Plan Input

Minnesota School Desegregation/Integration Rule, part 3535.0170, subpart 2, requires racially isolated and adjoining districts to establish a **Multidistrict Collaboration Council (MDCC)** to provide input on integration goals and to identify cross-district strategies to improve student integration.

Districts with Racially Identifiable Schools (RIS) are required to convene a **Community Collaboration Council (CCC)** to assist in developing integration goals and to identify ways of creating increased opportunities for integration at the racially identifiable schools (Minn. R. 3535.0160, subp. 2). *Record your Community Collaboration Council members on the RIS portion of this form.*

Districts with an **American Indian Parent Advisory Committee (AIPAC)** must include representation from this committee on the councils described above (Minn. R. 3535.0160, subp. 2, and 3535.0170, subp. 3).

For stakeholder input to be meaningful it should be based on open communication and coordination that acknowledges and considers the views of all participants. For steps to ensure that input from your council is meaningful, see the Facilitation Guide on page 8 of the [Achievement and Integration Plan Guide](#).

Below, ***list your council members and identify American Indian parent committee members. Briefly describe council members' recommendations*** for your district-wide plan and for your racially identifiable school plans, as applicable. You may also include meeting dates and describe the process you used to ensure meaningful input from council members.

Detailed directions and support for completing this plan can be found in the [Achievement and Integration Plan Guide](#).

Achievement and Integration Goals

You will copy and paste the Goal, Strategy, and KIP portion of this form for each individual goal or strategy your district has.

This plan must contain three types of goals, at least one for each of the following:

1. Reducing the disparities in academic achievement among all students and specific categories of students excluding the categories of gender, disability, and English learners.
2. Reducing the disparities in equitable access to effective and more diverse teachers among all students and specific categories of students excluding the categories of gender, disability, and English learners.
3. Increasing racial and economic integration (Minn. Stat. § 124D.861, subd. 2 (a)).

Goal #1: In St. Louis Park Public Schools, BIPOC students will increase in reading proficiency as measured by the MCA-IV from ____ in Spring 2026 to ____ in Spring 2029.

Goal type: Achievement Disparity

To add goals, copy the two lines directly above and paste them below the KIPs for Goal #1.

Strategies

Each goal should have at least one strategy. Number each strategy sequentially and give it a unique name. For each strategy, provide a narrative description as explained below.

Districts may use Achievement and Integration revenue to pursue racial and economic integration and reduce achievement disparities between student groups through the types of strategies listed in the *Type of Strategy* drop-down menus below (Minn. Stat. § 124D.861, subd. 2).

Integration Requirement At least one of your strategies must be a student integration activity designed and implemented to bring together students from a racially isolated district with students from that district's adjoining Achievement and Integration districts (Minn. R. 3535.0170).

Copy and paste the strategy section below for each additional strategy.

NOTE: If a strategy is intentionally developed to support multiple goals, list its unique name and number and provide the narrative description for that strategy under one goal. Include that strategy's unique number and name under the other goals it supports. You do not have to copy the narrative description for that strategy under multiple goals.
