

Intergovernmental Agreement for Network Services

This Intergovernmental Network Service Agreement (“IGA”) is entered into pursuant to A.R.S. §11-952 as of [Click here to enter a date.](#) (“**Effective Date**”) by and between The Arizona Board of Regents, a body corporate, on behalf of The University of Arizona, Arizona State University, and Northern Arizona University (each an “**Institution**”) acting together as the Sun Corridor Network (“**Sun Corridor**”) and [Click here to enter text.](#) (“**End User**”). Sun Corridor and End User are each referred to herein as a “**Party**”, and collectively “**Parties**”. The purpose of this IGA is to provide general terms and conditions and a framework within which End User may from time to time purchase certain network services (“**Network Service(s)**”) from Sun Corridor for End User use. Additional terms and conditions that apply to each type of Network Service are set forth in network service orders (“**Network Service Order(s)**”), if and when applicable. This IGA, Network Service Order(s) and any other attachments incorporated therein shall collectively be referred to as the “**Agreement**” and are binding upon the Parties.

1. Recitals

- A. Sun Corridor is a member of the Internet2 (“I2”) member-owned advanced technology community and serves as a Connector to provide access to I2 services for other public educational institutions.
- B. _____ is a political subdivision of the State of Arizona.
- C. Sun Corridor desires to provide End User with access to I2 services, on the terms and conditions set forth in this Agreement.
- D. The Parties are empowered to carry on activities included in this Agreement pursuant to A.R.S. §§ 11-951 *et seq.*, 15-341, 15-342 and 41-2632.

2. General

2.1. Orders for Network Services

- a. **Network Service Orders.** End User may request a Network Service from Sun Corridor by submitting a Network Service Order, signed by End User, for consideration by Sun Corridor. End User acknowledges and agrees that End User is solely responsible for the accuracy of all Network Service Orders and other information that it provides to Sun Corridor. Upon completion of the review of End User’s request, Sun Corridor will notify End User as to whether such request has been accepted or rejected, which acceptance or rejection is at Sun Corridor’s sole discretion.
- b. **Conditions.** Each accepted Network Service Order shall incorporate by reference, and shall be subject to, the terms and conditions of this IGA. Network Service Orders shall clearly set forth the term, pricing, service type and location(s), and any additional specific terms for the Network Services. The pricing stated in any Network Service Order is contingent on

Network Service availability (as determined by Sun Corridor). All Network Service Orders shall be subject to availability and acceptance by Sun Corridor, and shall supersede any prior Network Service Orders for the same Network Service.

- c. **Service Activation.** Sun Corridor will notify End User that the Network Service is activated, meets the service specifications as defined in the applicable Network Service Order, and is available for use by End User ("**Service Available Notice**"). End User shall have five (5) days in which to notify Sun Corridor that the Network Service is not functioning properly because it does not meet the service specifications. If End User has notified Sun Corridor within such five (5) day period that the Network Service does not meet the service specifications, then Sun Corridor shall take such steps reasonably necessary to cause the Network Service to meet the service specifications, at which time Sun Corridor shall issue a new Service Available Notice and the acceptance process above shall be repeated. End User's failure or delay to test the Network Service or failure or delay to utilize the Network Service on or after the Service Available Notice date shall not relieve End User from paying for the Network Services from the Network Service Date.

- 2.2. **Order of Precedence.** In the event of a conflict between a term(s) of this IGA and the term(s) of the Network Service Order, precedence will be given in the following order: (a) an executed Network Service Order, but solely with respect to the Network Service(s) covered by that Network Service Order; and (b) this IGA. Silence regarding a provision does not constitute a conflict.

3. Term

- 3.1. **Term.** The term of this IGA shall commence as of the Effective Date and remain in effect for a period of one (1) year (the "**Initial Term**"), unless earlier terminated in accordance with a Party's rights hereunder or by mutual written agreement of the Parties. This IGA will automatically renew following the Initial Term for consecutive one (1) year periods (each a "**Renewal Term**"), not to exceed a total of five (5) years or until either Party provides the other Party with written notice of its intent not to renew the Initial Term or the then-current Renewal Term at least ninety (90) days before the end of the then-current Term. The initial Term and any Renewal Terms are collectively referred to herein as the "**Term**". Notwithstanding the foregoing, this IGA shall govern and continue in effect with regard to any Network Service Order until the termination of such Network Service Order.
- 3.2. **Network Service Order Term.** The term of each Network Service Order shall commence on the Service Available Notice effective date for such Network Service and continue for the period of time specified in that Network Service Order ("**Network Service Initial Term**"), unless terminated earlier as otherwise provided for in this Agreement. Thereafter, unless otherwise stated in the Network Service Order, the term of each such Network Service Order shall automatically renew for one (1) year periods (each a "**Network Service Renewal Term**") until terminated by either Party upon at least ninety (90) days written notice prior to the end of the Network Service Initial Term or the then-current Network Service Renewal Term. The Network Service Renewal Term

shall not exceed a total of five (5) years.

