

Staff Acceptable Use Policy (AUP)

The Use of Computers, the Internet, and Electronic Mail

Denton Independent School District provides access to computers, electronic mail and the Internet. To gain access to these services, staff members must read and agree to the conditions of use.

Access to these services will enable staff members to access other repositories of information to enhance district curriculum. Staff members should be aware that some material accessed may be potentially offensive.

Student Acceptable Use Policy

DISD is pleased to offer students access to a computer and the Internet while at school. Parents that prefer their child to use the Internet at home should contact the campus principal. Educating minors about appropriate use of social networking websites, chat rooms and cyber bullying is a priority. Technology Specialists, Technology Integrators, teachers and administrators are available to assist.

Web Enabled Devices from Home

Acceptable Use Policy

Components of our AUP

- why the Internet is used for instruction
- what is available
- guidelines for appropriate use
- consequences for inappropriate use
- and rights and responsibilities of both users and the district

Social Media Use with Students

Improvements: Staff AUP

Social Media Use with Students

Social Media is becoming more popular in the classroom. Especially with our younger teachers.

- Read and follow the Terms of Use for all sites.
- Ensure that privacy settings protect students
- Instruct students in **how to use** the site for educational purposes
- Invite administrator's access to the site
- Monitor student use of the site
- If you decide to discontinue use of the site, delete it

- Student Email Guidelines
- Social Media Guidelines
- BYOD (Bring Your Own Device)

All students are issued a district email account through Live@edu.

Email is to be used primarily for:

- **Teacher-student correspondence**
- **Accessing/submission of classroom assignments or materials**

- **District issued email accounts are the property of Denton ISD**
- **All email is monitored and filtered at all times**
- **Students should not expect their email to be private.**

Student Social Media Guidelines

Do not post anything you wouldn't want friends, parents, teachers, or a future employer to see.

Follow the Denton ISD Student Code of Conduct when online.

If it's not acceptable in the classroom, it's not acceptable online.

Never give out personal information.

Improvements: Staff and Student AUP

Bring Your Own Device (BYOD)

Participation of BYOD is at the discretion of campus administration and/or classroom teachers.

Students who use web-enabled devices from home will have access to the filtered, wireless DISD-PUB network but will not have access to any district printers or district drives such as network folders.

I just can't get my laptop to connect to the network. Can I get some help from someone?

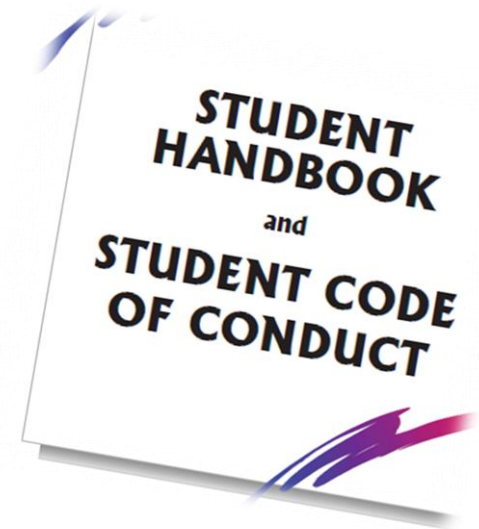

Answer: Unfortunately, no. It is not the responsibility of your teachers or other Denton ISD staff to troubleshoot individual devices during the school day. Check your owner's manual for issues concerning connectivity.

BYOD
Bring Your Own Device
Student, Parent and Staff Guide

Denton ISD Student Code of Conduct applies to electronic interaction, just as it would in any face to face interaction.

Any dispute involving the Acceptable Use of district or personal resources will be settled at the discretion of District personnel.
