**Re: Board Policy Update FL (Local)**

In preparation for the IBM Watson Education App, it has been recommended we change our CISD Directory Disclosure language to the following:

LIMITED  
DISCLOSURE

-----  
The District limits the disclosure of student directory information to disclosures for District- or campus-sponsored purposes. Examples of such purposes include:

- District- or campus-generated programs for athletic or other events;
- Campus-generated yearbooks;
- District- or campus-generated digital media; and
- District- or campus-generated news media stories or publicity.
- District – approved technology service providers

**An appropriate motion is as follows:**

“The Board add language to Board Policy FL (LOCAL) as presented.”
