

ALEDO ISD BOARD MEETING TEMPLATE

MEETING DATE: April 20, 2020

AGENDA ITEM: Consider Approval of Purchase of Cafeteria Serving Line at Stuard Elementary School

PRESENTER: Earl Husfeld, Chief Financial Officer and Patty Willhite, Director of Child Nutrition

BACKGROUND INFORMATION:

- Per Board Policy CH (Local), any single, budgeted purchase of goods or services that costs \$50,000 or more, regardless of whether the goods or services are competitively purchased, shall require Board approval before a transaction may take place.
- Staff in the Child Nutrition Department and Maintenance Department are recommending the replacement of the serving line/counter in the kitchen area at Stuard Elementary School.
- Due to the age of this equipment, the Maintenance Department is having extreme difficulty locating/buying replacement parts for the various equipment items (hot food wells, frost tops, etc.) comprising the serving line.
- Replacing the serving line with a new, updated line that is ergonomically efficient for students and staff is the best long-term value for the District.
- The design of the proposed serving line is based on the serving line installed at Walsh Elementary School.
- In conjunction with Lance Brooks, with Foodservice Design Professionals, the District solicited bids/quotes for this project. Three (3) responses were timely received that ranged in price from \$179,500.00 to \$180,911.00.
- After review of the bids/quotes received, and taking into consideration service and experience with this type of project, the recommendation is to accept the bid/quote received from Pasco Brokerage, Inc. in the amount \$180,911.00
- Subject to Board of Trustee approval, the new serving line will be installed during the summer.

FISCAL INFORMATION:

The cost of \$180,911.00 will be paid from available funds in Child Nutrition Fund 240.

ATTACHMENTS:

