Napi Elementary Board Report March 2020

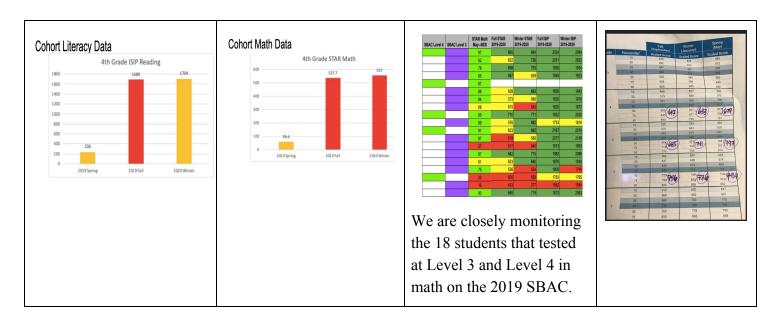

Aipō'•ssii

(Spring is here!)

Principals & Instructional Coaches: Thank you to all of the board members for attending Napi's Board Meeting! Our students, parents, and team truly appreciate it and enjoy our moment to show off all of our hard work!

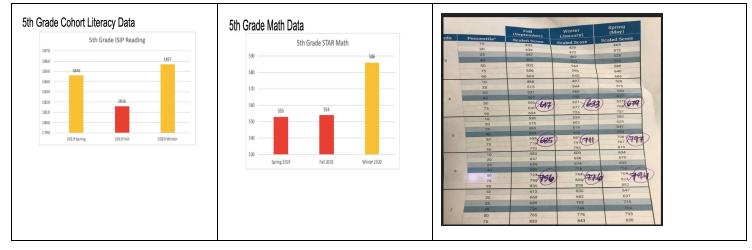

The following data and writing samples were part of the presentation that we omitted due to time. As promised, the data was included in this month's board report.

This data shows a cohort of the same students from 3rd grade (spring '19 to winter '20), that compares data "apples to apples". In mathematics, (STAR Math) when comparing the fall '19 4th grade students, who are tested prior to any formal instruction, they come to Napi with an average scaled score of 537 in the fall. This equates to a 3rd grade level. By the winter benchmark, the same students are averaging a scaled score of 557. This equates to a fourth grade level around the 25th percentile. The norm is the 40th percentile on a national basis, while the District reports at the 70th percentile.

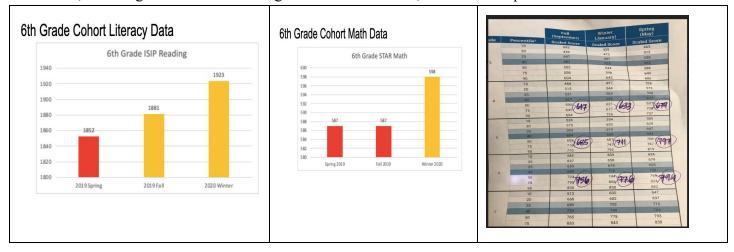

With our current 5th grade students, they left 4th grade with an average scaled score of 533. The tested in the fall, prior to any formal instruction with an average scaled score of 534. This places the students at

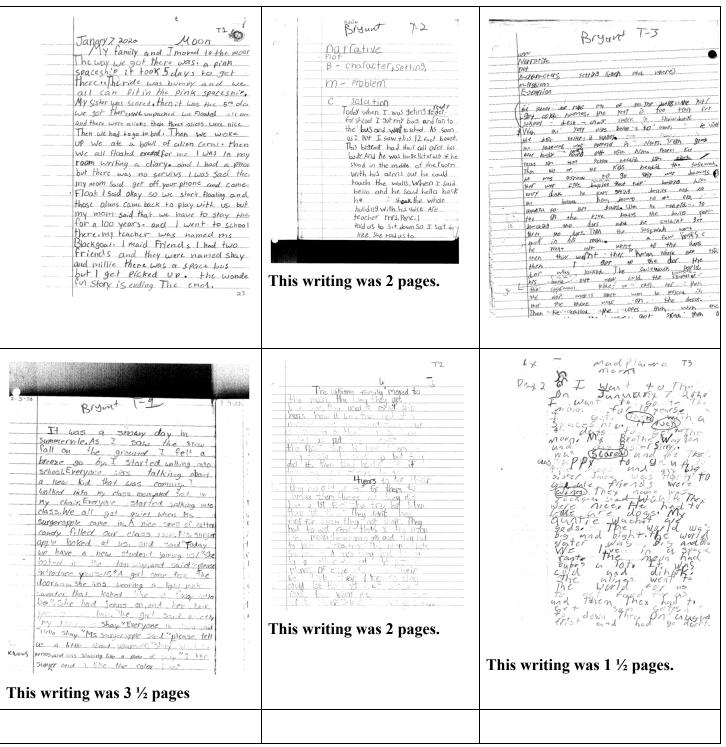

the 10th percentile ranking as 5th graders. The winter benchmark shows growth with an average scaled score of 586, which places students in the 5th grade at the 25th percentile.

The 6th grade left 5th grade with an average scaled score of 587, or at the 10th percentile. By winter benchmark, our 6th graders have an average scaled score of 598, or at the 20th percentile.

February was a busy month for the instructional coaches. Besides daily walkthroughs, we continued with coaching cycles. Mrs. Bragg has two active coaching cycles while Mrs. Wagner is working with three. The coaches are continuing with monthly coaches training provided by our consultant, Debbie Hunsaker. We've provided team level coaching sessions along with assisting in the planning and delivering of professional development for Wednesday extended days.

Inc day I was selching a bank and I food a key, a massical key! It inselted the key into a door and you won't beltare the world that's there! I looked at the world in front of me. it uss a non world. It hart my eyes a little. There was a forest too I stelled down a tree I think, the forest was all white. There was a derive a deson, I think. I was carious and so teleser. I stood in shock, it was a half human half dear letson. In a little voice I said, "mister what are you doin's?" He litt work at me and said, "in a color in the forest, Pollution coased it to go white." This thin and there I realized that I had an option to half them or leave them. I just had to helf! So I said, "mister how can I helf? Then he stored and said, "find the thing that caused this that had you can half?" then he continued to re-color the forest. -SO I did, I looked and found a factory. There was white snake coming out of it. I went inside, there were so many bunny reolle. Working the Sactory and they looked so hammay and Book Thern I found an office that said manger		
Twhen I went inside and a big duck Person said, "What do You what human girl." I said feerfuy! I want you to stop You are making every thing		
white." He said and NM MD I can't stoll now." I Said, MSS Now will." I thought I don't know if this will work, I yelled, mealth inslector!" Then		
a laty a reard she was a bear and she said "I'd" Some one called?" I said with exitment "Can Xia in- sheet this Place?"		
"She looked suffised and said "sure and this Place is highly unsate for further to work, i'm closing this Place down" Duck man said sodily" is there any thing I can Jo? She Said, "said no."		
I felt som thing stronge another key a Pero! so I did the same thing and I was back at the bank I left that key. I herd that the bank closed but I don't know. I feel like there is somthing more to that bank.		

Counselors:

The counseling center was busy during the month of February. Both counselors taught the Second Step Curriculum daily to all students in grades 4 and 5. Daily lessons revolved around skill building in handling strong emotions. The Spokinnapi Program also taught all students in grades 4-5 an alcohol awareness curriculum that they are in the process of developing. Counselors have been sending meals home with approximately 75 students every weekend that are in the backpack program in need of support. Additionally, counselors have been providing Tier I support to all students in grades 4-6.
