

ISD 698 Floodwood School District

Principal Report

Mrs. Amanda Fjeld

April 27, 2026

World Class Education

- Mrs. Tucci completed high school registration and is waiting for the new calendar in campus to get all schedules set.
- Interviewed for next year's math position.
- April 27th was a staff inservice day. We completed ALICE training, committee meetings, MTSS, Grandparents Day plan and end of year planning.
- Working with curriculum programs to find out what we can implement next year within budget and best support our students and staff. The two subjects I am currently focusing on are ELA and math.
- MCA testing is in full swing. The majority of testing should be completed at the end of the month.
- Made changes to the 4th and 5th staff schedule.
- Attended the annual review meeting with other IASC administrators for our shared programming and IASC NEXT opportunities.

Safe and Nurturing Environment

- Attended the MN School Safety Conference in Duluth on 4/14 and 4/15. Key takeaways:

- Many districts in MN are struggling with similar issues (shortage of mental health resources, funding, empowering staff to make timely decisions, door propping/students opening for others, how to team with others for best use of resources, etc)
- Communication, communication, communication
- How to partner with community resources (school, city and county). Meet at least quarterly to review and address concerns.
- Universal language
- Multiple locations for rally points
- Digital safety - having conversations with students about being safe online from social media to shopping
- Communication during/after a crisis (empathy, perception is everything)
 - Point person to lead the charge
- American Eagle Security updated cameras week of 4/20.
- Completed our annual tornado drill 4/16. We have a couple fire drills to complete for the year.
- Check-ins with students regularly
- Ms. Tucci and I continue to meet with students, parents and staff to help with different situations to help students feel safe and welcome.

Opportunities for Students

- 5th grade students attended STARBASE for the first time 4/13-4/17. It was a great opportunity and experience for our students.
- A group of 5th graders also took part in Math Masters on 4/17
- Dignity Revolution presented to our students on 4/1 in the large gym with a message of self-value, courage and respect.
- Prom took place at FST on 4/18 - just over 30 kids were in attendance
- Softball, baseball and golf seasons are underway.
- Elementary Art Field trip for March was cancelled due to the snow day on March 13th.
- Ms. Lindstrom and I are preparing the 5th grade students for their Starbase opportunity that is coming up April 13-17.

Fund a 21st Century Education

- Attended the Lake Country Power Grant Presentation in Cromwell on 4/23.
- Mrs. Ruzynski received a library donation for books.
-

Community Engagement

- Still gathering ideas for celebrating 100 years of Floodwood School. So far I have the following:
 - McKayla Lahti will come and paint a few entrance doors portraying Floodwood School history
 - Online photo gathering site to put together a slideshow to share before the graduation ceremony
 - Time capsule - the container will be built by our shop class and be displayed in one of the trophy cases. I plan to have a table with the items displayed and then put them all in the time capsule and place it in the trophy case after graduation.
 - Purchase cupcakes through Hein's Grocery Store to have for guests after the graduation ceremony.
 - Whole student body and staff picture to add to the time capsule
- Big Rig Event coming 5/13 from 4-6pm
- Walk/Bike/Roll to school event 5/6 before school.

Communications and Marketing

- Continue Weekly FHS Rundowns
- Social media post and school website posts on celebrating 100 years.
- Highlighting our Art Program on social media and the website through pictures