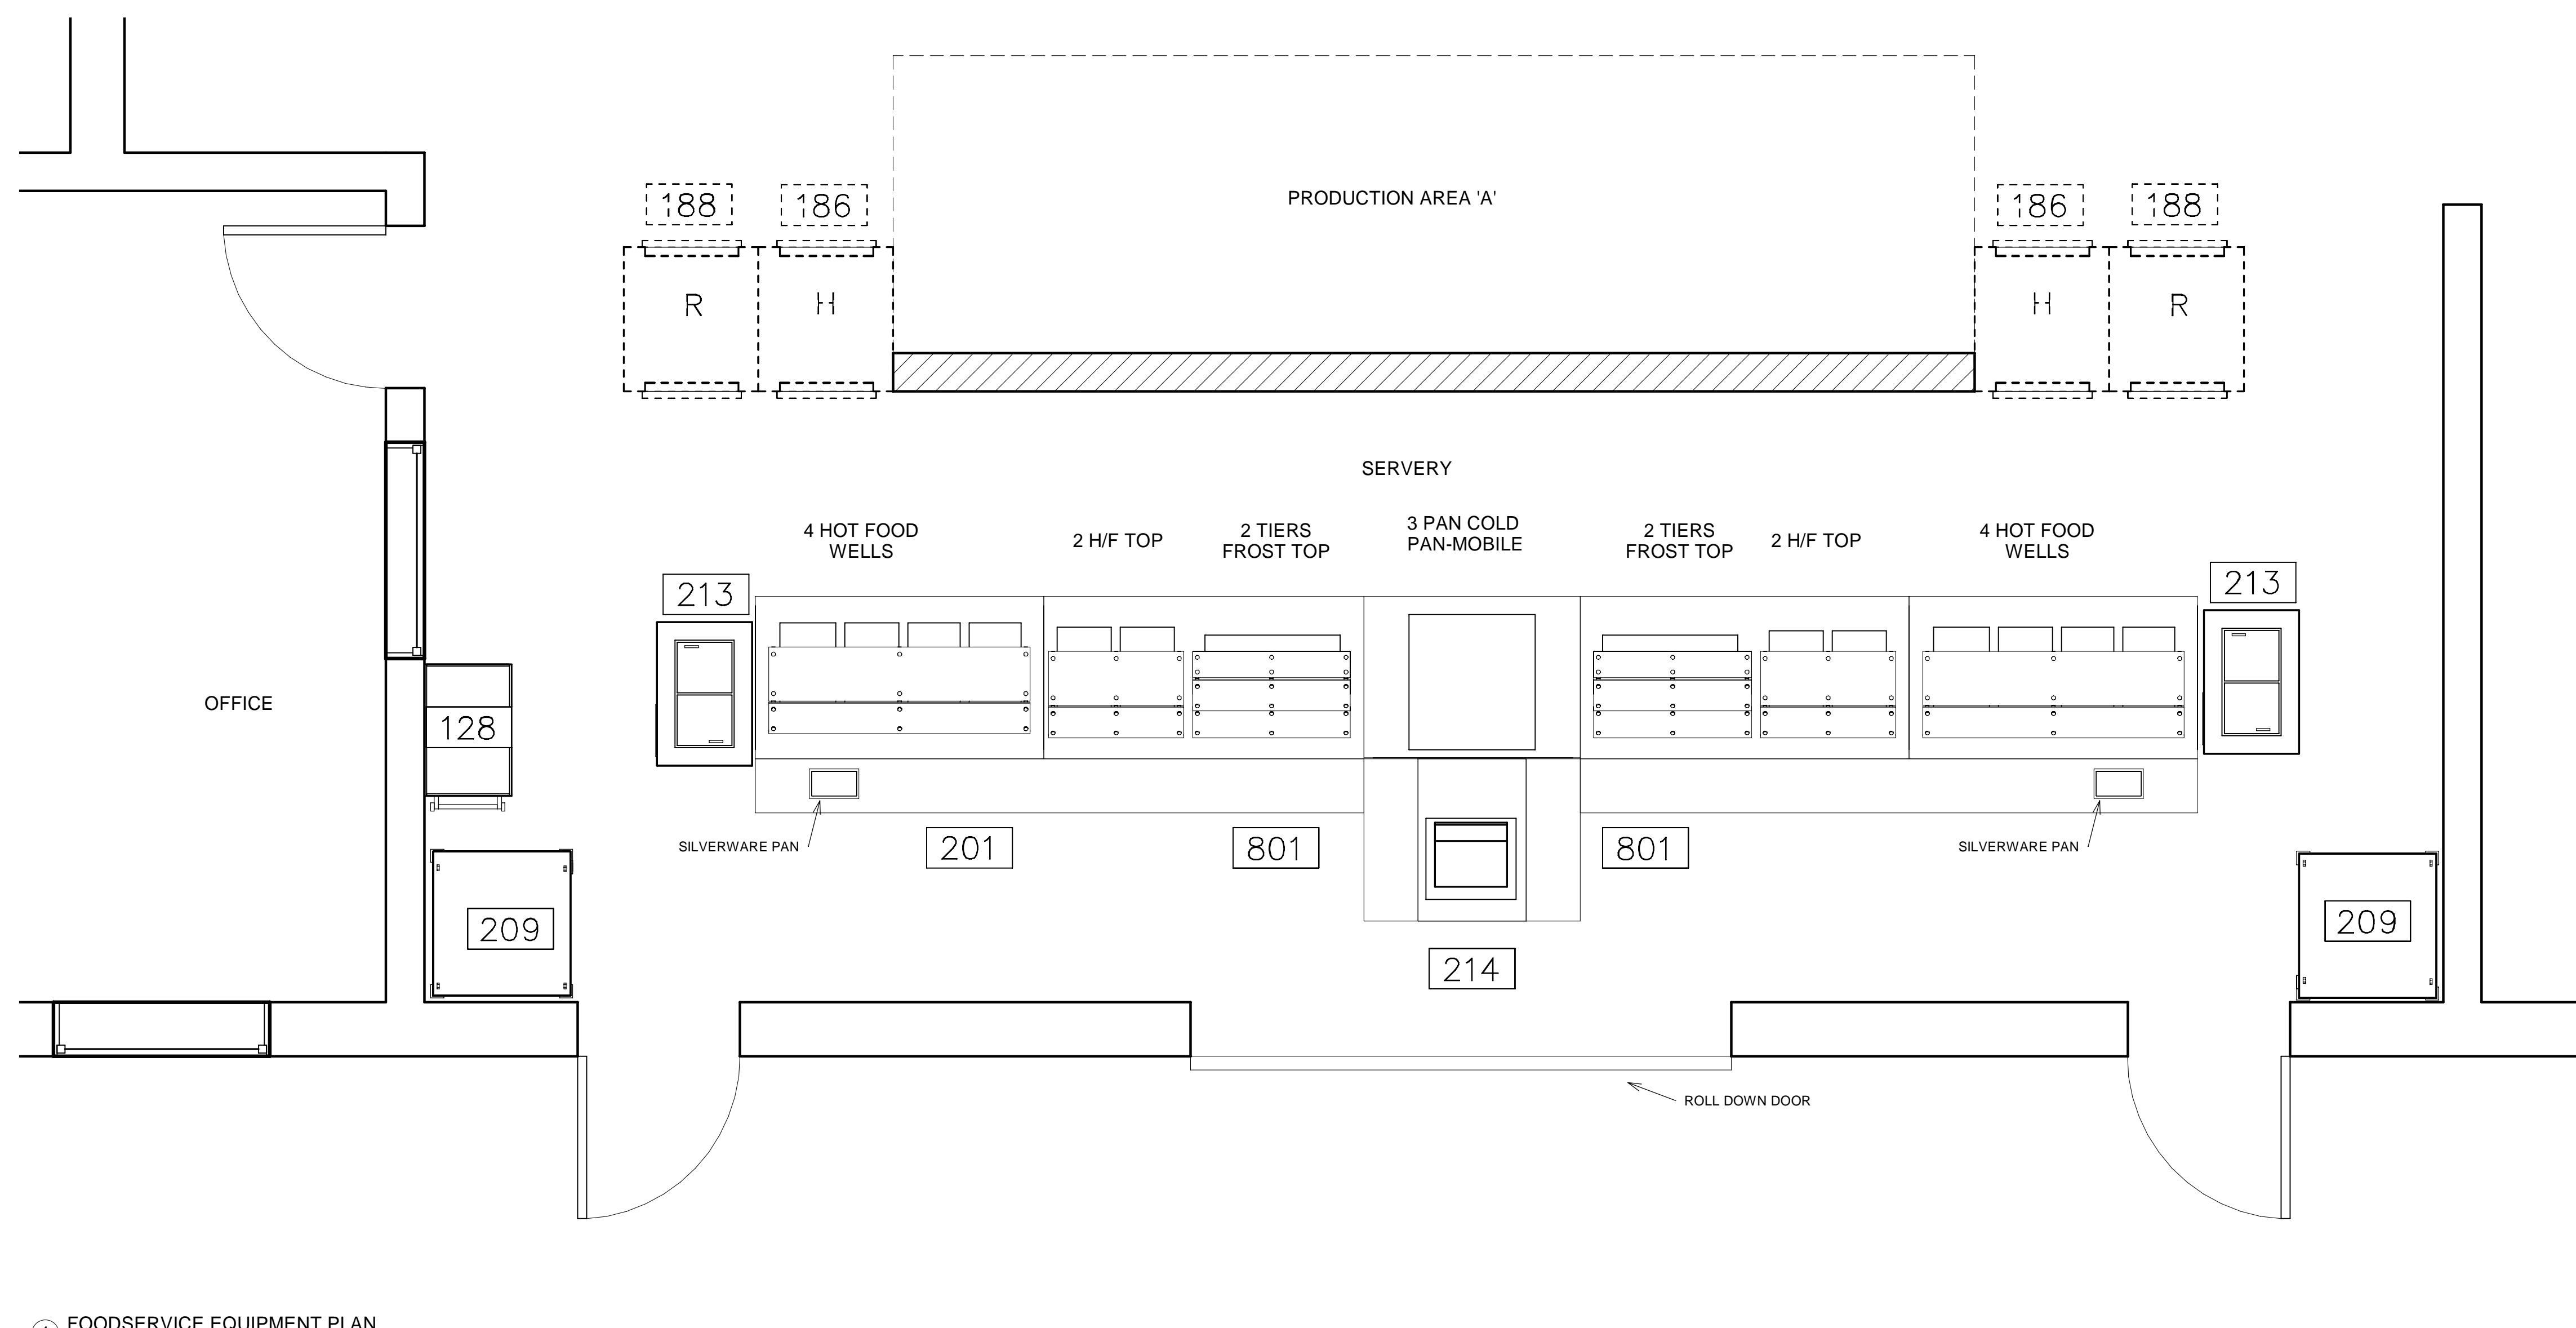

Schematic of Stuard Elementary School serving counter renovation and quote from Pasco Brokerage, Inc.

