Dried lavender sachets

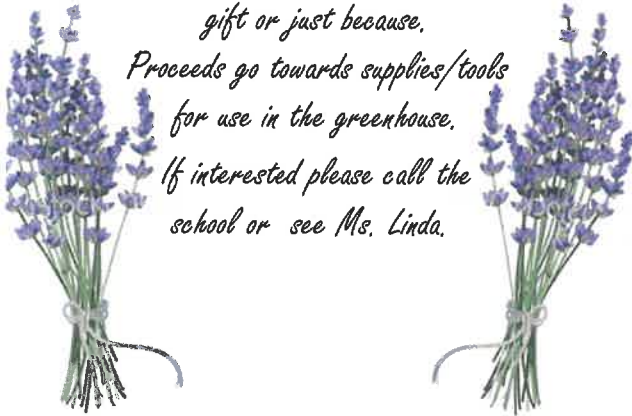

\$2 for Small

\$4 for Large.

This would make a great Mothers Day gift or just because.

Proceeds go towards supplies/tools for use in the greenhouse.

If interested please call the school or see Ms. Linda.

New Opportunities to Volunteer

Over the past few months we have looked at the possibilities for volunteering at Applegate School. We have also highlighted volunteers who read in the SMART program, those who serve as members of PTSG and community members who have helped financially.

This month there are some new opportunities for volunteering. Please consider helping with one of these projects.:

1. The small pond near the end of the library is in serious need of cleaning.
2. Linda Kappen could use a lot of help in the area of the butterfly garden and the greenhouse.

Linda would like to set a work day to tackle these various tasks:

- A. Clipping and digging blackberries.
- B. Weed Eating
- C. Repairing a fence.
- D. Hauling materials to a burn pile.
- E. Weeding and covering the ground with bark chips in the outside trans planter boxes.

If you will be able to help either with pond cleaning or working around the butterfly garden –greenhouse area, there will be a sign up sheet coming home soon.

Lost & Found

Items will be removed the day before we leave for Spring Break so make sure to check it out before then!

SAVE YOUR BOX TOPS

Write your name on the back and turn them in for prizes.

Lily's Legendary Tales "Compassion"
