§ 2.1 The Architect shall provide the professional services as set forth in this Agreement.

Init.

§ 2.2 Architect's services under this Agreement shall be performed in conformance with the standards of care and quality practiced by design professionals experienced with projects similar to the Project. The Architect shall be responsible to the Owner for all "non-betterment" costs and damages resulting from (1) defects in design, (2) non-workability of design details, (3) failure of the Architect to comply with the terms of this Agreement, and (4) errors and omissions of the Architect. Any designs, drawings or specifications prepared or furnished by Architect that contain errors, conflict or omissions will be promptly corrected by Architect at no additional cost to Owner. Owner's approval, acceptance use of or payment for all or any part of Architect's services shall in no way alter Architect's obligations or Owner's rights hereunder. The Architect shall perform its services as expeditiously as is consistent with such professional skill and care and the orderly progress of the Project.

§ 2.3 The Architect shall identify a representative authorized to act on behalf of the Architect with respect to the Project.

§ 2.4 Except with the Owner's knowledge and consent, the Architect shall not engage in any activity, or accept any employment, interest or contribution that would reasonably appear to compromise the Architect's professional judgment with respect to this Project.

The Owner's Representative will contact the State Board of Insurance to confirm that the issuing companies are admitted and authorized to issue such policies in the State of Texas.
- .2 The policy so issued in the name of Architect shall also name the Owner as additional insured, except for professional liability insurance and worker's compensation insurance. To the extent an Architect's Consultant is named as an additional insured on any policy held by the Architect, separate coverage shall not be required of the Architect's Consultants. All policies held by the Architect shall be primary coverage.
- .3 Architect shall have its insurance carrier(s) furnish to Owner insurance certificates in form satisfactory to Owner specifying the types and amounts of coverage in effect, the expiration dates of each policy, a statement that no insurance will be canceled or materially changed while the Work is in progress without thirty (30) calendar days prior written notice to Owner, and a statement that, except for professional liability insurance and worker's compensation insurance, the Owner is named as additional insured. Architect shall permit Owner to examine the insurance policies, or at Owner's option, Architect shall furnish Owner with copies, certified by the carrier(s), of insurance policies required. If Architect neglects or refuses to provide any insurance required herein, or if any insurance is canceled, Owner may, but shall not be obligated to, procure such insurance at Architect's expense.

Architect shall use its best efforts to avoid incorporating into the Project design elements that would give rise to code interpretation questions and to discuss in advance all such situations with the Owner.

§ 2.8 The Architect represents to Owner that all Design Documents, Contract Documents and other documents prepared and issued by Architect pursuant to this Agreement will be of good quality, free from substantial defects, and in conformance with and satisfying all applicable federal, state, municipal and local ordinances, codes, and other governmental requirements and shall be fit for the particular purpose intended thereby. Architect shall notify the Owner in a prompt and timely manner of any discovered discrepancies, inconsistencies, or missing information necessary to provide reasonably accurate and complete documents. Review of such submittals is not for the purpose of determining the accuracy and completeness of other information such as dimensions, quantities, and installation or performance of equipment or systems, which are the Contractor's responsibility. The Architect's review shall not constitute approval of safety precautions or, unless otherwise specifically stated by the Architect, of any construction means, methods, techniques, sequences or procedures. The Architect's approval of a specific item shall not indicate approval of an assembly of which the item is a component.

§ 3.6.4.3 If the Contract Documents specifically require the Contractor to provide professional design services or certifications by a design professional related to systems, materials or equipment, the Architect shall specify the appropriate performance and design criteria that such services must satisfy. The Architect shall review Shop Drawings and other submittals related to the Work designed or certified by the design professional retained by the Contractor that bear such professional's seal and signature when submitted to the Architect. The Architect shall be entitled to rely

upon the adequacy, accuracy and completeness of the services, certifications and approvals performed or provided by such design professionals.

The Architect shall report the results of all observations to the Owner in writing. Any and all observed deficiencies shall immediately be reported to the Owner and Contractor in writing.

