

Meeting Date: April 17, 2025

Submitted By: Dr. Lacey Gosch
Title: Assistant Superintendent

Agenda Item: Consider and take action regarding approving 2025 Instructional Materials Adoption of Mathematics materials selected by the Instructional Materials Committee for implementation in the 2025-2026 school year.

CONSENT ITEM

RECOMMENDATION:

That the Board approve the Instructional Materials Adoption selected by the Instructional Materials Committee in compliance with the Instructional Materials Review and Adoption Process for implementation in the 2025-2026 school year.

IMPACT/RATIONALE:

Board Policy EFFA (local) requires that the Board of Trustees shall approve final selections of the instructional materials proclamation and be recorded in the Board Minutes.

[HB 1605](#) was passed during the 88th Texas Legislature (Regular Session) and established an expanded process for the State Board of Education (SBOE) to approve high-quality instructional materials (HQIM), increased funding for HQIM, supported parent transparency with instructional materials, created clear teacher protection guidelines for planning time, and provided new requirements for Texas Essential Knowledge and Skills (TEKS) review and revision.

Under these revisions, the Instructional Materials Review process transitioned to the Instructional Materials Review and Approval process, where local school districts review instructional materials yearly for continued use within the district or request to adopt new materials based on High Quality Instructional Materials selected by the State Board of Education. In preparation for the 2025-2026 school year, the Judson ISD Instructional Materials Review Committee selected to request the adoption of materials to support Mathematics instruction in grades K-12. The committee elected to continue use of existing adopted products by the Board of Trustees for all other academic subject areas. These selections are reflected in the TEKS Certification for the 2025-2026 school year.

JUDSON INDEPENDENT SCHOOL DISTRICT

Committee Meetings to review materials were held on February 3, February 10, and April 2, 2025.

The Committees reviewed all materials provided through TEA as approved vendors and reviewed the High Quality Instructional Materials (HQIM) as provided under HB 1605 meeting the requirements for TEKS certification and adoption through the IMA process. The top vendors were selected by the committee for indepth review and the committees final recommendations for adoption by Judson ISD for the specified subject area.

Mathematics Kindergarten - 5th Grade: Bluebonnet Learning from Great Minds (Mathematics)

Mathematics Grade 6-8 and Algebra I: Bluebonnet Learning (Carengie Learning, Inc.)

Accelerated Mathematics Grades 6-8 and Algebra I: Carengie Learning, Inc.

Algebra II and Geometry: Houghton Mifflin Harcourt (HMH)

Algebraic Reasoning: Consenza

Statistics: BFW

Math Models: Peason

BOARD ACTION REQUESTED:

Approval/Disapproval

MEMO

TO: Dr. Milton R. Fields, Superintendent

DATE: April 17, 2025

RE: Adoption of High-Quality Instructional Materials (HQIM) for Mathematics

The Official 2025-2026 Instructional Materials Review and Approval Committee has reviewed the results of the district-wide vote on the adoption of Mathematics Instructional Materials per TEA. It is the desire of these committee members to present the following recommendations to the Board of Trustees to adopt for implementation for the 2025-2026 school year and beyond.
