Agenda Item Title: Summit K12 - TX Connect to Literacy ELD

From/Presenters: Dr. Jennifer Gutierrez, Deputy Superintendent

Description: Summit K12, TX Connect to Literacy ELD, is a comprehensive, research-based digital platform designed specifically to accelerate English language development and academic success for Emergent Bilingual (EB) students. It aligns with the Texas English Language Proficiency Standards (ELPS) and STAAR/TELPAS content, offering targeted instruction in listening, speaking, reading, and writing across grade levels. Since implementation, the program has demonstrated measurable progress in our EB students' language acquisition and academic confidence. Its engaging, self-paced modules support differentiated instruction, allowing educators to tailor learning to students' individual proficiency levels while monitoring growth in real time.

Key benefits of continuing the Summit K12 program include:

- **Accelerated English Language Development:** Scaffolded instruction and ELPS-aligned content help students progress more quickly through language proficiency levels.
- **Improved Academic Outcomes:** Lessons are tied to STAAR/TELPAS objectives, reinforcing both language and core content knowledge.
- **Data-Driven Insights:** Real-time analytics allow educators to monitor student progress, identify areas of need, and provide timely intervention.
- **Equity and Access:** The program offers support across content areas and is accessible from home, empowering families to be involved in the learning process.

Continuing with Summit K12 ensures we are meeting our legal and moral obligations to provide equitable, high-quality education for all students. It equips our Emergent Bilingual learners with the tools they need not only to succeed academically, but also to thrive socially and personally in an English-speaking environment.

Recommendation: Based on positive outcomes and the program's alignment with district goals for language acquisition and academic success, we strongly recommend the continuation of the Summit K-12 program for our Emergent Bilingual students.

Historical Data: South San Antonio ISD has utilized Summit K12 for the last four years and has seen an increase in English language acquisition in 2nd-12th grade EB students.

Recommendation: Approve the purchase of Summit K12 services for the 2025–2026 academic year to continue supporting the English language acquisition and development of all EB students.
