for our district to achieve its vision for all.

PART I – INFORMATION

Arrival and Dismissal Hours

An elementary student instructional day is from 7:45-2:15. In general student arrival will begin 15 minutes prior and bus departure begins within 10 minutes following the instructional day.

The middle school instructional day is from 8:40-3:19. The entry bell rings at 8:40 AM and bus departure is within 10 minutes following the instructional day. Any school sponsored after school activities run from 3:30-4:15 on identified days. An after school activity bus is provided and departs at 4:25. The middle school day is in an A/B block model, which can be found on the calendar.

The high school regular instructional day is from 8:50-3:29. The high schools have a 7-period day with an extended 3rd period for school announcements. Each class will be 47 minutes long.

Please see your student's school website for specific details on the school day, arrival and dismissal procedures and after school activities.

Individual building hours are determined by event and staffing capabilities.

Calendar

The school calendar is adopted annually by the school board. A copy of the school calendar can be found in the Appendix and on the school district's website at www.isd709.org/calendar.

Class Assignments

Class assignments will be communicated through the Back to School information that is sent from your student's school mid to late August. Parents can access teacher placement information in the parent portal of Infinite Campus at duluthmn.infinitecampus.org/campus/portal/duluth.jsp

Complaints

Students, parents/guardians, employees, or other persons may report concerns or complaints to the school district. Complaints may be either written or oral. People are encouraged, but not required, to file a written complaint at the building level where appropriate. The appropriate administrator will respond in writing to the complaining party regarding the school district's response to the complaint. An example flow chart to have concerns addressed would be as follows:

Any staff member, parent or student, who feels the Student Code of Conduct was not followed properly in regards to discipline has a right to make a complaint to the Director of Elementary Teaching, Learning and Equity Brenda Spartz or Director of Secondary Teaching, Learning and Equity Jen Larva.

E-Learning Plan

What is an e-learning day?

- Refers to an instructional school day that takes place when students are physically not at the school due to inclement weather situations.
- Instruction and communication happens online for some students while others may have assignments and resources sent home with them.
- Teachers are available to provide assistance to students and parents via email and/or phone via voicemail.
- Up to 5 e-learning days may be used for weather related school cancellations.

What are the goals of e-learning days?

- Provide flexible delivery of instruction to minimize the disruption to education caused by any unexpected weather related school closings.
- Gives 6-12th grade students the opportunity to practice the kind of online learning that is increasingly part of college and the workplace.
- Enables students to apply becoming increasingly responsible for their learning.

How will ²⁷⁹the district notify families?

Families must be notified of the plan at the beginning of the school year and prior to an e-learning day occurring. Some ways this information may be communicated are:

- Student Handbooks
- District website
- Conferences
- Open House

In addition, there will be an automated message delivered to parents via phone and/or email soon after it is determined that the district will be moving to e-learning due to inclement weather. The recorded message will state whether or not e-learning will be executed on that day. Messages will also be communicated to local news and reporting outlets to share with the schools' communities.

How does an e-learning day work?

- Preschool students will have work assigned by their teachers, which will be age appropriate with instruction and resources sent home.
- K-5th grade students will have grade appropriate Choice Boards assigned by their teachers.
- 6-12th grade students will have a combination of work assigned for all classes scheduled for that day in either digital or hard copy formats depending on the requirements of each teacher and the status of a student's Internet access.
- Students with special circumstances and needs such as those on IEPs will be addressed by their case managers in conjunction with their classroom teacher(s).
- Teachers will be available by email and/or phone via voicemail for students and families from 9:15AM-2:15PM.
- Due dates for work completed on an e-learning day will be determined by each classroom teacher as the nature of assignments will vary.

What happens if a family chooses not to participate on an e-learning day?

A family that chooses to not participate on an e-learning day will have their child marked as an excused absence for that day.

Internet Access

Parents and students in 6-12th grades MUST inform teachers if there is no Internet access or limited Internet access at home so required modifications to assignments can be planned prior to an e-learning day.

Administrators are responsible for:

- Being available by phone via voicemail and/or email.
- Actively interacting and supporting teachers and parents as needed.
- Ensuring E-Learning Day Plan is posted online and communicated through newsletters.
- Monitoring teacher attendance and compliance with the E-Learning Day Plan.

Teachers are responsible for:

- Familiarizing students with their delivery method, type of assignments, and expectations of instruction prior to an e-learning day.
- Collaborating to make sure workload is appropriate and addresses each student's needs. Homeroom, specialists, intervention, special education, and content specific teachers will all contribute to a child's instruction on an e-learning day as appropriate.
- Including elements of instruction to address the requirements of interventions, IEPs for special education students and the needs of students with 504 accommodations if applicable.
 - This should be coordinated with case managers, academic support teachers, and certified support staff (Title I, EL, intervention teachers, dean of students, social workers, counselors, school nurse).
- Being available by phone via voicemail and/or email for student and parent communication from 9:15AM to 2:15PM.
- **Grades PreK-5:**
 - Ensuring parents are informed of Choice Board use on e-learning days and that Choice Boards are uploaded on the appropriate student communication tool prior to the first e-learning day.
- **Grades 6-12:**
 - Posting assigned work in Canvas by 9:15 AM on an e-learning day, if it has not already been assigned.
 - Sharing office hours on the Canvas class page.
 - Ensuring instruction and assignments are meaningful, monitored, and important to students.
 - Must include some type of instruction; cannot be a catch-up work day
 - However, review lessons & activities are okay
 - Lessons/activities should take most students no more than 20 minutes to complete
 - Students on 504s and IEPs will follow same accommodations with e-learning activities as they would if in the classroom
 - Being aware of each 6-12th grade student's access to adequate Internet service at home.
 - With prior communication, any student without Internet access at home should receive an alternative delivery method for instruction such as paper/pen versions of digital content with any hard copy textbooks if necessary for support to complete work.
 - Teachers can also have students download content prior to leaving the day prior to an anticipated e-learning day.

Parents are responsible for:

- Verifying student attendance according to the expectations of the teacher(s).
- Seeking clarification from teachers regarding expectations on an e-learning day.

- Informing teachers if there is not adequate Internet at home for students in grades 6th-12th as assignments may need access. Teachers can provide alternatives to digital content as well as other accommodations if necessary.
- Supporting your child at home on an e-learning day. If your child struggles with a concept or assignment and is unable to complete work, please encourage your child to communicate with the teacher, who should then follow up when returning to school.

Students are responsible for:

- Completing and submitting work as assigned by the teacher(s).
- Accounting for their attendance according to the requirements of their grade and/or teacher(s).
- Communicating with their teacher about lack of Internet access at home for students in grades 6th-12th.

Addition information for e-learning:

- If there are no weather related school cancellations, no part of this plan will be executed.

Eighteen-Year-Old Students

The age of majority for most purposes in Minnesota is 18 years of age. All students, regardless of age, are governed by the rules for students provided in school district policy and this handbook.

Employment Background Checks

The school district will seek criminal history background checks for all applicants who receive an offer of employment with the school district. The school district also will seek criminal history background checks for all individuals, except enrolled student volunteers, who are offered the opportunity to provide athletic coaching services or other extracurricular academic coaching services to the school district, regardless of whether compensation is paid. These positions include, but are not limited to, all athletic coaches, extracurricular academic coaches, assistants, and advisors. The school district may elect to seek criminal history background checks for other volunteers, independent contractors, and student employees.

Equal Access to School Facilities

The school district has created a limited open forum for secondary students to conduct non curriculum-related meetings during non instructional time. The school district will not discriminate against or deny equal access or a fair opportunity on the basis of the religious, political, philosophical, or other content of the speech at such meetings. These limited open forum meetings will be voluntary and student initiated; will not be sponsored by school employees or agents; employees or agents of the school will be present at religious meetings only in a non participatory capacity; the meetings will not interfere with the orderly conduct of educational activities within the school; and nonschool persons will not direct, control, or regularly attend activities of student groups. All meetings under this provision must follow the procedures established by the school district.

Fees

Materials that are part of the basic educational program are provided with state, federal, and local funds at no charge to a student. Students are expected to provide their own pencils, pens, paper, erasers, notebooks, and other personal items. If families are unable to provide the necessary supplies please reach out to your school for assistance.

Students may be required to pay certain other fees or deposits, including (not an inclusive list):

- Admission fees or charges for extracurricular activities, where attendance is optional and where the admission fees or charges a student must pay to attend or participate in an extracurricular activity are the same for all students, regardless of whether the student is enrolled in a public or a home school.
- Cost for materials for a class project that exceeds minimum requirements and is kept by the student.
- Security deposits for the return of materials, supplies, or equipment.
- Personal physical education and athletic equipment and apparel.
- Items of personal use or products that a student has an option to purchase such as student publications, class rings, annuals, and graduation announcements.
- Field trips considered supplementary to the district's educational program.
- Admission fees or costs to attend or participate in optional extracurricular activities and programs.
- Voluntarily purchased student health and accident insurance.
- Use of musical instruments owned or rented by the school district.
- A school district-sponsored driver or motorcycle education training course.
- Transportation to and from school for students living within 1 mile of school.
- Transportation of students to and from optional extracurricular activities or post-secondary instruction conducted at locations other than school.

Students will be charged for textbooks, workbooks, and library books that are lost or destroyed. The school district may waive a required fee or deposit if the student and parent/guardian are unable to pay. For more information, contact the building principal.

Food in the Classrooms

As stated in District Policy 533 Wellness:

Student wellness will be a consideration for all foods offered, but not sold, to students on the school campus. Caution will be exercised when offering foods that may cause allergic reactions or adversely impact students with health conditions, including those foods provided through:

- Celebrations and parties. A celebration or party is a special and enjoyable occasion (birthdays, holidays, etc.). The school district will provide a list of healthy party ideas to families and staff, including non-food celebration ideas.
- Classroom snacks to be distributed to the class. A snack is food eaten between meals to supplement the nutritional needs of students intended to make a positive contribution to the child's health and diet. The school district will provide to parents, families and staff a list of suggested foods and beverages that meet Smart Snacks nutrition standards.
- Please contact your child's teacher or building administrator for guidance on bringing food or treats to the classroom.

Fundraising

All fundraising activities conducted by student groups and organizations and/or parent groups must be approved in advance by the school board. School District regulation 511R details the procedure for garnering approval through Business Services. Participation in non approved fundraising activities is a violation of school district policy. Solicitations of students or employees by students for nonschool-related activities will not be allowed during the school day. The fundraising request form can be found at isd709.org/about-us/departments/business-finance.

Gifts to Employees

Employees are not allowed to solicit gifts and are discouraged from accepting or receiving gifts from a student, parent, or other individual or organization of greater than nominal value. Parents/guardians and students are encouraged to write letters and notes of appreciation or to give small tokens of gratitude.

Graduation Ceremony Participation and Dress Code

Student participation in the graduation ceremony is a privilege, not a right. Students who have completed the requirements for graduation are allowed to participate in graduation exercises, unless participation is denied for appropriate reasons, which may include discipline. Graduation exercises are under the control and direction of the building principal(s). Each high school will communicate the guidelines for graduation ceremonies with seniors and families.

Students enrolled in ALC or AEO but who spent most of their high school years at Denfeld and East are welcome to participate in those ceremonies. However, these students must inform Denfeld and East offices of their intent to participate no later than February 1 of the graduation year. It is important to note that the school where the student completed requirements is still the school issuing the official diploma.

The commencement dress code embraces that in all cultures, there are traditions for various celebrations of accomplishment. We recognize the many different ways families acknowledge accomplishments. The graduation commencement in our schools is no different. Our goal is to be culturally responsive to the needs of all students as we balance unique differences with the long-held traditions of graduation in the Duluth Public Schools.

- Caps, gowns, and tassels are purchased by the school. Students who purchase alternative tassels must wear one issued to them by the school during the ceremony.
- Only district approved stoles, cords, pins, and medals are permitted. These are limited to:
 - Student Service Leadership medals provided by sites.
 - Honor Society cords and/or stoles.
 - Academic honor distinctions issued by the school. These may include alternative colored tassels, pins, cords, or medals as determined by the site.
 - Stoles issued to Native American students by the American Indian Education Department.
 - Cords provided to Upward Bound participants.
 - Stoles provided by the Black Student Association.
 - Stoles provided by Military Service organizations for students who have enlisted.
- Additions of Tribal regalia, items of cultural significance, and religious items are encouraged. Examples include feathers, decorated stoles, beadwork on caps, and religious head coverings.
- American Indian students are welcomed to wear American Indian regalia, Tribal regalia, or objects of cultural significance to graduation ceremonies. No staff member is to prohibit American Indian students from the wearing of these items in accordance with Minnesota State Statute 124D.792.
- Other than exceptions previously described, the school-issued cap and gown are part of the school tradition being preserved. No decorating (sparkles, puff paint, etc.) the cap or gown until AFTER commencement.
- We will have "emergency" replacements to borrow at commencement if something happens to the school issued items or if a student is in violation of the dress code detailed here.
- Students and families are encouraged to contact the building principal well in advance of commencements with any questions.

Holiday Celebrations and Parties

³⁰²
School administrators and teachers will show sensitivity to students and families with varied cultural and religious beliefs. At times, schools and classrooms

may plan events and activities to celebrate heritage months and holidays. Please contact your child's teachers for procedures in excusing students from these celebrations.

Interviews of Students by Outside Agencies

Students may not be interviewed during the school day by persons other than a student's parents/guardians or school district officials, employees, and/or agents, except as provided by law and/or school policy.

Library and Media Center

The library/media center is open during regular instructional hours. Students may use the library/media center during the school day and before and after school only when a supervisor is present.

Lunch

Lunch is to be eaten in designated areas only. Lunch times vary by classroom and/or grade level. Students will be notified of their assigned lunchtime on the first day of school. Breakfast and lunch meals, (students must take the whole meal) will be provided for free to all students, regardless of economic status. Students may be able to purchase a second lunch or a la carte items, if available, with their positive balance meal account. Students may bring a prepared lunch from home and milk will be available for purchase to supplement lunches brought from home.

Details on negative account balances can be found in Appendix K. Any parent wishing to get a refund from a meal account or transfer it to another student, should contact Child Nutrition at childnutrition@isd709.org. Off-campus lunch is determined by school.

Messages to Students

Personal cell phone use during the instructional day is discouraged and often prohibited. Students should leave their cell phones off (including smart watches and blu tooth earbuds) and in their lockers or at home during the school day. We ask families to help by reinforcing this message at home.

Our buildings have landline phones in every class and office space so that an urgent message can be delivered to a student during the day. Please contact the school for further directions for contacting your child.

Nondiscrimination

The school district is committed to inclusive education and providing an equal educational opportunity for all students. The school district does not discriminate on the basis of race, color, creed, religion, national origin, sex, marital status, parental status, status with regard to public assistance, disability, sexual orientation, including gender identity and expression, or age in its programs and activities. The school board has designated Assistant Superintendent Anthony Bonds, 709 Portia Johnson Drive, Duluth MN 55811, 218-336-8739 as the district's human rights officer to handle inquiries regarding nondiscrimination.

Notice of Violent Behavior by Students

The school district will give notice to teachers and other appropriate school district staff before students with a history of violent behavior are placed in their classrooms. Prior to giving this notice, district officials will inform the student's parent or guardian that the notice will be given. The student's parents/guardians have the right to review and challenge their child's records, including the data documenting the history of violent behavior.

Parent and Teacher Conferences

Parent and teacher conferences will be held twice per year. Conference dates are set by individual buildings. For more information, contact the site clerical.

Parent Volunteers

Parents/guardians are welcome in the schools and are encouraged to volunteer in their children's classrooms. To volunteer in the school building or classroom, parents/guardians should contact the building principal. Parents/guardians who visit the school should sign in at the main school office before entering a classroom. The use of volunteers is at the discretion of each building's professional staff. Parent volunteers will be asked to complete a background check and will be notified once they are received and reviewed. For more information, contact the building principal.

Pledge of Allegiance

³²³ Students will recite the Pledge of Allegiance to the flag of the United States of America once a week. Any person who does not wish to participate in reciting the Pledge of Allegiance for any personal reason may elect not to do so. Students must respect another person's right to make that choice. Students will also receive

instruction in the proper etiquette toward, correct display of, and respect for the flag.

Schedule

A schedule is needed to ensure smooth operation of the school. The daily school schedule is often building specific and within the building principal's authority to determine. Please see your school counselor or building principal for information on daily class schedules and schedule adjustments.

School Activities

The school district provides opportunities for students to pursue special interests that contribute to their physical, mental, and emotional health. Formal instruction is the school district's priority.

Students who participate in school-sponsored activities are expected to responsibly represent the school and community. All rules pertaining to student conduct and student discipline apply to school activities.

All spectators at school-sponsored activities are expected to behave appropriately. Students and employees may be subject to discipline. Parents/guardians and other spectators may be subject to sanctions for inappropriate, illegal, or unsportsmanlike behavior at these activities or events.

The Duluth School District is a member of the Minnesota State High School League (MSHSL). Students who participate in MSHSL activities must abide by the MSHSL rules. The district will enforce all MSHSL rules during the school year and in the summer as applicable.

Employees who conduct MSHSL activities will cover applicable rules, penalties, and opportunities with students and parents/guardians prior to the start of an activity. For more information about the MSHSL rules and student eligibility requirements, contact your school Activity Director or refer to www.mshsl.org.

School Closing Procedures

School may be canceled when the superintendent believes severe weather or other circumstances threaten the safety of students and employees. The decision to close or delay the start of school due to severe weather is made prior to 5 a.m. All families will receive a call, text and/or email through our emergency messaging system if school is closed or delayed. If possible, a decision will be made the night before so families, especially those with elementary age students, have enough time to make alternative plans for their children in the event of weather-related school closings. Please visit www.isd709.org/weather for more information.

Searches

In the interest of student safety and to ensure that schools are drug free, district authorities may conduct searches. Students violate school policy when they carry contraband on their person or in their personal possessions or store contraband in desks, lockers, or vehicles parked on school property. "Contraband" means any unauthorized item, the possession of which is prohibited by school district policy and/or law. If a search yields contraband, school officials will seize the item(s) and, when appropriate, give the item(s) to legal officials for ultimate disposition. Students found to be in violation of this policy are subject to discipline in accordance with the school district's "Student Discipline" policy, which may include suspension, exclusion, expulsion, and, when appropriate, the student may be referred to legal officials.

Lockers and Personal Possessions Within a Locker

Under Minnesota law, school lockers are school district property. At no time does the school district relinquish its exclusive control of lockers provided for students' convenience. School officials may inspect the interior of lockers for any reason at any time, without notice, without student consent, and without a search warrant.

Students' personal possessions within a school locker may be searched only when school officials have a reasonable suspicion that the search will uncover evidence of a violation of law or school rules. As soon as practicable after the search of a student's personal possessions, the school officials will provide notice of the search to students whose lockers were searched, unless disclosure would impede an ongoing investigation by police or school officials.

Desks

School desks are school district property. At no time does the school district relinquish its exclusive control of desks provided for students' convenience. School officials may inspect the interior of desks for any reason at any time, without notice, without student consent, and without a search warrant.

Personal Possessions and Student's Person

The personal possessions of a student and/or a student's person may be searched when school officials have a reasonable suspicion that the search will uncover a violation of law or school rules. The search will be reasonable in its scope and intrusiveness.

Vehicles on Campus

Patrols and Inspections

School officials may conduct routine patrols of student parking lots and other school district locations and routine inspections of the exteriors of the motor vehicles of students. Such patrols and inspections may be conducted without notice, without student consent, and without a search warrant.

Search of the Interior of a Student's Motor Vehicle

The interior of a student's motor vehicle, including the glove and trunk compartments, in a school district location may be searched when school officials have a reasonable suspicion that the search will uncover a violation of law and/or school policy or rule. The search will be reasonable in its scope and intrusiveness. Such searches may be conducted without notice, without consent, and without a search warrant. A student will be subject to loss of parking privileges and to discipline if the student refuses to open a locked motor vehicle or its compartments under the student's control upon a school official's request.

Student Publications and Materials

The school district's policy is to protect students' free speech rights while, at the same time, preserving the district's obligation to provide a learning environment that is free of disruption. All school publications are under the supervision of the building principal and/or sponsor. Non-school-sponsored publications may not be distributed without prior approval.

Distribution of Non-school-Sponsored Materials on School Premises

The school district recognizes that students and employees have the right to express themselves on school property. This protection includes distributing non-school-sponsored material, subject to school district regulations and procedures, at a reasonable time and place and in a reasonable manner. For detailed information, see the complete "Distribution of Non-school-Sponsored Materials on School Premises by Students and Employees" policy (Appendix B).

School-Sponsored Student Publications

The school district may exercise editorial control over the style and content of student expression in school-sponsored publications and activities. Faculty advisors shall supervise student writers to ensure compliance with the law and school district policies. Students producing official school publications and participating in school activities will be under the supervision of a faculty advisor and the school principal. "Official school publications" means school newspapers, yearbooks, or material produced in communications, journalism, or other writing classes as part of the curriculum. Expression in an official school publication or school-sponsored activity is prohibited when the material:

- Is obscene to minors;
- Is libelous or slanderous;
- Advertises or promotes any product or service not permitted for minors by law;
- Encourages students to commit illegal acts or violate school regulations or substantially disrupts the orderly operation of school or school activities;
- Expresses or advocates sexual, racial, or religious harassment or violence or prejudice;
- Is distributed or displayed in violation of time, place, and manner regulations.

Expression in an official school publication or school-sponsored activity is subject to school district editorial control over the style and content when the school district's actions are reasonably related to legitimate pedagogical concerns. Official school publications may be distributed at reasonable times and locations.

Student Records

Student records are classified as public, private, or confidential. State and federal laws protect student records from unauthorized inspection or use and provide parents/guardians and eligible students with certain rights. For the purposes of student records, an "eligible" student is one who is 18 or older or who is enrolled in an institution of post-secondary education. For more information on the rights of parents/guardians and eligible students regarding student records, see "Student Records" (Appendix C). A complete copy of the school district's "Protection and Privacy of Pupil Records" policy may be obtained at the Office of the Superintendent or on the website at www.isd709.org/about-us/policies.

Student Surveys

Occasionally, the school district utilizes surveys to obtain student opinions and information about students. For complete information on the rights of parents/guardians and eligible students about conducting surveys, collection and use of information for marketing purposes, and certain physical examinations, see "Student Surveys" (Appendix D). A complete copy of the school district's "Student Surveys" policy may be obtained at the Office of the Superintendent or on the website at www.isd709.org/about-us/policies.

Transportation of Public School Students

The school district will provide transportation, at the expense of the school district, for all resident students who live one mile or more from the school. Transportation will be provided on all regularly scheduled school days or make-up days. Transportation will not be provided during the summer school break, except in certain circumstances. The school district will not provide transportation for students whose transportation privileges have been revoked or have been voluntarily surrendered by the students' parent or guardian. See additional discipline procedures in the Code of Conduct section.

Extracurricular Transportation

The school district may provide transportation for students to and from extracurricular activities. To the extent the school district provides extracurricular transportation, the district may charge a fee for transportation of students to and from extracurricular activities and optional field trips at locations other than school.

Video and Audio Recording

School Buses

All school buses used by the school district may be equipped for the placement and operation of a video camera. The school district will post a notice in a conspicuous location informing students that their conversations or actions may be recorded. The school district may use a video recording of the actions of student passengers as evidence in any disciplinary action arising from the students' misconduct on the bus.

Places Other Than Buses

The school district buildings and grounds may be equipped with video cameras. Video surveillance may occur in any school district building or on any school district property.

PART II — ACADEMICS

Alternative Educational Opportunities

Some students may be at risk of not continuing or completing their educational programs. The school district provides alternative learning options for students at risk of not succeeding in school. Alternative educational opportunities may include special tutoring, diversified curriculum and instruction, instruction through electronic media, special education services, homebound instruction, and enrollment in an alternative learning center, among others. A list of the alternative learning options is available on the district's website at www.isd709.org/academics/special-education and/or alc.isd709.org. Students and parents/guardians with questions about these programs should contact the Special Services or ALC.

Homework

Homework assignments are made by the teachers. The amount of homework varies by teacher and subject area. The school district asks parents/guardians to encourage their child(ren) to complete homework thoroughly and promptly.

Cheating and Plagiarism

Cheating and plagiarism are prohibited. Students who cheat or commit plagiarism on any test or assignment will be given a failing grade for that test or assignment and will be disciplined in accordance with the school district's "Student Discipline" policy (Appendix E).

Dropping Classes or Removing a Student from Class

- Semester Courses (such as Health, Physical Education, Psychology)
 - » Students will have ten school days after the start of the first grade period to drop without penalty.
- Sequential / Yearlong Semester Courses (such as English, Geometry, American History)
 - » 1st and 2nd Semester: Students will have ten school days after the start of the first grade period to drop without penalty.

Students who drop a class after the deadline above will have a transcript with a record of their credit(s) attempted and credits earned. The student will receive no credit and will receive a grade of "I". The grade point average will be permanently affected since this would be a credit attempt, but no credit earned.

Any student removed from a class due to excessive truancies or absences will receive no credit and a permanent "I" grade. The grade point average will be permanently affected since this would be credit attempted, but no credit earned.

Extended School Year Opportunities

The school district provides extended school year opportunities to a student who is the subject of an Individualized Education Program (IEP) if the student's IEP team determines the services are necessary during a break in instruction in order to provide a free and appropriate public education. For more information on extended school year opportunities for students with an IEP, contact the student's case manager.

Field Trips

Field trips may be offered to supplement student learning in which students voluntarily participate and, if so, students who participate may be charged. Students will not be required to pay for instructional trips that take place during the school day, relate directly to a course of study, and require student participation.

Grades

Elementary Report Card

Duluth Public Schools implements a standards based report card for elementary students. Report cards are issued once each semester. Family Report Card Guides and as well as activities that can be done at home to support learning are available for grades K-5 at your child's school or online at www.isd709.org/academics/grading-and-reporting/elementary-report-card. The report cards are designed to report on each child's performance in relation to specific criteria. The goals of standards based report cards include the ability to:

- Reflect academic achievement
- Provide meaningful feedback
- Be honest, fair, transparent, credible, useful, and user friendly
- Be aligned with the Duluth Public Schools curriculum
- Reflect consistency among courses, grade levels, departments, and schools
- Separate non-academic factors like participation or effort

The following numbers and descriptors are used to report progress:

4 — Mastering

The student exhibits knowledge and understanding of the concepts, skills, and processes the standard requires and can readily apply this knowledge in a variety of settings.

3 — Meeting

The student has a thorough knowledge, understanding, and application of the concepts, skills, and processes the standard requires. A score of three meets grade level expectations.

2 — Developing

The student is gaining understanding of the concepts, skills, and processes the standard requires, but has not been able to consistently demonstrate the learning.

1 — Beginning

The student is just starting to understand the concepts, skills, and processes the standard requires and needs consistent support.

Middle School Report Card

Students in grades 6-8 receive letter grades to report academic progress. Report cards for grades 6-8 are issued four times per year. You may access your student's grades by going to: <https://duluthmn.infinitecampus.org/campus/portal/duluth.jsp>.

- A full schedule (100 % enrolled) is 6 classes with What I Need (WIN) Advisory, per semester.
- WIN/Advisory participation is a mandatory part of every student's schedule. It is an abbreviated class and may not be replaced by an online learning class.
- OEMS & LPMS physical education & music classes are considered ½ semester classes since they meet every other day.

High School Report Card

Students in grades 9-12 receive letter grades to report academic progress in the following manner, exceptions may be given for Honors, AP, or CITS classes.

- Report cards for grades 9-12 are issued four times per year.
- Credits are awarded at the semester level.
- Final semester grades are calculated as follows: quarter A grade (43%) plus quarter B grade (43%) plus final exam (14%) = Final Semester Grade.

- A student's Grade Point Average (GPA) is calculated using whole grades, meaning plus and minus do not impact GPA.
- A full schedule is 6 credit bearing courses with a mandatory What I Need (WIN) Advisory.
- A student may participate in 50% online learning courses and still be considered enrolled in their resident district.
- You may access your student's grades by going to: <https://duluthmn.infinitecampus.org/campus/portal/duluth.jsp>.

Families can monitor current scores through the Canvas learning management system. Students who participate in advanced coursework such as Honors, AP, PSEO, CITS, or other rigorous opportunities may have different grading guidelines as a result of the course requirements. For specifics, please refer to the course syllabus or cooperating postsecondary institution for details.

There are a few exceptions in high school concurrent and dual enrollment classes where letter grades may be required and high schools must work with their post-secondary partners on completion requirements. Please refer to your school for more information.

Middle School and High School Grades

The following percentages are used for both middle and high school grading:

- A (90-100%) Excellent
- B (80-89%) Very Good
- C (70-79%) Satisfactory
- D (60-69%) Passed
- F (Below 60%) Fail

Graduation Requirements

Students must meet all course credit requirements and graduation standards, as established by the state and the school board, in order to graduate from Duluth Public Schools. Graduating high school students need 21.5 in 2024 and 22.5 in 2025 and beyond. Early Graduation

Students may be considered for early graduation after meeting the conditions provided in school district policy.

Graduation Procedures

- Duluth Public Schools students attending AEO or ALC may request to walk through the graduation ceremony where they previously attended prior to enrolling in AEO or ALC
- AEO and ALC staff will request information from their students regarding where the students plan to walk at the end of Semester 1
- ALC principal will provide the names of students at the start of Semester 2 to East or Denfeld in order to order graduation materials for students
- Final grades for AEO and ALC students must be to Denfeld and East by 8:00am Monday the week of graduation
- Students will receive a diploma from the school they attend at least 50% the last semester of 12th grade year

Postsecondary Enrollment Options (PSEO)

Postsecondary Enrollment Options (PSEO) is a program that allows 10th-, 11th- and 12th-grade students to earn both high school and college credit while still in high school, through enrollment in and successful completion of college nonsectarian courses at eligible participating postsecondary institutions. Most PSEO

courses are offered on the campus of the postsecondary institution; some courses are offered online. Each participating college or university sets its own admissions requirements for enrollment into the PSEO courses. Eleventh and 12th-grade students may take PSEO courses on a full- or part-time basis; 10th graders are eligible to enroll in PSEO on a more limited basis (see note below). Students must meet the PSEO residency and eligibility requirements and abide by participation limits specified in Minnesota Statutes, section 124D.09. If a school district determines a pupil is not on track to graduate, she/he may continue to participate in PSEO on a term by term basis. Information about PSEO and more information can be found at education.mn.gov/MDE/dse/ccs/pseo.

Promotion and Retention

All students are expected to achieve an acceptable level of proficiency. Students who achieve at an acceptable level will be promoted to the next grade level at the completion of the school year. Retention of a student may be considered when professional staff and parents/guardians feel that it is in the best interest of the student. The superintendent's decision will be final. The district has a variety of services to help students succeed in school. For more information, contact the school principal.

Multi-Tiered System of Supports (MTSS)

Duluth Public Schools implements a Multi-Tiered System of Supports to ensure needs of all learners are addressed. Every school has a team of staff dedicated to supporting student success. There are academic, social, emotional, and behavioral supports available at each school. Contact your child's teacher or principal for more information.

Summer School

The school district may provide summer school learning opportunities through the Duluth Area Learning Center. There are two options for summer school: seat-based summer school or credit recover through online classes. For more information about summer school, contact your counselor.

E-Squared

As part of the district's MTSS (Multiple Tiered Systems of Support) initiative to accelerate the performance of all students, we offer supplemental services in conjunction with other interventions and extensions for 3rd-5th grade students throughout the district. We use universal screeners to identify the highest 10% of grades 3-5 at each elementary site in math and ELA (English Language Arts). We then provide at least 10 hours per qualified subject area of intervention courses. These subject specific units offer project-based learning opportunities that focus on extending the grade-level standards and allow students the opportunity to collaborate, communicate and think critically with a small cohort of high achieving peers. All students have the opportunity to qualify for either or both math and ELA services.

English Language Learner Program

The English Language Learner (ELL) Program serves students who:

1. First spoke a language other than English, come from homes where a language other than English is usually spoken, or do not use English as a primary language

- AND -

2. Lack the necessary English skills to fully participate in classes taught in English

If you think your child requires ELL services, please contact your student's building principal. Immersion Language Programs

Duluth Public Schools is providing high quality language instruction in two different elementary immersion programs. Families interested in enrolling their child/children in the Misaabekong Ojibwe Immersion Program or Nueva Vision Spanish Immersion Program should contact Lowell Elementary School at 218-336-8895.

Parent Right to Know

If a parent requests it, the school district will provide information regarding the professional qualifications of his/her child's classroom teachers, including, at a minimum, the following:

1. Whether the teacher has met state qualifications and licensing criteria for the grade levels and subject areas in which the teacher provides instruction;
2. Whether the teacher is teaching under emergency or other provisional licensing status through which state qualification or licensing criteria have been waived;
3. The baccalaureate degree major of the teacher and any other graduate certification or degree held by the teacher, and the field of discipline of the certification or degree;
4. Whether the student is provided services by paraprofessionals and, if so, their qualifications.

In addition, the school district will provide parents with information as to the level of achievement of their child in each of the state academic assessments. The school district will provide notice to parents if their child has been assigned to, or taught for four or more consecutive weeks by, a teacher who is not highly qualified.

PART III — RULES AND DISCIPLINE

Misbehavior by one student can disrupt the learning process for many other students. In addition, students must learn to practice good safety habits, value academic honesty, respect the rights of others, and obey the law. For detailed information on the Student Code of Conduct and consequences for violations, see the “Student Discipline” policy (Appendix E).

Attendance

Regular school attendance is directly related to success in academic work, benefits students socially, provides opportunities for important communications between teachers and students, and establishes regular habits of dependability. For detailed information, see the “Student Attendance” policy (Appendix F).

Bullying Prohibition

The school district is committed to providing a safe and respectful learning environment for all students. Acts of bullying, in any form, by either an individual student or a group of students, are prohibited on school district property, at school-related functions or activities, on school transportation, and by misuse of technology. For detailed information, see the school district’s “Bullying Prohibition” policy (Appendix G).

