Navarro ISD Panther Path Gifted/Talented

A visual representation of the G/T learning continuum through the four stages of a panther's growth.

Panther Cub

Kinder-2nd

The foundational level, where students are beginning their educational journey and developing core skills. This is the stage of identification and discovery.

Junior Panther

3rd-8th

This level signifies significant growth and increased academic focus, aligning with skill development and specialization in the intermediate and junior high years.

Varsity Panther

9th-12th

The level of high school, representing mastery, competition, and leadership. Students apply their advanced knowledge and skills in rigorous academic pursuits.

Legacy Panther

Graduates

The highest level, representing the culmination of a student's journey. This is an honorary title for a graduate who will be a lifelong learner and leader.

Navarro ISD is no longer just identifying giftedness; we are nurturing it through a specialized instructional framework. By empowering our students to facilitate their own learning, we are creating the next generation of Legacy Panthers.
