

Site Report – Levelock – Feb 2024

**To: Superintendent Kasie Luke
and LPSD School Board Members**

From: Kathy Touring, Head Teacher

Outstanding Activities and Events

We now have an active student government, elections having been held in February. Our school store was reestablished and the officers placed their first order in anticipation of the grand opening in March. The students are also in the planning stages of an annual school trip.

One of our secondary students participated in an Ed Rising conference in Juneau. Her presentation on the importance of public education was selected for the competition. She was able to share her experience in the Levelock school.

Mr. Rettmann, Ms. Touring, and students preparing akutaq as part of the secondary students' cultural awareness project.

Personnel

We welcomed Maddy Apokedak to our classified staff this month. We are very fortunate at Levelock to have a reliable and consistent staff that often go the extra mile to ensure that our school runs smoothly and efficiently.

Standards Based System/Curriculum Progress

Amplify and MAPS testing for elementary and secondary students was completed January 15-26. We have begun to implement Amplify Interventions where needed in the elementary classroom. Secondary students continue to acquire proficiency in non-core standards with specialized projects.

Two secondary students were accepted into the BBRCTE program of their choice and will complete these courses this semester as part of their Career Readiness.

Technology Insights

Technology is in use daily for a variety of educational purposes including online classes, intervention programs and student research projects. Zoom is particularly valuable to establish connections with support personnel throughout the district. Students have been instructed in internet safety practices.

Facility Update

Broken door jamb on teacher housing apartment 2. Suspected U-joint maintenance necessary on school vehicle. Maintenance was informed.

LSAC Activity

Levelock's LSAC is in place with a meeting scheduled for March 7.

Volunteer Report

N/A

Professional Development

Mr. Rettman has been working with his mentor through the Alaska Statewide Mentor Project and Ms. Touring has been attending the weekly Elementary PLC training sessions each Wednesday with Ms. McCarley.

Pupil % Attendance K-12

We are now at an enrollment of 14 students K-12, and two preschoolers. Attendance for the month of February was 92.24%.

language class.