Conduct on School Buses and Consequences for Misbehavior

Riding the school bus is a privilege, not a right. The school district’s general student behavior rules are in effect for all students on school buses, including nonpublic and charter school students. The school district will not provide transportation for students whose transportation privileges have been revoked.

The school district is committed to transporting students in a safe and orderly manner. To accomplish this, student riders are expected to follow school district rules for waiting at a school bus stop and for riding on a school bus.

While waiting for the bus or after being dropped off at a school bus stop, all students must comply with the following rules:

- Get to the bus stop five minutes before your scheduled pick up time. The school bus driver will not wait for late students.
- Respect the property of others while waiting at the bus stop.
- Keep your arms, legs, and belongings to yourself.
- Use appropriate language.
- Stay away from the street, road, or highway when waiting for the bus.
- Wait until the bus stops before approaching the bus.
- After getting off the bus, move away from the bus.
- If you must cross the street, always cross in front of the bus where the driver can see you. Wait for the driver to signal to you before crossing the street.
- No fighting, harassment, intimidation, or horseplay.
- No use of alcohol, tobacco, or drugs.

While riding a school bus, all riders must comply with the following rules:

- Follow the driver’s directions at all times.
- Remain seated facing forward while the bus is in motion.
- Talk quietly and use appropriate language.
- Keep all parts of your body inside the bus.
- Keep arms, legs, and belongings to yourself and out of the aisle.
- Treat everyone with kindness and keep your hand to yourself..
- Keep all objects to yourself.
- Avoid eating, drinking, or use of alcohol, tobacco, or drugs.
- Do not bring any weapons or dangerous objects on the school bus.
- Take care of the bus and not damage the school bus.

Consequences for school bus/bus stop misconduct will be imposed by the school district under administrative discipline procedures. All school bus/bus stop misconduct will be reported to the school district’s transportation safety director. Serious misconduct may be reported to local law enforcement. For further information on busing behavioral procedures see under Code of Conduct section.

Cell Phones and Other Electronic Communication Devices

The Duluth Public Schools holds high expectations for student behavior, academic integrity, and responsible use of existing and emerging technologies. Students who possess cell phones and other personal electronic devices at school or school-sponsored events shall demonstrate the greatest respect for the educational environment and for the rights and privacy of all individuals within the school community.

At Duluth Public Schools every school participates in Away for the Day, which means that students will not have access to their cell phones from first bell to last bell. We ask that families help by reinforcing this message at home. As always, our school has a landline phone in every class and office space so that a message can be delivered to a student during the day.

Students who have earbuds in, cellphones out of their locker or smart watches on during the school day will be asked to leave their devices at home for the remainder of the quarter.

Students also are prohibited from using a cell phone or other electronic communication device to engage in conduct prohibited by school district policies including, but not limited to, cheating, bullying, harassment, and malicious and sadistic conduct. If the school district has a reasonable suspicion that a student has violated a school rule or law by use of a cell phone or other electronic communication device, the school district may search the device. The search of the device will be reasonably related in scope to the circumstances justifying the search. Students who use an electronic communication device during the school day and/or in violation of school district policies may be subject to disciplinary action pursuant to the school district's discipline policy. In addition, a student's cell phone or electronic communication device may be confiscated by the school district and, if applicable, provided to law enforcement. Cell phones or other electronic communication devices that are confiscated and retained by the school district will be returned in accordance with school building procedures.

Cell phone and camera use is prohibited in all bathrooms, locker rooms, and other areas where a student's privacy could be violated.

Discipline

Misbehavior by one student can disrupt the learning process for many other students. In addition, students must learn to practice good safety habits, value academic honesty, respect the rights of others, and obey the law. For detailed information on the Student Code of Conduct and consequences for violations, see the "Student Discipline" policy (Appendix E).

Dress and Appearance

The staff, students, parents, and the Duluth Public Schools community recognized the importance and necessity for students' attire to be respectful and appropriate for school. To ensure effective and equitable enforcement of this dress code, school staff shall enforce the dress code consistently and in a manner that does not reinforce or increase marginalization or oppression of any group based on race, sex, gender identity, gender expression, sexual orientation, ethnicity, religion, cultural observance, household income or body type/size. Duluth Public Schools expects that all students will dress in a way that is appropriate for the school day or for any school sponsored event. Student dress choices should respect the District's intent to sustain a community that is inclusive of a diverse range of identities.

The primary responsibility for a student's attire resides with the student and their parent(s) or guardian(s). The school district supports student attire that reflects their personal style and identity; that fosters a welcoming, safe, and respectful environment for all students, and the dress code celebrates and embraces the diversity and inclusion of any group based on race, sex, gender identity, gender expression, sexual orientation, ethnicity, religion, cultural observance, household income, or body type/size as long as it doesn't interfere with the health, safety, and educational opportunities for students. Any restrictions to the way a student dresses must be necessary to support the overall educational goals of the school and must be explained within this dress code.

For detailed information on dress and appearance, see the "Student Dress and Appearance Policy" (Appendix L).

Drug-Free School and Workplace

The possession and use of alcohol, controlled substances, and toxic substances are prohibited at school or in any other school location before, during, or after school hours. Paraphernalia associated with controlled substances also is prohibited. The school district will discipline or take appropriate action against anyone who violates this policy.

District policy is not violated when a person brings a controlled substance that has a currently accepted medical treatment use onto a school location for personal use if the person has a physician's prescription for the substance except marijuana is not allowed on school property even if prescribed. Students who have prescriptions must comply with the school district's "Student Medication" policy. The school district will provide an instructional program in every elementary and secondary school on chemical abuse and the prevention of chemical dependency.

Harassment and Violence Prohibition

The school district strives to maintain a learning and working environment free from harassment and violence on the basis of race, color, creed, religion,

national origin, sex, gender, age, marital status, familial status, status with regard to public assistance, sexual orientation, or disability. The school district prohibits any form of harassment or violence on the basis of race, color, creed, religion, national origin, sex, gender, age, marital status, familial status, status with regard to public assistance, sexual orientation, or disability. Detailed information on the school district's "Harassment and Violence Prohibition" policy is included in this handbook (Appendix H).

Harassment, Violence, and Bullying Behavior

Duluth Public Schools is committed to creating and maintaining a learning and working environment where all individuals are treated with respect and dignity. Every individual has the right to learn/work in an environment free of harassment, violence, and bullying behavior.

Prevention — Preventing harassment, violence, and bullying behavior before it happens is always best. Prevention keeps us from experiencing adverse experiences in the first place, helps us focus on teaching and learning, and is an efficient and effective use of resources. Efforts to intentionally develop a positive school climate and create positive relationships will work to prevent harassment, violence, and bullying behavior. Furthermore, academic success is directly related to school engagement and school engagement associated with peer and adult support and relationships. Nothing has a more positive impact in the life of a child than positive relationships.

Suicide Prevention — The mental health of students in Duluth Public Schools is important. Mental health is defined as how a person thinks, feels, and acts in regards to their emotional, psychological and social well-being. It helps determine how we handle stress, relate to others, and make choices. One way you can maintain good mental health is by getting professional help when you need it. Sometimes a person may experience an emotional crisis and be in need of support now. The 988 Suicide and Crisis Lifeline provides free 24/7 confidential support for people in distress. If you or someone you know needs support now, call or text 988 or chat 988Lifeline.org. Duluth Public Schools, as part of state licensing, also provides educators with training opportunities to recognize the signs and symptoms of early onset child and adolescent mental illness as well as suicide prevention.

Preparation — Preparing students, staff, and families for adverse experiences is also an important part of creating safe and welcoming environments for everyone. We should know what to do and have a plan in place to do it well. Preparation includes teaching students about these behaviors, the roles that people fulfill in an incident, what to do, and how to report it.

Response — When harassment, violence, or bullying behavior is reported or witnessed, responses include telling the person to stop, creating separation and safety, investigating incidents, planning and implementing interventions, and informing others. Each situation is unique and may require different and unique interventions, including student conferencing, parent involvement, school discipline, connection to other resources, and restorative practices.

Recovery — Even when prevention is done well and we prepare and respond effectively, students may still benefit from support and assistance in recovering from incidents of harassment, violence, and bullying behavior. Helping students recover may look different from child to child and from school to school. Schools have resources available in a crisis and can help families connect to on-going supports in the community. All schools have co-located mental health services. The focus of recovery is to return students back to regular school activity in a safe and welcoming environment.

Positive Behavioral Interventions and Supports (PBIS) — Positive Behavioral Interventions and Supports (PBIS) is an evidenced-based framework for proactive teaching of social emotional and behavioral instruction as well as supporting all students' social, emotional and behavioral needs. This approach helps schools create and sustain effective and culturally-inclusive environments that support academic and social, emotional and behavioral success for all students. Duluth Public Schools uses PBIS foundations to teach school-wide expectations and social emotional learning for all students. PBIS also positively recognizes students who meet those expectations. Additional social, emotional, or behavioral supports are provided to students as needed to ensure that students receive the services they need to meet the social emotional behavioral standards as set forth by the Minnesota Department of Education. PBIS also encourages the use of non-exclusionary discipline approaches such as utilizing a restorative approach for addressing student behavioral challenges.

Within each school, the following systems and practices are foundational to PBIS implementation:

- Each school creates clear and consistent school-wide expectations that promote positive behavior. These expectations, which reflect the school community, values and culture, are defined, taught, modeled, reinforced and (when necessary) retaught.
- Schools also use data to guide how they teach and reinforce the expectations for individual students, groups of students, whole classrooms and school-wide.
- Social emotional learning skills are taught to all students.
- A continuum of evidence-based interventions is integrated and utilized to support the social, emotional, and behavioral success of all students.
- Data is used to identify students in need of additional social, emotional or behavioral support and match them to interventions or support needed.
- A school climate survey is administered twice annually in our schools to gather information from students, families, and staff in order to further develop our PBIS practices and systems to better meet the needs of our students and promote a positive school environment.
- Each school continually collects data and refines its systems and practices as needs change. The goal is to provide positive and equitable social, emotional, behavioral, and academic outcomes for all students.

Each school designs a three-tiered system that is aligned with the district's strategic direction:

Tier 1: All students are involved in learning about the school and classroom behavior expectations as well as foundational social emotional learning skills to meet the social emotional learning competencies as laid out by the Minnesota Department of Education. Staff members teach, model and reinforce these expectations and skills throughout the course of the school year.

Tier 2: Some students receive additional intervention or support for their needs. This may occur at times in a small group setting or within the classroom.

Tier 3: A few students receive individualized or more intensive interventions and support based on their needs, after less intensive levels of intervention have been tried.

Restorative Practices — Restorative Practices are both proactive as well as responsive interventions that are used to foster an equitable and positive school culture where relationships are central. Restorative practices are a continuum of support and may include things like proactive and community building circles, using affective statements in interactions, using restorative questions, responsive circles, conferencing, short impromptu conversations, thinking sheets, etc. In this approach, relationships are the most important way we learn about the world and ourselves.

Some schools are implementing Restorative Practices school-wide as a way to proactively build community among stakeholders. All schools have support staff trained in restorative practices in order to be able to respond to members of our school community when harm has been caused through utilizing a restorative approach. Restorative practices may replace traditional ways of approaching student behavior but still provide a space for accountability to occur through conversation when harm has been caused. In a restorative school community we believe:

- Everyone in the school community has something to contribute and deserves the right to be heard.
- We are all connected to one another.
- All of us want to have meaningful relationships with others.
- We all have talents and gifts we bring to school.
- It takes time, habits and support to build and maintain positive relationships.
- Learning can happen through conversation and through relationships.
- That empathy, kindness, caring, and good communication skills can develop through the use of restorative practices.

Social-Emotional Learning (SEL) — Social and Emotional Learning is how children and adults learn how to manage emotions, set and achieve positive goals, feel and show empathy for others, establish and maintain positive relationships, and make responsible decisions. Departments across the district work collaboratively to support social-emotional learning. A school may choose to implement a specific Social-Emotional Learning program(s) to support academic and social success. Social-emotional learning is the process of developing the self-awareness, self-control, and interpersonal skills that are vital for school, work, and life success.

CASEL's definition — We define social and emotional learning (SEL) as an integral part of education and human development. SEL is the process through which all young people and adults acquire and apply the knowledge, skills, and attitudes to develop healthy identities, manage emotions and achieve personal and collective goals, feel and show empathy for others, establish and maintain supportive relationships, and make responsible and caring decisions.

that feature trusting and collaborative relationships, rigorous and meaningful curriculum and instruction, and ongoing evaluation. SEL can help address various forms of inequity and empower young people and adults to co-create thriving schools and contribute to safe, healthy, and just communities.

Minnesota Department of Education has adopted CASEL's social emotional learning 5 competencies:

Mental Health & Wellness — Mental Health refers to how a person thinks, feels, and acts in regards to their emotional, psychological, and social well-being. It helps determine how we will handle stress, relate to others, and make choices. The Duluth School District supports student mental health by creating social and emotional learning opportunities in addition to supporting access to mental health services through internal supports as well through community based providers. These supports strive to create a safe learning environment, maximize collaboration between students and adults, create trusting relationships, and empower students to do their best.

Reporting Harassment, Violence, and Bullying Behavior — Harassment, violence, and bullying behavior is a concern across our nation and here in Duluth. Reducing this behavior is important to Duluth Public Schools and we take any allegations of this seriously.

Any time you witness or are involved in a situation involving harassment, violence, or bullying behavior it is important to report it. Help is available. Speak with your teacher, school principal, or another trusted adult at school, home, or in your community.

- If someone is hurting you verbally or physically, tell them to stop, walk away, and tell an adult
- Report it right away. A prompt response increases safety, reduces response time, and improves the results of the investigation and intervention. Reporting forms can be located at the back of this handbook or online at www.isd709.org.
- Be specific. Share who was with you or might have seen something, who said or did what, and when and where it happened. Keep text messages and social media posts that contain harassing, violent, or bullying behavior so you can show them to an adult at school.

Minnesota Law — Minnesota has passed the Safe Schools Act.

Hazing Prohibition

Hazing is prohibited. No student will plan, direct, encourage, aid, or engage in hazing. Students who violate this rule will be subject to disciplinary action pursuant to the school district's "Student Discipline" policy. Please see the school district's "Hazing Prohibition" policy (Appendix I).

Internet Acceptable Use

All school district students have conditional access to the school district's computer system, including Internet access, for limited educational purposes, including use of the system for classroom activities, educational research, and professional and career development. Use of the school district's system is a privilege, not a right. Unacceptable use of the school district's computer system or the Internet may result in one or more of the following consequences: suspension or cancellation of use or access privileges; payments for damages and repairs; discipline under other appropriate school district policies, including, but not limited to, suspension, expulsion, or exclusion; or civil or criminal liability under other applicable laws.

A copy of the school district's "Internet Acceptable Use" policy is available at the Office of the Superintendent or on the website at www.isd709.org/about-us/policies.

Within 30 days of the start of each school year, the school district must give parents and students direct and timely notice, by United States mail, e-mail, or other direct form of communication, of any curriculum, testing, or assessment technology provider contract affecting a student's educational data. The notice must:

1. Identify each curriculum, testing, or assessment technology provider with access to educational data;
2. Identify the educational data affected by the curriculum, testing, or assessment technology provider contract; and
3. Include information about the contract inspection and provide contact information for a school department to which a parent or student may direct questions or concerns regarding any program or activity that allows a curriculum, testing, or assessment technology provider to access a student's educational data.

The school district must provide parents and students an opportunity to inspect a complete copy of any contract with a technology provider.

Students will receive a copy of the school district's "Internet Acceptable Use" policy and are expected to understand and agree to abide by the policy as a condition of use of the school district's computer system. All students who wish to use the school district's computer system must sign the Blended Learning 1:1 Agreement form annually.

Parking on School District Property

Students

The school district allows limited use and parking of motor vehicles by students in school district locations subject to the following rules:

Parking a motor vehicle on school property during the school day is a privilege;

- Parking is permitted in designated areas only, by permit. For information, contact your school.;
- Students are not permitted to use motor vehicles during the school day in any school district locations unless permission has been granted to the student by the school administration;
- Students are permitted to use motor vehicles on the high school campus(es) only before and after the school day;
- Unauthorized vehicles parked on school district property may be towed at the expense of the owner or operator.

The school district may conduct routine patrols of school district properties and inspections of the exteriors of the motor vehicles of students. Interiors of students' vehicles in school district locations may be searched when school officials have a reasonable suspicion that the search will uncover a violation of law and/or school policy or rule. If a search yields contraband, school officials may seize the item and may turn it over to legal authorities when appropriate. A student who violates this policy may be subject to withdrawal of parking privileges and/or discipline according to the school district's "Student Discipline" policy (Appendix E). Please see the parking agreement/permit application form for specific site related information.

Visitors

Visitors are permitted to park in designated school district visitor parking areas. Unattended vehicles left in other locations on school district property may be towed at the owner's expense.

Tobacco-Free Schools; Possession and Use of Tobacco, Tobacco-Related Devices, and Electronic Delivery Devices; Vaping Awareness and Prevention Instruction

School district students and staff have the right to learn and work in an environment that is tobacco free. School policy is violated by any individual's use of tobacco, tobacco-related devices, or carrying or using activated electronic delivery devices in a public school, on school grounds, in any school-owned vehicles, or at any school events or activities. Students may not possess any type of tobacco, tobacco-related devices, electronic delivery devices, THC, CBD, or marijuana in a public school, on school grounds, in any school-owned vehicles, or at any school events or activities. Any student who violates this policy is subject to school district discipline. For detailed information on the school district's "Tobacco-Free Environment; Possession and Use of Tobacco, Tobacco-Related Devices, and Electronic Delivery Devices; Vaping Awareness and Prevention Instruction" policy, see Appendix J. Contact the building principal if you have questions or wish to report violations.

A limited exception to the tobacco prohibition exists for adult members of an Indian tribe, as defined under Minnesota law, who may light tobacco on school district property as a part of a traditional Indian spiritual or cultural ceremony.

Weapons Prohibition

No person will possess, use, or distribute a weapon when in a school location except as provided in school district policy. A "weapon" means any object, device, or instrument designed as a weapon or through its use is capable of threatening or producing bodily harm or which may be used to inflict self-injury including, but not limited to, any firearm, whether loaded or unloaded; air guns; pellet guns; BB guns; all knives; blades; clubs; metal knuckles; numchucks; throwing stars; explosives; fireworks; mace and other propellants; stun guns; ammunition; poisons; chains; arrows; and objects that have been modified to serve as a weapon. A weapon also includes look-alike weapons. Appropriate discipline and action will be taken against any person who violates this policy. The school district does not allow the possession, use, or distribution of weapons by students. Discipline of students will include, at a minimum: immediate

out-of-school suspension; confiscation of the weapon; immediate notification of police; parent or guardian notification; and recommendation to the superintendent of dismissal for a period of time not to exceed one year. The building principal shall, as soon as practicable, refer to the criminal justice or juvenile delinquency system, as appropriate, a student who brings a firearm to school unlawfully. A student who brings a firearm to school will be expelled for at least one year, subject to school district discretion on a case-by-case basis. For a copy of the "School Weapons" policy, visit isd709.org/about-us/policies.

Standards of Conduct

Standards of conduct are developed to ensure a safe, equitable and welcoming environment that fosters growth in relationships, academics, social-emotional competency and life skills. We believe these are achieved through a culture that promotes positive relationships, mutual respect, repairing harm, and a belief in the potential of all members while engaging with families and community as partners.

Disciplinary policies within the elementary and secondary schools shall be enforced within the general guidelines as set forth in the grid below. These guidelines are designed to prevent student's inappropriate behavior from recurring through use of environmental, instructional, and/or restorative intervention and represent the majority of incidents that occur in schools. However other incidents may occur which warrant disciplinary action.

These guidelines describe the various administrative actions that may be taken for incidents that violate school district standards of conduct and/or the law. The listing of guidelines does not require that a 'step by step' progression of increasing severity be employed by an administrator when addressing an incident.

Behavioral incidents requiring Office intervention will be documented as an office discipline referral in Infinite Campus under the student behavior tab. Out of school suspension is used for the purpose of creating separation and safety for further investigation and intervention planning in response to a behavioral incident. At all age levels, use of suspension should be paired with environmental, instructional, and/or restorative intervention. For students with a history of violent behavior, staff will be notified per Policy 5022.

The Principal's discretion regarding the enforcement of policy will be used when age, culture, and development/ability are factors in behavioral issues. There should be a logical relationship between the severity of the offense and the administrative action. Behaviors are grouped into four levels for the purpose of consistency and organization. Some behaviors will be severe or egregious enough to warrant disciplinary actions corresponding with a higher level. The Assistant Superintendent will be consulted if any site desires to implement discipline which exceeds the minimum guidelines.

Busing infractions will follow the four levels listed below based on the incident and additional discipline will follow the Code of Conduct. Separately or in addition to, bus conduct can result in removal from the bus.

Students are subject to all school disciplinary actions or violations while in a school zone. A school zone is defined as an area that begins at the boundaries of the school property and extends three hundred feet from that point, or one city block, whichever is greater. This zone includes school bus stops and the area within a school bus being used to transport one or more elementary or secondary school students. This zone also includes district contract parking.

Behavior Levels and Definitions

LEVEL 1

Behaviors are safe but disruptive to learning and addressed with simple de-escalation, support and/or direction

- Staff use school wide and classroom practices to promote the development and use of behaviors that contribute to a safe, equitable, and welcoming school
- Staff observe the behavior, use a range of strategies to support the student(s) or de-escalate the situation, determine communication and documentation
- Behaviors are managed by the person supervising the area, no office discipline referral needed - referred as 'teacher managed' or 'incidental' behavior and not addressed further in this grid.

LEVEL 2

Behaviors that do not significantly violate the rights of others. Doesn't put others at risk.

- Staff observe behavior, use a range of strategies to support the student(s) or de-escalate the situation, gain assistance if needed, write a 'minor' office referral, and use supportive and/or restorative practice intervention as needed
- A more focused behavioral response or targeted intervention beyond response to the immediate incident may be warranted depending on the situation.

Behavior and Description

ACADEMIC DISHONESTY - A student shall not cheat in any form on school grounds or in any school related activity. This includes plagiarizing (copying from print, the Internet, or other electronic resources, purchasing or copying another person's work, and paraphrasing without citing the source).

CELL PHONES OR ELECTRONIC MOBILE DEVICES - Students may not use cell phones or personal electronic mobile devices during class time unless it is determined by the teacher that it is required for curriculum/course content. Schools will not be responsible for lost, damaged or stolen devices. School administration will not spend time investigating any lost or stolen electronic devices

DETENTION - A student may be asked to come before school, stay in during lunch/recess, or remain after school by a teacher or principal for the purpose of correcting a violation. Any student who is instructed to report before or after school but is unable must obtain permission from the teacher or principal. Reasonable attempts will be made to contact parent(s) or guardian(s) prior to implementation.

EXPULSION OR EXCLUSION - "Expulsion" means a School Board action to prohibit an enrolled student from further attendance for up to twelve months from the date the student is expelled. "Exclusion" means an action taken by the School Board to prevent enrollment or re-enrollment of a student for a period that shall not extend beyond the school year. Expulsion and exclusion proceedings shall be in accordance with M.S. 121A.41, The Pupil Fair Dismissal Act. For the purposes of this section, a firearm is as defined in United States Code, Title 18, Section 921. In accordance with M.S. 121A.41, The Pupil Fair Dismissal Act, a student and his/her parent(s) or guardian(s) shall be served personally or by mail with notice of the expulsion hearing. The hearing will be held within ten days of service of the written note, unless continued pursuant to the statute. The recommendation of the hearing officer shall be made to the School Board within two days of the end of the hearing. The decision of the School Board shall be rendered at a special meeting within five days after receipt of the recommendation of the hearing officer. The student shall receive due process as set forth in M.S. 121A.41, The Pupil Fair Dismissal Act.

IN-SCHOOL SUSPENSION - An action by school administration where a child is temporarily removed from his or her regular classroom(s) but remains under the direct supervision of school personnel.

ALTERNATIVE TO SUSPENSION - An intensive space to support students in lieu of suspension. Programming is focused heavily on restorative interventions and

social emotional learning support to provide students with skill building opportunities, de-escalation, problem-solving and harm repair. This programming could look differently based on the services needed at a school building from a very intensive space/program to a less intensive space.

OUT-OF-SCHOOL SUSPENSION - An action by school administration prohibiting a student from attending school for a period of no more than 10 days. Each suspension action may include a re-entry meeting and readmission plan.

PARENT(S) OR GUARDIAN(S) CONFERENCE - A parent(s) or guardian(s) conference is required if a student has committed a serious rule violation or has been suspended out of school. If a parent or guardian is unable to be present, the principal shall contact the parent(s) or guardian(s).

REFERRAL TO SCHOOL BEHAVIOR TEAM OR CHILD STUDY TEAM - Schools use a multi-tiered system of support. Students can be referred to a small school team for academic or social-emotional-behavioral interventions. The process varies a bit at each school but includes a brief meeting, determining an intervention, trying it for approximately 30 school days, and reviewing outcomes.

REFERRAL TO COMMUNITY SERVICE(S) - School staff may work with parents or guardians to support the consideration of accessing community services. The process of helping a family connect to a community service, sharing information (with permission), or making introductions to a community service are all part of a "referral".

REFERRAL TO JUVENILE AUTHORITIES - If a student's behavior may be a violation of law, the principal or designated representative may contact juvenile authorities or police. If the officer indicates that he/she is arresting the student, with or without a warrant, he/she shall have complete jurisdiction and responsibility in the matter and the principal shall not interfere with the student's removal from the building. The student will, in all cases, be accorded the rights of due process.

RESTORATIVE PRACTICES - Restorative practices are an approach used with students that promotes inclusivity of all through relationship-building and problem-solving. Methods such as circles, restorative chats, mediations and conferencing may be used to resolve issues or conflicts as they arise and to bring those harmed, those who harmed, and their supports together to address any wrongdoings. Through this process, students are encouraged to reflect on and take responsibility for their actions and come up with plans to repair harm. Unlike punishment, when using restorative practices we attempt to resolve issues "with" students rather than doing something "to" them or "for" them.

RISK SCREENING & REFERRAL FOR ASSESSMENT - Students deemed to be a threat to themselves and/or others may be asked to undergo a risk screening and/or formal risk assessment by a district approved mental health professional before being readmitted to school.

REFERRAL TO BUILDING AND DISTRICT RESOURCES - Referral to building and district resources is to be made by school personnel, parent(s) or guardian(s), or community agencies. The parent(s) or guardian(s) shall be consulted if any special services are to be made available to a student. Reasonable attempts will be made to contact parent(s) or guardian(s) regarding referrals to building and district resources.

REMOVAL FROM CLASS - All students have the right to learn and teachers the right to teach. Disruption to the learning process may result in the loss of privilege to remain in the class. This removal is limited to a reasonable time-frame to be reinstated upon an agreed solution with the instructor and principal as necessary. Students shall be allowed the privilege of making up daily work, including tests and final exams, upon their return to class. Removal from class or dismissal for the day of students with disabilities is also governed by the Individuals with Disabilities Education Act, M.S. 125A.03, and Minnesota Rules. See the section of this policy entitled "Students with Disabilities."

TEACH / RETEACH / REINFORCE DESIRED SKILL OR BEHAVIOR - To identify and provide instruction of new skills or behaviors to replace challenging or harmful behaviors. New behaviors are most effective when considered "functional" and meet the same needs as the challenging or harmful behavior. Reinforcement of a desired skill or behavior is anything that comes after the behavior that makes it more likely to be used again. Reinforcement may be a tangible item or activity, verbal or non-verbal recognition, the experience of learning something new, or simply meeting the initial need.

TIER 2 FUNCTIONAL BEHAVIOR ANALYSIS AND BEHAVIOR SUPPORT PLAN - An attempt to determine the function or purpose of a behavior through interviews, review of available information and data, and maybe observation. The idea is to then create a plan to support desired behaviors that meet the same needs in a more pro-social manner.

ADDITIONAL INFORMATION:

INFORMATION AND REVIEW PROCESS – Students, parent(s) or guardian(s) who wish to discuss concerns or review disciplinary actions, except for expulsion or suspension, may request a conference with school personnel. It is recommended that conferences occur between personnel closest to the concern and be solution-based toward district aims and vision.

SCHOOL ZONE - Students are subject to all school disciplinary actions or violations while in a school zone. A school zone is defined as an area that begins at the boundaries of the school property and extends three hundred feet from that point, or one city block, whichever is greater. This zone includes school bus stops and the area within a school bus being used to transport one or more elementary or secondary school students. This zone also includes district contract parking.

STUDENT CONFERENCE - Depending on the violation and the seriousness of the action, a student may meet with the principal and/or a teacher to discuss the incident. During this conference, students may be asked to formulate a plan which addresses their behavior and a commitment to solutions for improvement

PART IV — HEALTH AND SAFETY

Accidents

All student injuries that occur at school, at school-sponsored activities, or on school transportation should be reported to the building nursing staff. Parents/

guardians of an injured student will be notified as soon as possible. If the student requires immediate medical attention, the principal or other district leader will call 911 or seek emergency medical treatment and then contact the parent(s).

Asbestos Management Plan

The school district has developed an asbestos management plan. Contact the District Safety Health and Environmental Coordinator.

Crisis Management

The school district has developed a "Crisis Management" policy. Each school building has its own building-specific crisis management plan called the Emergency Response & Crisis Management manual. Students and parents will be provided with information as to district- and school-specific plans. The "Crisis Management" policy addresses a range of potential crisis situations in the school district. The school district has developed general crisis procedures for securing buildings, classroom evacuation, campus evacuation, sheltering, and communication procedures. The school district will conduct lock-down drills, fire drills, and a tornado drill. Building plans include classroom and building evacuation procedures.

Emergency Contact Information

When there is an emergency within a school building or the district, parents/guardians will be notified through the district's emergency notification mass communication system. Parents/guardians will receive a text message, phone call and email regardless of opt-out communication requests.

Health Information

First Aid

The nurse's office in each building is equipped to handle minor injuries requiring first aid. If the nurse's office is not open, assistance can be sought from the building's administrative office. If a student experiences a more serious medical emergency at school, 911 may be called and/or a parent/guardian will be contacted depending on the situation.

The district has installed automated external defibrillators (AEDs) in each building. Locations of AEDs are indicated on the building map located in each entry vestibule. Tampering with any AED is prohibited and may result in discipline.

Communicable Diseases

To protect other students from contagious illnesses, students infected with certain diseases are not allowed to come to school while contagious. If a parent or guardian suspects that his/her child has a communicable or contagious disease, the parent or guardian should contact the school nurse or principal so that other students who might have been exposed to the disease can be alerted.

Please call your school health office to report the following health conditions: COVID-19, Chickenpox, Strep Throat, Influenza, Head Lice, Mumps, Measles, Meningitis, Pertussis (Whooping Cough).

Students with certain communicable diseases will not be excluded from attending school in their usual daily attendance settings as long as their health permits and their attendance does not create a significant risk of transmitting the illness to other students or school district employees. The school district will determine on a case-by-case basis whether a contagious student's attendance creates a significant risk of transmitting the illness to others.

Health Service

Research has shown that students with an optimal level of wellness are more receptive to the learning process. Therefore, Duluth Public Schools health service staff strive to promote the health of students and promote a healthy school environment. The primary goal of health services is to eliminate/minimize health related barriers to learning. To accomplish this, health service staff, as part of the school team, works to:

- Promote student and staff wellness.
- Provide skilled nursing.
- Protect students' well being.
- Enhance healthy behaviors.
- Encourage self-care.
- Assess and communicate student health concerns through referral to parents/guardians.

The Licensed School Nurse provides leadership of the daily health office operations, promotes health equity by connecting students and families to community health resources, and maintains continuity of care between home, medical provider, and school through medical and educational planning. The Licensed School Nurse also provides health assessment and planning throughout the Special Education process.

335

Health Assistants provide students with daily health services through medication administration, first aid for illness and injury, and skilled nursing procedures

under the delegation of the Licensed School Nurse.

WHEN TO KEEP YOUR CHILD HOME

Many students and parents are frequently concerned about when students should stay home or attend school. The following information is intended to help with this decision. General practice:

- If a student has had a fever of 100 degrees or more, the student must stay home for 24 hours after the temperature returns to normal without fever reducing medication.
- If a student has vomited or had diarrhea, the student must stay home until 24 hours after the last episode.
- If a student has had any rash that may be disease-related or the cause is unknown, check with your family physician before sending the student to school.
- If a student is ill, please call the school daily to report the illness.

When a student is sick, parents often wonder whether or not to keep a child at home from school. If a child stays home and has the care they need when first sick, they will often get better faster. Staying home and resting will help the body fight the sickness. A parent/guardian should notify the school if his/her child is unable to attend school because of illness. Please contact the school attendance line.

WHEN A CHILD IS SICK AT SCHOOL

If your child becomes ill at school and needs to go home, the Health Services Staff will contact a parent/guardian. Children must call from the health office and not from their cell phones.

If staff are unable to reach parents and determine that the student must go home, emergency contacts will then be called. It's important for parents to keep emergency contacts updated and ensure that they are available during the day. Your child will not be allowed to leave school without contacting an adult.

In the event of an emergency, 911 may be called.

HEAD LICE

Anyone can get head lice. Head lice are most often transmitted through head to head contact. School transmission is rare. Some common symptoms of head lice include: itching and scratching of the scalp and neck, feeling that something is 'crawling' in the hair, sores from constant scratching, and seeing lice on the scalp or nits attached to the hair shaft. If your child has any of these symptoms, please check your child's head for lice. Also, all household members and other close contacts of the person with lice should be checked.

Should your child be found to have live lice in their hair during the school day, a parent/guardian will be contacted by a health office staff member. The students may remain in school but prompt treatment is recommended.

VISION AND HEARING SCREENINGS

Students may receive hearing and/or vision screening upon request from a teacher if the teacher suspects that there may be a hearing or vision concern that is affecting the student's ability to learn. If you do not wish for your child to receive vision and/or hearing screening, please inform your school health office. The screenings are not intended to replace professional examinations.

