UNLOCKING SUCCESS THROUGH ENGAGEMENT

In the rest of this presentation, we will delve into the core pillars Denton ISD's CTE program. Today, we will explore three essential dimensions of engagement:

- Student Engagement
- Teacher Engagement
- Community Engagement

STUDENT ENGAGEMENT

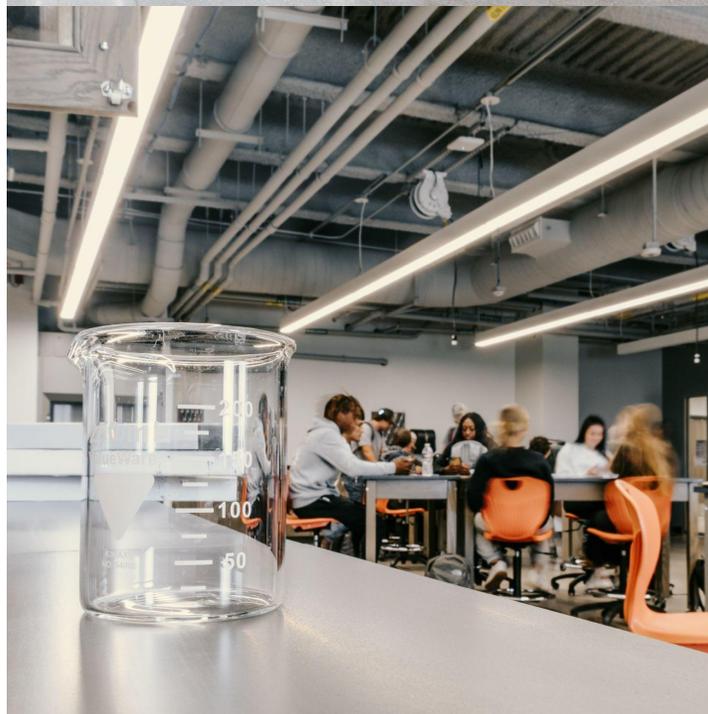

Updates at LaGrone Academy

LaGrone Academy classes moved into their new rooms in early September of this school year. The updates brought state of the art equipment and renovations to several CTE classrooms, enhancing hands-on learning opportunities for students. These improvements will better prepare students for future careers by offering modern, industry-relevant training in a conducive environment.

STUDENT ENGAGEMENT

Teach Denton / Texas Association of Future Educators

We hired 22 TD graduates as new teachers this school year for a total of 76.

Texas Workforce Commission - Culinary Arts Paid Internship

Department of Labor Pre-Apprenticeship / Apprenticeship Programs

Culinary, Health Science, HVAC,
Electrical, and Plumbing

Incubator Entrepreneurship Program

TEACHER ENGAGEMENT

TWC iWorks Teacher Externships

In June of 2023, many Denton ISD CTE teachers participated in externships across North Texas. Externships allow CTE teachers to stay current with industry trends and practices. It helps to establish industry connections that can lead to partnerships, guest speakers, and internship opportunities for their students. Participating teachers then shared their experiences with others in a graduation ceremony in August.

COMMUNITY ENGAGEMENT

FOUNDER'S DAY

The City of Cross Roads' 1st Founder's Day celebration occurred on September 16th. This event was held at Denton ISD's Star Ranch. Students throughout the school district were onsite to help run the event and showcase aspects of their CTE programs.