**§ 4.3.4** [Paragraph Deleted]

**ARTICLE 5 OWNER'S RESPONSIBILITIES**

**§ 5.1** Unless otherwise provided for under this Agreement, the Owner shall provide information in a timely manner regarding requirements for and limitations on the Project, including a written program which shall set forth the Owner's objectives, schedule, constraints and criteria, including space requirements and relationships, flexibility, expandability, special equipment, systems and site requirements. Within 15 days after receipt of a written request from the Architect, the Owner shall furnish the requested information as necessary and relevant for the Architect to evaluate, give notice of or enforce lien rights.

**§ 5.2** The Owner shall establish and periodically update the Owner's budget for the Project, including (1) the budget for the Cost of the Work as defined in Section 6.1; (2) the Owner's other costs; and, (3) reasonable contingencies related to all of these costs. If the Owner significantly increases or decreases the Owner's budget for the Cost of the Work, the Owner shall notify the Architect. The Owner and the Architect shall thereafter agree to a corresponding change in the Project's scope and quality.

**§ 5.3** The Owner shall identify a representative authorized to act on the Owner's behalf with respect to the Project. The Owner shall render decisions and approve the Architect's submittals in a timely manner in order to avoid unreasonable delay in the orderly and sequential progress of the Architect's services.

**§ 5.4** [Paragraph Deleted]

**§ 5.5** The Owner shall furnish services of geotechnical engineers, which may include but are not limited to test borings, test pits, determinations of soil bearing values, percolation tests, evaluations of hazardous materials, seismic evaluation, ground corrosion tests and resistivity tests, including necessary operations for anticipating subsurface conditions, with written reports and appropriate recommendations.

§ 5.6 The Owner shall coordinate the services of its own consultants with those services provided by the Architect. Upon the Architect's request, the Owner shall furnish copies of the scope of services in the contracts between the Owner and the Owner's consultants. The Owner shall furnish the services of consultants other than those designated in this Agreement, or authorize the Architect to furnish them as an Additional Service, when the Architect requests such services and demonstrates that they are reasonably required by the scope of the Project. The Owner shall require that its consultants maintain professional liability insurance as appropriate to the services provided.

§ 5.7 Unless otherwise provided in this Agreement, the Owner shall furnish tests, inspections and reports required by law or the Contract Documents, such as structural, mechanical, and chemical tests, tests for air and water pollution, and tests for hazardous materials.

§ 5.8 The Owner shall furnish all legal, insurance and accounting services, including auditing services, that may be reasonably necessary at any time for the Project to meet the Owner's needs and interests.

§ 5.9 The Owner shall provide prompt written notice to the Architect if the Owner becomes aware of any fault or defect in the Project, including errors, omissions or inconsistencies in the Architect's Instruments of Service.

§ 5.10 Except as otherwise provided in this Agreement, or when direct communications have been specially authorized, the Owner shall endeavor to communicate with the Contractor and the Architect's consultants through the Architect about matters arising out of or relating to the Contract Documents. The Owner shall promptly notify the Architect of any direct communications that may affect the Architect's services.

§ 5.11 Before executing the Contract for Construction, the Owner shall coordinate the Architect's duties and responsibilities set forth in the Contract for Construction with the Architect's services set forth in this Agreement. The Owner shall provide the Architect a copy of the executed agreement between the Owner and Contractor, including the General Conditions of the Contract for Construction.

§ 5.12 The Architect and the Owner shall at all times have access to the Work wherever it is in preparation or progress.

## ARTICLE 6 COST OF THE WORK

§ 6.1 For purposes of this Agreement, the Cost of the Work shall be the total cost to the Owner, or to the extent the Project is not completed, the estimated costs to the Owner to construct all elements of the Project designed or specified by the Architect and shall include contractors' general conditions costs, overhead and profit. The Cost of the Work does not include the compensation of the Architect, the costs of the land, rights-of-way, financing, contingencies for changes in the Work or other costs that are the responsibility of the Owner.