Immunizations

All students must provide proof of immunization or submit appropriate documentation exempting them from such immunizations in order to enroll or remain enrolled. Students may be exempted from the immunization requirement when the immunization of the student is contraindicated for medical reasons; laboratory confirmation of adequate immunity exists; or due to the conscientiously held beliefs of the parents/guardians or student. The school district will maintain a file containing the immunization records for each student in attendance at the school district for at least five years after the student reaches the age of 18. For a copy of the immunization schedule or to obtain an exemption form or information, contact the school health office. Immunization records must be provided by Oct. 13. Student may be excluded if required immunizations have not been administered by Oct. 23. Policy 530 can be found on the district website at isd709.org/about-us/policies.

Medications at School During the School Day

The school district acknowledges that some students may require prescribed drugs or medication during the school day. The administration of prescription medication or drugs at school requires a completed signed request from the student's parent. An "Authorization to Administer Medication" form must be completed once a year and/or when a change in the prescription or requirements for administration occurs. Prescription medications must be brought to school in the original container labeled for the student by a pharmacist, and must be administered in a manner consistent with the instructions on the label. Prescription medications are not to be carried by the student, but will be left with the appropriate school personnel. Exceptions that may be allowed include: prescription asthma medications administered with an inhaler pursuant to school district policy and procedures, medications administered as noted in a written agreement

between the school district and parent or as specified in an Individualized Education Program (IEP), a plan developed under Section 504 of the Rehabilitation Act (§504 Plan), or an individual health plan (IHP). Marijuana is not allowed on school property even if prescribed. The school district is to be notified of any change in administration of a student's prescription medication.

Pesticide Application Notice

The school district may plan to apply pesticide(s) on school property. To the extent the school district applies certain pesticides, the school district will provide a notice by September 15 as to the school district's plan to use these pesticides. A parent may request to be notified prior to the application of certain pesticides on days different from those specified in the notice. Additional information regarding what pesticides are used, an estimated schedule of pesticide applications (which will be available for review or copying at the school offices), and the long-term health effects of the class of pesticide on children can be requested by contacting the District Facilities Manager.

Safety

The safety of students on campus and at school-related activities is a high priority of the district. While district-wide safety procedures are in place, student and parent cooperation is essential to ensuring school safety. More information about our safety protocols visit isd709.org/about-us/safe-and-welcoming. Duluth Public Schools has adopted and implemented ALICE district-wide and is an official ALICE district. More information about ALICE and how we prepare students visit isd709.org/about-us/safe-and-welcoming.

Visitors in District Buildings

Parents/guardians and community members are welcome to visit the schools. To ensure the safety of those in the school and to avoid disruption to the learning environment, all visitors must report directly to the office upon entering the building, with the exception of events open to the public. All visitors will be required to sign in at the office and to wear a "visitors badge" while in the building during the school day. Visitors must have the approval of the principal before visiting a classroom during instructional time. An individual or group may be denied permission to visit a school or school property, or such permission may be revoked, if the visitor does not comply with school district procedures or if the visit is not in the best interests of the students, employee, or the school district.

Students are not allowed to bring visitors to school without prior permission from the principal.

505 DISTRIBUTION OF NONSCHOOL-SPONSORED MATERIALS ON SCHOOL PREMISES BY STUDENTS AND EMPLOYEES

I. PURPOSE

The purpose of this policy is to protect the exercise of students' and employees' free speech rights, taking into consideration the educational objectives and responsibilities of the school district.

II. GENERAL STATEMENT OF POLICY

- A. The school district recognizes that students and employees have the right to express themselves on school property. This protection includes the right to distribute, at a reasonable time and place and in a reasonable manner, nonschool-sponsored material.
- B. To protect First Amendment rights, while at the same time preserving the integrity of the educational objectives and responsibilities of the school district, the school board adopts the following regulations and procedures regarding distribution of nonschool-sponsored material on school property and at school activities.

III. DEFINITIONS

- A. "Distribute" or "Distribution" means circulation or dissemination of material by means of handing out free copies, selling or offering copies for sale, accepting donations for copies, or posting or displaying material, or placing material in internal staff or student mailboxes.
- B. "Nonschool-sponsored material" or "unofficial material" includes all materials or objects intended for distribution, except school newspapers, employee newsletters, literary magazines, yearbooks and other publications funded and/or sponsored or authorized by the school. Examples of nonschool-sponsored materials include but are not limited to leaflets, brochures, buttons, badges, fliers, petitions, posters, and underground newspapers whether written by students or employees or others, and tangible objects.
- C. "Obscene to minors" means:
 - 1. The average person, applying contemporary community standards, would find that the material, taken as a whole, appeals to the prurient interest of minors of the age to whom distribution is requested;
 - 2. The material depicts or describes, in a manner that is patently offensive to prevailing standards in the adult community concerning how such conduct should be presented to minors of the age to whom distribution is requested, sexual conduct such as intimate sexual acts (normal or perverted), masturbation, excretory functions, and lewd exhibition of the genitals; and
 - 3. The material, taken as a whole, lacks serious literary, artistic, political, or scientific value for minors.
- D. "Minor" means any person under the age of eighteen (18).
- E. "Material and substantial disruption" of a normal school activity means:
 - 1. Where the normal school activity is an educational program of the district for which student attendance is compulsory, "material and substantial disruption"

505 - 1 of 5

is defined as any disruption which interferes with or impedes the implementation of that program.

2. Where the normal school activity is voluntary in nature (including, but not limited to, school athletic events, school plays and concerts, and lunch periods) "material and substantial disruption" is defined as student rioting, unlawful seizures of property, conduct inappropriate to the event, participation in a school boycott, demonstration, sit-in, stand-in, walk-out, or other related forms of activity.

In order for expression to be considered disruptive, specific facts must exist upon which the likelihood of disruption can be forecast, including past experience in the school, current events influencing student activities and behavior, and instances of actual or threatened disruption relating to the written material in question.

- F. "School activities" means any activity sponsored by the school including, but not limited to, classroom work, library activities, physical education classes, official assemblies and other similar gatherings, school athletic contests, band concerts, school plays, and in-school lunch periods.
- G. "Libelous" is a false and unprivileged statement about a specific individual that tends to harm the individual's reputation or to lower that individual in the esteem of the community.

IV. GUIDELINES

- A. Students and employees of the school district have the right to distribute, at reasonable times and places as set forth in this policy, and in a reasonable manner, nonschool-sponsored material.
- B. Requests for distribution of nonschool-sponsored material, other than union materials distributed by the Duluth Federation of Teachers, will be reviewed by the administration on a case-by-case basis. However, distribution of the materials listed below is always prohibited. Material is prohibited that:
 1. is obscene to minors;
 2. is libelous or slanderous;
 3. is pervasively indecent or vulgar or contains any indecent or vulgar language or representations, with a determination made as to the appropriateness of the material for the age level of students to which it is intended.
 4. advertises or promotes any product or service not permitted to minors by law;
 5. advocates violence or other illegal conduct;
 6. constitutes insulting or fighting words, the very expression of which injures or harasses other people (e.g., threats of violence, defamation of character or of a person's race, religious or ethnic origin);
 7. presents a clear and present likelihood that, either because of its content or the manner of distribution, it will cause a material and substantial disruption of the proper and orderly operation and discipline of the school or school activities, will cause the commission of unlawful acts or the violation of lawful school regulations.

- C. Distribution by students and employees of nonschool-sponsored materials on school district property are subject to reasonable time, place, and manner restrictions set forth below. In making decisions regarding the time, place, and manner of distribution, the administration will consider factors including, but not limited to, the following:
1. whether the material is educationally related;
 2. the extent to which distribution is likely to cause disruption of or interference with the school district's educational objectives, discipline, or school activities;
 3. whether the materials can be distributed from the office or other isolated location so as to minimize disruption of traffic flow in hallways;
 4. the quantity or size of materials to be distributed;
 5. whether distribution would require assignment of school district staff, use of school district equipment, or other resources;
 6. whether distribution would require that nonschool persons be present on the school grounds;
 7. whether the materials are a solicitation for goods or services not requested by the recipients.
- D. To the extent that the Duluth Federation of Teachers' Union distributes any political materials, the materials will be prepared in such a way that no political material is visible from the outside page(s) of any publication. The Union shall either seal, fold, or staple the materials so political information may not be seen or include any political material on an internal page so that it will not be visible. Political material shall be defined consistent with the provisions of Minnesota Statute 211B.01, subd. 2, which defines campaign material as "any literature, publication, or material that is disseminated for the purpose of influencing voting at a primary or other election..."

V. TIME, PLACE, AND MANNER OF DISTRIBUTION

- A. No nonschool-sponsored material shall be distributed during and at the place of a normal school activity if it is reasonably likely to cause a material and substantial disruption of that activity.
- B. Distribution of nonschool-sponsored material is prohibited when it blocks the safe flow of traffic within corridors and entrance ways of the school, and school parking lots. Distribution shall not impede entrance to or exit from school premises in any way.
- C. No one shall coerce a student or staff member to accept any publication.
- D. All employees and students shall comply with the provisions of Minnesota Law regarding distribution of political materials in a polling place on Election Day.
- E. The time, place, and manner of distribution will be solely within the discretion of the administration, consistent with the provisions of this policy.

- F. The District will allow the Duluth Federation of Teacher's Union access to teacher mailboxes as a mechanism to communicate with its members. All distribution of material through the mailboxes will be done by Union members.
- G. For all employees including non-teacher members of the Duluth Federation of Teachers, any distribution of materials will be done outside of the normal paid workday. For teacher members, distribution may be done during non-assigned work time (e.g., lunch or preparation time) so long as any time spent is minimal. If the District has any concerns about the abuse of time by teacher members of the Duluth Federation of Teachers, it will notify the Union.

VI. PROCEDURES

- A. Any student or employee wishing to distribute (as defined in this policy) nonschool-sponsored material, other than union materials distributed by the Duluth Federation of Teachers, must first submit for approval a copy of the material to the principal at least 24 hours in advance of desired distribution time, together with the following information:
 - 1. Name and phone number of the person submitting the request and, if a student, the room number of his or her first-period class.
 - 2. Date(s) and time(s) of day intended display or distribution.
 - 3. Location where material will be displayed or distributed;
 - 4. If intended for students, the grade(s) of students to whom the display or distribution is intended.
- B. Within one school day, the principal will review the request and render a decision. In the event that permission to distribute the material is denied or limited, the person submitting the request should be informed in writing of the reasons for the denial or limitation.
- C. If the person submitting the request does not receive a response within one school day, the person shall contact the office to verify that the lack of response was not due to an inability to locate the person.
- D. If the person is dissatisfied with the decision of the principal, the person may submit a written request for appeal to the superintendent. If the person does not receive a response within three (3) school days (not counting Saturdays, Sundays and holidays) of submitting the appeal, the person shall contact the office of the superintendent to verify that the lack of response is not due to an inability to locate the person.
- E. Permission or denial of permission to distribute material does not imply approval or disapproval of its contents by either the school, the administration of the school, the school board, or the individual reviewing the material submitted.

VII. DISCIPLINARY ACTION

- A. Distribution by any student of nonschool-sponsored material prohibited herein or in violation of the provisions of time, place and manner of distribution as described above will be halted and disciplinary action will be taken in accordance with the School District's Student Discipline Policy.

- B. Distribution by any employee of nonschool-sponsored material prohibited herein or in violation of the provisions of time, place, and manner of distribution as described above will be halted and appropriate disciplinary action will be taken, in accordance with any individual contract, collective bargaining agreement, school district policies and procedures, and/or governing statute.
- C. Any other party violating this policy will be requested to leave the school property immediately and, if necessary, the police will be called.

VIII. NOTICE OF POLICY TO STUDENTS AND EMPLOYEES

A copy of this policy will be published in student handbooks annually and posted in school buildings.

IX. IMPLEMENTATION

The School District administration may develop any additional guidelines and procedures necessary to implement this policy for submission to the School Board for approval. Upon approval by the School Board, such guidelines and procedures shall be an addendum to this policy.

B. Biometric Record

"Biometric record," as referred to in "Personally Identifiable," means a record of one or more measurable biological or behavioral characteristics that can be used for automated recognition of an individual (e.g., fingerprints, retina and iris patterns, voiceprints, DNA sequence, facial characteristics, and handwriting).

C. Dates of Attendance

"Dates of attendance," as referred to in "Directory Information," means the period of time during which a student attends or attended a school or schools in the school district, including attendance in person or by paper correspondence, videoconference, satellite, Internet, or other electronic information and telecommunications technologies for students who are not in the classroom, and including the period during which a student is working under a work-study program. The term does not include specific daily records of a student's attendance at a school or schools in the school district.

D. Directory Information

"Directory information" means information contained in an education record of a student that would not generally be considered harmful or an invasion of privacy if disclosed. It includes the student's name; address; telephone listing; electronic mail address; photograph; date and place of birth; major field of study; dates of attendance; grade level; enrollment status (i.e., full-time or part-time); participation in officially recognized activities and sports; weight and height of members of athletic teams; degrees, honors and awards received; and the most recent educational agency

or institution attended. It also includes the name, address, and telephone number of the student's parent(s). Directory information does not include:

1. a student's social security number;
2. a student's identification number (ID), user ID, or other unique personal identifier used by a student for purposes of accessing or communicating in electronic systems if the identifier may be used to access education records without use of one or more factors that authenticate the student's identity such as a personal identification number (PIN), password, or other factor known or possessed only by the authorized user;
3. a student ID or other unique personal identifier that is displayed on a student ID badge if the identifier can be used to gain access to educational records when used in conjunction with one or more factors that authenticate the student's identity, such as a PIN, password, or other factor known or possessed only by the student;
4. personally identifiable data which references religion, race, color, social position, or nationality; or
5. data collected from nonpublic school students, other than those who receive shared time educational services, unless written consent is given by the student's parent or guardian.

E. Education Records

1. What constitutes "education records." Education records means those records that are: (1) directly related to a student; and (2) maintained by the school district or by a party acting for the school district.
2. What does not constitute education records. The term "education records" does not include:
 - a. Records of instructional personnel that are:
 - (1) kept in the sole possession of the maker of the record;
 - (2) used only as a personal memory aid;
 - (3) not accessible or revealed to any other individual except a temporary substitute teacher; and
 - (4) destroyed at the end of the school year.
 - b. Records of a law enforcement unit of the school district, provided education records maintained by the school district are not disclosed to the unit, and the law enforcement records are:
 - (1) maintained separately from education records;
 - (2) maintained solely for law enforcement purposes; and
 - (3) disclosed only to law enforcement officials of the same

jurisdiction.

c. Records relating to an individual, including a student, who is employed by the school district which:

- (1) are made and maintained in the normal course of business;

However, records relating to an individual in attendance at the school district who is employed as a result of his or her status as a student are education records.

d. Records relating to an eligible student, or a student attending an institution of post-secondary education, that are:

- (1) made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in his or her professional or paraprofessional capacity or assisting in that capacity;
- (2) made, maintained, or used only in connection with the provision of treatment to the student; and
- (3) disclosed only to individuals providing the treatment; provided that the records can be personally reviewed by a physician or other appropriate professional of the student's choice. For the purpose of this definition, "treatment" does not include remedial educational activities or activities that are a part of the program of instruction within the school district.

e. Records created or received by the school district after an individual is no longer a student at the school district and that are not directly related to the individual's attendance as a student.

f. Grades on peer-related papers before the papers are collected and recorded by a teacher.

F. Education Support Services Data

"Education support services data" means data on individuals collected, created, maintained, used, or disseminated relating to programs administered by a government entity or entity under contract with a government entity designed to eliminate disparities and advance equities in educational achievement for youth by coordinating services available to participants, regardless of the youth's involvement with other government services. J. Parent

"Parent" means a parent of a student and includes a natural parent, a guardian, or an individual acting as a parent of the student in the absence of a parent or guardian. Q. Other Terms and Phrases

All other terms and phrases shall be defined in accordance with applicable state and federal law or ordinary customary usage.

IV. GENERAL CLASSIFICATION

State law provides that all data collected, created, received, or maintained by a school district are public unless classified by state or federal law as not public or private or confidential. State law classifies all data on individuals maintained by a school district which relates to a student as private data on individuals. This data may not be disclosed to parties other than the parent or eligible student without consent, except pursuant to a valid court order, certain state statutes authorizing access, and the provisions of FERPA and the regulations promulgated thereunder.

The student then becomes an "eligible student." However, the parents of an eligible student who is also a "dependent student" are entitled to gain access to the education records of such student without first obtaining the consent of the student. In addition, parents of an eligible student may be given access to education records in connection with a health or safety emergency if the disclosure meets the conditions of any provision set forth in 34 Code of Federal Regulations section 99.31(a).

B. Prior Consent for Disclosure Not Required

3. To officials of other schools, school districts, or post-secondary educational institutions in which the student seeks or intends to enroll, or is already enrolled, as long as the disclosure is for purposes related to the student's enrollment or transfer.  - b. determine the amount of the aid;
 - c. determine conditions for the aid; or
 - d. enforce the terms and conditions of the aid.

“Financial aid” for purposes of this provision means a payment of funds provided to an individual or a payment in kind of tangible or intangible property to the individual that is conditioned on the individual’s attendance at an educational agency or institution;

6. To state and local officials or authorities to whom such information is specifically allowed to be reported or disclosed pursuant to state statute adopted:
 - a. before November 19, 1974, if the allowed reporting or disclosure concerns the juvenile justice system and such system’s ability to effectively serve the student whose records are released; or
 - b. after November 19, 1974, if the reporting or disclosure allowed by state statute concerns the juvenile justice system and the system’s ability to effectively serve, prior to adjudication, the student whose records are released, provided the officials and authorities to whom the records are disclosed certify in writing to the school district that the data will not be disclosed to any other party, except as provided by state law, without the prior written consent of the parent of the student. At a minimum, the school district shall disclose the following information to the juvenile justice system under this paragraph: a student’s full name, home address, telephone number, and date of birth; a student’s school schedule, attendance record, and photographs, if any; and parents’ names, home addresses, and telephone numbers;
7. To organizations conducting studies for or on behalf of educational agencies or institutions for the purpose of developing, validating, or administering predictive tests, administering student aid programs, or improving instruction; provided that the studies are conducted in a manner which does not permit the personal identification of parents or students by individuals other than representatives of the organization who have a legitimate interest in the information, the information is destroyed when no longer needed for the purposes for which the study was conducted, and the school district enters into a written agreement with the organization that: (a) specifies the purpose, scope, and duration of the study or studies and the information to be disclosed; (b) requires the organization to use personally identifiable

information from education records only to meet the purpose or purposes of the study as stated in the written agreement; (c) requires the organization to conduct the study in a manner that does not permit personal identification of parents and students by anyone other than representatives of the organization with legitimate interests; and (d) requires the organization to destroy all personally identifiable information when information is no longer needed for the purposes for which the study was conducted and specifies the time period in which the information must be destroyed. For purposes of this provision, the term, "organizations," includes, but is not limited to, federal, state, and local agencies and independent organizations. In the event the Department of Education determines that a third party outside of the school district to whom information is disclosed violates this provision, the school district may not allow that third party access to personally identifiable information from education records for at least five (5) years;

8. To accrediting organizations in order to carry out their accrediting functions;
9. To parents of a student eighteen (18) years of age or older if the student is a dependent of the parents for income tax purposes;
10. To comply with a judicial order or lawfully issued subpoena, provided, however, that the school district makes a reasonable effort to notify the parent or eligible student of the order or subpoena in advance of compliance therewith so that the parent or eligible student may seek protective action, unless the disclosure is in compliance with a federal grand jury subpoena, or any other subpoena issued for law enforcement purposes, and the court or other issuing agency has ordered that the existence or the contents of the subpoena or the information furnished in response to the subpoena not be disclosed, or the disclosure is in compliance with an ex parte court order obtained by the United States Attorney General (or designee not lower than an Assistant Attorney General) concerning investigations or prosecutions of an offense listed in 18 United States Code section 2332b(g)(5)(B), an act of domestic or international terrorism as defined in 18 U.S.C. § 2331, or a parent is a party to a court proceeding involving child abuse and neglect or dependency matters, and the order is issued in the context of the proceeding. If the school district initiates legal action against a parent or student, it may disclose to the court, without a court order or subpoena, the education records of the student that are relevant for the school district to proceed with the legal action as a plaintiff. Also, if a parent or eligible student initiates a legal action against the school district, the school district may disclose to the court, without a court order or subpoena, the student's education records that are relevant for the school district to defend itself;
11. To appropriate parties, including parents of an eligible student, in connection with an emergency if knowledge of the information is necessary to protect the health, including the mental health, or safety of the student or other individuals. The decision is to be based upon information available at the time the threat occurs that indicates that there is an articulable and significant threat to the health or safety of a student or other individuals. In making a determination whether to disclose information under this section, the school district may take into account the totality of the circumstances pertaining to a threat and may disclose information from education records to any person whose knowledge of the information is necessary to protect the health or safety of the student or other students. A record of this disclosure must be maintained pursuant to Section XIII.E. of this policy. In addition, an educational agency or institution may include in the education records of a student appropriate information concerning disciplinary action taken against

the student for conduct that posed a significant risk to the safety or well-being of that student, other students, or other members of the school community. This information may be disclosed to teachers and school officials within the school district and/or teachers and school officials in other schools who have legitimate educational interests in the behavior of the student;

12. To the juvenile justice system if information about the behavior of a student who poses a risk of harm is reasonably necessary to protect the health or safety of the student or other individuals;
13. Information the school district has designated as "directory information" pursuant to Section VII. of this policy;
14. To military recruiting officers and post-secondary educational institutions pursuant to Section XI. of this policy;
15. To the parent of a student who is not an eligible student or to the student himself or herself;
16. To appropriate health authorities to the extent necessary to administer immunization programs and for bona fide epidemiologic investigations which the commissioner of health determines are necessary to prevent disease or disability to individuals in the public educational agency or institution in which the investigation is being conducted;
17. To volunteers who are determined to have a legitimate educational interest in the data and who are conducting activities and events sponsored by or endorsed by the educational agency or institution for students or former students;
18. To the juvenile justice system, on written request that certifies that the information will not be disclosed to any other person except as authorized by law without the written consent of the parent of the student:
 - a. the following information about a student must be disclosed: a student's full name, home address, telephone number, date of birth; a student's school schedule, daily attendance record, and photographs, if any; and any parents' names, home addresses, and telephone numbers;
 - b. the existence of the following information about a student, not the actual data or other information contained in the student's education record, may be disclosed provided that a request for access must be submitted on the statutory form and it must contain an explanation of why access to the information is necessary to serve the student: (1) use of a controlled substance, alcohol, or tobacco; (2) assaultive or threatening conduct that could result in dismissal from school under the Pupil Fair Dismissal Act; (3) possession or use of weapons or look-alike weapons; (4) theft; or (5) vandalism or other damage to property. Prior to releasing this information, the principal or chief administrative officer of a school who receives such a request must, to the extent permitted by federal law, notify the student's parent or guardian by certified mail of the request to disclose information. If the student's parent or guardian notifies the school official of an objection to the disclosure within ten (10) days of receiving certified notice, the school official must not disclose the information and instead must

inform the requesting member of the juvenile justice system of the objection. If no objection from the parent or guardian is received within fourteen (14) days, the school official must respond to the request for information.

The written requests of the juvenile justice system member(s), as well as a record of any release, must be maintained in the student's file;

19. To the principal where the student attends and to any counselor directly supervising or reporting on the behavior or progress of the student if it is information from a disposition order received by a superintendent under Minnesota Statutes section 260B.171, subdivision 3. The principal must notify the counselor immediately and must place the disposition order in the student's permanent education record. The principal also must notify immediately any teacher or administrator who directly supervises or reports on the behavior or progress of the student whom the principal believes needs the information to work with the student in an appropriate manner, to avoid being needlessly vulnerable, or to protect other persons from needless vulnerability. The principal may also notify other school district employees, substitutes, and volunteers who are in direct contact with the student if the principal determines that these individuals need the information to work with the student in an appropriate manner, to avoid being needlessly vulnerable, or to protect other persons from needless vulnerability. Such notices from the principal must identify the student, outline the offense, and describe any conditions of probation about which the school must provide information if this information is provided in the disposition order. Disposition order information received is private educational data received for the limited purpose of serving the educational needs of the student and protecting students and staff. The information may not be further disseminated by the counselor, teacher, administrator, staff member, substitute, or volunteer except as necessary to serve the student, to protect students and staff, or as otherwise required by law, and only to the student or the student's parent or guardian;
20. To the principal where the student attends if it is information from a peace officer's record of children received by a superintendent under Minnesota Statutes section 260B.171, subdivision 5. The principal must place the information in the student's education record. The principal also must notify immediately any teacher, counselor, or administrator directly supervising the student whom the principal believes needs the information to work with the student in an appropriate manner, to avoid being needlessly vulnerable, or to protect other persons from needless vulnerability. The principal may also notify other district employees, substitutes, and volunteers who are in direct contact with the student if the principal determines that these individuals need the information to work with the student in an appropriate manner, to avoid being needlessly vulnerable, or to protect other persons from needless vulnerability. Such notices from the principal must identify the student and describe the alleged offense if this information is provided in the peace officer's notice. Peace officer's record information received is private educational data received for the limited purpose of serving the educational needs of the student and protecting students and staff. The information must not be further disseminated by the counselor, teacher administrator, staff member, substitute, or volunteer except to communicate with the student or the student's parent or guardian as necessary to serve the student, to protect students and staff, or as otherwise required by law.

The principal must delete the peace officer's record from the student's education record, destroy the data, and make reasonable efforts to notify any

teacher, counselor, staff member, administrator, substitute, or volunteer who received information from the peace officer's record if the county attorney determines not to proceed with a petition or directs the student into a diversion or mediation program or if a juvenile court makes a decision on a petition and the county attorney or juvenile court notifies the superintendent of such action;

21. To the Secretary of Agriculture, or authorized representative from the Food and Nutrition Service or contractors acting on behalf of the Food and Nutrition Service, for the purposes of conducting program monitoring, evaluations, and performance measurements of state and local educational and other agencies and institutions receiving funding or providing benefits of one or more programs authorized under the National School Lunch Act or the Child Nutrition Act of 1966 for which the results will be reported in an aggregate form that does not identify any individual, on the conditions that: (a) any data collected shall be protected in a manner that will not permit the personal identification of students and their parents by other than the authorized representatives of the Secretary; and (b) any personally identifiable data shall be destroyed when the data are no longer needed for program monitoring, evaluations, and performance measurements; or
22. To an agency caseworker or other representative of a State or local child welfare agency, or tribal organization (as defined in 25 United States Code section 5304), who has the right to access a student's case plan, as defined and determined by the State or tribal organization, when such agency or organization is legally responsible, in accordance with State or tribal law, for the care and protection of the student, provided that the education records, or the personally identifiable information contained in such records, of the student will not be disclosed by such agency or organization, except to an individual or entity engaged in addressing the student's education needs and authorized by such agency or organization to receive such disclosure and such disclosure is consistent with the State or tribal laws applicable to protecting the confidentiality of a student's education records.

C. Nonpublic School Students

The school district may disclose personally identifiable information from the education records of a nonpublic school student, other than a student who receives shared time educational services, without the written consent of the parent of the student or the eligible student unless otherwise provided herein, if the disclosure is:

1. Pursuant to a valid court order;
2. Pursuant to a statute specifically authorizing access to the private data; or
3. To appropriate health authorities to the extent necessary to administer immunization programs and for bona fide epidemiological investigations which the commissioner of health determines are necessary to prevent disease or disability to individuals in the public educational agency or institution in which the investigation is being conducted.

VII. RELEASE OF DIRECTORY INFORMATION

A. Classification

Directory information is public except as provided herein.

B. Former Students

Unless a former student validly opted out of the release of directory information while the student was in attendance and has not rescinded the opt out request at any time, the school district may disclose directory information from the education records generated by it regarding the former student without meeting the requirements of Paragraph C. of this section. In addition, under an explicit exclusion from the definition of an "education record," the school district may release records that only contain information about an individual obtained after he or she is no longer a student at the school district and that are not directly related to the individual's attendance as a student (e.g., a student's activities as an alumnus of the school district).

C. Present Students and Parents

The school district may disclose directory information from the education records of a student and information regarding parents without prior written consent of the parent of the student or eligible student, except as provided herein. Prior to such disclosure the school district shall:

1. Annually give public notice by any means that are reasonably likely to inform the parents and eligible students of:
 - a. the types of personally identifiable information regarding students and/or parents that the school district has designated as directory information;
 - b. the parent's or eligible student's right to refuse to let the school district designate any or all of those types of information about the student and/or the parent as directory information; and
 - c. the period of time in which a parent or eligible student has to notify the school district in writing that he or she does not want any or all of those types of information about the student and/or the parent designated as directory information.
2. Allow a reasonable period of time after such notice has been given for a parent or eligible student to inform the school district in writing that any or all of the information so designated should not be disclosed without the parent's or eligible student's prior written consent, except as provided in Section VI. of this policy.
3. A parent or eligible student may not opt out of the directory information disclosures to:
 - a. prevent the school district from disclosing or requiring the student to disclose the student's name, ID, or school district e-mail address in a class in which the student is enrolled; or
 - b. prevent the school district from requiring a student to wear, to display publicly, or to disclose a student ID card or badge that exhibits information that may be designated as directory information and that has been properly designated by the school district as directory information.

4. The school district shall not disclose or confirm directory information without meeting the written consent requirements contained in Section VI.A. of this policy if a student's social security number or other non-directory information is used alone or in combination with other data elements to identify or help identify the student or the student's records.

D. Procedure for Obtaining Nondisclosure of Directory Information

The parent's or eligible student's written notice shall be directed to the responsible authority and shall include the following:

1. Name of the student and/or parent, as appropriate;
2. Home address;
3. School presently attended by student;
4. Parent's legal relationship to student, if applicable; and
5. Specific categories of directory information to be made not public without the parent's or eligible student's prior written consent, which shall only be applicable for that school year.

E. Duration

The designation of any information as directory information about a student or parents will remain in effect for the remainder of the school year unless the parent or eligible student provides the written notifications provided herein.

VIII. DISCLOSURE OF PRIVATE RECORDS

A. Private Records

For the purposes herein, education records are records which are classified as private data on individuals by state law and which are accessible only to the student who is the subject of the data and the student's parent if the student is not an eligible student. The school district may not disclose private records or their contents except as summary data, or except as provided in Section VI. of this policy, without the prior written consent of the parent or the eligible student. The school district will use reasonable methods to identify and authenticate the identity of parents, students, school officials, and any other party to whom personally identifiable information from education records is disclosed.

B. Private Records Not Accessible to Parent

In certain cases, state law intends, and clearly provides, that certain information contained in the education records of the school district pertaining to a student be accessible to the student alone, and to the parent only under special circumstances, if at all.

1. The responsible authority may deny access to private data by a parent when a minor student who is the subject of that data requests that the responsible authority deny such access. The minor student's request must be submitted in writing setting forth the reasons for denying access to the parent and must be

signed by the minor. Upon receipt of such request the responsible authority shall determine if honoring the request to deny the parent access would be in the best interest of the minor data subject. In making this determination the responsible authority shall consider the following factors:

- a. whether the minor is of sufficient age and maturity to be able to explain the reasons for and understand the consequences of the request to deny access;
- b. whether the personal situation of the minor is such that denying parental access may protect the minor data subject from physical or emotional harm;
- c. whether there are grounds for believing that the minor data subject's reasons for precluding parental access are reasonably accurate;
- d. whether the data in question is of such a nature that disclosure of it to the parent may lead to physical or emotional harm to the minor data subject; and
- e. whether the data concerns medical, dental or other health services provided pursuant to Minnesota Statutes sections 144.341-144.347, in which case the data may be released only if the failure to inform the parent would seriously jeopardize the health of the minor.

C. Private Records Not Accessible to Student

Students shall not be entitled to access to private data concerning financial records and statements of the student's parent or any information contained therein.

D. Military-Connected Youth Identifier

When a school district updates its enrollment forms in the ordinary course of business, the school district must include a box on the enrollment form to allow students to self-identify as a military-connected youth. For purposes of this section, a "military-connected youth" means having an immediate family member, including a parent or sibling, who is currently in the armed forces either as a reservist or on active duty or has recently retired from the armed forces. Data collected under this provision is private data on individuals, but summary data may be published by the Department of Education.

IX. DISCLOSURE OF CONFIDENTIAL RECORDS

A. Confidential Records

Confidential records are those records and data contained therein which are made not public by state or federal law, and which are inaccessible to the student and the student's parents or to an eligible student.

B. Reports Under the Maltreatment of Minors Reporting Act

Pursuant to Minnesota Statutes Chapter 260E , written copies of reports pertaining to a neglected and/or physically and/or sexually abused child shall be accessible only to the appropriate welfare and law enforcement agencies. In respect to other parties,

such data shall be confidential and will not be made available to the parent or the subject individual by the school district. The subject individual, however, may obtain a copy of the report from either the local welfare agency, county sheriff, or the local police department subject to the provisions of Minnesota Statutes Chapter 260E.

Regardless of whether a written report is made under Minnesota Statutes Chapter 260E, as soon as practicable after a school receives information regarding an incident that may constitute maltreatment of a child in a school facility, the school shall inform the parent, legal guardian, or custodian of the child that an incident occurred that may constitute maltreatment of the child, when the incident occurred, and the nature of the conduct that may constitute maltreatment.

C. Investigative Data

Data collected by the school district as part of an active investigation undertaken for the purpose of the commencement or defense of pending civil legal action, or are retained in anticipation of a pending civil legal action are classified as protected nonpublic data in the case of data not on individuals, and confidential data in the case of data on individuals.