ADMINISTRATIVE RECOMMENDATION:

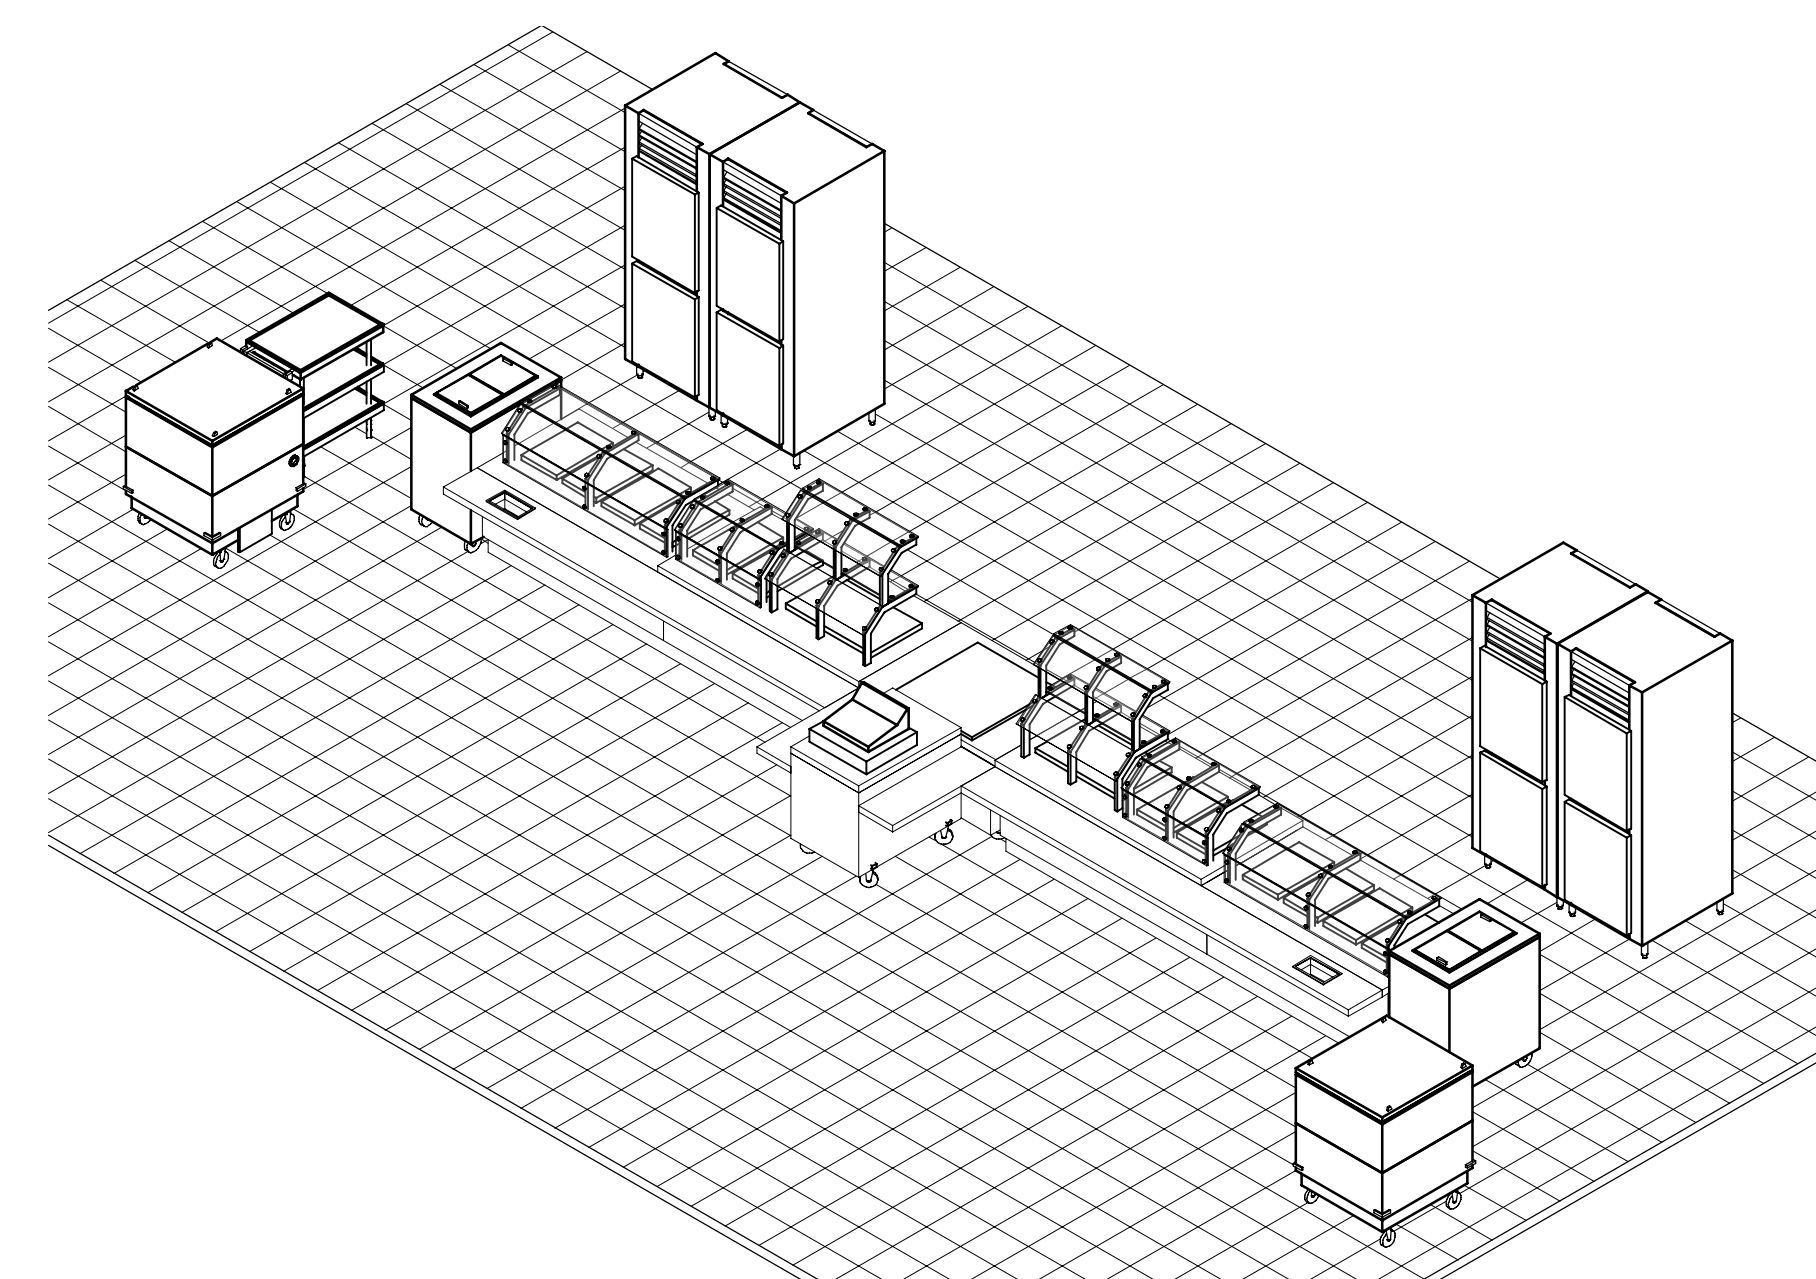

The Administration recommends the Board of Trustees approve the bid/quote received from Pasco Brokerage, Inc. for replacement of the cafeteria serving line at Stuard Elementary School as presented.

PASCO's proposal is for Aledo ISD to disconnect existing serving line and move it to Aledo ISD's designated location (warehouse, surplus yard, etc.).

Please see the detailed proposal by CounterCraft. After CounterCraft sets in place, levels and makes necessary filed joints, Aledo ISD will make utility connections for the CounterCraft serving counter.
