## SCHOOL SHOWCASE

# Student Voice IN ACTION

## Student Council

Indian Knoll has established a Student Council to provide students with a meaningful voice. Student Council members collaborate to identify opportunities for school improvement and to promote positive change within the school community. This year, Student Council has successfully led two fundraising initiatives and is currently developing thoughtful plans to use the proceeds to enhance the school environment. Through their participation in Student Council, students have developed important leadership skills as they work together to represent their peers and create positive change within the school.

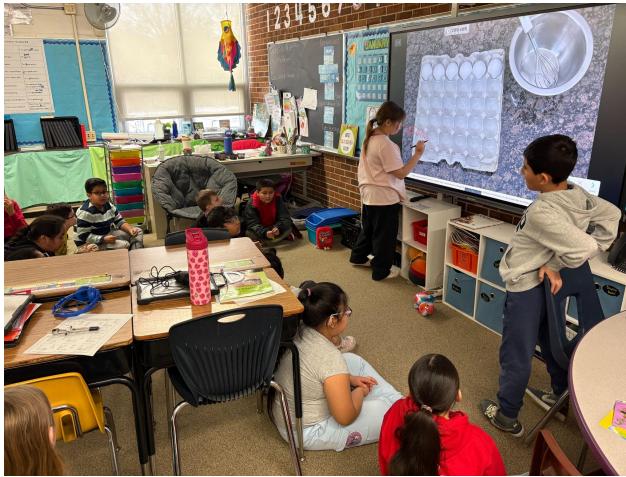

# Student Showcase

## Building Fact Fluency

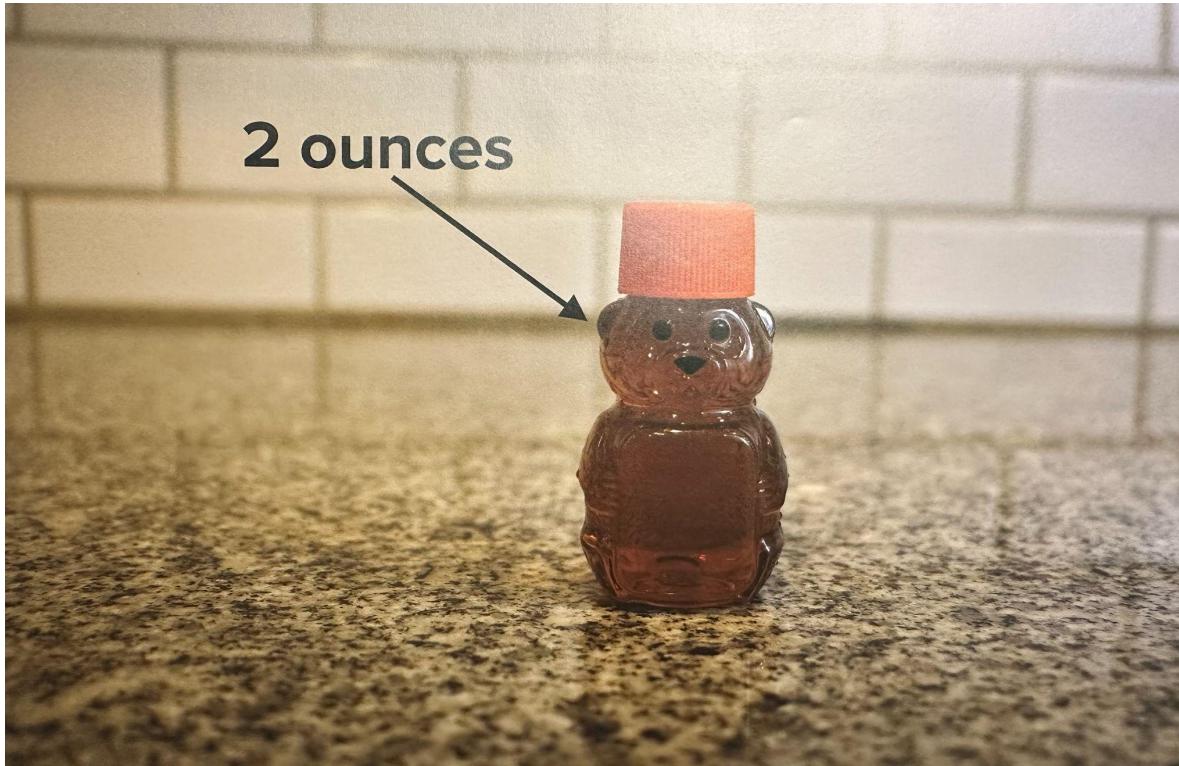

- Teaches addition, subtraction, multiplication and division facts through real-world contexts, games, and strategic thinking.
- Lesson strings with activities and games in contextual themes to help students connect facts to operations, develop strategies, and become efficient problem solving.
- Supports procedural fluency as it furthers students' thinking and problem solving skills while also supporting flexible thinking.
- Program is very visual with real world images, and is well designed to meet students where they are from below grade level to above.