1. The school district may make any data classified as protected non-public or confidential pursuant to this subdivision accessible to any person, agency, or the public if the school district determines that such access will aid the law enforcement process, promote public health or safety, or dispel widespread rumor or unrest.
2. A complainant has access to a statement he or she provided to the school district.
3. Parents or eligible students may have access to investigative data of which the student is the subject, but only to the extent the data is not inextricably intertwined with data about other school district students, school district employees, and/or attorney data as defined in Minnesota Statutes section 13.393.
4. Once a civil investigation becomes inactive, civil investigative data becomes public unless the release of the data would jeopardize another pending civil legal action, except for those portions of such data that are classified as not public data under state or federal law. Any civil investigative data presented as evidence in court or made part of a court record shall be public. For purposes of this provision, a civil investigation becomes inactive upon the occurrence of any of the following events:
 - a. a decision by the school district, or by the chief attorney for the school district, not to pursue the civil legal action. However, such investigation may subsequently become active if the school district or its attorney decides to renew the civil legal action;
 - b. the expiration of the time to file a complaint under the statute of limitations or agreement applicable to the civil legal action; or
 - c. the exhaustion or expiration of rights of appeal by either party to the civil legal action.
5. A "pending civil legal action" for purposes of this subdivision is defined as including, but not limited to, judicial, administrative, or arbitration

proceedings.

D. Chemical Abuse Records

To the extent the school district maintains records of the identity, diagnosis, prognosis, or treatment of any student which are maintained in connection with the performance of any drug abuse prevention function conducted, regulated, or directly or indirectly assisted by any department or agency of the United States, such records are classified as confidential and shall be disclosed only for the purposes and under the circumstances expressly authorized by law.

X. DISCLOSURE OF SCHOOL RECORDS PRIOR TO EXCLUSION OR EXPULSION HEARING

At a reasonable time prior to any exclusion or expulsion hearing, the student and the student's parent or guardian or representative shall be given access to all school district records pertaining to the student, including any tests or reports upon which the action proposed by the school district may be based, pursuant to the Minnesota Pupil Fair Dismissal Act, Minnesota Statutes section 121A.40, *et seq.*

XI. DISCLOSURE OF DATA TO MILITARY RECRUITING OFFICERS AND POST-SECONDARY EDUCATIONAL INSTITUTIONS

A. The school district will release the names, addresses, electronic mail address (which shall be the electronic mail addresses provided by the school district, if available, that may be released to military recruiting officers only), and home telephone numbers of students in grades 11 and 12 to military recruiting officers and post-secondary educational institutions within sixty (60) days after the date of the request unless a parent or eligible student has refused in writing to release this data pursuant to Paragraph C. below.

B. Data released to military recruiting officers under this provision:

1. may be used only for the purpose of providing information to students about military service, state and federal veterans' education benefits, and other career and educational opportunities provided by the military;
2. cannot be further disseminated to any other person except personnel of the recruiting services of the armed forces; and
3. copying fees shall not be imposed.

C. A parent or eligible student has the right to refuse the release of the name, address, electronic mail addresses (which shall be the electronic mail addresses provided by the school, if available, that may be released to military recruiting officers only) or home telephone number to military recruiting officers and post-secondary educational institutions. To refuse the release of the above information to military recruiting officers and post-secondary educational institutions, a parent or eligible student must notify the responsible authority Executive Director of Business Services and Finance in writing by Oct. 1st each year. The written request must include the following information:

1. Name of student and parent, as appropriate;
2. Home address;

3. Student's grade level;
 4. School presently attended by student;
 5. Parent's legal relationship to student, if applicable;
 6. Specific category or categories of information which are not to be released to military recruiting officers and post-secondary educational institutions; and
 7. Specific category or categories of information which are not to be released to the public, including military recruiting officers and post-secondary educational institutions.
- D. Annually, the school district will provide public notice by any means that are reasonably likely to inform the parents and eligible students of their rights to refuse to release the names, addresses, and home phone numbers of students in grades 11 and 12 without prior consent.
- E. A parent or eligible student's refusal to release the above information to military recruiting officers and post-secondary educational institutions does not affect the school district's release of directory information to the rest of the public, which includes military recruiting officers and post-secondary educational institutions. In order to make any directory information about a student private, the procedures contained in Section VII. of this policy also must be followed. Accordingly, to the extent the school district has designated the name, address, home phone number, and grade level of students as directory information, absent a request from a parent or eligible student not to release such data, this information will be public data and accessible to members of the public, including military recruiting officers and post-secondary educational institutions.

XII. LIMITS ON REDISCLOSURE

A. Redisclosure

Consistent with the requirements herein, the school district may only disclose personally identifiable information from the education records of a student on the condition that the party to whom the information is to be disclosed will not disclose the information to any other party without the prior written consent of the parent of the student or the eligible student, except that the officers, employees, and agents of any party receiving personally identifiable information under this section may use the information, but only for the purposes for which the disclosure was made.

B. Redisclosure Not Prohibited

1. Subdivision A. of this section does not prevent the school district from disclosing personally identifiable information under Section VI. of this policy with the understanding that the party receiving the information may make further disclosures of the information on behalf of the school district provided:
 - a. The disclosures meet the requirements of Section VI. of this policy; and
 - b. The school district has complied with the record-keeping requirements of Section XIII. of this policy.

2. Subdivision A. of this section does not apply to disclosures made pursuant to court orders or lawfully issued subpoenas or litigation, to disclosures of directory information, to disclosures to a parent or student or to parents of dependent students, or to disclosures concerning sex offenders and other individuals required to register under 42 United States Code section 14071. However, the school district must provide the notification required in Section XII.D. of this policy if a redisclosure is made based upon a court order or lawfully issued subpoena.

C. Classification of Disclosed Data

The information disclosed shall retain the same classification in the hands of the party receiving it as it had in the hands of the school district.

D. Notification

The school district shall inform the party to whom a disclosure is made of the requirements set forth in this section, except for disclosures made pursuant to court orders or lawfully issued subpoenas, disclosure of directory information under Section VII. of this policy, disclosures to a parent or student, or disclosures to parents of a dependent student. In the event that the Family Policy Compliance Office determines that a state or local educational authority, a federal agency headed by an official listed in 34 Code of Federal Regulations section 99.31(a)(3), or an authorized representative of a state or local educational authority or a federal agency headed by an official listed in section 99.31(a)(3), or a third party outside of the school district improperly rediscloses personally identifiable information from education records or fails to provide notification required under this section of this policy, the school district may not allow that third party access to personally identifiable information from education records for at least five (5) years.

XIII. RESPONSIBLE AUTHORITY; RECORD SECURITY; AND RECORD KEEPING

A. Responsible Authority

The responsible authority shall be responsible for the maintenance and security of student records.

B. Record Security

The principal of each school subject to the supervision and control of the responsible authority shall be the records manager of the school, and shall have the duty of maintaining and securing the privacy and/or confidentiality of student records.

C. Plan for Securing Student Records

The building principal shall submit to the responsible authority a written plan for securing students records by September 1 of each school year. The written plan shall contain the following information:

1. A description of records maintained;
2. Titles and addresses of person(s) responsible for the security of student records;
3. Location of student records, by category, in the buildings;

4. Means of securing student records; and
5. Procedures for access and disclosure.

D. Review of Written Plan for Securing Student Records

The responsible authority shall review the plans submitted pursuant to Paragraph C. of this section for compliance with the law, this policy, and the various administrative policies of the school district. The responsible authority shall then promulgate a chart incorporating the provisions of Paragraph C. which shall be attached to and become a part of this policy.

E. Record Keeping

1. The principal shall, for each request for and each disclosure of personally identifiable information from the education records of a student, maintain a record, with the education records of the student, that indicates:
 - a. the parties who have requested or received personally identifiable information from the education records of the student;
 - b. the legitimate interests these parties had in requesting or obtaining the information; and
 - c. the names of the state and local educational authorities and federal officials and agencies listed in Section VI.B.4. of this policy that may make further disclosures of personally identifiable information from the student's education records without consent.
2. In the event the school district discloses personally identifiable information from an education record of a student pursuant to Section XII.B. of this policy, the record of disclosure required under this section shall also include:
 - a. the names of the additional parties to which the receiving party may disclose the information on behalf of the school district;
 - b. the legitimate interests under Section VI. of this policy which each of the additional parties has in requesting or obtaining the information; and
 - c. a copy of the record of further disclosures maintained by a state or local educational authority or federal official or agency listed in Section VI.B.4. of this policy in accordance with 34 Code of Federal Regulations section 99.32 and to whom the school district disclosed information from an education record. The school district shall request a copy of the record of further disclosures from a state or local educational authority or federal official or agency to whom education records were disclosed upon a request from a parent or eligible student to review the record of requests for disclosure.
3. Section XIII.E.1. does not apply to requests by or disclosure to a parent of a student or an eligible student, disclosures pursuant to the written consent of a parent of a student or an eligible student, requests by or disclosures to other school officials under Section VI.B.1. of this policy, to requests for disclosures

of directory information under Section VII. of this policy, or to a party seeking or receiving the records as directed by a federal grand jury or other law enforcement subpoena and the issuing court or agency has ordered that the existence or the contents of the subpoena or the information provided in response to the subpoena not be disclosed or as directed by an ex parte court order obtained by the United States Attorney General (or designee not lower than an Assistant Attorney General) concerning investigations or prosecutions of an offense listed in 18 United States Code section 2332b(g)(5)(B) or an act of domestic or international terrorism.

4. The record of requests of disclosures may be inspected by:
 - a. the parent of the student or the eligible student;
 - b. the school official or his or her assistants who are responsible for the custody of the records; and
 - c. the parties authorized by law to audit the record-keeping procedures of the school district.
5. The school district shall record the following information when it discloses personally identifiable information from education records under the health or safety emergency exception:
 - a. the articulable and significant threat to the health or safety of a student or other individual that formed the basis for the disclosure; and
 - b. the parties to whom the school district disclosed the information.
6. The record of requests and disclosures shall be maintained with the education records of the student as long as the school district maintains the student's education records.

XIV. RIGHT TO INSPECT AND REVIEW EDUCATION RECORDS

A. Parent of a Student, an Eligible Student or the Parent of an Eligible Student Who is Also a Dependent Student

The school district shall permit the parent of a student, an eligible student, or the parent of an eligible student who is also a dependent student who is or has been in attendance in the school district to inspect or review the education records of the student, except those records which are made confidential by state or federal law or as otherwise provided in Section VIII. of this policy.

B. Response to Request for Access

The school district shall respond to any request pursuant to Subdivision A. of this section immediately, if possible, or within ten (10) days of the date of the request, excluding Saturdays, Sundays, and legal holidays.

C. Right to Inspect and Review

The right to inspect and review education records under Subdivision A. of this section includes:

1. The right to a response from the school district to reasonable requests for explanations and interpretations of records; and
2. If circumstances effectively prevent the parent or eligible student from exercising the right to inspect and review the education records, the school district shall provide the parent or eligible student with a copy of the records requested or make other arrangements for the parent or eligible student to inspect and review the requested records.
3. Nothing in this policy shall be construed as limiting the frequency of inspection of the education records of a student with a disability by the student's parent or guardian or by the student upon the student reaching the age of majority.

D. Form of Request

Parents or eligible students shall submit to the school district a written request to inspect education records which identify as precisely as possible the record or records he or she wishes to inspect.

E. Collection of Student Records

If a student's education records are maintained in more than one location, the responsible authority may collect copies of the records or the records themselves from the various locations so they may be inspected at one site. However, if the parent or eligible student wishes to inspect these records where they are maintained, the school district shall attempt to accommodate those wishes. The parent or eligible student shall be notified of the time and place where the records may be inspected.

F. Records Containing Information on More Than One Student

If the education records of a student contain information on more than one student, the parent or eligible student may inspect and review or be informed of only the specific information which pertains to that student.

G. Authority to Inspect or Review

The school district may presume that either parent of the student has authority to inspect or review the education records of a student unless the school district has been provided with evidence that there is a legally binding instrument or a state law or court order governing such matters as marriage dissolution, separation, or custody which provides to the contrary.

H. Fees for Copies of Records

1. The school district shall charge a reasonable fee for providing photocopies or printed copies of records unless printing a copy is the only method to provide for the inspection of data. In determining the amount of the reasonable fee, the school district shall consider the following:
 - a. the cost of materials, including paper, used to provide the copies;
 - b. the cost of the labor required to prepare the copies;
 - c. any schedule of standard copying charges established by the school

district in its normal course of operations;

- d. any special costs necessary to produce such copies from machine-based record-keeping systems, including but not limited to computers and microfilm systems; and
 - e. mailing costs.
2. If 100 or fewer pages of black and white, letter or legal size paper copies are requested, actual costs shall not be used, and, instead, the charge shall be no more than 25 cents for each page copied.
 3. The cost of providing copies shall be borne by the parent or eligible student.
 4. The responsible authority, however, may not impose a fee for a copy of an education record made for a parent or eligible student if doing so would effectively prevent or, in the case of a student with a disability, impair the parent or eligible student from exercising their right to inspect or review the student's education records.

XV. REQUEST TO AMEND RECORDS; PROCEDURES TO CHALLENGE DATA

A. Request to Amend Education Records

APPENDIX D

520 STUDENT SURVEYS

I. PURPOSE

Occasionally, the school district utilizes surveys to obtain student opinions and information about students. The purpose of this policy is to establish the parameters of information that may be sought in student surveys.

II. GENERAL STATEMENT OF POLICY

Student surveys may be conducted as determined necessary by the school district. Surveys, analyses, and evaluations conducted as part of any program funded through the U.S. Department of Education must comply with 20 U.S.C. § 1232h.

III. STUDENT SURVEYS IN GENERAL

- A. Student surveys will be conducted anonymously and in an indiscernible fashion. No mechanism will be used for identifying the participating student in any way. No attempt will be made in any way to identify a student survey participant. No requirement that the student return the survey shall exist, and no record of the student's returning a survey will be maintained.
- B. The superintendent may choose not to approve any survey that seeks probing personal and/or sensitive information that could result in identifying the survey participant, or is discriminatory in nature based on age, race, color, sex, disability, religion, or national origin.
- C. Surveys containing questions pertaining to the student's or the student's parent(s) or guardian(s) personal beliefs or practices in sex, family life, morality, and religion will not be administered to any student unless the parent or guardian of the student is notified in writing that such survey is to be administered and the parent or guardian of the student gives written permission for the student to participate or has the opportunity to opt out of the survey depending upon how the survey is funded. Any and all documents containing the written permission of a parent/guardian for a student to participate in a survey will be maintained by the school district in a file separate from the survey responses.
- D. Although the survey is conducted anonymously, potential exists for personally identifiable information to be provided in response thereto. To the extent that personally identifiable information of a student is contained in his or her responses to a survey, the school district will take appropriate steps to ensure the data is protected in accordance with Minn. Stat. Ch. 13 (Minnesota Government Data Practices Act), 20 U.S.C. § 1232g (Family Educational Rights and Privacy Act) and 34 C.F.R. Part 99.
- E. The school district must not impose an academic or other penalty on a student who opts out of participating in a student survey.

IV. STUDENT SURVEYS CONDUCTED AS PART OF DEPARTMENT OF EDUCATION PROGRAM

- A. All instructional materials, including teacher's manuals, films, tapes, or other supplementary material which will be used in connection with any survey, analysis, or evaluation as part of any program funded in whole or in part by the U.S. Department of Education, shall be available for inspection by the parents or guardians of the students.
- B. No student shall be required, as part of any program funded in whole or in part by the U.S. Department of Education, without the prior consent of the student (if the student is an adult or emancipated minor), or, in the case of an unemancipated minor, without the prior written consent of the parent/guardian, to submit to a survey that reveals information concerning:
 - 1. political affiliations or beliefs of the student or the student's parent/guardian;
 - 2. mental and psychological problems of the student or the student's family;
 - 3. sex behavior or attitudes;
 - 4. illegal, antisocial, self-incriminating, or demeaning behavior;
 - 5. critical appraisals of other individuals with whom respondents have close family relationships;
 - 6. legally recognized privileged or analogous relationships, such as those of lawyers, physicians, and ministers;
 - 7. religious practices, affiliations, or beliefs of the student or the student's parent/guardian; or
 - 8. income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such program).
- C. A school district that receives funds under any program funded by the U.S. Department of Education shall develop local policies consistent with Sections IV.A. and IV.B., above, concerning student privacy, parental access to information, and administration of certain physical examinations to minors.
 - 1. The following policies are to be adopted in consultation with parents/guardians:
 - a. The right of a parent/guardian to inspect, on request, a survey, including an evaluation, created by a third party before the survey is administered or distributed by a school to a student, including procedures for granting a parent/guardian's request for reasonable access to such survey within a reasonable period of time after the request is received.

"Parent/guardian" means a legal guardian or other person acting *in loco parentis* (in place of a parent), such as a grandparent or stepparent with whom the child lives, or a person who is legally responsible for the welfare of the child.
 - b. Arrangements to protect student privacy in the event of the administration or distribution of a survey, including an evaluation, to a student which contains one or more of the items listed in Section IV.B., above, including the right of a parent/guardian of a student to inspect, on request, any such survey.
 - c. The right of a parent/guardian of a student to inspect, on request, any instructional material used as part of the educational curriculum for the student and procedures for granting a request by a parent/guardian for such access within a reasonable period of time after the request is received.

"Instructional material" means instructional content that is provided to a student, regardless of format, including printed or representational materials, audio-visual materials, and materials in electronic or digital formats (i.e., materials accessible through the Internet). The term does not include academic tests or academic assessments.
 - d. The administration of physical examinations or screenings that the school district may administer to a student. This provision does not apply to a survey administered to a student in accordance with the Individuals with Disabilities Education Act (20 U.S.C. § 1400, *et seq.*).

- e. The collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information (or otherwise providing the information to others for that purpose), including arrangements to protect student privacy that are provided by the school district in the event of such collection, disclosure, or use.
 - (1) "Personal information" means individually identifiable information including a student or parent/guardian's first and last name; a home or other physical address (including street name and the name of the city or town); a telephone number; or a Social Security identification number.
 - (2) This provision does not apply to the collection, disclosure, or use of personal information collected from students for the exclusive purpose of developing, evaluating, or providing educational products or services for, or to, students or educational institutions, such as:
 - (a) college or other post-secondary education recruitment or military;
 - (b) book clubs, magazines, and programs providing access to low cost literary products;
 - (c) curriculum and instructional materials used by elementary and secondary schools;
 - (d) tests and assessments used by elementary schools and secondary schools to provide cognitive, evaluative, diagnostic, clinical, aptitude, or achievement information about students, or to generate other statistically useful data for the purpose of securing such tests and assessments and the subsequent analysis and public release of the aggregate data from such tests and assessments;
 - (e) the sale by students of products or services to raise funds for school-related or education-related activities; and
 - (f) student recognition programs.
 - (3) The right of a parent/guardian to inspect, on request, any instrument used in the collection of information, as described in Section IV.C.1., Subparagraph e., above, before the instrument is administered or distributed to a student and procedures for granting a request by a parent/guardian for reasonable access to such an instrument within a reasonable period of time after the request is received.
2. The policies adopted under Section IV.C., Subparagraph 1., above, shall provide for reasonable notice of the adoption or continued use of such policies directly to parents/guardians of students enrolled in or served by the school district.
- a. The notice will be provided at least annually, at the beginning of the school year, and within a reasonable period of time after any substantive change in a policy.
 - b. The notice will provide parents/guardians with an opportunity to opt out of participation in the following activities:
 - (1) Activities involving the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information, or otherwise providing that information to others for that purpose.
 - (2) The administration of any third-party survey (non-Department of Education funded) containing one or more of the items contained in Section IV.B., above.
 - (3) Any nonemergency, invasive physical examination or screening that is required as a condition of attendance, administered by the school and scheduled by the school in advance, and not necessary to protect the immediate health and safety of the student or other students. "Invasive physical examination" means any medical examination that involves the exposure of private body parts, or act during such examination that includes incision, insertion, or injection into the body, but does not include a hearing, vision, or scoliosis screening.
 - c. The notice will advise students of the specific or approximate dates during the school year when the activities in Section IV.C.2., Subparagraph b., above, are scheduled, or expected to be scheduled.
 - d. The notice provisions shall not be construed to preempt applicable provisions of state law that require parental/guardian notification and do not apply to any physical examination or screening that is permitted or required by applicable state law, including physical examinations or screenings that are permitted without parental/guardian notification.

V. NOTICE

- A. The school district must give parents/guardians and students notice of this policy at the beginning of each school year and after making substantive changes to this policy.

506 STUDENT DISCIPLINE

I. PURPOSE

The purpose of this policy is to ensure that students are aware of and comply with the school district's expectations for student conduct. Such compliance will enhance the school district's ability to maintain discipline and ensure that there is no interference with the educational process. The school district will take appropriate disciplinary action when students fail to adhere to the Code of Student Conduct established by this policy.

II. GENERAL STATEMENT OF POLICY

The school board recognizes that individual responsibility and mutual respect are essential components of the educational process. The school board further recognizes that nurturing the maturity of each student is of primary importance and is closely linked with the balance that must be maintained between authority and self-discipline as the individual progresses from a child's dependence on authority to the more mature behavior of self-control.

All students are entitled to learn and develop in a setting which promotes respect of self, others, and property. Proper positive discipline can only result from an environment which provides options and stresses student self-direction, decision-making, and responsibility. Schools can function effectively only with internal discipline based on mutual understanding of rights and responsibilities.

Students must conduct themselves in an appropriate manner that maintains a climate in which learning can take place. Overall decorum affects student attitudes and influences student behavior. Proper student conduct is necessary to facilitate the education process and to create an atmosphere conducive to high student achievement.

Although this policy emphasizes the development of self-discipline, it is recognized that there are instances when it will be necessary to administer disciplinary measures. The position of the school district is that a fair and equitable district-wide student discipline policy will contribute to the quality of the student's educational experience. This discipline policy is adopted in accordance with and subject to the Minnesota Pupil Fair Dismissal Act, Minnesota Statutes, sections 121A.40-121A.56.

In view of the foregoing and in accordance with Minnesota Statutes, section 121A.55, the school board, with the participation of school district administrators, teachers, employees, students, parents, community members, and such other individuals and organizations as appropriate, has developed this policy which governs student conduct and applies to all students of the school district.

III. DEFINITIONS

- A. "Nonexclusionary disciplinary policies and practices" means policies and practices that are alternatives to dismissing a pupil from school, including but not limited to evidence-based positive behavior interventions and supports, social and emotional services, school-linked mental health services, counseling services, social work services, academic screening for Title 1 services or reading interventions, and alternative education services. Nonexclusionary disciplinary policies and practices include but are not limited to the policies and practices under sections 120B.12; 121A.575, clauses (1) and (2); 121A.031, subdivision 4, paragraph (a), clause (1); 121A.61, subdivision 3, paragraph (r); and 122A.627, clause (3).

- D. For expulsion and exclusion dismissals and pupil withdrawal agreements as defined in Minnesota Statutes, section 121A.41, subdivision 13:
 - 1. for a pupil who remains enrolled in the school district or is awaiting enrollment in a new district, the school district's continuing responsibility includes reviewing the pupil's schoolwork and grades on a quarterly basis to ensure the pupil is on track for readmission with the pupil's peers. The school district must communicate on a regular basis with the pupil's parent or guardian to ensure that the pupil is completing the work assigned through the alternative educational services as defined in Minnesota Statutes, section 121A.41, subdivision 11. These services are required until the pupil enrolls in another school or returns to the same school;
 - 2. a pupil receiving school-based or school-linked mental health services in the school district under Minnesota Statutes, section 245.4889 continues to be eligible for those services until the pupil is enrolled in a new district; and

IX. RECESS AND OTHER BREAKS

- A. "Recess detention" means excluding or excessively delaying a student from participating in a scheduled recess period as a consequence for student behavior. Recess detention does not include, among other things, providing alternative recess at the student's choice.

- B. The school district is encouraged to ensure student access to structured breaks from the demands of school and to support teachers, principals, and other school staff in their efforts to use evidence-based approaches to reduce exclusionary forms of discipline.
- C. The school district must not use recess detention unless:
 - 1. a student causes or is likely to cause serious physical harm to other students or staff;
 - 2. the student's parent or guardian specifically consents to the use of recess detention; or
 - 3. for students receiving special education services, the student's individualized education program team has determined that withholding recess is appropriate based on the individualized needs of the student.
- D. The school district must not withhold recess from a student based on incomplete schoolwork.
- E. The school district must require school staff to make a reasonable attempt to notify a parent or guardian within 24 hours of using recess detention.
- F. The school district must compile information on each recess detention at the end of each school year, including the student's age, grade, gender, race or ethnicity, and special education status. This information must be available to the public upon request. The school district is encouraged to use the data in professional development promoting the use of nonexclusionary discipline.

X. DISCIPLINARY ACTION OPTIONS

The general policy of the school district is to utilize progressive discipline to the extent reasonable and appropriate based upon the specific facts and circumstances of student misconduct. The specific form of discipline chosen in a particular case is solely within the discretion of the school district. At a minimum, violation of school district code of conduct, rules, regulations, policies, or procedures will result in discussion of the violation and a verbal warning. The school district shall, however, impose more severe disciplinary sanctions for any violation, including exclusion or expulsion, if warranted by the student's misconduct, as determined by the school district. Disciplinary action may include, but is not limited to, one or more of the following:

- A. Student conference with teacher, principal, counselor, or other school district personnel, and verbal warning;

- A. The teacher of record shall have the general control and government of the classroom. Teachers have the responsibility of attempting to modify disruptive student behavior by such means as conferring with the student, using positive reinforcement, assigning detention or other consequences, or contacting the student’s parents. When such measures fail, or when the teacher determines it is otherwise appropriate based upon the student’s conduct, the teacher shall have the authority to remove the student from class pursuant to the procedures established by this discipline policy. “Removal from class” and “removal” mean any actions taken by a teacher, principal, or other school district employee to prohibit a student from attending a class or activity period for a period of time not to exceed five (5) days, pursuant to this discipline policy.

Grounds for removal from class shall include any of the following:

- 1. Willful conduct that significantly disrupts the rights of others to an education, including conduct that interferes with a teacher’s ability to teach or communicate effectively with students in a class or with the ability of other students to learn;

2. Willful conduct that endangers surrounding persons, including school district employees, the student or other students, or the property of the school;
3. Willful violation of any school rules, regulations, policies or procedures, including the Code of Student Conduct in this policy; or
4. Other conduct, which in the discretion of the teacher or administration, requires removal of the student from class.

Such removal shall be for at least one (1) activity period or class period of instruction for a given course of study and shall not exceed five (5) such periods.

A student must be removed from class immediately if the student engages in assault or violent behavior. "Assault" is an act done with intent to cause fear in another of immediate bodily harm or death; or the intentional infliction of, or attempt to inflict, bodily harm upon another.

- B. If a student is removed from class more than ten (10) times in a school year, the school district shall notify the parent or guardian of the student's tenth removal from class and make reasonable attempts to convene a meeting with the student's parent or guardian to discuss the problem that is causing the student to be removed from class.
- C. Procedures for Removal of a Student From a Class.
 1. All students have a right to learn and teachers the right to teach. Disruption to the learning process may result in the loss of privilege to remain in the class.

 - B. Support staff will engage in restorative and/or disciplinary actions following the code of conduct.
 2. Behaviors under the major category in the student handbook are documented in the Student Information System.

 - 2. An IEP team will consider whether there is a need for a review of the adequacy of the current Individualized Education Program (IEP) of a student with a disability who is removed from class or disciplined; and
 - 3. Any determined appropriate services for referring students in need of additional or alternate special education services.
- I. Procedures for Detecting and Addressing Chemical Abuse Problems of Students While on School Premises.

XII. DISMISSAL

- A. "Dismissal" means the denial of the current educational program to any student, including exclusion, expulsion, and suspension. Dismissal does not include removal from class.

The school district shall not deny due process or equal protection of the law to any student involved in a dismissal proceeding which may result in suspension, exclusion or expulsion.

The school district shall not dismiss any student without attempting to before dismissal proceedings or pupil withdrawal agreements, except where it appears that the student will create an immediate and substantial danger to self or to surrounding persons or property.

The use of exclusionary practices for early learners as defined in Minnesota Statutes, section 12A.425 is prohibited. The use of exclusionary practices to address attendance and truancy issues is prohibited.

- B. Violations leading to suspension, based upon severity, may also be grounds for actions leading to expulsion, and/or exclusion. A student may be dismissed on any of the

following grounds:

1. Willful violation of any reasonable school board regulation, including those found in this policy;
2. Willful conduct that significantly disrupts the rights of others to an education, or the ability of school personnel to perform their duties, or school sponsored extracurricular activities; or
3. Willful conduct that endangers the student or other students, or surrounding persons, including school district employees, or property of the school.

C. Disciplinary Dismissals Prohibited

1. A pupil enrolled in the following is not subject to dismissals under the Pupil Fair Dismissal Act:
 - a. a preschool or prekindergarten program, including an early childhood family education, school readiness, school readiness plus, voluntary prekindergarten, Head Start, or other school-based preschool or prekindergarten program; or
 - b. kindergarten through Grade 3.
2. This section does not apply to a dismissal from school for less than one school day, except as provided under Minnesota Statutes, chapter 125A and federal law for a student receiving special education services.
3. Notwithstanding this section, expulsions and exclusions may be used only after resources outlined under Nonexclusionary discipline have been exhausted, and only in circumstances where there is an ongoing serious safety threat to the child or others.

D. Suspension Procedures

1. "Suspension" means an action by the school administration, under rules promulgated by the School Board, prohibiting a student from attending school for a period of no more than ten (10) school days; provided, however, if a suspension is longer than five (5) school days, the suspending administrator shall provide the superintendent with a reason for the longer term of suspension. This definition does not apply to dismissal for one (1) school day or less where a student with a disability does not receive regular or special education instruction during that dismissal period.
2. School administration must allow a suspended pupil the opportunity to complete all school work assigned during the period of the pupil's suspension and to receive full credit for satisfactorily completing the assignments. The school principal or other person having administrative control of the school building or program is encouraged to designate a district or school employee as a liaison to work with the pupil's teachers to allow the suspended pupil to (1) receive timely course materials and other information, and (2) complete daily and weekly assignments and receive teachers' feedback.
3. If a student's total days of removal from school exceed ten (10) cumulative days in a school year, the school district shall make reasonable attempts to convene a meeting with the student and the student's parent or guardian before subsequently removing the student from school and, with the permission of the parent or guardian, arrange for a mental health screening

for the student at the parent or guardian's expense. The purpose of this meeting is to attempt to determine the student's need for assessment or other services or whether the parent or guardian should have the student assessed or diagnosed to determine whether the student needs treatment for a mental health disorder.

4. The definition of suspension under Minnesota Statutes, section 121A.41, subdivision 10, does not apply to a student's dismissal from school for one school day or less, except as provided under federal law for a student with a disability. Each suspension action may include a readmission plan. The plan shall include, where appropriate, a provision for implementing alternative educational services upon readmission which must not be used to extend the current suspension. A readmission plan must not obligate a parent or guardian to provide psychotropic drugs to their student as a condition of readmission. School administration must not use the refusal of a parent or guardian to consent to the administration of psychotropic drugs to their student or to consent to a psychiatric evaluation, screening, or examination of the student as a ground, by itself, to prohibit the student from attending class or participating in a school-related activity, or as a basis of a charge of child abuse, child neglect, or medical or educational neglect. The school administration may not impose consecutive suspensions against the same student for the same course of conduct, or incident of misconduct, except where the student will create an immediate and substantial danger to self or to surrounding persons or property or where the school district is in the process of initiating an expulsion, in which case the school administration may extend the suspension to a total of fifteen (15) days.
5. A child with a disability may be suspended. When a child with a disability has been suspended for more than five (5) consecutive days or ten (10) cumulative school days in the same year, and that suspension does not involve a recommendation for expulsion or exclusion or other change in placement under federal law, relevant members of the child's IEP team, including at least one of the child's teachers, shall meet and determine the extent to which the child needs services in order to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals in the child's IEP. That meeting must occur as soon as possible, but no more than ten (10) days after the sixth (6th) consecutive day of suspension or the tenth (10th) cumulative day of suspension has elapsed.
6. Alternative education services must be provided to a pupil who is suspended for more than five (5) consecutive school days. Alternative educational services may include, but are not limited to, special tutoring, modified curriculum, modified instruction, other modifications or adaptations, instruction through electronic media, special education services as indicated by appropriate assessments, homebound instruction, supervised homework, or enrollment in another district or in an alternative learning center under Minnesota Statutes, section 123A.05 selected to allow the student to progress toward meeting graduation standards under Minnesota Statutes, section 120B.02, although in a different setting.
7. The school administration shall not suspend a student from school without an informal administrative conference with the student. The informal administrative conference shall take place before the suspension, except where it appears that the student will create an immediate and substantial danger to self or to surrounding persons or property, in which case the conference shall take place as soon as practicable following the suspension. At the informal administrative conference, a school administrator shall notify the student of the grounds for the suspension, provide an explanation of the

evidence the authorities have, and the student may present the student's version of the facts. A separate administrative conference is required for each period of suspension.

8. After school administration notifies a student of the grounds for suspension, school administration may, instead of imposing the suspension, do one or more of the following:
 - a. strongly encourage a parent or guardian of the student to attend school with the student for one day;
 - b. assign the student to attend school on Saturday as supervised by the principal or the principal's designee; and
 - c. petition the juvenile court that the student is in need of services under Minnesota Statutes chapter 260C.
9. A written notice containing the grounds for suspension, a brief statement of the facts, a description of the testimony, a readmission plan, and a copy of the Minnesota Pupil Fair Dismissal Act, Minnesota Statutes, sections 121A.40-121A.56, shall be personally served upon the student at or before the time the suspension is to take effect, and upon the student's parent or guardian by mail within forty-eight (48) hours of the conference. (See attached sample Notice of Suspension.)
10. The school administration shall make reasonable efforts to notify the student's parent or guardian of the suspension by telephone as soon as possible following suspension.
11. In the event a student is suspended without an informal administrative conference on the grounds that the student will create an immediate and substantial danger to surrounding persons or property, the written notice shall be served upon the student and the student's parent or guardian within forty-eight (48) hours of the suspension. Service by mail shall be complete upon mailing.
12. Notwithstanding the foregoing provisions, the student may be suspended pending the school board's decision in an expulsion or exclusion proceeding, provided that alternative educational services are implemented to the extent that suspension exceeds five (5) consecutive school days.

