

Dear School Board Members:

RECEIVED MAY 16 2018

The last couple of years, the fundraiser for the cross country team has been a letter that we've mailed to relatives and asked for donations that they could give to us. We host a run up at the Minidoka Dam, and we are one of the only races that doesn't charge. I don't believe we necessarily need to charge, but I would like to make some money off of the race. I would like to get some t-shirts made that say something like, "I ran the Dam run" and sell them at the race to those in attendance. We would also give the winner a t-shirt for being the best at that race. I believe that the cross country team could make just as much from doing this as we do from asking for donations. Also this would be very non-impactful on our community because the kids would be buying with their own money instead of bugging businesses and relatives for donations.

Respectfully,

Kyle Meyers