§ 6.2 The Owner's budget for the Cost of the Work is provided in Initial Information, and may be adjusted throughout the Project as required under Sections 5.2, 6.4 and 6.5. Evaluations of the Owner's budget for the Cost of the Work, the preliminary estimate of the Cost of the Work and updated estimates of the Cost of the Work prepared by the Architect, represent the Architect's judgment as a design professional. It is recognized, however, that neither the Architect nor the Owner has control over the cost of labor, materials or equipment; the Contractor's methods of determining bid prices; or competitive bidding, market or negotiating conditions. Accordingly, the Architect cannot and does not warrant or represent that bids or negotiated prices will not vary from the Owner's budget for the Cost of the Work or from any estimate of the Cost of the Work or evaluation prepared or agreed to by the Architect.

§ 6.3 In preparing estimates of the Cost of Work, the Architect shall be permitted to include contingencies for design, bidding and price escalation; to determine what materials, equipment, component systems and types of construction are to be included in the Contract Documents; to make reasonable adjustments in the program and scope of the Project; and to include in the Contract Documents alternate bids as may be necessary to adjust the estimated Cost of the Work to meet the Owner's budget for the Cost of the Work. The Architect's estimate of the Cost of the Work shall be based on current area, volume or similar conceptual estimating techniques. If the Owner requests detailed cost estimating services, the Architect shall provide such services as an Additional Service under Article 4.

§ 6.4 If the Bidding or Negotiation Phase has not commenced within 90 days after the Architect submits the Construction Documents to the Owner, through no fault of the Architect, the Owner's budget for the Cost of the Work shall be adjusted to reflect changes in the general level of prices in the applicable construction market.

§ 6.5 If at any time the Architect's estimate of the Cost of the Work exceeds the Owner's budget for the Cost of the Work, the Architect shall make appropriate recommendations to the Owner to adjust the Project's size, quality or budget for the Cost of the Work, and the Owner shall cooperate with the Architect in making such adjustments.

§ 6.6 If the Owner's budget for the Cost of the Work at the conclusion of the Construction Documents Phase Services is exceeded by the bid or proposal providing the best value to the Owner, the Owner shall

- .1 give written approval of an increase in the budget for the Cost of the Work;
- .2 authorize rebidding or renegotiating of the Project within a reasonable time;
- .3 terminate in accordance with Section 9.5;
- .4 in consultation with the Architect, revise the Project program, scope, or quality as required to reduce the Cost of the Work; or
- .5 implement any other mutually acceptable alternative.

§ 6.7 If the Owner chooses to proceed under Section 6.6.4, the Architect, without additional compensation, shall modify the Construction Documents as necessary to comply with the Owner's budget for the Cost of the Work at the conclusion of the Construction Documents Phase Services, or the budget as adjusted under Section 6.6.1. The Architect's modification of the Construction Documents shall be the limit of the Architect's responsibility under this Article 6.

## ARTICLE 7 COPYRIGHTS AND LICENSES

§ 7.1 The Architect and the Owner warrant that in transmitting Instruments of Service, or any other information, the transmitting party is the copyright owner of such information or has permission from the copyright owner to transmit such information for its use on the Project. If the Owner and Architect intend to transmit Instruments of Service or any other information or documentation in digital form, they shall endeavor to establish necessary protocols governing such transmissions.

§ 7.2 The Architect and the Architect's consultants shall be deemed the authors and owners of their respective Instruments of Service, including the Drawings and Specifications, and shall retain all common law, statutory and other reserved rights, including copyrights. Submission or distribution of Instruments of Service to meet official regulatory requirements or for similar purposes in connection with the Project is not to be construed as publication in derogation of the reserved rights of the Architect and the Architect's consultants. The Owner shall be permitted to retain copies, including those in electronic format and reproducible copies, of the Architect's and the Architect's consultants' Instruments of Service for information and reference in connection with the Owner's use and occupancy of the Project.

§ 7.3 Upon execution of this Agreement, the Architect grants to the Owner a nonexclusive license to reproduce the Architect's Instruments of Service solely for purposes of constructing, using, maintaining the Project, and shall obtain similar, nonexclusive licenses from the Architect's consultants.