E. Expulsion and Exclusion Procedures

1. "Expulsion" means a school board action to prohibit an enrolled student from further attendance for up to twelve (12) months from the date the student is expelled. The authority to expel rests with the school board.
2. "Exclusion" means an action taken by the school board to prevent enrollment or re-enrollment of a student for a period that shall not extend beyond the school year. The authority to exclude rests with the school board.
3. All expulsion and exclusion proceedings will be held pursuant to and in accordance with the provisions of the Minnesota Pupil Fair Dismissal Act, Minnesota Statutes, sections 121A.40-121A.56.
4. No expulsion or exclusion shall be imposed without a hearing, unless the right to a hearing is waived in writing by the student and parent or guardian.

5. The student and parent or guardian shall be provided written notice of the school district's intent to initiate expulsion or exclusion proceedings. This notice shall be served upon the student and his or her parent or guardian personally or by mail, and shall contain a complete statement of the facts; a list of the witnesses and a description of their testimony; state the date, time and place of hearing; be accompanied by a copy of the Pupil Fair Dismissal Act, Minnesota Statutes, sections 121A.40-121A.56; describe the nonexclusionary disciplinary practices accorded the student in an attempt to avoid the expulsion proceedings; and inform the student and parent or guardian of their right to: (1) have a representative of the student's own choosing, including legal counsel at the hearing; (2) examine the student's records before the hearing; (3) present evidence; and (4) confront and cross-examine witnesses. The school district must advise the student's parent or guardian that free or low-cost legal assistance may be available and that a legal assistance resource list is available from the Minnesota Department of Education (MDE) and is posted on its website.
6. The hearing shall be scheduled within ten (10) days of the service of the written notice unless an extension, not to exceed five (5) days, is requested for good cause by the school district, student, parent, or guardian.
7. All hearings shall be held at a time and place reasonably convenient to the student, parent, or guardian and shall be closed, unless the student, parent, or guardian requests an open hearing.
8. The school district shall record the hearing proceedings at district expense, and a party may obtain a transcript at its own expense.
9. The student shall have a right to a representative of the student's own choosing, including legal counsel, at the student's sole expense. The school district shall advise the student's parent or guardian that free or low-cost legal assistance may be available and that a legal assistance resource list is available from MDE. The school board may appoint an attorney to represent the school district in any proceeding.
10. If the student designates a representative other than the parent or guardian, the representative must have a written authorization from the student and the parent or guardian providing them with access to and/or copies of the student's records.
11. All expulsion or exclusion hearings shall take place before and be conducted by an independent hearing officer designated by the school district. The hearing shall be conducted in a fair and impartial manner. Testimony shall be given under oath and the hearing officer shall have the power to issue subpoenas and administer oaths.
12. At a reasonable time prior to the hearing, the student, parent or guardian, or authorized representative shall be given access to all school district records pertaining to the student, including any tests or reports upon which the proposed dismissal action may be based.
13. The student, parent or guardian, or authorized representative, shall have the right to compel the presence of any school district employee or agent or any other person who may have evidence upon which the proposed dismissal action may be based, and to confront and cross-examine any witnesses testifying for the school district.
14. The student, parent or guardian, or authorized representative, shall have the

right to present evidence and testimony, including expert psychological or educational testimony.

15. The student cannot be compelled to testify in the dismissal proceedings.
16. The hearing officer shall prepare findings and a recommendation based solely upon substantial evidence presented at the hearing, which must be made to the school board and served upon the parties within two (2) days after the close of the hearing.
17. The school board shall base its decision upon the findings and recommendation of the hearing officer and shall render its decision at a meeting held within five (5) days after receiving the findings and recommendation. The school board may provide the parties with the opportunity to present exceptions and comments to the hearing officer's findings and recommendation provided that neither party presents any evidence not admitted at the hearing. The decision by the school board must be based on the record, must be in writing, and must state the controlling facts on which the decision is made in sufficient detail to apprise the parties and the Commissioner of the Minnesota Department of Education (Commissioner) of the basis and reason for the decision.
18. A party to an expulsion or exclusion decision made by the school board may appeal the decision to the Commissioner within twenty-one (21) calendar days of school board action pursuant to Minnesota Statutes section 121A.49. The decision of the school board shall be implemented during the appeal to the Commissioner.
19. The school district shall report any suspension, expulsion or exclusion action taken to the appropriate public service agency, when the student is under the supervision of such agency.
20. The school district must report, through the MDE electronic reporting system, each expulsion or exclusion within thirty (30) days of the effective date of the action to the Commissioner. This report must include a statement of alternative educational services given the student and the reason for, the effective date, and the duration of the exclusion or expulsion. The report must also include the student's age, grade, gender, race, and special education status. The dismissal report must include state student identification numbers of affected students.
21. Whenever a student fails to return to school within ten (10) school days of the termination of dismissal, a school administrator shall inform the student and his/her parent or guardian by mail of the student's right to attend and to be reinstated in the school district.

XIII. ADMISSION OR READMISSION PLAN

A school administrator must prepare and enforce an admission or readmission plan for any student who is excluded or expelled from school. The plan must include measures to improve the student's behavior, which may include completing a character education program consistent with Minnesota Statutes, section 120B.232, subdivision 1, social and emotional learning, counseling, social work services, mental health services, referrals for special education or 504 evaluation, and evidence-based academic interventions. The plan must include reasonable attempts to obtain parental involvement in the admission or readmission process, and may indicate the consequences to the student of not improving the student's behavior. The readmission plan must not obligate parents to provide a sympathomimetic medication for their child as a condition of readmission.

XIV. NOTIFICATION OF POLICY VIOLATIONS

Notification of any violation of this policy and resulting disciplinary action shall be as provided herein, or as otherwise provided by the Pupil Fair Dismissal Act or other applicable law. The teacher, principal or other school district official may provide additional notification as deemed appropriate.

In addition, the school district must report, through the MDE electronic reporting system, each exclusion or expulsion, each physical assault of a school district employee by a pupil, and each pupil withdrawal agreement within thirty (30) days of the effective date of the dismissal action, pupil withdrawal, or assault, to the MDE Commissioner. This report must include a statement of the nonexclusionary disciplinary practices, or other sanction, intervention, or resolution in response to the assault given to the pupil and the reason for, the effective date, and the duration of the exclusion or expulsion or other sanction, intervention, or resolution. The report must also include the pupil's age, grade, gender, race, and special education status.

XV. STUDENT DISCIPLINE RECORDS

The policy of the school district is that complete and accurate student discipline records be maintained. The collection, dissemination, and maintenance of student discipline records shall be consistent with applicable school district policies and federal and state law, including the Minnesota Government Data Practices Act, Minnesota Statutes chapter 13.

XVI. STUDENTS WITH DISABILITIES

Students who are currently identified as eligible under the IDEA or Section 504 will be subject to the provisions of this policy, unless the student's IEP or 504 plan specifies a necessary modification.

Before initiating an expulsion or exclusion of a student with a disability, relevant members of the child's IEP team and the child's parent shall, consistent with federal law, conduct a manifestation determination and determine whether the child's behavior was (i) caused by or had a direct and substantial relationship to the child's disability and (ii) whether the child's conduct was a direct result of a failure to implement the child's IEP. If the student's educational program is appropriate and the behavior is not a manifestation of the student's disability, the school district will proceed with discipline – up to and including expulsion – as if the student did not have a disability, unless the student's educational program provides otherwise. If the team determines that the behavior subject to discipline is a manifestation of the student's disability, the team shall conduct a functional behavioral assessment and implement a behavioral intervention plan for such student provided that the school district had not conducted such assessment prior to the manifestation determination before the behavior that resulted in a change of placement. Where a behavioral intervention plan previously has been developed, the team will review the behavioral intervention plan and modify it as necessary to address the behavior.

When a student who has an IEP is excluded or expelled for misbehavior that is not a manifestation of the student's disability, the school district shall continue to provide special education and related services during the period of expulsion or exclusion.

XVII. OPEN ENROLLED STUDENTS

The school district may terminate the enrollment of a nonresident student enrolled under an Enrollment Option Program (Minnesota Statutes section 124D.03) or Enrollment in Nonresident District (Minnesota Statutes section 124D.08) at the end of a school year if the student meets the definition of a habitual truant, the student has been provided appropriate services for truancy (Minnesota Statutes chapter 260A), and the student's case has been referred to juvenile court. The school district may also terminate the enrollment of a

nonresident student over the age of seventeen (17) enrolled under an Enrollment Options Program if the student is absent without lawful excuse for one or more periods on fifteen (15) school days and has not lawfully withdrawn from school.

XVIII. DISCIPLINE COMPLAINT PROCEDURE

Students, parents and other guardians, and school staff may file a complaint and seek corrective action when the requirements of the Minnesota Pupil Fair Dismissal Act, including the implementation of the local behavior and discipline policies, are not being implemented appropriately or are being discriminately applied.

The Discipline Complaint Procedure must, at a minimum:

1. provide procedures for communicating this policy including the ability for a parent to appeal a decision under Minnesota Statutes, section 121A.49 that contains explicit instructions for filing the complaint;
2. provide an opportunity for involved parties to submit additional information related to the complaint;
3. provide a procedure to begin to investigate complaints within three school days of receipt, and identify personnel who will manage the investigation and any resulting record and are responsible for keeping and regulating access to any record;
4. provide procedures for issuing a written determination to the complainant that addresses each allegation and contains findings and conclusions;
5. if the investigation finds the requirements of Minnesota Statutes, sections 121A.40 to 121A.61, including any local policies that were not implemented appropriately, contain procedures that require a corrective action plan to correct a student's record and provide relevant staff with training, coaching, or other accountability practices to ensure appropriate compliance with policies in the future; and
6. prohibit reprisals or retaliation against any person who asserts, alleges, or reports a complaint, and provide procedures for applying appropriate consequences for a person who engages in reprisal or retaliation.

XIX. DISTRIBUTION OF POLICY

The school district will notify students and parents of the existence and contents of this policy in such manner as it deems appropriate. Copies of this discipline policy shall be made available to all students and parents at the commencement of each school year and to all new students and parents upon enrollment. This policy shall also be available upon request in each principal's office.

XX. REVIEW OF POLICY

The principal and representatives of parents, students and staff in each school building shall confer at least annually to review this discipline policy, determine if the policy is working as intended, and to assess whether the discipline policy has been enforced. Any recommended changes shall be submitted to the superintendent for consideration by the school board, which shall conduct an annual review of this policy.

503 STUDENT ATTENDANCE

I. PURPOSE

- A. The school board believes that regular school attendance is directly related to success in academic work, benefits students socially, provides opportunities for important communications between teachers and students, and establishes regular habits of dependability important to the future of the student. The purpose of this policy is to encourage regular school attendance. It is intended to be positive and not punitive.
- B. This policy also recognizes that class attendance is a joint responsibility to be shared by the student, parent or guardian, teacher, and administrators. This policy will assist students in attending class.

II. GENERAL STATEMENT OF POLICY

A. Responsibilities

1. Student's Responsibility

It is the student's right to be in school. It is also the student's responsibility to attend all assigned classes and study halls every day that school is in session and to be aware of and follow the correct procedures when absent from an assigned class or study hall. Finally, it is the student's responsibility to request any missed assignments due to an absence.

2. Parent or Guardian's Responsibility

It is the responsibility of the student's parent or guardian to ensure the student is attending school, to inform the school in the event of a student absence, and to work cooperatively with the school and the student to solve any attendance problems that may arise.

3. Teacher's Responsibility

It is the teacher's responsibility to take daily attendance and to maintain accurate attendance records in each assigned class and study hall. It is also the teacher's responsibility to be familiar with all procedures governing attendance and to apply these procedures uniformly. It is also the teacher's responsibility to provide any student who has been absent with any missed assignments upon request. Finally, it is the teacher's responsibility to work cooperatively with the student's parent or guardian and the student to solve any attendance problems that may arise.

4. Administrator's Responsibility

- a. It is the administrator's responsibility to require students to attend all assigned classes and study halls. It is also the administrator's responsibility to be familiar with all procedures governing attendance and to apply these procedures uniformly

to all students, to maintain accurate records on student attendance, and to prepare a list of the previous day's absences stating the status of each. Finally, it is the administrator's responsibility to inform the student's parent or guardian of the student's attendance and to work cooperatively with them and the student to solve attendance problems.

- b. In accordance with the Minnesota Compulsory Instruction Law, Minnesota. Statutes, section 120A.22, the students of the school district are REQUIRED to attend all assigned classes and/or study halls every day school is in session, unless the student has been excused by the school board from attendance because the student has already completed state and school district standards required to graduate from high school, has withdrawn, or has a valid excuse for absence.

B. Attendance Procedures

Attendance procedures shall be presented to the school board for review and approval. When approved by the school board, the attendance procedures will be included as an addendum to this policy.

1. Excused Absences

- a. To be considered an excused absence, the student's parent or legal guardian may be asked to verify, in writing, the reason for the student's absence from school. A note from a physician or a licensed mental health professional stating that the student cannot attend school is a valid excuse.
- b. The following reasons shall be sufficient to constitute excused absences:
 - (1) Absences where the guardian has notified school within 24 hours of absence.
 - (1) Illness.
 - (2) Serious illness in the student's immediate family.
 - (3) A death or funeral in the student's immediate family or of a close friend or relative.
 - (4) Medical, dental, orthodontic or mental health treatment/appointments.
 - (5) Court appearances occasioned by family or personal action.
 - (6) Religious instruction not to exceed three hours in any week.
 - (7) Physical emergency conditions such as fire, flood, storm,

etc.

- (8) Official school field trip or other school-sponsored outing.
- (9) Removal of a student pursuant to a suspension. Suspensions are to be handled as excused absences and students will be permitted to complete make-up work.
- (10) Family emergencies.
- (11) Active duty in any military branch of the United States.
- (12) A student's condition that requires ongoing treatment for a mental health diagnosis.

c. Consequences of Excused Absences

- (1) Students whose absences are excused are required to make up all assignments missed or to complete alternative assignments as deemed appropriate by the classroom teacher.
- (2) Students will be allowed 2 days to makeup work for every day absent upon return to school. Any work not completed within this period shall result in "no credit" for the missed assignment. However, the building principal or the classroom teacher may extend the time allowed for completion of make-up work in the case of an extended illness or other extenuating circumstances.
- (3) A student who is absent for extended time periods due to a placement in an inpatient hospitalization behavioral health unit due to a mental health emergency or placement in a partial hospitalization program for their mental health should be exempt from missed assignments during that time period. Middle and High School students will have a reduced workload if exemptions are not possible based on course requirements. At a maximum, teachers will require 50% of missed points to be completed. Courses that may have special circumstances requiring more work completion (such as some CITS courses) must have additional work requirements approved in writing by the building principal following consultation with the teacher and school counselor. It may warrant following the identified college's expectations and policies regarding mental health, attendance, and assignment make-up.

2. Unexcused Absences

- a. The following are examples of absences which will not be excused:

- (1) Truancy. An absence by a student which was not approved by the parent and/or the school district.
- (2) Any absence in which the student failed to comply with any reporting requirements of the school district's attendance procedures including absences that are unreported.

- (4) Work at a business, except under a school-sponsored work release program.
- (5) Absences resulting from accumulated unexcused tardies (3 tardies equal one unexcused absence).
- (6) Any other absence not included under the attendance procedures set out in this policy.

b. Consequences of Unexcused Absences

- (1) Absences resulting from official suspension will be handled in accordance with the Pupil Fair Dismissal Act, Minnesota Statutes, sections 121A.40-121A.56.
- (2) Days during which a student is suspended from school shall not be counted in a student's total accumulated unexcused absences.
- (3) In cases of recurring unexcused absences, the administration may also request the county attorney to file a petition with the juvenile court, pursuant to Minnesota statutes.

C. Tardiness

1. Definition: Students are expected to be in their assigned area at designated times. Failure to do so constitutes tardiness.

2. Procedures for Reporting Tardiness

- a. Students tardy at the start of school must report to the school office for an admission slip.
- b. Tardiness between periods will be handled by the teacher.

3. Excused Tardiness

Valid excuses for tardiness are:

- 4. If a student is suspended from any class, he or she may not participate in any activity or program that day.
- 5. If a student is absent from school due to medical reasons, he or she must present a physician’s statement or a statement from the student’s parent or guardian clearing the student for participation that day. The note must be presented to the coach or advisor before the student participates in the activity or program.

III. RELIGIOUS OBSERVANCE ACCOMMODATION

Reasonable efforts will be made by the school district to accommodate any student who wishes to be excused from a curricular activity for a religious observance. Requests for accommodations should be directed to the building principal.

IV. DISSEMINATION OF POLICY

- 1. Copies of this policy shall be made available to all students and parents at the commencement of each school year. This policy shall also be available upon request in each principal’s office.

2. The school district will provide annual notice to parents of the school district's policy relating to a student's absence from school for religious observance.

1. That the child is truant;
2. That the parent or guardian should notify the school if there is a valid excuse for the child's absences;

4. That this notification serves as the notification required by Minnesota Statutes section 120A.34;
5. That alternative educational programs and services may be available in the child's enrolling or resident district;
6. That the parent or guardian has the right to meet with appropriate school personnel to discuss solutions to the child's truancy;
7. That if the child continues to be truant, the parent and child may be subject to juvenile court proceedings under Minnesota Statutes Chapter 260C;

514 BULLYING PROHIBITION POLICY

I. PURPOSE

The purpose of this policy is to prohibit bullying behavior and assist the Duluth Public Schools in its goal of preventing and responding to acts of bullying, intimidation, violence, and other similar disruptive behavior.

The District strives to provide safe, secure and respectful learning environments for all students in school buildings, on school grounds, school buses and at school-sponsored activities. A safe and civil environment is needed for students to learn and attain high academic standards and to promote healthy human relationships.

A safe and civil environment is needed for students to learn and attain high academic standards and to promote healthy human relationships. Bullying, like other violent or disruptive behavior, is conduct that interferes with a student's ability to learn and/or a teacher's ability to educate students in a safe environment. The school district cannot monitor the activities of students at all times and eliminate all incidents of bullying between students, particularly when students are not under the direct supervision of school personnel. However, to the extent such conduct affects the educational environment of the school district and the rights and welfare of its students and is within the control of the school district in its normal operations, the school district intends to prevent bullying and to take action to investigate, respond to, and to remediate and discipline for those acts of bullying which have not been successfully prevented. The purpose of this policy is to assist in its goal of preventing and responding to acts of bullying, intimidation, violence, reprisal, retaliation, and other similar disruptive and detrimental behavior.

II. GENERAL STATEMENT OF POLICY

- A. An act of bullying, by either an individual student or a group of students, is expressly prohibited on school premises, on school district property, at school functions or activities, or on school transportation. This policy applies not only to students who directly engage in an act of bullying but also to students who, by their indirect behavior, condone or support another student's act of bullying. This policy also applies to any student whose conduct at any time or in any place constitutes bullying or other prohibited conduct that interferes with or obstructs the mission or operations of the school district or the safety or welfare of the student or other students, or materially and substantially interferes with a student's educational opportunities or performance or ability to participate in school functions or activities or receive school benefits, services, or privileges. This policy also applies to an act of cyberbullying regardless of whether such act is committed on or off school district property and/or with or without the use of school district resources.
- B. No teacher, administrator, volunteer, contractor, or other employee of the school district shall permit, condone, or tolerate bullying.
- C. Apparent permission or consent by a student being bullied does not lessen or negate the prohibitions contained in this policy.

- D. Retaliation against a victim, good faith reporter, or a witness of bullying is prohibited.
- E. False accusations or reports of bullying against another student are prohibited.
- F. A person who engages in an act of bullying, reprisal, retaliation, or false reporting of bullying or permits, condones, or tolerates bullying shall be subject to discipline or other remedial responses for that act in accordance with the school district's policies and procedures, including the school district's discipline policy. The school district may take into account the following factors:
 1. The developmental ages and maturity levels of the parties involved;
 2. The levels of harm, surrounding circumstances, and nature of the behavior;
 3. Past incidences or past or continuing patterns of behavior;
 4. The relationship between the parties involved; and
 5. The context in which the alleged incidents occurred.

Consequences for students who commit prohibited acts of bullying may range from remedial responses or positive behavioral interventions up to and including suspension and/or expulsion. The school district shall employ research-based developmentally appropriate best practices that include preventative and remedial measures and effective discipline for deterring violations of this policy, apply throughout the school district, and foster student, parent, and community participation.

Consequences for employees who permit, condone, or tolerate bullying or engage in an act of reprisal or intentional false reporting of bullying may result in disciplinary action up to and including termination or discharge.

Consequences for other individuals engaging in prohibited acts of bullying may include, but not be limited to, exclusion from school district property and events.

- G. The school district will act to investigate all complaints of bullying reported to the school district and will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the school district who is found to have violated this policy.

A person may report bullying anonymously. However, the school district may not rely solely on an anonymous report to determine discipline or other remedial responses.
- B. The District has made available to the reporting party or complainant the use of a report form. Contact the principal, or Duluth Public Schools Website at isd709.org/families/bullying-harassment to access bullying report forms. Oral reports shall be considered complaints as well.
- C. The building principal or designee, or the building supervisor (hereinafter the "building report taker") is the person responsible for receiving reports of bullying at the building level. Any person may report bullying or other prohibited conduct directly to the school district human rights officer or the superintendent. Any such person who witnesses, observes, receives a report of, or has other knowledge or belief of conduct that may constitute bullying or other prohibited conduct shall make reasonable efforts to address and resolve the bullying or prohibited conduct and shall inform the building report taker immediately. District employees who fail to inform the building report taker of conduct that may constitute bullying or other prohibited conduct or who fail to make reasonable efforts to address and resolve the bullying or prohibited conduct in a timely manner may be subject to disciplinary action.

The building report taker, in conjunction with the responsible authority, shall be responsible for keeping and regulating access to any report of bullying and the record of any resulting investigation.
- F. Submission of a good faith complaint or report of bullying or other prohibited conduct will not affect the complainant's or reporter's future employment, grades, or work assignments, or educational or work environment.
- G. The school district will respect the privacy of the complainant(s), the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the Duluth Public Schools' obligation to investigate, take appropriate action, and comply with any legal disclosure obligations.

V. SCHOOL DISTRICT ACTION

- B. The building report taker or other appropriate school district officials may take immediate steps, at their discretion, to protect the target or victim of the bullying or other prohibited conduct, the complainant, the reporter, and students or others, pending completion of an investigation of the bullying or other prohibited conduct, consistent with applicable law. - C. The alleged perpetrator of the bullying or other prohibited conduct shall be allowed the opportunity to present a defense during the investigation or prior to the imposition of discipline or other remedial responses.
- D. Upon completion of an investigation that determines that bullying or other prohibited conduct has occurred, the school district will take appropriate action. Such action may include, but is not limited to, warning, suspension, exclusion, expulsion, transfer, remediation, termination, or discharge. Disciplinary consequences will be sufficiently severe to try to deter violations and to appropriately discipline prohibited conduct. - F. In order to prevent or respond to bullying or other prohibited conduct committed by or directed against a child with a disability, the District shall, when determined appropriate by the child's individualized education program (IEP) team or Section 504 team, allow the child's IEP or Section 504 plan to be drafted to address the skills and proficiencies the child needs as a result of the child's disability to allow the child to respond to or not to engage in bullying or other prohibited conduct.
- G. Any party who is not satisfied with the outcome of the investigation may appeal to the district's Office of the Assistant Superintendent within 10 school days of notification of the principal/designee's decision. In this school district, harassment and violence, whether verbal, physical, or cyber, which creates a hostile climate, is unacceptable and will not be tolerated. Harassment and violence are unlawful, hurt all people, and have no legitimate educational purpose. Any employee or student who engages in such conduct shall be disciplined as provided by law, District policies, and applicable labor agreements.

Violence based on: Race, Color, Creed, Religion, National Origin, Sex, Marital Status, Disability, Status with Regard to Public Assistance, Sexual Orientation, Age, Gender Identity, Gender Expression, and Any or All Other Protected Groups as identified by state and/or federal statute is a physical act of aggression, intimidation, and/or degradation directed toward a person or group of persons because of their membership or perceived membership in a protected group.

It shall be a violation of this policy for any student or school personnel of ISD 709 to harass a pupil or other school personnel through conduct or communication of a sexual nature or regarding: Race, Color, Creed, Religion, National Origin, Sex, Marital Status, Disability, Status with Regard to Public Assistance, Sexual Orientation, Age, Gender Identity, Gender Expression, and Any or All Other Protected Groups as identified by state and/or federal statute as well as other forms of harassment as defined by this Policy and Regulation 4015R. (For purposes of this policy, school personnel include: School Board members, administrators, teachers, all other school employees, agents, volunteers, contractors, or other persons subject to the supervision and control of ISD 709.)

It shall be a violation of this policy for any student or school personnel of ISD 709 to inflict, threaten to inflict, or attempt to inflict violence relating to: Race, Color, Creed, Religion, National Origin, Sex, Marital Status, Disability, Status with Regard to Public Assistance, Sexual Orientation, Age, Gender Identity, Gender Expression, and Any or All Other Protected Groups as identified by state and/or federal statute as well as any other forms of violence as defined by this policy upon any pupil or school personnel.

ISD 709 will act with reasonable diligence to take action to investigate, respond, remediate and discipline all complaints, either formal or informal, oral or written, of improper actions or statements which may constitute harassment and violence as defined in this policy and Regulation 4015R. Furthermore, ISD 709 intends to provide support for students identified as the victims of these acts in compliance with Minn. Statute Sections 121A.0695.

A report will be given to the School Board at the regular meeting in July, a summary of the number of harassment complaints, types of complaints and the action taken to resolve the complaint. This will be done without releasing any case specifics, information or personnel data.

The purpose of this policy is to maintain a safe learning environment for students and staff that is free from hazing. Hazing activities of any type are inconsistent with the educational goals of the school district and are prohibited at all times.

II. GENERAL STATEMENT OF POLICY

- A. No student, teacher, administrator, volunteer, contractor, or other employee of the school district shall plan, direct, encourage, aid, or engage in hazing.
- B. No teacher, administrator, volunteer, contractor, or other employee of the school district shall permit, condone, or tolerate hazing.
- C. Apparent permission or consent by a person being hazed does not lessen the prohibitions contained in this policy.

- E. False accusations or reports of hazing against a student, teacher, administrator, volunteer, contractor, or other employee are prohibited.
- F. A person who engages in an act of hazing, reprisal, retaliation, or false reporting of hazing or permits, condones, or tolerates hazing shall be subject to discipline or other remedial responses for that act in accordance with the school district's policies and procedures.

Consequences for students who commit, tolerate, or are a party to prohibited acts of hazing may range from remedial responses or positive behavioral interventions up to and including suspension and/or expulsion.

Consequences for employees who permit, condone, or tolerate hazing or engage in an act of reprisal or intentional false reporting of hazing may result in disciplinary action up to and including termination or discharge.

Consequences for other individuals engaging in prohibited acts of hazing may include, but not be limited to, exclusion from school district property and events and/or termination of services and/or contracts.

- G. This policy applies to hazing that occurs during and after school hours, on or off school premises or property, at school functions or activities, or on school transportation.
- H. A person who engages in an act that violates school policy or law in order to be initiated into or affiliated with a student organization shall be subject to discipline for that act.
- I. The school district will act to investigate all complaints of hazing and will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the school district who is found to have violated this policy.

III. DEFINITIONS

- A. "Hazing" means committing an act against a student, or coercing a student into committing an act, that creates a substantial risk of harm to a person, in order for the student to be initiated into or affiliated with a student organization, or for any other school-related purpose. The term hazing includes, but is not limited to:
 - 1. Any type of physical brutality such as whipping, beating, striking, branding, electronic shocking, or placing a harmful substance on the body.
 - 2. Any type of physical activity such as sleep deprivation, exposure to weather, confinement in a restricted area, calisthenics, or other activity that subjects the student to an unreasonable risk of harm or that adversely affects the mental or physical health or safety of the student.
 - 3. Any activity involving the consumption of any alcoholic beverage, drug, tobacco product, or any other food, liquid, or substance that subjects the student to an unreasonable risk of harm or that adversely affects the mental or physical health or safety of the student.
 - 4. Any activity that intimidates or threatens the student with ostracism, that subjects a student to extreme mental stress, embarrassment, shame, or humiliation, that adversely affects the mental health or dignity of the student or discourages the student from remaining in school.
 - 5. Any activity that causes or requires the student to perform a task that involves violation of state or federal law or of school district policies or regulations.
- B. "Immediately" means as soon as possible but in no event longer than 24 hours.
- C. "On school premises or school district property, or at school functions or activities, or on school transportation" means all school district buildings, school grounds, and school property or property immediately adjacent to school grounds, school bus stops, school buses, school vehicles, school contracted vehicles, or any other vehicles approved for school district purposes, the area of entrance or departure from school grounds, premises, or events, and all school-related functions, school-sponsored activities, events, or trips. School district property also may mean a student's walking route to or from school for purposes of attending school or school-related functions, activities, or events. While prohibiting hazing at these locations and events, the school district does not represent that it will provide supervision or assume liability at these locations and events.
- D. "Remedial response" means a measure to stop and correct hazing, prevent hazing from recurring, and protect, support, and intervene on behalf of a student who is the target or victim of hazing.
- E. "Student" means a student enrolled in a public school or a charter school.
- F. "Student organization" means a group, club, or organization having students as its primary members or participants. It includes grade levels, classes, teams, activities, or particular school events. A student organization does not have to be an official school organization to come within the terms of this definition.

IV. REPORTING PROCEDURES

- A. Any person who believes he or she has been the target or victim of hazing or any person with knowledge or belief of conduct which may constitute hazing shall report the alleged acts immediately to an appropriate school district official designated by this policy. A person may report hazing anonymously. However, the school district may not rely solely on an anonymous report to determine discipline or other remedial responses.
- B. The school district encourages the reporting party to use the report form available from the principal or building supervisor of each building or available from the school district office, but oral reports shall be considered complaints as well.

The building principal, the principal's designee, or the building supervisor (hereinafter the "building report taker") is the person responsible for receiving reports of hazing at the building level. Any adult school district personnel who receives a report of hazing prohibited by this policy shall inform the building report taker immediately. Any person may report hazing directly to a school district human rights officer or to the superintendent. If the complaint involves the building report taker, the complaint shall be made or filed directly with the superintendent or the school district human rights officer by the reporting party or complainant.

The building report taker shall ensure that this policy and its procedures, practices, consequences, and sanctions are fairly and fully implemented and shall serve as a primary contact on policy and procedural matters.

- C. A teacher, administrator, volunteer, contractor, and other school employees shall be particularly alert to possible situations, circumstances, or events which might include hazing. Any such person who witnesses, observes, receives a report of, or has other knowledge or belief of conduct which may constitute hazing shall make reasonable efforts to address and resolve the hazing and shall inform the building report taker immediately. School district personnel who fail to inform the building report taker of conduct that may constitute hazing or who fail to make reasonable efforts to address and resolve the hazing in a timely manner may be subject to disciplinary action.
- D. Submission of a good faith complaint or report of hazing will not affect the complainant or reporter's future employment, grades, work assignments, or educational or work environment.
- E. Reports of hazing are classified as private educational and/or personnel data and/or confidential investigative data and will not be disclosed except as permitted by law. The building report taker, in conjunction with the responsible authority, shall be responsible for keeping and regulating access to any report of hazing and the record of any resulting investigation.
- F. The school district will respect the privacy of the complainant(s), the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the school district's legal obligations to investigate, to take appropriate action, and to comply with any discovery or disclosure obligations.

V. SCHOOL DISTRICT ACTION

- A. Within three (3) days of the receipt of a complaint or report of hazing, the school district shall undertake or authorize an investigation by school district officials or a third party designated by the school district.
- B. The building report taker or other appropriate school district officials may take immediate steps, at their discretion, to protect the target or victim of the hazing, the complainant, the reporter, and students or others pending completion of an investigation of alleged hazing prohibited by this policy.
- C. The alleged perpetrator of the hazing shall be allowed the opportunity to present a defense during the investigation or prior to the imposition of discipline or other remedial responses.
- D. Upon completion of an investigation that determines hazing has occurred, the school district will take appropriate action. Such action may include, but is not limited to, warning, restorative practices, suspension, exclusion, expulsion, transfer, remediation, termination, or discharge. Disciplinary consequences will be sufficiently severe to try to deter violations and to appropriately discipline prohibited behavior. School district action taken for violation of this policy will be consistent with the requirements of applicable collective bargaining agreements; applicable statutory authority, including the Minnesota Pupil Fair Dismissal Act; and applicable school district policies and regulations.
- E. The school district is not authorized to disclose to a victim private educational or personnel data regarding an alleged perpetrator who is a student or employee of the school district. School officials will notify the parent(s) or guardian(s) of students who are targets or victims of hazing and the parent(s) or guardian(s) of alleged perpetrators of hazing who have been involved in a reported and confirmed hazing incident of the remedial or disciplinary action taken, to the extent permitted by law.
- F. In order to prevent or to respond to hazing committed by or directed against a child with a disability, the school district shall, where determined appropriate by the child's individualized education program (IEP) team or Section 504 team, allow the child's IEP or Section 504 plan to be drafted to address the skills and proficiencies the child needs as a result of the child's disability to allow the child to respond to or not to engage in hazing.

VI. RETALIATION OR REPRISAL

The school district will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the school district who commits an act of reprisal or who retaliates against any person who asserts, alleges, or makes a good faith report of alleged hazing, who provides information about hazing, who testifies, assists, or participates in an investigation of alleged hazing, or who testifies, assists, or participates in a proceeding or hearing relating to such hazing. Retaliation includes, but is not limited to, any form of intimidation, reprisal, harassment, or intentional disparate treatment. Disciplinary consequences will be sufficiently severe to deter violations and to appropriately discipline the individual(s) who engaged in the prohibited conduct. Remedial responses to the prohibited conduct shall be tailored to the particular incident and nature of the conduct.

VII. DISSEMINATION OF POLICY

- A. This policy shall appear in each school's student handbook and in each school's building and staff handbooks.
- B. The school district will develop a method of discussing this policy with students and employees.

