

## **Edina School Board 2023-24 Board Goals**

### **BACKGROUND:**

The Edina School Board sets board goals annually that align with both the district's strategic plan and our Superintendent's goals and are consistent with the priorities of Edina School District stakeholders.

These goals and priorities consider many factors including, but not limited to:

- Prior year board goals and evaluation
- Superintendent status reporting of the current implementation of the district's current strategic plan
- Annual feedback gathered from students, educators and staff via the yearly Panorama survey
- Feedback gathered from the Core Planning Meeting including the strategic plan monitoring report
- Analysis of items/priorities suggested from individual Board members, students and community members for consideration as initiatives
- Current workload of the district.

In addition, the board collectively considers the following guidelines while developing each year's board goals:

- Be specific, measurable, attainable and realistic to time
- Be reflective of any Board transition of members
- Be front-facing to the community
- Tie to responsibilities of the school board
- Be manageable for a reasonable workload of the school board, administration and our educators
- Build on previous year's goals
- Build trust, respect and accountability among Board members, superintendent and our educators
- Be supportive of current strategic plan and align with superintendent's annual goals
