Providing quality education while preparing our children and community for the future

School Board Agenda Item

Meeting Date: October 19, 2015
Place on Agenda: Superintendent Report
Topic: 2015-16 Student Achievement Goals
Presenter: Rich Dahman

Background:

In order to continue to improve, each year we set goals for student achievement. These goals are then used at both the elementary and high school as the basis for their school-level goals. The goals presented are based on improving our percent proficient in Reading and Math for all students, and for three students groups (Free/Reduced Lunch, Special Education, English Learners). The goals for the student groups are designed to lessen the gap between students in these groups and the overall achievement of all students.

Recommendation:

Approve the 2015-16 Student Achievement Goals as presented.