- F. "Vaping" means using an activated electronic delivery device or heated tobacco product."

IV. EXCEPTIONS

An American Indian student may carry medicine pouch containing loose tobacco intended as observance of traditional spiritual or cultural practices. An Indian is a person who is a member of an Indian tribe as defined under Minnesota law.
- B. A violation of this policy does not occur when an adult nonstudent possesses a tobacco or nicotine product that has been approved by the United States Food and Drug Administration for sale as a tobacco-cessation product, as a tobacco-dependence product, or for other medical purposes, and is being marketed and sold solely for such an approved purpose. Nothing in this exception authorizes smoking or use of tobacco, tobacco-related devices, or electronic delivery devices on school property or at off-campus events sponsored by the school district.

V. VAPING PREVENTION INSTRUCTION

- A. The school district must provide vaping prevention instruction at least once to students in grades 6 through 8.
- B. The school district may use instructional materials based upon the Minnesota Department of Health's school e-cigarette toolkit or may use other smoking prevention instructional materials with a focus on vaping and the use of electronic delivery devices and heated tobacco products. The instruction may be provided as part of the school district's locally developed health standards.

VI. ENFORCEMENT

- A. All individuals on school premises shall adhere to this policy.
- B. Students who violate this tobacco-free policy shall be subject to school district discipline procedures.

A court injunction may be instituted against a repeated violator.
- G. No persons shall be discharged, refused to be hired, penalized, discriminated against, or in any manner retaliated against for exercising any right to a smoke-free environment provided by the Freedom to Breathe Act of 2007 or other law.

VII. DISSEMINATION OF POLICY

- A. This policy shall appear in the student handbook.
- B. The school district will develop a method of discussing this policy with students and employees.

534 SCHOOL MEALS POLICY

I. PURPOSE

The purpose of this policy is to ensure that students receive healthy and nutritious meals through the school district's nutrition program and that school district employees, families, and students have a shared understanding of expectations regarding meal charges. The policy of the school district is to provide meals to students in a respectful manner and to maintain the dignity of students by prohibiting lunch shaming or otherwise ostracizing the student. The policy seeks to allow students to receive the nutrition they need to stay focused during the school day and minimize identification of students with insufficient funds to pay for a la carte items or second meals as well as to maintain the financial integrity of the school nutrition program.

II. PAYMENT OF MEALS

- A. Payment for second meals or ala carte items is expected at the time the meal is served. Parents have three options to put money in their child's lunch account:
1. Online payments
 2. Check sent to the child's school or Administrative offices
 3. Cash sent to the child's school or Administrative offices

If the school district participates in the United States Department of Agriculture National School Lunch program and has an Identified Student Percentage below the federal percentage determined for all meals to be reimbursed at the free rate via the Community Eligibility Provision must participate in the free school meals program.

- B. A school that participates in the United States Department of Agriculture National School Lunch program and has an Identified Student Percentage at or above the federal percentage determined for all meals to be reimbursed at the free rate must participate in the federal Community Eligibility Provision in order to participate in the free school meals program.

Families may apply for free/reduced-price meal benefits anytime during the school year. Meal applications are distributed to all families in the district prior to the student's first day of classes. In addition, applications are available on the school district website or available to be mailed via USPS if requested.

- C. Each school that participates in the free school meals program must:
- (1) participate in the United States Department of Agriculture School Breakfast Program and the United States Department of Agriculture National School Lunch Program; and
 - (2) provide to all students at no cost up to two federally reimbursable meals per school day, with a maximum of one free breakfast and one free lunch.
- D. Once a meal has been placed on a student's tray or otherwise served to a student, the meal may not be subsequently withdrawn from the student by the cashier or other school official, whether or not the student has an outstanding meals balance.
- E. When a student has a negative account balance, the student will not be allowed to charge a second meal or ala carte items.
- F. If a parent or guardian chooses to send in one payment that is to be divided between sibling accounts, the parent or guardian must specify how the funds are to be distributed to the students' accounts.

III. LOW OR NEGATIVE ACCOUNT BALANCES – NOTIFICATION

- A. The school district will make reasonable efforts to notify families when meal account balances are low or fall below zero.
- B. Families will be notified of an outstanding negative balance once the negative balance reaches \$10.00. Families will be notified by monthly billings sent home.
- C. Reminders for payment of outstanding student meal balances will not demean or stigmatize any student participating in the school lunch program.

IV. UNPAID MEAL CHARGES

- A. The school district will make reasonable efforts to communicate with families to resolve the matter of unpaid charges. Where appropriate, families may be encouraged to apply for free or reduced-price meals for their children.
- B. The school district will make reasonable efforts to collect unpaid meal charges classified as delinquent debt. Unpaid meal charges are designated as delinquent debt when payment is overdue, the debt is considered collectable, and efforts are being made to collect it.
- C. Negative balances of more than \$50.00, not paid prior to the end of August, before new school year starts, will be turned over to accounts payable in the business services department for collection. In accordance with other outstanding debts owed to the school district, after attempts to collect are unsuccessful, the debts are turned over to the credit agency for collection.
- D. The school district may not enlist the assistance of non-school district employees, such as volunteers, to engage in debt collection efforts.
- E. The school district will not impose any other restriction prohibited under Minnesota Statutes, section 123B.37 due to unpaid student meal balances. The school district will not limit a student’s participation in any school activities, graduation ceremonies, field trips, athletics, activity clubs, or other extracurricular activities or access to materials, technology, or other items provided to students due to an unpaid student meal balance.

V. COMMUNICATION OF POLICY

- A. This policy and any pertinent supporting information shall be provided in writing (i.e., mail, email, back-to-school packet, student handbook, etc.) to:
 - 1. all households at or before the start of each school year;
 - 2. students and families who transfer into the school district, at the time of enrollment; and
 - 3. all school district personnel who are responsible for enforcing this policy.
- B. The school district will post this policy on the school district’s website, or the website of the organization where the meal is served, in addition to providing the required written notification described above.

504R STUDENT DRESS AND APPEARANCE

Statement

The staff, students, parents, and the Duluth Public Schools community recognized the importance and necessity for students' attire to be respectful and appropriate for school. To ensure effective and equitable enforcement of this dress code, school staff shall enforce the dress code consistently and in a manner that does not reinforce or increase marginalization or oppression of any group based on race, sex, gender identity, gender expression, sexual orientation, ethnicity, religion, cultural observance, household income or body type/size. Duluth Public Schools expects that all students will dress in a way that is appropriate for the school day or for any school sponsored event. Student dress choices should respect the District's intent to sustain a community that is inclusive of a diverse range of identities.

The primary responsibility for a student's attire resides with the student and their parent(s) or guardian(s). The school district supports student attire that reflects their personal style and identity; that fosters a welcoming, safe, and respectful environment for all students, and the dress code celebrates and embraces the diversity and inclusion of any group based on race, sex, gender identity, gender expression, sexual orientation, ethnicity, religion, cultural observance, household income, or body type/size as long as it doesn't interfere with the health, safety, and educational opportunities for students. Any restrictions to the way a student dresses must be necessary to support the overall educational goals of the school and must be explained within this dress code.

Our values are:

- All students should be able to dress comfortably for school and engage in the educational environment without fear of or actual unnecessary discipline or body shaming.
 - All students and staff should understand that they are responsible for managing their own personal "distractions" without regulating individual students' clothing/self-expression.
 - Student dress code should support school attendance and engagement.
 - Dress code violations should be addressed using student/body-positive language to explain the code.
 - Teachers should focus on teaching and students focus on learning without the distraction and often uncomfortable burden of addressing dress code violations.
 - Reasons for conflict and inconsistent and/or inequitable discipline should be minimized whenever possible.
1. Basic Principle: Certain body parts must be covered for all students at all times. Clothes must be worn in a way such that genitals, buttocks, breasts, and nipples are fully covered with opaque fabric.
 2. Student Must Wear, while following the basic principle of Section 1 above:
 - A Shirt (with fabric in the front, back and sides that covers the middle torso) AND
 - Pants/jeans or the equivalent (for example, a skirt, sweatpants, leggings, a dress or shorts) AND
 - Weather & activity appropriate shoes.
 3. Student May Wear:
 - Headwear, such as hats, may be worn during the school day provided the head covering complies with other district policies, does not interfere with the learning environment, and does not obscure the face or ears, except as a religious observance.

- Staff may direct students to remove headwear that causes a disturbance or problems which interrupt an event, activity, or process to the learning environment.

4. Students Cannot Wear:

- Any clothing that reveals visible undergarments (visible waistbands and visible straps are allowed).
- Bulky jackets/coats intended for outside wear and must be kept in the student's locker during regular school hours.
- Clothing that includes words or pictures that are obscene, vulgar, sexually explicit, convey sexual innuendo, abuse or discrimination, or which promote or advertise alcohol, chemicals, tobacco or any other product that is illegal for use by minors and illegal on school property, will not be allowed.
- Objectionable emblems, badges, symbols (including confederate flags & swastika's), derogatory mascots, signs, words, objects or pictures on clothing or jewelry communicating a message that is racist, sexist, or otherwise derogatory to any group, evidences of gang membership or affiliation, or approves, advances, or provokes any form of religious, racial, or sexual harassment and/or violence against other individuals is not allowed.

Students who are in violation of the dress code will be asked to change clothes, cover up existing clothing if possible or go home to change so that they meet dress code. In the event a student must go home and change, the parent will be contacted. The student must sign in and out at the Attendance Office.

Statewide Assessments: Parent/Guardian Participation Guide and Refusal Information

Your student's participation in statewide assessments is important as it allows your school and district to ensure all students have access to a high-quality education. In the past, students with disabilities and English learners were often excluded from statewide assessments. By requiring that all students take statewide assessments, schools and teachers have more information to see how all students are doing. This helps schools to continuously improve the education they provide and to identify groups, grades, or subjects that may need additional support.

Assessments Connect to Standards

Statewide assessments are based on the [Minnesota Academic Standards](#) or the [WIDA English Language Development Standards](#). These standards define the knowledge and skills students should be learning in K–12 public and charter schools. Minnesota prioritizes high-quality education, and statewide assessments gives educators and leaders an opportunity to evaluate student and school success.

Minnesota Comprehensive Assessments (MCA) and Minnesota Test of Academic Skills (MTAS)

MCA and MTAS are the annual assessments in reading, mathematics and science that measure a snapshot of student learning of the Minnesota K–12 Academic Standards.

ACCESS and Alternate ACCESS for English Learners

The ACCESS and Alternate ACCESS are the annual assessments for English learners that provide information about their progress in learning academic English based on the WIDA English Language Development Standards.

Statewide Assessments Help Families and Students

Participating in statewide assessments helps families see a snapshot of their student's learning so they can advocate for their success in school. High school students can use MCA results:

- For course placement at a Minnesota State college or university. If students receive a college-ready score, they may not need to take a remedial, noncredit course for that subject.
- For Postsecondary Enrollment Options (PSEO) and College in the Schools programs.

English learners who take the ACCESS or Alternate ACCESS and meet certain requirements have the opportunity to exit from English learner programs.

Taking Statewide Assessments Helps Your Student's School

Statewide assessments provide information to your school and district about how all students are engaging with the content they learn in school. This information helps:

- Educators evaluate their instructional materials.
- Schools and districts identify inequities between groups, explore root causes and implement supports.
- School and district leaders make decisions about how to use money and resources to support all students.

Student Participation in Statewide Assessments

Student participation in state and locally required assessments is a parent/guardian choice. If you choose to have your student not participate in a statewide assessment, please provide a reason for your decision on the form. Contact your student's school to learn more about locally required assessments.

Consequences of Not Participating in Statewide Assessments

- The student will not receive an individual score. For ACCESS and Alternate ACCESS, the student would not have the opportunity to exit their English learner program.
- School and district assessment results will be incomplete, making it more difficult to have an accurate picture of student learning.
- Since all eligible students are included in some calculations even when they do not participate, school and district accountability results are impacted. This may affect the school's ability to be identified for support or recognized for success.

[education.mn.gov > Students and Families > Programs and Initiatives > Statewide Testing](https://education.mn.gov/Students-and-Families/Programs-and-Initiatives/Statewide-Testing)

Check with your local school or district to see if there are any other consequences for not participating.

Additional Information

- On average, students spend less than 1 percent of instructional time taking statewide assessments each year.
- Minnesota statutes limit the total amount of time students can spend taking other district- or school-wide assessments to 11 hours or less each school year, depending on the grade.
- School districts and charter schools are required to publish an assessment calendar on their website by the beginning of each school year. Refer to your district or charter school's website for more information on assessments.

(Note: This form is only applicable for the 20____ to 20____ school year.)

By completing this form, you are acknowledging that your student will not participate in statewide assessments and will not receive individual assessment results. This form must be returned to your student's school before the applicable test administration.

Pupil Counts are budgeted at 7,999, a slight increase in FY25 compared to the FY24 budgeted enrollment of 7,989 Adjusted Average Daily Membership (ADM). The projected ADM is 8,074.

Food and Nutrition: Free breakfast and lunch for all students will continue in FY25 - the Application for Educational Benefits (Free and Reduced Meal Form) is still required by MDE to be filled out by families.

Other local revenues are estimated by prior year funding amounts.

Notes:

- Local revenue includes property tax levy, miscellaneous tax revenues, county apportionment, tuition, fees, admissions, medical assistance, interest earnings, rent, gifts & bequests, insurance recovery, sale of materials and equipment, and other miscellaneous revenues.
- State revenue includes payments by the MN Dept. of Education, and other state agencies.
- Federal revenue includes aids awarded through state agencies or directly from federal sources.

Restricted Revenues require a reserved fund balance if funding is not all spent in the allocated fiscal year. Most restricted revenues are intended to be spent in full in the allocated fiscal year.

Restricted/Reserved Revenues come from state and local sources (aid and levy).

Undesignated Revenues come from federal, state, and local sources, the largest of which is the basic formula allowance (General Education Aid). Undesignated Revenues may have individual calculations, but do not have a required reserve fund balance.

Federal Sources are often reimbursements and have allowable carryover provisions to subsequent fiscal years. Use of federal funds has limitations.

507.5 SCHOOL RESOURCE OFFICERS

[Note: The provisions of this policy substantially reflect statutory requirements. School districts utilizing school resource officers may choose to adopt this policy.]

I. PURPOSE

The purpose of this policy is to establish the contractual duties and training requirements of a school resource officer.

II. GENERAL STATEMENT OF POLICY

The school district, upon securing the services of one or more school resource officers, is committed to establishing the qualifications and duties required of these officers. Any contract for the services of a school resources officer with the school district must meet the requirements of this policy.

III. DEFINITIONS

- A. "School" means an elementary school, middle school or secondary school, as defined in Minnesota Statutes, section 120A.05, subdivisions 9, 11, and 13.
- B. "School Resource Officer" means a peace officer who is assigned to work in an elementary school, middle school, or secondary school during the regular instructional school day as one of the officer's regular responsibilities through the terms of a contract entered between the peace officer's employer and the designated school district or charter school.

IV. CONTRACTUAL DUTIES

- A. A school resource officer's contractual duties with the school district shall include:
 - 1. fostering a positive school climate through relationship building and open communication;
 - 2. protecting students, staff, and visitors to the school grounds from criminal activity;
 - 3. serving as a liaison from law enforcement to school officials;
 - 4. providing advice on safety drills;
 - 5. identifying vulnerabilities in school facilities and safety protocols;
 - 6. educating and advising students and staff on law enforcement topics; and,
 - 7. enforcement of criminal laws.
- B. The school district may contract with a school resource officer's employer for the officer to perform additional duties to those described in paragraph IV.A.
- C. A school resource officer must not use force or the authority of their office solely to

enforce school rules or policies or participate in the enforcement of discipline for violations of school rules.

- D. Nothing in this Article limits any other duty or responsibility imposed on peace officers; limits the expectation that peace officers will exercise professional judgment and discretion to protect the health, safety, and general welfare of the public when carrying out their duties; or creates a duty for school resource officers to protect students, staff, or others on school grounds that is different from the duty to protect the public as a whole.

V. TRAINING

- A. Except as provided for in paragraphs V.B., V.C., and V.D. below, beginning September 1, 2025, a peace officer assigned to serve as a school resource officer must complete a training course that provides instruction on the learning objectives identified in Minnesota Statutes, section 626.8482, subdivision 4 prior to assuming the duties of a school resource officer.
- B. A peace officer who has completed either the School Safety Center standardized Basic School Resource Officer Training or the National School Resource Officer Basic School Resource Officer course prior to September 1, 2025, must complete the training mandated under paragraph V.A. above before June 1, 2027. A peace officer covered under this paragraph may complete a supplemental training course approved by the board pursuant to Minnesota Statutes, section 626.8482, subdivision 4, paragraph (b), to satisfy the training requirement.
- C. If an officer's employer is unable to provide the required training course to the officer prior to the officer assuming the duties of a school resource officer, the officer must complete the required training within six months of assuming the duties of a school resource officer. The officer is not required to perform the duties described in Minnesota Statutes, section 626.8482, subdivision 2, paragraph (a), clause (4) or (5), until the officer has completed the required training course. The officer must review any policy adopted by the officer's employer pursuant to section 626.8482, subdivision 6 before assuming the other duties of a school resource officer and must comply with that policy.
- D. An officer who is serving as a substitute school resource officer for fewer than 60 student contact days within a school year is not obligated to complete the required training or perform the duties described in Minnesota Statutes, section 626.8482 subdivision 2, paragraph (a), clause (4) or (5), but must review and comply with any policy adopted pursuant to subdivision 6 by the law enforcement agency that employs the substitute school resource officer.
- E. For each school resource officer employed by an agency, the chief law enforcement officer must maintain a copy of the most recent training certificate issued to the officer for completion of the training mandated under this section.

~~1155 — POLICE DEPARTMENT RELATIONSHIP~~

~~The schools have an obligation to cooperate with police officers in law enforcement and crime prevention. A cooperative climate shall be maintained between School District officials and law enforcement agencies. The schools also have an obligation to protect the legal rights of children who are in their charge. The purpose of this statement of policy is to clarify the responsibility of the principal when police officers want to interrogate a pupil in the course of their investigation of some violation of the law or wish to take a pupil into custody.~~

- ~~1. When a regular Duluth police officer, in the line of duty, makes a demand that a pupil accompany him to police headquarters for questioning, this constitutes technical arrest, and no teacher or principal has a right to interfere. Full responsibility is assumed by the arresting officer. The principal should notify the parents promptly. The arresting officer shall sign a form signifying that he is taking the student into custody.~~
- ~~2. This policy shall apply only to regular officers of the Duluth Police Department. No child shall be surrendered to a "special police officer" serving a private organization. There are circumstances under which a peace officer from some other jurisdiction can make an arrest even without a warrant. If an officer from outside Duluth seeks to arrest a pupil without a warrant, the principal should immediately notify the Duluth Police Department, which will send one of its own officers to make the actual arrest.~~
- ~~3. Agents of the Federal Government, Postal Inspectors, Treasury agents, and agents of the Federal Bureau of Investigation also have the power of arrest. Normally, their contacts with the school will be for the purpose of investigation, and they cooperate with the local police in making arrests. However, on occasion this authority may be exercised directly, and when they feel it necessary to take a student into their custody, they should sign a blank stating this and leave it with the school.~~
- ~~4. A student may be questioned by a police officer at the school in the presence of the principal or some person designated by him. The same opportunity shall be given to members of the Arson Squad, the sheriff or his deputy, and agents of the Federal Government.~~
- ~~5. Occasionally, other kinds of requests may be made by a police officer. Examples are: requesting a child to be a witness, or requesting that a child accompany the officer to the scene of a crime. The parent should be contacted before granting such requests unless it is established that the parent or guardian has given written consent.~~

~~2035 POLICE SCHOOL LIAISON OFFICERS~~

~~For the positions of Police School Officers, when mutually agreed upon by the School District and the City of Duluth, the candidates shall be selected by the Chief of Police, recommended by the Superintendent of Schools, and approved by the School Board. The principal of the school affected will consult with the Superintendent relative to the recommendation being made. It must be understood by all parties involved in the selection process of Police School Liaison Officers that the office must have a particular interest in children and an aptitude for working with them.~~

~~1130~~ GENERAL USE OF SCHOOL FACILITIES

~~The School Board, being aware of the large capital investment the community has in school facilities, has determined that the community should receive maximum return for this investment. The introduction of the community education program has been made in pursuit of this objective. The policy is further extended to the use of school buildings and facilities by community groups in the promotion of school, civic, or social goals, at no charge, subject to the following conditions:~~

205 OPEN MEETINGS AND CLOSED MEETINGS

I. PURPOSE

- A. The school board embraces accountability and transparency in the conduct of its business, in the belief that openness produces better programs, more efficient administration of programs, and an organization more responsive to public interest and less susceptible to private interest. The school board shall conduct its business under a presumption of openness. At the same time, the school board recognizes and respects the privacy rights of individuals as provided by law. The school board also recognizes that there are certain exceptions to the Minnesota Open Meeting Law as recognized in statute where it has been determined that, in limited circumstances, the public interest is best served by closing a meeting of the school board.
- B. The purpose of this policy is to provide guidelines to assure the rights of the public to be present at school board meetings, while also protecting an individual's rights to privacy under law, and to close meetings when the public interest so requires as recognized by law.

II. GENERAL STATEMENT OF POLICY

- A. Except as otherwise expressly provided by statute, all meetings of the school board, including executive sessions, shall be open to the public.
- B. Meetings shall be closed only when expressly authorized by law.

III. DEFINITION

"Meeting" means a gathering of at least a quorum of school board members—or quorum of a committee or subcommittee of school board members, at which members discuss, decide, or receive information as a group on issues relating to the official business of the school board. The term does not include a chance or social gathering or the use of social media by members of a public body so long as the social media use is limited to exchanges with all members of the general public. For purposes of the Open Meeting Law, social media does not include e-mail.

IV. PROCEDURES

- A. Meetings
 - 1. Regular Meetings

A schedule of the regular meetings of the school board shall be kept on file at the school district office. If the school board decides to hold a regular meeting at a time or place different from the time or place stated in its regular meeting schedule, it shall give the same notice of the meeting as for a special meeting.
 - 2. Special Meetings
 - a. For a special meeting, the school board shall post written notice of the date, time, place, and purpose of the meeting on the principal bulletin board of the school district or on the door of the school board's usual meeting room if there is no principal bulletin board. The school board's actions at the special meeting are limited to those topics included in the notice.
 - b. The notice shall also be mailed or otherwise delivered to each person

who has filed a written request for notice of special meetings. This notice shall be posted and mailed or delivered at least three days before the date of the meeting.

- c. As an alternative to mailing or otherwise delivering notice to persons who have filed a written request, the school board may publish the notice once, at least three days before the meeting, in the official newspaper of the school district or, if none, in a qualified newspaper of general circulation within the area of the school district.
- d. A person filing a request for notice of special meetings may limit the request to particular subjects, in which case the school board is required to send notice to that person only concerning those particular subjects.

3. Emergency Meetings

- a. An emergency meeting is a special meeting called because of circumstances that, in the school board's judgment, require immediate consideration.
- b. If matters not directly related to the emergency are discussed or acted upon, the minutes of the meeting shall include a specific description of those matters.
- c. The school board shall make good faith efforts to provide notice of the emergency meeting to each news medium that has filed a written request for notice if the request includes the news medium's telephone number.
- d. Notice of the emergency meeting shall be given by telephone or any other method used to notify the members of the school board.
- e. Notice shall be provided to each news medium which has filed a written request for notice as soon as reasonably practicable after notice has been given to the school board members.
- f. Notice shall include the subject of the meeting.
- g. Posted or published notice of an emergency meeting shall not be required.
- h. The notice requirements for an emergency meeting as set forth in this policy shall supersede any other statutory notice requirement for a special meeting that is an emergency meeting.

4. Recessed or Continued Meetings

If a meeting is a recessed or continued session of a previous meeting, and the time and place of the meeting was established during the previous meeting and recorded in the minutes of that meeting, then no further published or mailed notice is necessary.

5. Closed Meetings

The notice requirements of the Minnesota Open Meeting Law apply to closed meetings.

6. Actual Notice

If a person receives actual notice of a meeting of the school board at least twenty-four (24) hours before the meeting, all notice requirements are satisfied with respect to that person, regardless of the method of receipt of notice.

7. Meetings during Pandemic or Chapter 12 Emergency

In the event of a health pandemic or an emergency declared under Minnesota Statutes chapter 12, a meeting may be conducted by telephone or interactive technology in compliance with Minnesota Statutes section 13D.021.

8. Meetings by Interactive Technology

A meeting may be conducted by interactive technology, Zoom, Skype, or other similar electronic means in compliance with Minnesota Statutes section 13D.02.

B. Votes

The votes of school board members shall be recorded in a journal or minutes kept for that purpose. The journal or any minutes used to record votes of a meeting must be open to the public during all normal business hours at the school district's administrative offices.

C. Written Materials

1. In any open meeting, a copy of any printed materials, including electronic communications, relating to the agenda items of the meeting prepared or distributed by or at the direction of the school board or its employees and distributed to or available to all school board members shall be available in the meeting room for inspection by the public while the school board considers their subject matter.
2. This provision does not apply to materials not classified by law as public, or to materials relating to the agenda items of a closed meeting.

D. Open Meetings and Data

1. Meetings may not be closed to discuss data that are not public data, except as provided under Minnesota law.
2. Data that are not public data may be discussed at an open meeting if the disclosure relates to a matter within the scope of the school board's authority and is reasonably necessary to conduct the business or agenda item before the school board.
3. Data discussed at an open meeting retain the data's original classification; however, a record of the meeting, regardless of form, shall be public.

E. Closed Meetings

1. Labor Negotiations Strategy
 - a. The school board may, by a majority vote in a public meeting, decide

to hold a closed meeting to consider strategy for labor negotiations, including negotiation strategies or developments or discussion and review of labor negotiation proposals, conducted pursuant to Minnesota's Public Employment Labor Relations Act (PELRA)

- b. The time and place of the closed meeting shall be announced at the public meeting. A written roll of school board members and all other persons present at the closed meeting shall be made available to the public after the closed meeting. The proceedings of a closed meeting to discuss negotiation strategies shall be tape recorded, and the tape recording shall be preserved for two years after the contract discussed at the meeting is signed. The recording shall be made available to the public after all labor contracts are signed by the school board for the current budget period.

2. Sessions Closed by Bureau of Mediation Services

All negotiations, mediation meetings, and hearings between the school board and its employees or their respective representatives are public meetings. Mediation meetings may be closed only by the Commissioner of the Bureau of Mediation Services (BMS). The use of recording devices, stenographic records, or other recording methods is prohibited in mediation meetings closed by the BMS.

3. Preliminary Consideration of Allegations or Charges

The school board shall close one or more meetings for preliminary consideration of allegations or charges against an individual subject to its authority. If the school board members conclude that discipline of any nature may be warranted as a result of those specific charges or allegations, further meetings or hearings relating to those specific charges or allegations held after that conclusion is reached must be open. A meeting must also be open at the request of the individual who is the subject of the meeting. A closed meeting for this purpose must be electronically recorded at the expense of the school district, and the recording must be preserved for at least three years after the date of the meeting. The recording is not available to the public.

4. Performance Evaluations

The school board may close a meeting to evaluate the performance of an individual who is subject to its authority. The school board shall identify the individual to be evaluated prior to closing a meeting. At its next open meeting, the school board shall summarize its conclusions regarding the evaluation. A meeting must be open at the request of the individual who is the subject of the meeting. A closed meeting for this purpose must be electronically recorded at the expense of the school district, and the recording must be preserved for at least three years after the date of the meeting. The recording is not available to the public.

5. Attorney-Client Privilege Meeting

A meeting may be closed if permitted by the attorney-client privilege. Attorney-client privilege applies when litigation is imminent or threatened, or when the school board needs advice above the level of general legal advice,

for example, regarding specific acts and their legal consequences. A meeting may be closed to seek legal advice concerning litigation strategy, but the mere threat that litigation might be a consequence of deciding a matter one way or another does not, by itself, justify closing the meeting. The motion to close the meeting must specifically describe the matter to be discussed at the closed meeting, subject to relevant privacy and confidentiality considerations under state and federal law. The law does not require that such a meeting be recorded.

6. Dismissal Hearing

- a. A hearing on dismissal of a licensed teacher shall be public or private at the teacher's discretion. A hearing regarding placement of teachers on unrequested leave of absence shall be public.
- b. A hearing on dismissal of a student pursuant to the Pupil Fair Dismissal Act shall be closed unless the pupil, parent, or guardian requests an open hearing.
- c. To the extent a teacher or student dismissal hearing is held before the school board and is closed, the closed meeting must be electronically recorded at the expense of the school district, and the recording must be preserved for at least three years after the date of the meeting. The recording is not available to the public.

7. Coaches; Opportunity to Respond

- a. If the school board has declined to renew the coaching contract of a licensed or nonlicensed head varsity coach, it must notify the coach within fourteen (14) days of that decision.
- b. If the coach requests the reasons for the nonrenewal, the school board must give the coach its reasons in writing within ten (10) days of receiving the request. The existence of parent complaints must not be the sole reason for the school board not to renew a coaching contract.
- c. On the request of the coach, the school board must provide the coach with a reasonable opportunity to respond to the reasons at a school board meeting.
- d. The meeting may be open or closed at the election of the coach unless the meeting is closed as required by Minnesota Statutes section 13D.05 to discuss educational or certain other nonpublic data.
- e. A meeting closed for this purpose must be electronically recorded at the expense of the school district, and the recording must be preserved for at least three years after the date of the meeting. The recording is not available to the public.

8. Meetings to Discuss Certain Not Public Data

- a. Any portion of a meeting must be closed if the following types of data are discussed:

(1) data that would identify alleged victims or reporters of criminal sexual conduct, domestic abuse, or maltreatment of minors or vulnerable adults;

(2) active investigative data collected or created by a law enforcement agency;

(3) educational data, health data, medical data, welfare data, or mental health data that are not public data; or

(4) an individual's personal medical records.

b. A closed meeting must be electronically recorded at the expense of the school district, and the recording must be preserved for at least three years after the date of the meeting. The recording is not available to the public.

9. Purchase and Sale of Property

a. The school board may close a meeting:

(1) to determine the asking price for real or personal property to be sold by the school district;

(2) to review confidential or nonpublic appraisal data; and

(3) to develop or consider offers or counteroffers for the purchase or sale of real or personal property.

b. Before closing the meeting, the school board must identify on the record the particular real or personal property that is the subject of the closed meeting.

c. The closed meeting must be tape recorded at the expense of the school district. The tape must be preserved for eight years after the date of the meeting and be made available to the public after all real or personal property discussed at the meeting has been purchased or sold or the school board has abandoned the purchase or sale. The real or personal property that is the subject of the closed meeting must be specifically identified on the tape. A list of school board members and all other persons present at the closed meeting must be made available to the public after the closed meeting.

d. An agreement reached that is based on an offer considered at a closed meeting is contingent on its approval by the school board at an open meeting. The actual purchase or sale must be approved at an open meeting and the purchase price or sale price is public data.

10. Security Matters

a. The school board may close a meeting to receive security briefings and reports, to discuss issues related to security systems, to discuss emergency response procedures, and to discuss security deficiencies in

or recommendations regarding public services, infrastructure, and facilities, if disclosure of the information discussed would pose a danger to public safety or compromise security procedures or responses.

- b. Financial issues related to security matters must be discussed and all related financial decisions must be made at an open meeting.
- c. Before closing a meeting, the school board must refer to the facilities, systems, procedures, services, or infrastructures to be considered during the closed meeting.
- d. The closed meeting must be tape recorded at the expense of the school district and the recording must be preserved for at least four years.

11. Other Meetings

Other meetings shall be closed as provided by law, except as provided above. A closed meeting must be electronically recorded at the expense of the school district, and the recording must be preserved for at least three years after the date of the meeting. The recording is not available to the public.

F. Procedures for Closing a Meeting

The school board shall provide notice of a closed meeting just as for an open meeting. A school board meeting may be closed only after a majority vote at a public meeting. Before closing a meeting, the school board shall state on the record the specific authority permitting the meeting to be closed and shall describe the subject to be discussed.

205 OPEN MEETINGS AND CLOSED MEETINGS

[Note: The provisions of this policy accurately reflect Minnesota’s Open Meeting Law statutes and are not discretionary in nature.]

I. PURPOSE

- A. The school board embraces accountability and transparency in the conduct of its business, in the belief that openness produces better programs, more efficient administration of programs, and an organization more responsive to public interest and less susceptible to private interest. The school board shall conduct its business under a presumption of openness. At the same time, the school board recognizes and respects the privacy rights of individuals as provided by law. The school board also recognizes that there are certain exceptions to the Minnesota Open Meeting Law as recognized in statute where it has been determined that, in limited circumstances, the public interest is best served by closing a meeting of the school board.
- B. The purpose of this policy is to provide guidelines to assure the rights of the public to be present at school board meetings, while also protecting an individual’s rights to privacy under law, and to close meetings when the public interest so requires as recognized by law.

II. GENERAL STATEMENT OF POLICY

- A. Except as otherwise expressly provided by statute, all meetings of the school board, including executive sessions, shall be open to the public.
- B. Meetings shall be closed only when expressly authorized by law.

III. DEFINITION

“Meeting” means a gathering of at least a quorum of school board members—or quorum of a committee or subcommittee of school board members, at which members discuss, decide, or receive information as a group on issues relating to the official business of the school board. The term does not include a chance or social gathering or the use of social media by members of a public body so long as the social media use is limited to exchanges with all members of the general public. For purposes of the Open Meeting Law, social media does not include e-mail.

IV. PROCEDURES

A. Meetings

1. Regular Meetings

A schedule of the regular meetings of the school board shall be kept on file at the school district office. If the school board decides to hold a regular meeting at a time or place different from the time or place stated in its regular meeting schedule, it shall give the same notice of the meeting as for a special meeting.