IN ACTION

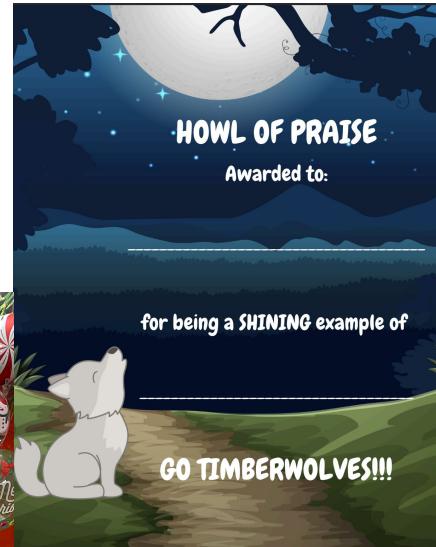

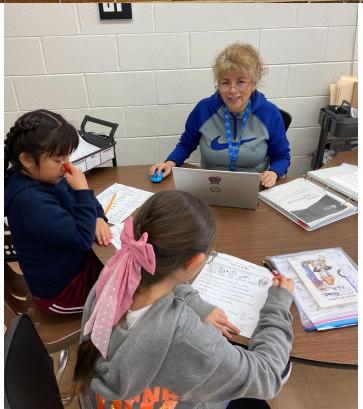

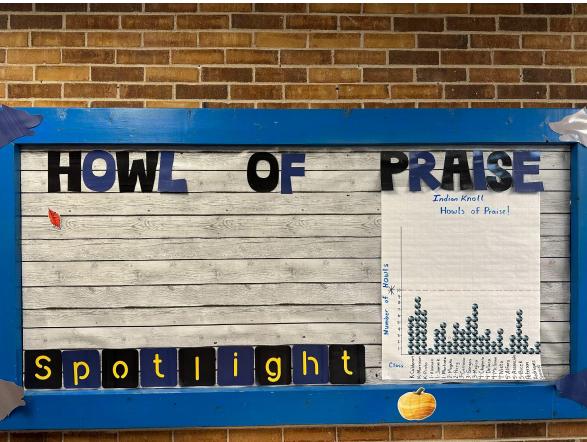

We're "All In" for student success  
through.....

- **Goal #1- Student Growth and Achievement**
  - Layered Math and Reading Intervention with Tier 2 and Tier 3
  - Newcomer student support
  - Podcasts
  - Book Clubs
- **Goal #2- Learning culture of equity, engagement and agency**
  - Implementing CHAMPS and PBIS
  - Grade level Community Meetings
  - Den Dollars and Howl of Praises
- **Goal #4- Family Engagement and Community Partners**
  - PTO Events which include Trunk-or-Treat, Cookies with Santa, Dia del Nino