§ 7.3.1 The payment of fees for professional services performed under this Agreement shall constitute full payment for a one-time, perpetual license fee for those uses of the Architect's Instruments of Service set forth in Section 3.3, for all documents produced pursuant to this Agreement and in existence as of the date of any such payment.

§ 7.4 Except for the licenses granted in this Article 7, no other license or right shall be deemed granted or implied under this Agreement. The Owner shall not assign, delegate, sublicense, pledge or otherwise transfer any license granted herein to another party without the prior written agreement of the Architect. Any unauthorized use of the Instruments of Service shall be at the Owner's sole risk and without liability to the Architect and the Architect's consultants. The license granted under this section permits the Owner to authorize the Contractor, Subcontractors, Sub-subcontractors, and material or equipment suppliers, as well as the Owner's consultants and separate contractors to reproduce applicable portions of the Instruments of Service solely and exclusively for use in performing services for the Project.

## ARTICLE 8 CLAIMS AND DISPUTES

### § 8.1 GENERAL

§ 8.1.1 Any claim, dispute or other matter in question arising out of or related to this Agreement shall be subject to mediation as a condition precedent to the initiation of litigation.

§ 8.1.2 To the extent damages are covered by property insurance, the Owner and Architect waive all rights against each other and against the contractors, consultants, agents and employees of the other for damages, except such rights as they may have to the proceeds of such insurance as set forth in AIA Document A201–2007, General Conditions of the Contract for Construction. The Owner or the Architect, as appropriate, shall require of the contractors, consultants, agents and employees of any of them similar waivers in favor of the other parties enumerated herein.

§ 8.1.3 The Architect and Owner waive consequential damages for claims, disputes or other matters in question arising out of or relating to this Agreement. This mutual waiver is applicable, without limitation, to all consequential damages due to either party's termination of this Agreement, except as specifically provided in Section 9.7.

## § 8.2 MEDIATION

§ 8.2.1 Any claim, dispute or other matter in question arising out of or related to this Agreement shall be subject to mediation as a condition precedent to the initiation of litigation.

§ 8.2.2 Unless the parties mutually agree otherwise, mediation shall be administered in accordance with the following:

- .1 Request for mediation shall be in writing and shall request that the mediation commence not less than 30 or more than 90 days following the date of the request, except upon agreement of both parties.
- .2 In the event the Owner and the Architect are unable to agree to a date for the mediation or to the identity of the mediator or mediators within 30 days following the date of the request for mediation, all conditions precedent in this article shall be deemed to have occurred.
- .3 At all times during the course of any dispute resolution process, the Architect shall continue diligently and without delay to perform the services and obligations of the Agreement.

§ 8.2.3 The parties shall share the mediator's fee equally. The mediation shall be held in the place where the Project is located, unless another location is mutually agreed upon. ## ARTICLE 9 TERMINATION OR SUSPENSION

§ 9.1 If the Owner fails to make payments to the Architect in accordance with this Agreement through no fault of the Architect, such failure shall be considered substantial nonperformance and cause for termination, or at the Architect's option, cause for suspension of performance of services under this Agreement if not cured by the Owner within seven days following notice of any past-due payment. If the Architect elects to suspend services, prior to suspension of services, the Architect shall give seven days written notice to the Owner.

§ 9.2 This Agreement may be terminated by Owner if Architect engages in conduct that would constitute a violation of state or federal criminal law, including but not limited to, the laws prohibiting certain gifts to public servants, or engages in conduct that would constitute a violation of the Owner's ethics or conflict of interest policies.

§ 9.3 If the Project is suspended by the Owner for more than 90 consecutive days, the Architect may terminate this Agreement upon not less than seven days' written notice. Should the Architect elect to so terminate this Agreement,

the Architect shall be compensated for services actually performed and expenses actually incurred prior to notice of such termination.

§ 9.4 Either party may terminate this Agreement upon not less than seven days' written notice should the other party fail substantially to perform in accordance with the terms of this Agreement through no fault of the party initiating the termination.

§ 9.5 The Owner may terminate this Agreement upon not less than seven days' written notice to the Architect for the Owner's convenience and without cause.