2. Special Meetings

- a. For a special meeting, the school board shall post written notice of the date, time, place, and purpose of the meeting on the principal bulletin board of the school district or on the door of the school board's usual meeting room if there is no principal bulletin board. The school board's actions at the special meeting are limited to those topics included in the notice.
- b. The notice shall also be mailed or otherwise delivered to each person who has filed a written request for notice of special meetings. This notice shall be posted and mailed or delivered at least three days before the date of the meeting.
- c. As an alternative to mailing or otherwise delivering notice to persons who have filed a written request, the school board may publish the notice once, at least three days before the meeting, in the official newspaper of the school district or, if none, in a qualified newspaper of general circulation within the area of the school district.
- d. A person filing a request for notice of special meetings may limit the request to particular subjects, in which case the school board is required to send notice to that person only concerning those particular subjects.
- e. The school board will establish an expiration date on requests for notice of special meetings and require refiling once each year. Not more than sixty (60) days before the expiration date of request for notice, the school board shall send notice of the refiling requirement to each person who filed during the preceding year.

3. Emergency Meetings

- a. An emergency meeting is a special meeting called because of circumstances that, in the school board's judgment, require immediate consideration.

[Note: While the statute leaves the question to the board of whether the circumstances require immediate consideration at an emergency meeting, advisory opinions of the Minnesota Commissioner of Administration would limit such meetings to responding to natural disasters or health epidemics caused by an event such as an accident or terrorist attack.]

- b. If matters not directly related to the emergency are discussed or acted upon, the minutes of the meeting shall include a specific description of those matters.
- c. The school board shall make good faith efforts to provide notice of the emergency meeting to each news medium that has filed a written request for notice if the request includes the news medium's telephone number.
- d. Notice of the emergency meeting shall be given by telephone or any other method used to notify the members of the school board.
- e. Notice shall be provided to each news medium which has filed a written request for notice as soon as reasonably practicable after notice has been given to the school board members.

- f. Notice shall include the subject of the meeting.
- g. Posted or published notice of an emergency meeting shall not be required.
- h. The notice requirements for an emergency meeting as set forth in this policy shall supersede any other statutory notice requirement for a special meeting that is an emergency meeting.

4. Recessed or Continued Meetings

If a meeting is a recessed or continued session of a previous meeting, and the time and place of the meeting was established during the previous meeting and recorded in the minutes of that meeting, then no further published or mailed notice is necessary.

5. Closed Meetings

The notice requirements of the Minnesota Open Meeting Law apply to closed meetings.

6. Actual Notice

If a person receives actual notice of a meeting of the school board at least twenty-four (24) hours before the meeting, all notice requirements are satisfied with respect to that person, regardless of the method of receipt of notice.

7. Meetings during Pandemic or Chapter 12 Emergency

In the event of a health pandemic or an emergency declared under Minnesota Statutes chapter 12, a meeting may be conducted by telephone or interactive technology in compliance with Minnesota Statutes section 13D.021.

8. Meetings by Interactive Technology

A meeting may be conducted by interactive technology, Zoom, Skype, or other similar electronic means in compliance with Minnesota Statutes section 13D.02.

B. Votes

The votes of school board members shall be recorded in a journal or minutes kept for that purpose. The journal or any minutes used to record votes of a meeting must be open to the public during all normal business hours at the school district's administrative offices.

C. Written Materials

- 1. In any open meeting, a copy of any printed materials, including electronic communications, relating to the agenda items of the meeting prepared or distributed by or at the direction of the school board or its employees and distributed to or available to all school board members shall be available in the meeting room for inspection by the public while the school board considers their subject matter.
- 2. This provision does not apply to materials not classified by law as public, or to

materials relating to the agenda items of a closed meeting.

D. Open Meetings and Data

1. Meetings may not be closed to discuss data that are not public data, except as provided under Minnesota law.
2. Data that are not public data may be discussed at an open meeting if the disclosure relates to a matter within the scope of the school board's authority and is reasonably necessary to conduct the business or agenda item before the school board.
3. Data discussed at an open meeting retain the data's original classification; however, a record of the meeting, regardless of form, shall be public.

E. Closed Meetings

1. Labor Negotiations Strategy

- a. The school board may, by a majority vote in a public meeting, decide to hold a closed meeting to consider strategy for labor negotiations, including negotiation strategies or developments or discussion and review of labor negotiation proposals, conducted pursuant to Minnesota's Public Employment Labor Relations Act (PELRA)
- b. The time and place of the closed meeting shall be announced at the public meeting. A written roll of school board members and all other persons present at the closed meeting shall be made available to the public after the closed meeting. The proceedings of a closed meeting to discuss negotiation strategies shall be tape recorded, and the tape recording shall be preserved for two years after the contract discussed at the meeting is signed. The recording shall be made available to the public after all labor contracts are signed by the school board for the current budget period.

2. Sessions Closed by Bureau of Mediation Services

All negotiations, mediation meetings, and hearings between the school board and its employees or their respective representatives are public meetings. Mediation meetings may be closed only by the Commissioner of the Bureau of Mediation Services (BMS). The use of recording devices, stenographic records, or other recording methods is prohibited in mediation meetings closed by the BMS.

3. Preliminary Consideration of Allegations or Charges

The school board shall close one or more meetings for preliminary consideration of allegations or charges against an individual subject to its authority. If the school board members conclude that discipline of any nature may be warranted as a result of those specific charges or allegations, further meetings or hearings relating to those specific charges or allegations held after that conclusion is reached must be open. A meeting must also be open at the request of the individual who is the subject of the meeting. A closed meeting for this purpose must be electronically recorded at the expense of the school district, and the recording must be preserved for at least three years after the date of the meeting. The recording is not available to the public.

4. Performance Evaluations

The school board may close a meeting to evaluate the performance of an individual who is subject to its authority. The school board shall identify the individual to be evaluated prior to closing a meeting. At its next open meeting, the school board shall summarize its conclusions regarding the evaluation. A meeting must be open at the request of the individual who is the subject of the meeting. A closed meeting for this purpose must be electronically recorded at the expense of the school district, and the recording must be preserved for at least three years after the date of the meeting. The recording is not available to the public.

5. Attorney-Client Privilege Meeting

A meeting may be closed if permitted by the attorney-client privilege. Attorney-client privilege applies when litigation is imminent or threatened, or when the school board needs advice above the level of general legal advice, for example, regarding specific acts and their legal consequences. A meeting may be closed to seek legal advice concerning litigation strategy, but the mere threat that litigation might be a consequence of deciding a matter one way or another does not, by itself, justify closing the meeting. The motion to close the meeting must specifically describe the matter to be discussed at the closed meeting, subject to relevant privacy and confidentiality considerations under state and federal law. The law does not require that such a meeting be recorded.

6. Dismissal Hearing

- a. A hearing on dismissal of a licensed teacher shall be public or private at the teacher's discretion. A hearing regarding placement of teachers on unrequested leave of absence shall be public.
- b. A hearing on dismissal of a student pursuant to the Pupil Fair Dismissal Act shall be closed unless the pupil, parent, or guardian requests an open hearing.
- c. To the extent a teacher or student dismissal hearing is held before the school board and is closed, the closed meeting must be electronically recorded at the expense of the school district, and the recording must be preserved for at least three years after the date of the meeting. The recording is not available to the public.

7. Coaches; Opportunity to Respond

- a. If the school board has declined to renew the coaching contract of a licensed or nonlicensed head varsity coach, it must notify the coach within fourteen (14) days of that decision.
- b. If the coach requests the reasons for the nonrenewal, the school board must give the coach its reasons in writing within ten (10) days of receiving the request. The existence of parent complaints must not be the sole reason for the school board not to renew a coaching contract.
- c. On the request of the coach, the school board must provide the coach with a reasonable opportunity to respond to the reasons at a school board meeting.
- d. The meeting may be open or closed at the election of the coach unless the meeting is closed as required by Minnesota Statutes section

13D.05 to discuss educational or certain other nonpublic data.

- e. A meeting closed for this purpose must be electronically recorded at the expense of the school district, and the recording must be preserved for at least three years after the date of the meeting. The recording is not available to the public.

8. Meetings to Discuss Certain Not Public Data

- a. Any portion of a meeting must be closed if the following types of data are discussed:
 - (1) data that would identify alleged victims or reporters of criminal sexual conduct, domestic abuse, or maltreatment of minors or vulnerable adults;
 - (2) active investigative data collected or created by a law enforcement agency;
 - (3) educational data, health data, medical data, welfare data, or mental health data that are not public data; or
 - (4) an individual's personal medical records.
- b. A closed meeting must be electronically recorded at the expense of the school district, and the recording must be preserved for at least three years after the date of the meeting. The recording is not available to the public.

9. Purchase and Sale of Property

- a. The school board may close a meeting:
 - (1) to determine the asking price for real or personal property to be sold by the school district;
 - (2) to review confidential or nonpublic appraisal data; and
 - (3) to develop or consider offers or counteroffers for the purchase or sale of real or personal property.
- b. Before closing the meeting, the school board must identify on the record the particular real or personal property that is the subject of the closed meeting.
- c. The closed meeting must be tape recorded at the expense of the school district. The tape must be preserved for eight years after the date of the meeting and be made available to the public after all real or personal property discussed at the meeting has been purchased or sold or the school board has abandoned the purchase or sale. The real or personal property that is the subject of the closed meeting must be specifically identified on the tape. A list of school board members and all other persons present at the closed meeting must be made available to the public after the closed meeting.
- d. An agreement reached that is based on an offer considered at a closed meeting is contingent on its approval by the school board at an open

meeting. The actual purchase or sale must be approved at an open meeting and the purchase price or sale price is public data.

10. Security Matters

- a. The school board may close a meeting to receive security briefings and reports, to discuss issues related to security systems, to discuss emergency response procedures, and to discuss security deficiencies in or recommendations regarding public services, infrastructure, and facilities, if disclosure of the information discussed would pose a danger to public safety or compromise security procedures or responses.
- b. Financial issues related to security matters must be discussed and all related financial decisions must be made at an open meeting.
- c. Before closing a meeting, the school board must refer to the facilities, systems, procedures, services, or infrastructures to be considered during the closed meeting.
- d. The closed meeting must be tape recorded at the expense of the school district and the recording must be preserved for at least four years.

11. Other Meetings

Other meetings shall be closed as provided by law, except as provided above. A closed meeting must be electronically recorded at the expense of the school district, and the recording must be preserved for at least three years after the date of the meeting. The recording is not available to the public.

F. Procedures for Closing a Meeting

The school board shall provide notice of a closed meeting just as for an open meeting. A school board meeting may be closed only after a majority vote at a public meeting. Before closing a meeting, the school board shall state on the record the specific authority permitting the meeting to be closed and shall describe the subject to be discussed.

205 OPEN MEETINGS AND CLOSED MEETINGS

I. PURPOSE

- A. The school board embraces accountability and transparency in the conduct of its business, in the belief that openness produces better programs, more efficient administration of programs, and an organization more responsive to public interest and less susceptible to private interest. The school board shall conduct its business under a presumption of openness. At the same time, the school board recognizes and respects the privacy rights of individuals as provided by law. The school board also recognizes that there are certain exceptions to the Minnesota Open Meeting Law as recognized in statute where it has been determined that, in limited circumstances, the public interest is best served by closing a meeting of the school board.
- B. The purpose of this policy is to provide guidelines to assure the rights of the public to be present at school board meetings, while also protecting an individual's rights to privacy under law, and to close meetings when the public interest so requires as recognized by law.

II. GENERAL STATEMENT OF POLICY

- A. Except as otherwise expressly provided by statute, all meetings of the school board, including executive sessions, shall be open to the public.
- B. Meetings shall be closed only when expressly authorized by law.

III. DEFINITION

"Meeting" means a gathering of at least a quorum of school board members—or quorum of a committee or subcommittee of school board members, at which members discuss, decide, or receive information as a group on issues relating to the official business of the school board. The term does not include a chance or social gathering or the use of social media by members of a public body so long as the social media use is limited to exchanges with all members of the general public. For purposes of the Open Meeting Law, social media does not include e-mail.

IV. PROCEDURES

- A. Meetings
 - 1. Regular Meetings

A schedule of the regular meetings of the school board shall be kept on file at the school district office. If the school board decides to hold a regular meeting at a time or place different from the time or place stated in its regular meeting schedule, it shall give the same notice of the meeting as for a special meeting.
 - 2. Special Meetings
 - a. For a special meeting, the school board shall post written notice of the date, time, place, and purpose of the meeting on the principal bulletin board of the school district or on the door of the school board's usual meeting room if there is no principal bulletin board. The school board's actions at the special meeting are limited to those topics included in the notice.
 - b. The notice shall also be mailed or otherwise delivered to each person

who has filed a written request for notice of special meetings. This notice shall be posted and mailed or delivered at least three days before the date of the meeting.

- c. As an alternative to mailing or otherwise delivering notice to persons who have filed a written request, the school board may publish the notice once, at least three days before the meeting, in the official newspaper of the school district or, if none, in a qualified newspaper of general circulation within the area of the school district.
- d. A person filing a request for notice of special meetings may limit the request to particular subjects, in which case the school board is required to send notice to that person only concerning those particular subjects.
- e. ~~The school board will establish an expiration date on requests for notice of special meetings and require refiling once each year. Not more than sixty (60) days before the expiration date of request for notice, the school board shall send notice of the refiling requirement to each person who filed during the preceding year.~~

3. Emergency Meetings

- a. An emergency meeting is a special meeting called because of circumstances that, in the school board's judgment, require immediate consideration.
- b. If matters not directly related to the emergency are discussed or acted upon, the minutes of the meeting shall include a specific description of those matters.
- c. The school board shall make good faith efforts to provide notice of the emergency meeting to each news medium that has filed a written request for notice if the request includes the news medium's telephone number.
- d. Notice of the emergency meeting shall be given by telephone or any other method used to notify the members of the school board.
- e. Notice shall be provided to each news medium which has filed a written request for notice as soon as reasonably practicable after notice has been given to the school board members.
- f. Notice shall include the subject of the meeting.
- g. Posted or published notice of an emergency meeting shall not be required.
- h. The notice requirements for an emergency meeting as set forth in this policy shall supersede any other statutory notice requirement for a special meeting that is an emergency meeting.

4. Recessed or Continued Meetings

If a meeting is a recessed or continued session of a previous meeting, and the time and place of the meeting was established during the previous meeting and recorded in the minutes of that meeting, then no further published or mailed notice is necessary.

5. Closed Meetings

The notice requirements of the Minnesota Open Meeting Law apply to closed meetings.

6. Actual Notice

If a person receives actual notice of a meeting of the school board at least twenty-four (24) hours before the meeting, all notice requirements are satisfied with respect to that person, regardless of the method of receipt of notice.

7. Meetings during Pandemic or Chapter 12 Emergency

In the event of a health pandemic or an emergency declared under Minnesota Statutes chapter 12, a meeting may be conducted by telephone or interactive technology in compliance with Minnesota Statutes section 13D.021.

8. Meetings by Interactive Technology

A meeting may be conducted by interactive technology, Zoom, Skype, or other similar electronic means in compliance with Minnesota Statutes section 13D.02.

B. Votes

The votes of school board members shall be recorded in a journal or minutes kept for that purpose. The journal or any minutes used to record votes of a meeting must be open to the public during all normal business hours at the school district's administrative offices.

C. Written Materials

1. In any open meeting, a copy of any printed materials, including electronic communications, relating to the agenda items of the meeting prepared or distributed by or at the direction of the school board or its employees and distributed to or available to all school board members shall be available in the meeting room for inspection by the public while the school board considers their subject matter.
2. This provision does not apply to materials not classified by law as public, or to materials relating to the agenda items of a closed meeting.

D. Open Meetings and Data

1. Meetings may not be closed to discuss data that are not public data, except as provided under Minnesota law.
2. Data that are not public data may be discussed at an open meeting if the disclosure relates to a matter within the scope of the school board's authority and is reasonably necessary to conduct the business or agenda item before the school board.
3. Data discussed at an open meeting retain the data's original classification; however, a record of the meeting, regardless of form, shall be public.

E. Closed Meetings

1. Labor Negotiations Strategy

- a. The school board may, by a majority vote in a public meeting, decide to hold a closed meeting to consider strategy for labor negotiations, including negotiation strategies or developments or discussion and review of labor negotiation proposals, conducted pursuant to Minnesota's Public Employment Labor Relations Act (PELRA)
- b. The time and place of the closed meeting shall be announced at the public meeting. A written roll of school board members and all other persons present at the closed meeting shall be made available to the public after the closed meeting. The proceedings of a closed meeting to discuss negotiation strategies shall be tape recorded, and the tape recording shall be preserved for two years after the contract discussed at the meeting is signed. The recording shall be made available to the public after all labor contracts are signed by the school board for the current budget period.

2. Sessions Closed by Bureau of Mediation Services

All negotiations, mediation meetings, and hearings between the school board and its employees or their respective representatives are public meetings. Mediation meetings may be closed only by the Commissioner of the Bureau of Mediation Services (BMS). The use of recording devices, stenographic records, or other recording methods is prohibited in mediation meetings closed by the BMS.

3. Preliminary Consideration of Allegations or Charges

The school board shall close one or more meetings for preliminary consideration of allegations or charges against an individual subject to its authority. If the school board members conclude that discipline of any nature may be warranted as a result of those specific charges or allegations, further meetings or hearings relating to those specific charges or allegations held after that conclusion is reached must be open. A meeting must also be open at the request of the individual who is the subject of the meeting. A closed meeting for this purpose must be electronically recorded at the expense of the school district, and the recording must be preserved for at least three years after the date of the meeting. The recording is not available to the public.

4. Performance Evaluations

The school board may close a meeting to evaluate the performance of an individual who is subject to its authority. The school board shall identify the individual to be evaluated prior to closing a meeting. At its next open meeting, the school board shall summarize its conclusions regarding the evaluation. A meeting must be open at the request of the individual who is the subject of the meeting. A closed meeting for this purpose must be electronically recorded at the expense of the school district, and the recording must be preserved for at least three years after the date of the meeting. The recording is not available to the public.

5. Attorney-Client Privilege Meeting

A meeting may be closed if permitted by the attorney-client privilege. Attorney-client privilege applies when litigation is imminent or threatened, or when the school board needs advice above the level of general legal advice, for example, regarding specific acts and their legal consequences. A meeting may be closed to seek legal advice concerning litigation strategy, but the mere threat that litigation might be a consequence of deciding a matter one way or another does not, by itself, justify closing the meeting. The motion to close the meeting must specifically describe the matter to be discussed at the closed meeting, subject to relevant privacy and confidentiality considerations under state and federal law. The law does not require that such a meeting be recorded.

6. Dismissal Hearing

- a. A hearing on dismissal of a licensed teacher shall be public or private at the teacher's discretion. A hearing regarding placement of teachers on unrequested leave of absence shall be public.
- b. A hearing on dismissal of a student pursuant to the Pupil Fair Dismissal Act shall be closed unless the pupil, parent, or guardian requests an open hearing.
- c. To the extent a teacher or student dismissal hearing is held before the school board and is closed, the closed meeting must be electronically recorded at the expense of the school district, and the recording must be preserved for at least three years after the date of the meeting. The recording is not available to the public.

7. Coaches; Opportunity to Respond

- a. If the school board has declined to renew the coaching contract of a licensed or nonlicensed head varsity coach, it must notify the coach within fourteen (14) days of that decision.
- b. If the coach requests the reasons for the nonrenewal, the school board must give the coach its reasons in writing within ten (10) days of receiving the request. The existence of parent complaints must not be the sole reason for the school board not to renew a coaching contract.
- c. On the request of the coach, the school board must provide the coach with a reasonable opportunity to respond to the reasons at a school board meeting.
- d. The meeting may be open or closed at the election of the coach unless the meeting is closed as required by Minnesota Statutes section 13D.05 to discuss educational or certain other nonpublic data.
- e. A meeting closed for this purpose must be electronically recorded at the expense of the school district, and the recording must be preserved for at least three years after the date of the meeting. The recording is not available to the public.

8. Meetings to Discuss Certain Not Public Data

- a. Any portion of a meeting must be closed if the following types of data are discussed:
- (1) data that would identify alleged victims or reporters of criminal sexual conduct, domestic abuse, or maltreatment of minors or vulnerable adults;
 - (2) active investigative data collected or created by a law enforcement agency;
 - (3) educational data, health data, medical data, welfare data, or mental health data that are not public data; or
 - (4) an individual's personal medical records.
- b. A closed meeting must be electronically recorded at the expense of the school district, and the recording must be preserved for at least three years after the date of the meeting. The recording is not available to the public.

9. Purchase and Sale of Property

- a. The school board may close a meeting:
- (1) to determine the asking price for real or personal property to be sold by the school district;

- a. The school board may close a meeting to receive security briefings and reports, to discuss issues related to security systems, to discuss emergency response procedures, and to discuss security deficiencies in or recommendations regarding public services, infrastructure, and facilities, if disclosure of the information discussed would pose a danger to public safety or compromise security procedures or responses.
- b. Financial issues related to security matters must be discussed and all related financial decisions must be made at an open meeting.
- c. Before closing a meeting, the school board must refer to the facilities, systems, procedures, services, or infrastructures to be considered during the closed meeting.
- d. The closed meeting must be tape recorded at the expense of the school district and the recording must be preserved for at least four years.

The recording is not available to the public.

F. Procedures for Closing a Meeting

The school board shall provide notice of a closed meeting just as for an open meeting. A school board meeting may be closed only after a majority vote at a public meeting. Before closing a meeting, the school board shall state on the record the specific authority permitting the meeting to be closed and shall describe the subject to be discussed.

211 CRIMINAL OR CIVIL ACTION AGAINST SCHOOL DISTRICT, SCHOOL BOARD MEMBER, EMPLOYEE, OR STUDENT

I. PURPOSE

The purpose of this policy is to provide guidance about the school district's position, rights, and responsibilities when a civil or criminal action is pending against the school district, or a school board member, school district employee, or student.

II. GENERAL STATEMENT OF POLICY

- A. The school district recognizes that, when civil or criminal actions are pending against a school board member, school district employee, or student, the school district may be requested or required to take action.
- B. In responding to such requests and/or requirements, the school district will take such measures as are appropriate to its primary mission of providing for the education of students in an environment that is safe for staff and students and is conducive to learning.
- C. The school district acknowledges its statutory obligations with respect to providing assistance to school board members and teachers who are sued in connection with performance of school district duties. Collective bargaining agreements and school district policies may also apply.

III. CIVIL ACTIONS

- A. Pursuant to Minnesota Statutes section 466.07, subdivision 1, the school district shall defend and indemnify any school board member or school district employee for damages in school-related litigation, including punitive damages, claimed or levied against the school board member or employee, provided that the school board member or employee was acting in the performance of the duties of the position and was not guilty of malfeasance, willful neglect of duty, or bad faith.
- B. Pursuant to Minnesota Statutes section 123B.25(b), with respect to teachers employed by the school district, upon written request of the teacher involved, the school district must provide legal counsel for any school teacher against whom a claim is made or action is brought for recovery of damages in any tort action involving physical injury to any person or property or for wrongful death arising out of or in connection with the employment of the teacher with the school district. The school district will choose legal counsel after consultation with the teacher.

C. Data Practices

Educational data and personnel data maintained by the school district may be sought as evidence in a civil proceeding. The school district will release the data only pursuant to the Minnesota Government Data Practices Act, Minnesota Statutes chapter 13 and to the Family Educational Rights and Privacy Act, 20 United States Code section 1232g, and related regulations. When an employee is subpoenaed and is expected to testify regarding educational data or personnel data, the employee will inform the building administrator or designated supervisor, who shall immediately inform the superintendent or designee. No school board member or employee may release data without consultation in advance with the school district official designated as the responsible authority for the collection, use, and dissemination of data.

D. Service of Subpoenas

School district officers and employees will normally not be involved in providing service of process for third parties in the school setting.

E. Leave to Testify

Leave for employees appearing in court, either when sued or under subpoena to testify, will be considered in accordance with school district personnel policies and applicable collective bargaining agreements.

IV. CRIMINAL CHARGES OR CONDUCT

A. Employees

1. The school district expects that its employees serve as positive role models for students. As role models for students, employees have a duty to conduct themselves in an exemplary manner.
2. If the school district receives information relating to activities of a criminal nature by an employee, the school district will investigate and take appropriate disciplinary action, which may include discharge, subject to school district policies, statutes, and provisions of applicable collective bargaining agreements.
3. Pursuant to Minnesota Statutes section 123B.02, subdivision 20, if reimbursement for a criminal defense is requested by a school district employee, the school board may, after consulting with its legal counsel, reimburse the employee for any costs and reasonable attorney fees incurred by the employee to defend criminal charges brought against the employee arising out of the performance of duties for the school district. The decision whether to reimburse shall be made in the school board's discretion. A school board member who is a witness or an alleged victim in the case may not vote on the reimbursement. If a quorum of the school board is disqualified from voting on the reimbursement, the reimbursement must be approved by a judge of the district court.

B. Students

The school district has an interest in maintaining a safe and healthful environment and in preventing disruption of the educational process. To promote that interest, the school district will take appropriate action regarding students convicted of crimes that relate to the school environment.

C. Criminal Investigations

1. The policy of the school district is to cooperate with law enforcement officials. The school district will make all efforts, however, to encourage law enforcement officials to question students and employees outside of school hours and off school premises unless extenuating circumstances exist, the matter being investigated is school-related, or as otherwise provided by law.
2. If questioning at school is unavoidable, the school district will attempt to maintain confidentiality to avoid embarrassment to students and employees and to avoid disruption of the educational program. The school district will attempt to notify parents of a student under age 18 that police will be questioning their child. Normally, the superintendent, principal, or other appropriate school official will be present during the interview, except as

otherwise required by law (Minnesota Statutes section 260E.22), or as otherwise determined in consultation with the parent or guardian.

D. Data Practices

The school district will release to juvenile justice and law enforcement authorities educational and personnel data only in accordance with Minnesota Statutes chapter 13 (Minnesota Government Data Practices Act) and 20 United States Code section 1232g (FERPA).

V. **STATEMENTS WHEN LITIGATION IS PENDING**

The school district recognizes that when a civil or criminal action is commenced or pending, parties to the lawsuit have particular duties in reference to persons involved or named in the lawsuit, as well as insurance carrier(s). Therefore, school board members or school district employees shall make or release statements in that situation only in consultation with legal counsel.

204 SCHOOL BOARD MEETING MINUTES

I. PURPOSE

The purpose of this policy is to establish procedures relating to the maintenance of records of the school board and the publication of its official proceedings.

II. GENERAL STATEMENT OF POLICY

It is the policy of the school district to maintain its records so that they will be available for inspection by members of the general public and to provide for the publication of its official proceedings in compliance with law.

III. MAINTENANCE OF MINUTES AND RECORDS

A. The clerk shall keep and maintain permanent records of the school board, including records of the minutes of school board meetings and other required records of the school board. All votes taken at meetings required to be open to the public pursuant to the Minnesota Open Meeting Law shall be recorded in a journal kept for that purpose. Public records maintained by the school district must be available for inspection by members of the public during the regular business hours of the school district. Minutes of meetings shall be available for inspection at the administrative offices of the school district after they have been prepared. Minutes of a school board meeting shall be approved or modified by the school board at a subsequent meeting, which action shall be reflected in the official proceedings of that subsequent meeting.

B. Recordings of Closed Meetings

1. All closed meetings, except those closed as permitted by the attorney-client privilege, must be electronically recorded at the expense of the school district. Recordings of closed meetings shall be made separately from the recordings of an open meeting, to the extent such meetings are recorded. If a meeting is closed to discuss more than one (1) matter, each matter shall be separately recorded.
2. School Board members and other participants in Executive Closed Session meetings are prohibited from bringing or using a recording device during such meetings.
3. Recordings of closed meetings shall be preserved by the school district for the following time periods:
 - a. Meetings closed to discuss labor negotiations strategy shall be preserved for two (2) years after the contract is signed.
 - b. Meetings closed to discuss security matters shall be preserved for at least four (4) years.
 - c. Meetings closed to discuss the purchase or sale of property shall be preserved for at least eight (8) years after the date of the meeting.
 - d. All other closed meetings shall be preserved by the school district for at least three (3) years after the date of the meeting.
 - e. Following the expiration of the above time periods, recordings of closed meetings shall be maintained as set forth in the school district's

Records Retention Schedule.

4. Recordings of closed meetings shall be classified by the school district as protected non-public data that is not accessible by the public or any subject of the data, with the following exceptions:
 - a. Recordings of labor negotiations strategy meetings shall be classified as public data and made available to the public after all labor contracts are signed by the school district for the current budget period.
 - b. Recordings of meetings related to the purchase or sale of property shall be classified as public data and made available to the public after all real or personal property discussed at the meeting has been purchased or sold or the school district has abandoned the purchase or sale.
 - c. Recordings of any other closed meetings shall be classified and/or released as required by court order.
5. Recordings of closed meetings shall be maintained separately from recordings of open meetings, to the extent recordings of open meetings are maintained by the school district, with the exception of recordings that have been classified as public data as set forth in Section III.B.4. above. Recordings of closed meetings classified as non-public data also shall be maintained in a secure location, separate from recordings classified as public data.
6. Recordings of closed meetings shall be maintained in a manner to easily identify the data classification of the recording. The recordings shall be identified with at least the following information:
 - a. The date of the closed meeting;
 - b. The basis upon which the meeting was closed (i.e.: labor negotiations strategy, purchase or sale of real property, educational data, etc.); and
 - c. The classification of the data.
7. Recordings of closed meetings related to labor negotiations strategy and the purchase or sale of property shall be maintained and monitored in a manner that reclassifies the recording as public upon the occurrence of an event reclassifying that data as set forth in Section III.B.4. above.

IV. PUBLICATION OF OFFICIAL PROCEEDINGS

- A. The school board shall cause its official proceedings to be published once in the official newspaper of the school district within thirty (30) days of the meeting at which the proceedings occurred; however, if the school board conducts regular meetings not more than once every thirty (30) days, the school board need not publish the minutes until ten (10) days after they have been approved by the school board.
- B. The proceedings to be published shall be sufficiently full to fairly set forth the proceedings. They must include the substance of all official actions taken by the school board at any regular or special meeting, and at minimum must include the subject matter of a motion, the persons making and seconding the motion, a listing of how each member present voted on the motion, the character of resolutions offered

including a brief description of their subject matter and whether adopted or defeated. The minutes and permanent records of the school board may include more detail than is required to be published with the official proceedings. If the proceedings have not yet been approved by the school board, the proceedings to be published may reflect that fact.

- C. The proceedings to be published may be a summary of the essential elements of the proceedings, and/or of resolutions and other official actions of the school board. Such a summary shall be written in a clear and coherent manner and shall, to the extent possible, avoid the use of technical or legal terms not generally familiar to the public. When a summary is published, the publication shall clearly indicate that the published material is only a summary and that the full text is available for public inspection at the administrative offices of the school district and that a copy of the proceedings, other than attachments to the minutes, is available without cost at the offices of the school district or by means of standard or electronic mail.

3. A teacher school principal, and other school staff may use reasonable force under the conditions set forth in Policy 506 (Student Discipline).

Duluth Public Schools Facilities Use Guidelines and Procedures

School Board Policy 902

<https://www.isd709.org/community/facilities-use>

The following guidelines have been established for the use of Duluth Public Schools' facilities by our students and staff, our extracurricular programs and community members.

The district reserves the right to adjust these guidelines to fit unique circumstances as determined by the Superintendent and School Board.

Effective Date: July 1st, 2024

Community Use of School Policy Statement

The School Board, being aware of the large capital investment the community has in school facilities, has determined that the community should receive maximum return for this investment. The introduction of the community education program has been made in pursuit of this objective. The policy is further extended to the use of school buildings and facilities by community groups in the promotion of school, civic, or social goals.

Public school facilities exist primarily for the purpose of serving the educational needs of the youth in the community. No group or organization will be scheduled if requested use interferes with regular school programs or school sponsored activities. The school district will determine the most appropriate and available use of the district's facility space.

The school board encourages maximum use of school facilities and equipment for community purposes if, in its judgment, that use will not interfere with use for school purposes.

III. SCHEDULED COMMUNITY EDUCATION CLASSES AND ACTIVITIES

- A. The school district administration shall be charged with the process of scheduling rooms and special areas for community education classes and activities planned to be offered during each session.
- B. Procedures for providing publicity, registration, and collection of fees shall be the responsibility of the school district administration.
- C. Registration fees may be structured to include a pro-rata portion of costs for custodial services that may be needed.

IV. GENERAL COMMUNITY USE OF SCHOOL FACILITIES

- A. The school board may authorize the use of school facilities by community groups or individuals. It may impose reasonable regulations and conditions upon the use of school facilities as it deems appropriate. The district may also reject requests or cancel permits for facility use for any reason deemed to not align with ISD 709 policies, values, or set requirements.
- B. Requests for use of school facilities by community groups or individuals shall be made through the school district community education office. The district will present recommended procedures for the processing and review of requests to the school board. Upon approval by the school board, such procedures shall be an addendum to this policy.
- C. The school board may require a rental fee for the use of school facilities. Such fee may include the cost of custodial, technician, and supervisory service if deemed necessary. This fee may also be reviewed and adjusted annually. It may also require a deposit or surety bond for the proper use and repair of damage to school facilities. A rental fee schedule, deposit or surety bond schedule, and payment procedure shall be presented for review and approval by the school board.

The following rules are to be adhered to when using school district facilities, grounds and equipment in accordance with Minnesota School Board Association Policy 902. It is the facility user group's responsibility to communicate these rules and regulations to their leaders, participants and spectators.

- Regular school activities, programs and organizations shall have first priority in the use of any district facility or grounds.
- After the Facility Use Permit has been approved by the facility scheduler and signed by the requestor, it becomes an agreement with the requestor and/or the organization.
- Contract holders cannot sublet or transfer their rights and privileges to any other individual, group, business or organization.
- If any damage is found after a group has used the district facilities, grounds or equipment, the group scheduled will be held responsible for the cost of repair or replacement of any items damaged, lost or stolen from school district property.
- Facility user groups will be responsible for leaving the facilities and property in the same condition or better as upon arrival (including returning furniture to original configuration and any other clean up needed).
- The Facility Use Permit is granted for specific dates, equipment, room or areas of building for specific periods of time and for specific uses including the nearest restrooms and drinking fountain. Using a building for other purposes, using additional facilities, loitering in other areas, entering or remaining in the building beyond the allotted time will be considered as unauthorized use of the facilities.
- Additional charges may be added to the facility use fee as well as denial of future use.
- Any propping of doors, or doors remaining open during the time of your event will result in denial of future facility use requests.

