Re: Review of Bid Results for Traffic Signal and Wheelchair Lift – 2013 Bond

We would like to discuss the bid responses received for the traffic control and wheelchair lift at Franklin High School at the next Building and Site Committee meeting on Monday, August 11, 2015.

The RFB for the traffic control and wheelchair lift bids at Franklin High School was made available on July 14, 2015. Our Owner's Representative Plante Moran Cresa conducted a mandatory pre-bid conference on July 21, 2015. The bid responses were due on July 29, 2015. We received many responses and Cresa is currently reviewing the information. The process for evaluation will be in accordance with the criteria that were established previously.

The bid responses will be available in the Business Office conference room for any Board member that would like to look at the documents provided by the various firms. We will have a week between the committee and the regular meeting to answer any questions you may have.

On Monday, August 10, 2015 at the Building and Site Committee meeting Plante Moran Cresa will present the results of their evaluation to the Board of Education and provide recommendations for next steps in the process of selecting the vendors for the construction project at Franklin High School. As always, please let me know if there are any additional questions.
