Vicksburg Community Schools 2017 Series 2.5 Bond Fund Improvements

Bid Package Summary Award Recommendations

Steve Goss
Assistant Superintendent
Vicksburg Community Schools
301 S Kalamazoo Ave
Vicksburg, MI 49097

Steve,

The district received proposals from 6 contractors for 3 bid packages. Based on our review of the proposals we are recommending the following:

Summary of Proposed Improvements:

Vicksburg High School Lift Station Improvements:

1. Perceptive Services : Base bid \$ 23,792.00
2. RW LaPine : Base bid \$ 37,000.00

Based on our post bid review we are recommending that the district award the High School lift station improvement project to Perceptive Services.

Vicksburg High School Performing Arts House Lighting Replacement:

1. HI-Tech Electric : Bae bid \$ 159,000.00
2. Oswalt Electric : Base bid \$ 166,000.00

Based on our post bid review we are recommending that the district award the High School Performing Arts house lighting replacement project to HI-Tech Electric.

District Wide PA & Clock Upgrades:

1. MichKal Electric: Base bid \$ 191,806.00
2. The DATACOM Group Inc: Base bid \$ 173,015.00

The MichKal proposal that was submitted meets the basis of the design specifications. The DATACOM Group proposal does not meet the design specifications and should be considered as a voluntary alternate. After reviewing the proposed alternate system and discussing the options with TowerPinksters electrical engineer Lentz Becraft it is our recommendation that the district should not accept the voluntary alternate. We are recommending that the district award the District Wide PA & Clock Upgrade to MichKal Electric.

If you have any questions or require any further clarifications please do not hesitate to contact me.

Sincerely,

Mike Frederick