For safety reasons, no children will be allowed entrance to a building until a responsible adult is in attendance and ready to take charge of the group. The adult responsible for the activity must remain with the group the entire time that they are in the building and must not leave until he/she is certain that all members of his/her group are out of the building and picked up by parents/guardians.
- The adult responsible for the activity is also accountable for the conduct and behavior of both participants and spectators. Responsibility includes enforcing rules and regulations

as well as restricting group activity to the areas listed on the facility use permit. All children must be under parental/leader supervision. Running or ball play is not permitted outside of the gym.

Cancellations and No-Shows

If a permit needs to be canceled, please contact the Community Education office as soon as possible. Last minute cancellations should notify the Community Education office and call the site's engineer office. Phone numbers can be found in the ISD 709 Buildings and Locations section of this document.

The district reserves the right to charge a cancellation fee and/or full payment if cancellation is not requested 7 days prior to the event or for no-shows.

Exceptions are for weather related cancellation or canceled by ISD 709. There will be no charge for cancellations for these reasons.

The district will make every effort to provide alternative locations or reschedule the event.

Equipment Use

Use of ISD 709 equipment such as athletic equipment, sound and lighting equipment, instruments, etc., may require a rental fee. All fees will be pre-approved and listed on the group's facility use permit.

Custodial Services

Events that require special or heavy set-up or clean-up, involve meals, are large enough to require the cleaning of public areas and/or rest rooms, or involve other issues requiring custodial support will have a custodian assigned and the group will be responsible for the cost. Cost is dependent on space rented. Renters scheduling events that extend beyond the custodian's normal work schedule will pay overtime rates.

Where it is determined that either day is not a holiday, public business may be conducted.

If the date is determined to be a school day, it must be reflected in the teacher's contract. If Martin Luther King's birthday, Presidents Day, Veterans Day is determined to be a school day, at least one hour of the school program must be devoted to a patriotic observance of the day. For more information, see [Minnesota Statutes Section 120A.42](#) (*Conduct of School on Certain Holidays*).

When the following holidays fall on a **Saturday**, the holiday is observed on the preceding **Friday**; when the following holidays fall on a **Sunday**, the holiday is observed on the following **Monday**:

New Year's Day (January 1) Veterans Day (November 11)
Juneteenth (June 19) [new] Christmas Day (December 25)
Independence Day (July 4)

Juneteenth ^

On Juneteenth (June 19), "public schools may offer instruction and programs on the occasion." For more information, see [Minnesota Statutes 10.55](#) (*Juneteenth*). The Minnesota Department of Education takes the position that school may not be offered on this holiday. MSBA continues to work with MDE to determine the "instruction and programs on the occasion" that may be offered.

Indigenous Peoples Day ^^

In 2023, the Minnesota legislature replaced Christopher Columbus Day (the second Monday in October) with Indigenous Peoples Day. All references to "Christopher Columbus Day" or "Columbus Day" are to be changed to "Indigenous Peoples Day" in Minnesota Statutes and Minnesota Rules. Thus, the conditions set forth in [Minnesota Statutes Section 120A.42](#) (*Conduct of School on Certain Holidays*) continue to apply on this date.

School Board Policy 902

<https://www.isd709.org/community/facilities-use>

The following guidelines have been established for the use of Duluth Public Schools' facilities by our students and staff, our extracurricular programs and community members.

The district reserves the right to adjust these guidelines to fit unique circumstances as determined by the Superintendent and School Board.

Effective Date: July 1st, 2024

Community Use of School Policy Statement

The School Board, being aware of the large capital investment the community has in school facilities, has determined that the community should receive maximum return for this investment. The introduction of the community education program has been made in pursuit of this objective. The policy is further extended to the use of school buildings and facilities by community groups in the promotion of school, civic, or social goals.

Public school facilities exist primarily for the purpose of serving the educational needs of the youth in the community. No group or organization will be scheduled if requested use interferes with regular school programs or school sponsored activities. The school district will determine the most appropriate and available use of the district's facility space.

as well as restricting group activity to the areas listed on the facility use permit. All children must be under parental/leader supervision. Running or ball play is not permitted outside of the gym.

Cancellations and No-Shows

If a permit needs to be canceled, please contact the Community Education office as soon as possible. Last minute cancellations should notify the Community Education office and call the site's engineer office. Minnesota's political subdivisions have the option of determining whether Indigenous Peoples Day or the Friday after Thanksgiving shall be holidays. If the date is determined to be a school day, it must be reflected in the teacher's contract. If Martin Luther King's birthday, Presidents Day, Veterans Day is determined to be a school day, at least one hour of the school program must be devoted to a patriotic observance of the day. When the following holidays fall on a **Saturday**, the holiday is observed on the preceding **Friday**; when the following holidays fall on a **Sunday**, the holiday is observed on the following **Monday**:

New Year's Day (January 1) Veterans Day (November 11)
Juneteenth (June 19) [new] Christmas Day (December 25)
Independence Day (July 4)

Juneteenth ^

On Juneteenth (June 19), "public schools may offer instruction and programs on the occasion." For more information, see [Minnesota Statutes 10.55](#) (*Juneteenth*). The Minnesota Department of Education takes the position that school may not be offered on this holiday. MSBA continues to work with MDE to determine the "instruction and programs on the occasion" that may be offered.

Indigenous Peoples Day ^^

In 2023, the Minnesota legislature replaced Christopher Columbus Day (the second Monday in October) with Indigenous Peoples Day. All references to "Christopher Columbus Day" or "Columbus Day" are to be changed to "Indigenous Peoples Day" in Minnesota Statutes and Minnesota Rules. Thus, the conditions set forth in [Minnesota Statutes Section 120A.42](#) (*Conduct of School on Certain Holidays*) continue to apply on this date.

School Board Policy 902

<https://www.isd709.org/community/facilities-use>

The following guidelines have been established for the use of Duluth Public Schools' facilities by our students and staff, our extracurricular programs and community members.

The district reserves the right to adjust these guidelines to fit unique circumstances as determined by the Superintendent and School Board.

Effective Date: July 1st, 2024

Community Use of School Policy Statement

The School Board, being aware of the large capital investment the community has in school facilities, has determined that the community should receive maximum return for this investment. The introduction of the community education program has been made in pursuit of this objective. The policy is further extended to the use of school buildings and facilities by community groups in the promotion of school, civic, or social goals.

Public school facilities exist primarily for the purpose of serving the educational needs of the youth in the community. No group or organization will be scheduled if requested use interferes with regular school programs or school sponsored activities. The school district will determine the most appropriate and available use of the district's facility space.

* [Minnesota Statutes Section 645.44](#) list dates that are "holidays" under state law. Minnesota's political subdivisions have the option of determining whether Indigenous Peoples Day or the Friday after Thanksgiving shall be holidays. Where it is determined that either day is not a holiday, public business may be conducted.

If the date is determined to be a school day, it must be reflected in the teacher's contract. If Martin Luther King's birthday, Presidents Day, Veterans Day is determined to be a school day, at least one hour of the school program must be devoted to a patriotic observance of the day. For more information, see [Minnesota Statutes Section 120A.42](#) (*Conduct of School on Certain Holidays*).

When the following holidays fall on a **Saturday**, the holiday is observed on the preceding **Friday**; when the following holidays fall on a **Sunday**, the holiday is observed on the following **Monday**:

New Year's Day (January 1) Veterans Day (November 11)
Juneteenth (June 19) [new] Christmas Day (December 25)
Independence Day (July 4)

Juneteenth ^

On Juneteenth (June 19), "public schools may offer instruction and programs on the occasion." For more information, see [Minnesota Statutes 10.55](#) (*Juneteenth*). The Minnesota Department of Education takes the position that school may not be offered on this holiday. MSBA continues to work with MDE to determine the "instruction and programs on the occasion" that may be offered.

Indigenous Peoples Day ^^

In 2023, the Minnesota legislature replaced Christopher Columbus Day (the second Monday in October) with Indigenous Peoples Day. All references to "Christopher Columbus Day" or "Columbus Day" are to be changed to "Indigenous Peoples Day" in Minnesota Statutes and Minnesota Rules. Thus, the conditions set forth in [Minnesota Statutes Section 120A.42](#) (*Conduct of School on Certain Holidays*) continue to apply on this date.

HR Department Updates:

Human Resources is currently preparing to confirm the non-renewals of Certified staff. We attended a job fair with Duluth CareerForce on June 5 and were able to talk with potential candidates for our non-certified positions we have available.

Human Resources will be having a Business of the Day event with Duluth CareerForce where we can focus on interviewing and assisting people to apply for non-certified jobs on the spot on August 12th. Human Resources staff attended the outdoor Mini Series Career Fair with CareerForce of Carlton County for their May 24th Career Fair. We will be participating in the rest of their Mini Series Career Fairs on July 25th, August 22nd and September 26th. For these fairs, we focus more on promoting non-certified staffing positions, such as bus drivers and helpers, maintenance positions, paraprofessional positions, and food service workers.

Benefits Updates:

The Benefits Department is processing retirements, calculating healthcare savings plans, and assisting with benefit enrollment for this year's retirees. In addition, the department is hosting free physical therapy consults for the DSC buildings employees on Monday, June 10th.

All changes and rate updates for Open Enrollment take place July 1st, meaning employees see the price change in their June paychecks.

Re: RFP #322 Electrical Labor - High Voltage & Low Voltage

RFP #322 for the T & M contract for Electrical Labor - High Voltage & Low Voltage from July 1, 2024 through June 30, 2025, with the option to renew for two (2) additional one-year periods if acceptable to both parties was sent to 3 vendors

Two (2) vendors responded with the following results:

<u>Vendor</u>	<u>Total</u>
Benson Electric	\$49,150.00
Hunt Electric	\$48,225.00

The Facilities Department, Bryan Brown, Jeremy DeGraef, and Kris Brown reviewed the bids.

Recommendation

I recommend the Duluth School Board approve accepting and rewarding the RFP meeting specifications as submitted to Benson Electric and not Hunt Electric because of the labor price on the Journeyman labor rate. Benson is at \$107.00 and Hunt is at \$135.00. It is a better value for the School District to go with the lower rate, since they always send out a Journeyman and not an Apprentice. The quote tabulation is attached for your reference.

Bryan Brown will be at the Board Meeting on June 13th to answer any questions.

WHEREAS, ISD 709 has selected Vendor to furnish student transportation services to certain ISD 709 students in accordance with the terms defined herein.

NOW THEREFORE, in consideration of the mutual covenants and conditions agreed to and contained herein, ISD 709 and Vendor agree as follows:

I. AGREEMENT TERM, RENEWAL

1. Term. This Agreement shall commence on July 1, 2024 (the “Commencement Date”) and shall terminate on June 30, 2026 (the “Termination Date”) and includes Summer Transportation (hereafter defined in Section II, F.) The period from the Commencement Date to the Termination Date, as amended or extended by the Parties, shall be referred to as the “Term.”
2. Renewal. Vendor reserves the right to extend or renew this Agreement with or without modifications for additional eight (8) years, with good faith discussions commencing no later than June 1, each additional year. Any modifications for a renewal term shall be mutually agreed to by the parties and memorialized by a written amendment.
3. In addition, Vendor does hereby grant ISD 709 the right to renew this Agreement at the end of the second year (June 30, 2026). The general terms and conditions of said Agreement for subsequent year(s) as well as payment for the specific items thereof to be determined by negotiations. evaluated each year prior to the start of school. ISD 709 generally plans for 71-passenger school buses for its regular bus services. ISD 709 Transportation Manager shall be responsible for scheduling times, stops, and the order in which runs and routes are organized.

- b. ISD 709 will attempt to maintain the same proportion of bus sizes from year to year, although the Vendor is urged to participate in the summer planning of the next year’s routes to maintain maximum input and awareness of ISD 709’s plans.
 - c. For the purpose of establishing a regular transportation price, the Vendor shall quote on the basis of 173 school days for the regular school year (subject to change). For each day under 173 school days that is not required, the Daily Rate in accordance with Appendix A shall be reduced by 1/173. In the event the required school days fall below 170, Parties agree to negotiate adjusted rates in good faith.

F. SUMMER SCHOOL

- 1. Summer school transportation (herein “Summer Transportation”) is similar to the needs of the school year. All special equipment needs of the regular school will apply.

The specific coverages are for the protection and benefit of ISD 709 as well as the Vendor.
2. A certificate of insurance ("COI") naming ISD 709, its Board, officers, employees, and agents as an additional insured must be provided prior to the start of each school year. Failure of ISD 709 to insist upon or require certificates or other evidence of insurance, or acceptance of insurance, or acceptance of insurance certificates, or other evidence of insurance that shows a variance from the specified coverages will not constitute a waiver of the Vendor's obligation to provide specified insurance. The Vendor agrees it shall defend, hold harmless, and indemnify the ISD 709, its Board, officers, employees, and agents to the same extent as the specified insurance in the event the specified insurance is not obtained or kept in force and a claim arises within the scope of the specified insurance.

5. No liability resulting from a vehicular accident, or negligence of Vendor, its drivers, employees or agents, or any international acts of Vendor, its drivers, employees or agent, will be assumed by ISD 709 its Board, employees or authorized representatives.
6. The Vendor agrees to hold harmless, defend and indemnify ISD 709, its Board, officers, employees, and agents from any and all third party claims, demands, losses, expenses, causes of action, and suits against ISD 709 caused in whole or in part by the negligence or intentional acts of the officers, employees and agents of the Vendor, and shall immediately give written notice of all claims or suits to ISD 709. The Vendor is responsible for ISD 709's reasonable attorney's fees and costs incurred in enforcing this paragraph.
7. To the extent permitted by law, ISD 709 shall hold Vendor, its officers, employees, agents, successors and assigns harmless and does hereby indemnify Vendor, its officers, employees, agents, successors and assigns from and against third party claims, which may be made by any act neglect, default or omission of ISD 709, its governing board, officers, employees or agents, except to the extent that such claim or demand arises from or is caused by the negligence or willful misconduct of Vendor, its agents or employees.
8. Neither the Vendor or their officers, employees, or agents shall be held or deemed in any way to be the agent or employee of ISD 709. It is the intention of the Parties that the Vendor is and shall be considered an independent Vendor. No officer, employee, or agent of Vendor shall be deemed to be an officer, employee or agent of ISD 709, unless they are also an officer or employee of ISD 709.

C. PERFORMANCE BOND

Not requested.

E. PENALTIES

ISD 709 reserves the right to charge for incidents of non-performance at the rate of \$50.00 per incident. Non-performance shall include but is not limited to the following examples:

- Failure of the school bus driver to follow the bus route established by ISD 709. No unauthorized or "sweetheart" stops are allowed.
- Failure to notify ISD 709 of late vehicles within ten (10) minutes.

Vendor agrees that it shall be solely responsible for its acts, and the acts of its employees, during the Term of this Agreement. Vendor agrees that it shall be responsible for all social security taxes, state and federal reemployment insurance premiums, withholding and payment of federal and state income taxes, premiums for worker's compensation insurance, and shall file all appropriate federal and state returns as necessary for independent vendors.

E. AGREEMENT TIMELINES

The Agreement will be considered effective upon the approval by ISD 709 School Board and a duly authorized ISD 709 representative(s) signing the Agreement.

This Agreement can only be signed by ISD 709 after receipt of the Certificate of Insurance and the Vendor's signature on the Agreement.

2. Payment. Payment shall be made twice a month. The Vendor may bill charter or special trip buses on a weekly basis.

G. FORCE MAJEURE

No Party shall be liable for any interruption, delay or failure to perform any obligations under this Agreement resulting from causes beyond its reasonable control, including but not limited to acts of nature, fire, riot, war, picketing, civil commotion, strikes, labor disputes, pandemic (including the COVID-19 pandemic), lack of fuel, or other similar events ("Force Majeure Event").

In the event of a Force Majeure Event, Vendor shall promptly notify ISD 709. If Vendor cannot cure interruption to service within twenty (20) business days, ISD 709 and Vendor shall endeavor to find a reasonable resolution, which shall be mutually agreed upon in writing.

H. ASSIGNMENTS OR TRANSFERS

1. The Vendor shall not assign or transfer any part of its obligations and responsibilities in the Agreement without the prior written approval of ISD 709, so long as not unreasonably withheld.
2. All subcontractors hired by the Vendor to provide services required by this Agreement must receive prior written approval from ISD 709. The use of subcontractors shall in no way reduce the obligations and responsibilities of the Vendor.

I. TERMINATION

ISD 709 may terminate this Agreement on June 30 of any year of the Agreement by 60 days written notice to the Vendor and with good cause.

Except for Section III G. FORCE MAJEURE, this Agreement may be terminated at any time by ISD 709 for nonperformance or failure to provide the transportation services outlined in Agreement during the period of Agreement.

It is understood and agreed that this Agreement is entered into and made pursuant to provisions of Minnesota Statutes and administrative rules adopted by federal and state agencies that apply hereto. In the event there is a conflict between any provision of this Agreement and/or any Federal law, state statute, or applicable federal and/or state administrative rule, such law, statute, or rule shall prevail. The Vendor and ISD 709 agree that in the event of any such conflict, they will negotiate in good faith to modify this Agreement to ensure compliance with such federal law, state statute, or administrative rule, and that such conflict shall not constitute grounds for termination of the remainder of Agreement.

Failure to notify VocoVision prior to the fourth (4th) day after conclusion of the assignment will negate any Client claim to withhold payment due to paperwork non-compliance by telepractitioner.

RE: Duluth News Tribune Building Remodel – Additional Services

Dear Mr. Brown
Thank you for the continued opportunity to work with you on the Duluth News Tribune Building Remodel into a new ISD 709 Education Center. We would like to request additional services related to the project based on the adjustment to the overall building scope of work and schedule revisions.

In our original Professional Engineering Services proposal dated October 10, 2023, Design Tree Engineering's fee approach was based on an estimated \$6,000,000 project cost, with an estimated 60% related to the Mechanical, Electrical, Plumbing and Structural construction. Our proposed fee was based on 4.25% of the construction scope of work for a total of \$153,000.

With the delivery of Schematic Design documents in January 2024, ICS created an SD project cost estimate of \$10,200,000 for the developed scope of work which includes the structural in-fill of two floor areas that were not included in the initial scope of work. The Duluth School District 709 provided a notice-to-proceed with the full SD-level scope of work on Friday, May 3, 2024.

Fees for Proposed Services

Design Tree Engineering will provide additional engineering services as listed below for the lump sum fee:

Professional Engineering Services

<i>Revised Project Cost:</i>	\$10,200,000
<i>Revised MEP & S Cost (60%):</i>	\$6,120,000
<i>Revised Total MEP & S Fee:</i>	\$260,100
<i>Less Original Contract Fee:</i>	\$153,000
Total Lump Sum Fee:	\$107,100

Project Schedule

1. The anticipated project schedule based on the notice-to-proceed and restart of the project will have DD deliverables to ICS by mid June and CD deliverables to ICS by mid-August with an intention to bid in September 2024.

If you have any questions or see a need for modifying the above services, please feel free to contact our office. When you find this proposal is acceptable, please sign and date the space below and return to our office.

Sincerely,

DESIGN TREE ENGINEERING & LAND SURVEYING

The Need

We believe that today's youth need a place where they feel safe & belong, that they crave and need outdoor physical activity, opportunities to socialize with their peers, improve study/learning skills, learn how to relate with adults and be part of their community.

Activities/Support

We will engage youth in programs that foster academic success, good character & citizenship, and a healthy lifestyle. Programming will start June 17th and run through August 30th. We will not have programming the week of the 4th of July.

The tentative activity schedule for summer programming (which will be fine-tuned in the days ahead and during the summer) is as follows:

Time	Monday	Tuesday	Wednesday	Thursday
12:00-1:00	Free time at REC	Free time at REC	Free time at REC	Free time at REC
1:00-2:00	Basketball Art project	Soccer Coloring contest	Biking Art project	Nature Hike Thing of the Week!
2:00-3:00	Gardening Capture the flag	Summer Brain Gain Pickle Ball	Biking Triple Play	Kickball Art project

4:30-5:00	Free time at REC	Free time at REC	Free time at REC	Free time at REC

GND REC amenities include: soccer fields, baseball backstop, large open-air pavilion, large greenspace, dog park, community garden and multi-activity sport court which has basketball courts with adjustable goal posts, pickle ball, four square and hop scotch. A state-of-the-art urban design streetscape concrete skatepark is anticipated to be completed midsummer 2024 along with another, smaller open-air pavilion.

Who Benefits

Youth ages 6 to 18 are the focus of our summer programming. The focus is on the far west side of Duluth. There are an estimated 253 students at Stowe Elementary School, 596 students at Lincoln Middle School and 965 students at Denfeld.

The Boys & Girls Club will charge a \$20 registration fee that will allow registered youth to attend any Boys & Girls Club of the Northland through the end of 2024. We will ***not*** turn any youth away due to inability to pay.

This is our first year of expanded summer youth programming at the GND REC. Hours have been increased and we will strongly encourage teens to attend. We have a goal of serving 40 youth per day.

Budget

We have a Boys & Girls Club budget of \$24,004 established for summer youth programming. This includes \$17,972 in payroll expense, \$3850 for supplies and \$2182 in administrative expenses. We have established a contingency of \$1000 for unanticipated expenses.

Participation Tracking

The Boys & Girls Club utilizes a Salesforce system built specifically for Boys & Girls Clubs called MyClubHub. This allows families to easily register online and staff to have quick access to emergency information. With this system we are also able to check youth in and out of daily at the front door as well as track all participation in activities throughout the day in real time. We will be able to efficiently generate reports on all participation data and use that to inform scheduling decisions, measure engagement, and provide impact information to funders.

We will utilize participation tracking to gauge impact as well as pre/posttests, survey data, and perceptions gathered from conversations with youth, families, and community members. Our membership form also gathers demographic information which we utilize to paint a deeper picture of the impact we have.

Impact Report

It is our intention to put together a full impact report upon the completion of the program this summer. The report is anticipated to include, but not be limited to, the following;

- Do youth feel that the GND REC programming provides a safe, positive environment
- Do youth feel that the GND REC programming provides a safe emotional place
- Do youth feel that they have a strong adult connection at GND REC programming
- Do youth feel that the GND REC programming is a fun place to be
- Household composition
- Operating hours
- Average daily attendance
- Meals/snacks served (we will advocate that youth attend the Stowe lunch program)

We are building and strengthening the social fabric of our community. The future belongs to our youth and we are working hard to provide them with a foundation for success.

Following are:

- GND REC phased development plan
- GND REC skatepark rendering
- GND REC skatepark current state of construction

The following is the skatepark design by Wizard Works.

The following aerial photo is the current state of construction of the skatepark and also shows the small pavilion that was installed in 2023.

The Need

We believe that today's youth need a place where they feel safe & belong, that they crave and need outdoor physical activity, opportunities to socialize with their peers, improve study/learning skills, learn how to relate with adults and be part of their community.

Activities/Support

We will engage youth in programs that foster academic success, good character & citizenship, and a healthy lifestyle. Programming will start June 17th and run through August 30th. We will not have programming the week of the 4th of July.

The tentative activity schedule for summer programming (which will be fine-tuned in the days ahead and during the summer) is as follows:

Time	Monday	Tuesday	Wednesday	Thursday
12:00-1:00	Free time at REC	Free time at REC	Free time at REC	Free time at REC
1:00-2:00	Basketball Art project	Soccer Coloring contest	Biking Art project	Nature Hike Thing of the Week!

4:30-5:00	Free time at REC	Free time at REC	Free time at REC	Free time at REC

GND REC amenities include: soccer fields, baseball backstop, large open-air pavilion, large greenspace, dog park, community garden and multi-activity sport court which has basketball courts with adjustable goal posts, pickle ball, four square and hop scotch. A state-of-the-art urban design streetscape concrete skatepark is anticipated to be completed midsummer 2024 along with another, smaller open-air pavilion.

Who Benefits

Youth ages 6 to 18 are the focus of our summer programming. The focus is on the far west side of Duluth. There are an estimated 253 students at Stowe Elementary School, 596 students at Lincoln Middle School and 965 students at Denfeld.

The Boys & Girls Club will charge a \$20 registration fee that will allow registered youth to attend any Boys & Girls Club of the Northland through the end of 2024. We will **not** turn any youth away due to inability to pay.

This is our first year of expanded summer youth programming at the GND REC. Hours have been increased and we will strongly encourage teens to attend. We have a goal of serving 40 youth per day.

Budget

We have a Boys & Girls Club budget of \$24,004 established for summer youth programming. This includes \$17,972 in payroll expense, \$3850 for supplies and \$2182 in administrative expenses. We have established a contingency of \$1000 for unanticipated expenses.

Participation Tracking

The Boys & Girls Club utilizes a Salesforce system built specifically for Boys & Girls Clubs called MyClubHub. This allows families to easily register online and staff to have quick access to emergency information. With this system we are also able to check youth in and out of daily at the front door as well as track all participation in activities throughout the day in real time. We will be able to efficiently generate reports on all participation data and use that to inform scheduling decisions, measure engagement, and provide impact information to funders.

We will utilize participation tracking to gauge impact as well as pre/posttests, survey data, and perceptions gathered from conversations with youth, families, and community members. Our membership form also gathers demographic information which we utilize to paint a deeper picture of the impact we have.

Impact Report

It is our intention to put together a full impact report upon the completion of the program this summer. The report is anticipated to include, but not be limited to, the following;

- Do youth feel that the GND REC programming provides a safe, positive environment
- Do youth feel that the GND REC programming provides a safe emotional place
- Do youth feel that they have a strong adult connection at GND REC programming
- Do youth feel that the GND REC programming is a fun place to be
- Household composition
- Operating hours
- Average daily attendance
- Meals/snacks served (we will advocate that youth attend the Stowe lunch program)

We are building and strengthening the social fabric of our community. The future belongs to our youth and we are working hard to provide them with a foundation for success.

Following are:

- GND REC phased development plan
- GND REC skatepark rendering
- GND REC skatepark current state of construction

The following is the skatepark design by Wizard Works.

The following aerial photo is the current state of construction of the skatepark and also shows the small pavilion that was installed in 2023.

Program Title: Academic and Career Support for Duluth Public Schools

Total Cost: \$210,000 (itemized in NYS ESSER Proposal Budget)

Program Start Date: May 6, 2024

Program End Date: December 31, 2024

Executive Summary

The Academic and Career Support Program will assist ISD709 students with attaining academic success, timely graduation, and promising career pathways. Neighborhood Youth Services will increase graduation rates by providing academic counseling and tutoring to students, utilizing Community Education programs to earn credits and incentivize engagement, help students develop essential skills, earn valuable certifications, and plan for post-secondary education or employment. Neighborhood Youth Services will continue to provide support and wrap-around services throughout and after each student's educational journey to ensure they have the resources and guidance that they need to become successful, involved citizens.

Program Work Plan

The Academic and Career Support Program will be carried out in several phases in order to properly account for the urgency of individual academic situations. NYS will begin by identifying up to 50 students in immediate need of academic support. Priority will be placed on students scheduled to graduate in June 2024, followed by students scheduled to graduate later in 2024. Academic support for students scheduled to graduate in the years following 2024 will be provided if there is capacity remaining within the program.

After identifying students of highest priority, NYS will arrange meetings with each and develop a plan for academic success, including regular tutoring sessions, additional credit-earning

opportunities, regular academic progress checks, and means of incentivizing student engagement. The supports and services provided to students will be tailored to each student's unique academic situation and needs. For students who qualify, NYS will facilitate enrollment in the Targeted Services program, which allows students to earn a modest stipend for the time they spend on their coursework. Academic progress checks and tutoring sessions can be offered in-school time, out-of-school time, on-site, off-site, or remotely. For students within the AEO system, NYS will remain flexible in order to best fit the schedules of each individual.

For students requiring significant credits, NYS will also explore options for earning elective credits through Community Education's Youth Service and Youth Service Learning programs. NYS staff will develop service options that connect students with enriching and engaging work in addition to fulfilling requirements for earning credit. Through partnership with a wide variety of community partners, students will connect with their community, develop valuable skills, and gain an understanding of the myriad ways to support others in their own community.

Academic support will also be available at an at-need, walk-in basis at NYS's West Duluth site located at 5808 Grand Avenue from 2:00pm to 6:00pm each weekday. Students who have not set up plans for academic success with NYS will still be able to receive support at this site, though priority will remain for students with scheduled tutoring sessions and academic progress updates.

Following the conclusion of the 2023-2024 academic year, NYS will continue to provide the programming and support detailed above. With the expected graduation of students and corresponding drop in academic support needs, NYS will turn more focus to Youth Service and Youth Service Learning projects as well as career and education exploration experiences. NYS will offer additional recreational activities at the West Duluth site and plan regular recreational field trips to increase student knowledge and engagement in the outdoors and their community. NYS will plan regular and topical educational programming for high school students throughout the summer, including, but not limited to: sexual and reproductive health, substance abuse, and mental health. These programs will implement relevant training for participants as well, covering administration of naran/naloxone, administration of first aid & CPR, and mental health response.

In preparation for the 2024-2025 academic year, NYS will develop systems and procedures for engaging in truancy interventions. Using NYS's established relationship with the Student Attendance Resource Board and Saint Louis County, NYS will combine academic support with attendance support.

NYS will foster professional relationships and mentorship with students not only through academic support and counseling, as well as providing opportunities for exploration into future career paths and post-secondary education. Career and education exploration will include trips to career fairs, universities, technical and two-year schools, and certification programs. Many excellent opportunities are available to students through Community Education's Youth Enrichment, but these classes and programs can be hard to access for students without financial means. NYS will encourage student engagement in these opportunities and will facilitate such involvement by subsidizing costs when needed. NYS will utilize its existing partnership with Duluth Workforce Development and establish a work experience program to allow students to develop relevant job skills and workplace etiquette. NYS will also assist students with resume building and work portfolio skills as these students explore career options and identify interests.

NYS will provide weekly recreational programs and activities to encourage student engagement. These activities will vary significantly depending on student interest. NYS currently operates a free weekly basketball league for kids 6-18 years of age which has been shown to be a great incentive for many students to meet engagement and education goals. In addition to these recreationally focused programs, NYS will provide youth to youth mentorship programs. These programs consist of a youth boys group, a teen boys group, a youth girls group and a teen girls group. Each group meets individually on a weekly basis and teen participants mentor youth participants in weekly activities. The groups come together once a month for a field trip chosen by the participants. By combining teen-youth mentorship with staff mentorship, participants build positive relationships with their peers and develop sense of belonging, responsibility, and influence.

NYS will work closely with the students to develop city wide events. Our hope in this is to connect families to various resources across Duluth, foster relationships that can help further them in life (educationally and career), learn to work as a team, use their minds to come up with unique gatherings that include all walks of life, as well as budgeting and scheduling the days

events. NYS believes that the skills and knowledge gained from organizing these special events will be vital to students' future. These opportunities help students build leadership as they go into the workforce and explore possibilities/fields that they may one day build entire careers in. It is also a positive experience for them to meet and network with others across the community.

These classes are designed to help students tell their stories. Students will engage and build relationships with artists and performers in ways that will connect them to opportunities for years to come, and offer fun, educational, and enriching experiences.

Registration processes, class costs, and the classes themselves have been designed to maximize accessibility. An outreach and marketing support partnership with ISD 709 can help ensure all students are offered the class opportunities.

Below you will see a list of summer programming options Zeitgeist can offer Duluth district students. Each class/camp proposal will include a description of the programming, the dates it will be offered, the appropriate grade range for the programming, the location of the programming, estimated programming cost, and other details pertinent to understanding Zeitgeist's offering.

You'll notice some of the programming culminates in August. Zeitgeist can payout those expenses and invoice for their reimbursement prior to the end of July.

The maximum estimated cost for this proposal is up to \$40,197. The costs were determined by assessing the expenses associated with the proposed programming. Certain expenses won't be known until programming plans and attendance numbers are finalized, therefore it's likely the final expenses will come in lower than the amount listed. If you'd like a more detailed description of program costs, we can share a budget breakdown with you.

Please don't hesitate to contact us with any questions or suggestions.

RE: EH&S Contract Update
IEA #202311091

Providing Trusted
Health and Safety Solutions

This memo is to outline an update on work billed, current work in progress during the May billing cycle, and upcoming projects to be completed under the current contract prior to July 1.

The environmental, health, and safety (EH&S) contract between Independent School District #709 and the Institute for Environmental Assessment, Inc. (IEA), has an original budget of \$80,000.

Due to the uncovering of asbestos during work that occurred at the old Duluth News Tribune (DNT) Building, IEA rendered an extensive number of services, solely focused on serving the asbestos emergency at the building. The work included an inspection (bulk material sampling, lead-based paint, and air sampling), coordination of the cleanup and abatement, and air monitoring during the abatement process.

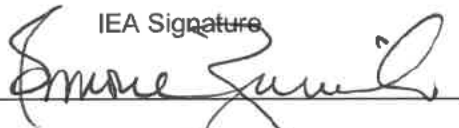

Through April 30, 2024, IEA has billed \$66,961.76 to the EHS contract under the traditional scope, with an unbilled total of \$8,423.59 through May 17, 2024, totaling \$75,385.35.

Through April 30, 2024, IEA has billed \$36,378.92 on the DNT Building project, with an unbilled total of \$23,447.03 through May 17, 2024, totaling \$59,825.95.

Should the DNT Building have not occurred, IEA would currently be on budget at this time.

IEA has the following projects planned for additional work and anticipates needing an additional \$26,000 to continue services until July 1, 2024.

- Complete air monitoring and final report for work completed at the DNT Building
- Complete the emergency response plan and start the implementation phase of the plan
- Continue work on improving written EHS programs, including necessary site assessments and assisting with training