# Strategic Plan

# IN ACTION

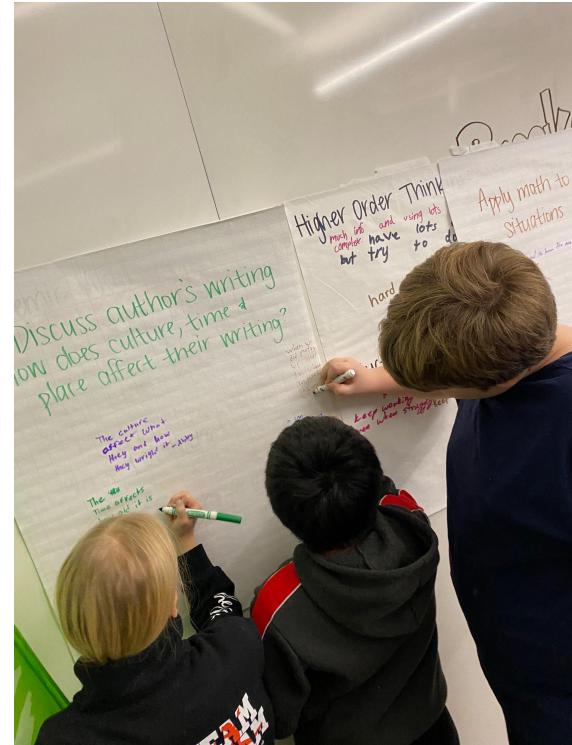

# School

## This month we are focused on: **Improvement** in:

- **Culture**- 4th/5th grade PAC students defined Ambitious Instruction at IK; PAC is identifying examples of Ambitious Instruction in the classroom and will create a video presentation to share with peers.
- **Literacy**- K-1 is honing their instruction in UFLI to ensure the program is being taught with fidelity; 2-5 worked with coaches to create backwards planning documents for Amplify.
- **Math**- Building Fact Fluency has taught students how to think flexibly in math to better problem solve; targeted small group instruction is focused on meeting student needs.

# Superintendents FOR A DAY

**Gia Garrett and Ian Cardoso**  
*3rd Grade*

# Who is someone at school who helps you feel safe?

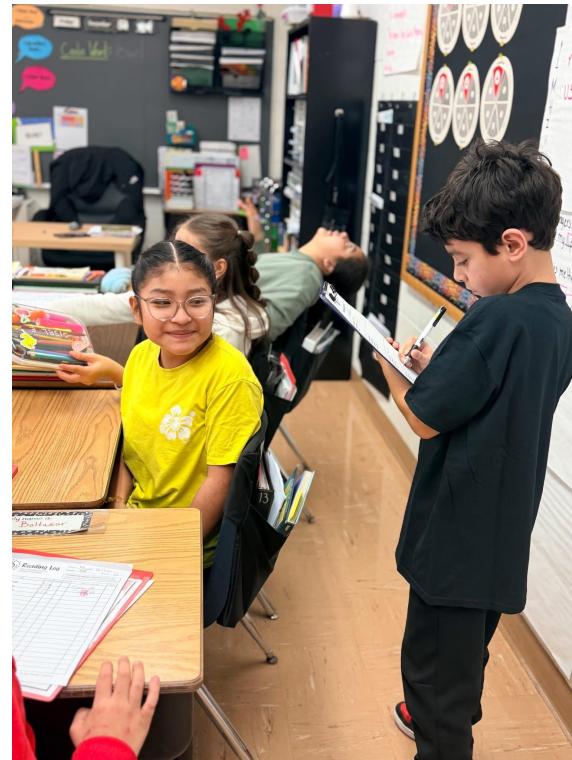

The top answers from students were:

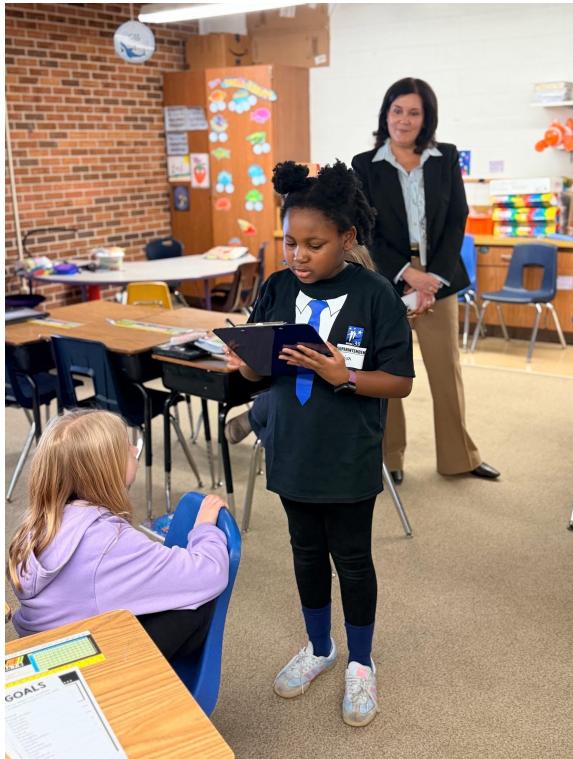

- Our teachers
- Our Principals
- Our friends

# Are there places at school where kids sometimes feel nervous or unsure?

- When we are in front of everyone
- In the lunchroom when it is loud
- When we are doing something in public
- On the playground when there are a lot of kids

# What helps you calm down when you are upset or worried?

Students said that doing the following things helps them calm down:

- Drawing
- Taking deep breaths
- Talking to our friends
- Using fidgets
- Taking a walk

# What is one rule you'd make to help everyone feel safe and included?

The rules would include....

- Helping others when they feel sad
- Playing with everyone
- Helping each other with homework
- Don't bully others

*Thank you!*

All of us. *All for them.*
