Description

TEKSbank is an online item bank of more than 85,000 questions and resources, in the four core subject areas for grades K-12, developed and aligned to the Texas Essential Knowledge and Skills (TEKS). Service Duration

7/1/2024 - 9/30/2025

Additional Information

The specific purpose of this agreement is to establish a shared service arrangement (SSA) for implementation of a Title I, Part A program between the LEA and Region 10 Education Service Center (ESC 10). This agreement outlines the organization of the SSA which allows member LEAs to be included in the Consolidated Application and receive financial accounting services, exemption from ESSA monitoring as the ESC will undertake monitoring functions on the district's behalf, and district/campus services related to Title I, Part A.

ESC 10 Responsibilities:

ESC 10 is the fiscal agent and project coordinator of the SSA. As such, ESC 10 shall:

- hire and retain qualified personnel sufficient to assist the LEA members while acting as the Title I coordinator for the SSA,
- develop and write the SSA application for funding and all necessary amendments or proposals (i.e. waivers) and the yearly compliance report as required by the Texas Education Agency,
- provide financial accounting for Title I, Part A funds including but not limited to ensuring all funds are expended in accordance with applicable laws and regulations for the funding source,
- support and guide LEAs on implementing best fiscal practices for federal funding at the district-level,
- provide documents and resources, upon request, to support LEA validations and audits,
- assist the LEA with:
 - sustained, on-going staff development and follow-up activities based on needs assessments of district/campuses and scientific research related to schoolwide and targeted assistance campuses,
 - technical assistance in the form of on-site consultations, web based or cluster meetings, and provision of on-going communication of essential information and TEA updates,
 - provide training, technical assistance, and support of LEA needs assessment and program evaluation and other functions as required by the Texas Education Agency (TEA),
 - regular meetings for designated contact person(s),
 - record keeping for Title I Part A professional development, parent involvement activities, schoolwide plans and parent compacts, among

others,

- identification and documentation of low income students,
- set aside required homeless and parent involvement funds and provide related services,
- collaborate with the LEA to determine transferability
- coordinate services across Title programs and other regional service centers,
- provide a list of known inventory housed at each Private Non-Profit school, upon request, and
- contact, negotiate services and manage Private Non-Profit set-aside funds.

The basis of the ESC 10 fee structure is to cover the cost of administering the fiscal agent responsibilities, Title I coordinator functions, and direct service to members. General overhead is covered by indirect costs. For all new Title I, Part A SSA members a 2% fee will be assessed against roll forward funds added to the SSA allocation. This only applies to new SSA members.

LEA Responsibilities:

Participating districts shall:

- assign Title I, Part A funds to ESC 10,
- complete a needs assessment for each campus and the LEA annually, complete campus/district improvement plans, and complete a program evaluation every year
- implement an instructional program and services for Title I, Part A students as described in the Consolidated Application for Federal Funds and in compliance with all requirements and Performance-Based Monitoring (PBM) indicators,
- participate in Title I, Part A update meetings and trainings as appropriate,
- provide documentation that funds are expended as specified in the project application by submitting reimbursements three times yearly at a minimum (last working day in December, last working day of April, and your last day that your fiscal year ends),
- provide documentation of program components implemented, such as the final schoolwide or target assistance plans, parent compacts, and campus improvement plans,
- complete all necessary paperwork and provide all data necessary for ESC 10 to complete state and federal applications and compliance reports,
- inform ESC 10 of changes in the local plan for amendment purposes,
- hire, evaluate and terminate personnel in compliance with Title I, Part A salary guidelines,
- designate a Title I, Part A contact person for the LEA,
- provide any information regarding private schools where students who reside within the district may attend by February 1, implement a negotiated plan, in conjunction with ESC 10, that allows the inclusion of private schools in Title I, Part A program,
- assume responsibility for liabilities associated with establishing and implementing Title I, Part A program and reporting expenditures to ESC 10,
- participate in monitoring and auditing procedures. Should the LEA be found in non-compliance with Title I, Part A regulations through these procedures, the LEA will be solely responsible for any repayment of funds as required,

- provide documentation on identification of low income students upon request by ESC 10,
- provide a copy of Supplement, Not Supplant Methodology (SNS) or Statement of Exemption to ESC 10 upon request,
- provide a copy of the LEA EDGAR policy and procedures manual, and
- Per TEC, Chapter 22, Subchapter C, Criminal History Records (<http://www.statutes.legis.state.tx.us/Docs/ED/htm/ED.22.htm>)--all staff and sub-contractors must submit their fingerprints to obtain national criminal history record information. This pertains to all entities who have continuing duties within a school district or have direct contact with students.

ESC 10, as the fiscal agent of the Title I, Part A SSA, shall pay the LEA on a reimbursement basis for expenditures. If the LEA was an independent project in the prior year and desires to join an SSA in the current year, any roll forward will roll to ESC 10. If the LEA leaves the SSA, the roll forward funds remain with ESC 10 for use in serving the SSA as a whole. In the unlikely event that the SSA dissolves, ESC 10 shall apply for roll forward funds and provide allowable activities and services to the original SSA members or develop a new SSA.

For LEAs continuing from year to year within the SSA, any unexpended Title I, Part A funds above the allowable 15% roll forward amount shall be released to the ESC 10 for use in serving the SSA as a whole.

The Title I, Part A SSA is a binding agreement in which both parties agree to the responsibilities and actions described herein. Once the LEA releases funds to ESC 10 through the SSA, the LEA is required to maintain membership in the SSA through the end of the project year. Any assets bought with set aside funds are to be retained by the LEA and used for the specific federal program. The LEA shall follow the disposition guidelines set by the Texas Education Agency. The LEA agrees to record all revenue and expenditures in Special Revenue Fund 211 as defined in the TEA's Financial Accountability Resource Guide. Fund 211 classification is to be used to account, on a project basis, for funds granted for programs benefiting economically-disadvantaged students.

Implementation of this arrangement between the LEA and the ESC is in accordance with the Title I, Part A Program guidelines and with the approved consolidated application establishing a Title 1, Part A SSA Program for ESC 10. SSA members will adhere to the federal funding regulations outlined in EDGAR 2 CFR 200. The Title I, Part A grant is funded by P.L.107-110 (CFDA#84.010A, USDE, pass through from TEA).

This contract is effective after the receipt of a NOGA for the corresponding funds and aligned with the period of eligibility of said funds.
