Re: 2022-2023 and 2023-2024 Calendar Adoption

The District Education Improvement Committee (DEIC) was utilized as the group to gather input and develop a calendar for the 2022-2023 and 2023-2024 school years. This group is comprised of 83 members including representation from all campuses, parents, business leaders, community leaders, board members, and central office staff. A DEIC Calendar Sub-Committee of 14 members who were representative of all groups handled the detail work while the entire committee was provided updates, opportunities for input, and information to share with the stakeholders and campuses they represent. The work of the committee culminated with three calendar options being shared on the CISD website for ranking and input from all CISD stakeholders. The work of the committee as well as input received has resulted in one calendar option being recommended for 2022-2023 and 2023-2024 school years.

Recommendation: The Coppell ISD Board of Trustees approve the proposed calendars for the 2022-2023 and 2023-2024 school years as presented.

An appropriate motion for Board action on the calendar adoptions is as follows:

“I move that the Board approve the proposed calendars for 2022-2023 and 2023-2024 school years as presented.”