4. Billing and Payment

4.1. **Commencement of Billing.** Billing will commence on the Service Available Notice effective date and End User shall be obligated to pay any and all fees as set forth in the relevant Network Service Order.

4.2. Payment of Invoices

- a. **Network Service Fees.** Each Network Service Order will set forth all charges, including but not limited to non-recurring charges, annual recurring charges, quarterly recurring charges, and monthly recurring charges (collectively “**Network Service Fees**”) that End User is required to pay to Sun Corridor under such Network Service Order. Sun Corridor will provide End User with invoices for the Network Services. All amounts due Sun Corridor are payable in full within thirty (30) days of the invoice receipt (the “**Due Date**”). All invoices shall call for payments in U.S. dollars.
- b. **Rate Increases.** For each Network Service Renewal Term, Sun Corridor may increase rates for any Network Services thereunder if Sun Corridor provides End User notice of the increase at least sixty (60) days prior to the date of increase. Rates will not increase for the Network Service Initial Term.
- c. **Late and Unpaid Invoices.** If End User fails to make any payment required under this Agreement by the Due Date, (a) a late charge shall accrue equal to one percent (1.0%) simple per annum of the unpaid balance per month; and (b) Sun Corridor may take any action in connection with any other right or remedy Sun Corridor may have under this Agreement, including termination of Network Services, or at law or in equity. In the event Sun Corridor receives a payment and it is returned for insufficient funds or bank charges, the End User will reimburse Sun Corridor for all associated bank charges paid by Sun Corridor as well as the above stated interest to the extent applicable.
- d. **Disputed Invoices.** In the event of any disputed invoiced Network Service Fee, End User shall provide Sun Corridor with written notice of the disputed amount within thirty (30) days of invoice receipt and shall timely pay any undisputed portion of such invoice. End User shall waive its right to dispute any invoiced Network Service Fees if it fails to provide written notice of the disputed amount within such thirty (30) day period. The Parties shall cooperate in good faith to attempt to resolve any disputed invoice or portion thereof within forty (40) days of notice of dispute. Within thirty (30) days following the resolution of a dispute over an invoice or a portion thereof, End User shall pay to Sun Corridor the resolved amount of Network Service Fees due Sun Corridor.
- e. **Taxes.** Except for taxes based on Sun Corridor’s net income or property, End User shall be responsible for payment of all applicable taxes, impositions, fees, or other charges that arise in any jurisdiction as a result of the transactions contemplated herein, including

without limitation all sales, use, value added, consumption, gross receipts (other than in lieu of net income tax), excise, stamp or transfer taxes, however designated, and Universal Service Fund assessments, as applicable (collectively referred to as “**Transaction Taxes**”). If any authority asserts that Sun Corridor should have collected any Transaction Taxes from End User, which Sun Corridor did not collect, End User hereby agrees to be responsible for such Transaction Taxes.

- a. **Interruption of Service.** End User acknowledges that Sun Corridor is a “Connector” to I2, and may be subject to interruptions, suspensions or reductions in service by I2. Sun Corridor further reserves the right to interrupt, suspend or reduce Network Service to End User or any other person, when such action is necessary in Sun Corridor’s sole and absolute discretion. Sun Corridor may where reasonably possible, but does not promise to, provide advance notice to the End User of any such interruption, suspension, or reduction. As soon as possible following the interruption, suspension or reduction Sun Corridor will use reasonable commercial efforts to contact End User in an attempt to resolve any problems and restore Network Service.

However, if in Sun Corridor’s sole judgment, End User’s continued use of the Network Service presents a threat of harm, damage or injury to Sun Corridor, the Sun Corridor Network, or End Users, or if ordered to do so by a governmental authority, Sun Corridor shall have the right to suspend End User’s use of the Network Service immediately.

5.3. **Modification.** Sun Corridor reserves the right to modify or otherwise change the delivery of Network Service at any time. Sun Corridor shall give written notice to the End User via email (“**Modification Notice**”). 5.4. **Regulatory and Legal Changes.** If changes in applicable law materially affect delivery of Network Services, or otherwise require modification of this Agreement, the Parties will, in good faith, negotiate appropriate changes to this Agreement.

6.1. TO THE EXTENT PERMITTED BY APPLICABLE LAW, WHATEVER THE LEGAL BASIS FOR THE CLAIM, NEITHER PARTY, NOR ANY OF ITS AFFILIATES, AGENTS OR CONTRACTORS, WILL BE LIABLE FOR ANY INDIRECT, CONSEQUENTIAL, EXEMPLARY, PUNITIVE, SPECIAL, OR INCIDENTAL DAMAGES
