

# Memo

**To:** Board of Trustees  
**From:** Casey Grove & Dan Holtry, Athletic Directors  
**CC:** R. Sauer, Superintendent; Matt Holtry, Principal  
**Date:** April 2016  
**Re:** Athletic Director Report April, 2016

---

Homedale Board of Trustees,

## Baseball

The varsity baseball team is currently 6-2 and the JV team is 7-3. The baseball team had their field dedication on Saturday, April 2<sup>nd</sup>. It was a great community event and the facility was full of community members. The baseball team is playing well and look forward to watching them at the district tourney which we are hosting this year.

## Softball

The varsity softball team is currently 10-2 and the JV softball team is 3-1. A lot of the teams we have scheduled do not have enough girls for JV teams which we only find out after the season starts. We are trying to find extra games for the JV team but most schools with JV softball teams have full schedules. Expectations are high for this year and we are excited to see them play in May.

## Track

Participation is up along with the athletic development of the track athletes. So far the track team has finished higher in their first couple of meets than they did previously. The coaches have done a great job of getting good athletes to come out and compete at a high level. Very excited to see their growth throughout the spring.

## Tennis

The tennis team has a lot of kids out this season. It is giving those athletes who do not play a traditional spring sport a chance to participate and contribute as a Homedale Trojan. Their league schedule starts this week. Coach Michaelson is doing a great job managing all of the kids out for tennis.

## Golf

The golf team is off to a great start in SRV play. They won their first league match. They continue to improve on a weekly basis. They have a couple of 18 hole tourneys coming up that will help them prepare for their district tourney at the beginning of May. We are hosting the district tourney this year, so hopefully that will give our kids a competitive advantage.
