## **Re: North Valley Stadium Bleacher Repair Cost**

John:  
The following is a cost breakdown to rebuild the existing bleacher system which was moved from the football/track practice field to the Field of Dreams site:

### Materials:

Lumber	2471.84
Paint/Primer	2217.84
Paint Supplies	100.00
Nuts/Bolts/Washers	368.00
Side Rail	200.00
Total	5357.68

### Labor:

Estimated time to complete repair/rebuild is 160 hours  
2 Techs 160 hrs 6,487.66

Total Cost 11,845.34

Upon completion this bleacher system should not require a major rebuild/repair for four to five years except for an annual replacement of damaged bleacher boards. If you are in need of further information or have a question please call or e-mail.

Respectfully  
  
Dave Bracken

To: Ross, Richard

Richard,

I'm sorry I did not come through earlier with this budget but here it is!!

Base Bid: 1- bank of angle frame aluminum bleachers ICC-300 compliant to include the following: 10-rows of seating by approx. 69'-6" in length, mill finished T&G foot planks, 2x10" anodized seat planks, chainlink guardrail system across the back and down the sides, intermediate aisles with hand rails, 8" rise, 24" row spacing, 460 gross seats.

Materials delivered and installed.....\$ 38, 200.00

I will get you a formal proposal shortly but wanted to at least get you this budget for your meeting.

Thanks again for the consideration of our products.
