Re: Bid Results

Stadium Lighting Replacement at Harlem High School

Dear Mr. Aurand,

On Wednesday, April 1, 2026, bids were publicly opened and read aloud for the above referenced project. Two contractors submitted bids for the project. The low bid was submitted by Barton Electric, Inc., Trenton, Illinois, in the amount of \$166,870.00 for the Alternate A1, 30 FC average light level, work. This is within the cost estimate for this work.

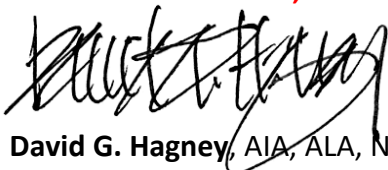

We believe Barton Electric, Inc. to be responsive and their bid complete. As submitted on their bid form, they have acknowledged the addendum. They agreed to the completion date of July 31, 2026 listed on the Bid Form. They will help with preparing Com Ed rebate paperwork as specified in the bidding documents. Barton Electric, Inc. has considerable experience in the past twenty years providing and installing athletic stadium and field lighting systems for schools, park districts and colleges, averaging 10 - 18 stadium lighting projects a year.

The information contained herein and in the attached bid tabulation is provided to you for reference and use in your decision to award the Contract.

Thank you for the opportunity to again be of service to Harlem School District 122. We look forward to the successful completion of this project with you.

Sincerely,

**HAGNEY ARCHITECTS, LLC**

**David G. Hagney, AIA, ALA, NCARB, LEED-AP**  
President
