1. Call to Order

President Rusek called the meeting to order.

6:01 p.m.

2. Team Building Training

Doug Williams, Superintendent of Schools for Sunnyvale ISD, conducted training with the trustees on a community based accountability system. The training focused on the differences between the State Accountability System and a Community Based Accountability (CBAS) system. The state based system is largely focused on the outcomes of STAAR testing and events that occurred at a specific time in the District. With a community based system, the District is able to focus on where the district would like to be in the future and focus on locally determined pillars to measure individual successes of students, with STAAR testing being only a piece of the larger puzzle.

3. Adjournment

President Rusek declared the meeting adjourned.

8:34 p.m.

Pete Rusek, President

Susan Vick, Secretary
