Geneva, IL 60134

Dear Mr. McClain,

The Mid-Valley Special Education Cooperative Executive Advisory Board has accepted your generous fabric and craft supplies on October 4, 2013. We estimate these supplies to be approximately \$150.00. I wish to express our gratitude for your contribution to our organization on behalf of your wife. As you know, your previous gift led to the manufacture and selling of all kinds of cards by our SAIL students who are of transition age, 18-22 years. It has been a great addition to the program and a huge success. We are looking forward to what the students will produce with these next items! Gifts like your enable us to provide equipment at no cost for students to help them succeed and participate in school, increase their social interactions, and gain in self-confidence and strength. We truly appreciate your thoughtfulness in providing the donation.

Best wishes,

Carla Cumblad, Ed.D.
Executive Director