Venue for any lawsuit arising under this contract shall be in Erath County, Texas. No provision of this Agreement is a waiver of any immunity or defense. No provision of this Agreement is a consent to suit.

§ 10.2 Terms in this Agreement shall have the same meaning as those in AIA Document A201-2007, General Conditions of the Contract for Construction.

§ 10.3 The Owner and Architect, respectively, bind themselves, their agents, successors, assigns and legal representatives to this Agreement. Neither the Owner nor the Architect shall assign this Agreement without the written consent of the other, except that the Owner may assign this Agreement to a lender providing financing for the Project if the lender agrees to assume the Owner's rights and obligations under this Agreement.

§ 10.4 If the Owner requests the Architect to execute certificates, the proposed language of such certificates shall be submitted to the Architect for review at least 14 days prior to the requested dates of execution. If the Owner requests the Architect to execute consents reasonably required to facilitate assignment to a lender, the Architect shall execute all such consents that are consistent with this Agreement, provided the proposed consent is submitted to the Architect for review at least 14 days prior to execution. The Architect shall not be required to execute certificates or consents that would require knowledge, services or responsibilities beyond the scope of this Agreement.

§ 10.6 The Architect and Architect's consultants shall have no responsibility for the handling, removal, or disposal or exposure of persons to hazardous materials in any form at the Project site, including but not limited to asbestos, asbestos products, polychlorinated biphenyl (PCB) or other toxic substances. The Architect and the Architect's consultants shall have no responsibility to initially discover the presence of such hazardous materials on the Project site, but shall have an affirmative duty to immediately report to the Owner the existence of such materials actually known by the Architect or the Architect's consultants to be present on the Project site.

§ 10.7 With prior written consent of the Owner, the Architect shall have the right to include photographic or artistic representations of the design of the Project among the Architect's promotional and professional materials. The Architect shall be given reasonable access to the completed Project to make such representations. However, the Architect's materials shall not include the Owner's confidential or proprietary information if the Owner has previously advised the Architect in writing of the specific information considered by the Owner to be confidential or proprietary. The Owner shall provide professional credit for the Architect in the Owner's promotional materials for the Project.

§ 10.8 If the Architect or Owner receives information specifically designated by the other party as "confidential" or "business proprietary," the receiving party shall keep such information strictly confidential and shall not disclose it to

any other person except to (1) its employees, (2) those who need to know the content of such information in order to perform services or construction solely and exclusively for the Project, or (3) its consultants and contractors whose contracts include similar restrictions on the use of confidential information. Owner herein designates the following as confidential information: security measures; pending real estate purchases, exchange, lease, or value; any information pertaining to litigation; student likenesses and student record information; employee information; and any other information deemed confidential by law. This paragraph requiring advance notice does not apply to a publicly-held corporation.

§ 10.12 Architect shall keep all accounting and construction records on the Project for a period of at least twelve years after Final Completion of the Project, and thereafter shall offer the records to the Owner in writing, in order for Owner to comply with its records retention requirements, per the Texas Government Code section 441.158 *et seq.* and the Texas Library and Archives Commission's Local Schedule GR (Government Records). In the alternative, Architect may provide such records to Owner for retention at any time if Owner agrees in writing to accept such records in lieu of Architect's retention under this Section.

§ 10.14 Any notice required by or permitted under this Agreement must be in writing unless otherwise provided herein. Any notice required by this Agreement will be deemed to be delivered (whether actually received or not) when deposited with the United States Postal Service, postage prepaid, certified mail, return receipt requested, and addressed to the intended recipient at the address shown in this Agreement. Notice may also be given by regular mail, personal delivery, courier delivery, facsimile transmission, or other commercially reasonable means and will be effective when actually received. Any address for notice may be changed by written notice delivered as provided herein.

§ 10.15 If any provision of this Agreement is held to be illegal, invalid, or unenforceable under any present or future law, such provision shall be fully severable and this Agreement shall be construed and enforced as if such illegal, invalid or unenforceable provision had never comprised a part of this Agreement. The remaining provisions of this Agreement shall remain in full force and effect and shall not be affected by the illegal, invalid, or unenforceable provision or by its severance herefrom.
