Title: Superintendent

Subject: Return to in-person learning for the 4th quarter 2021-2022

Description: Thank you for all you do to support our children's education. Since we have a very low number of COVID-19 cases we are asking that the majority of our students be back in person for the 4th quarter. The exception is the 504 remote status for the very few students (those who have severe issues and/or have been successful in remote learning). We have a severe learning loss situation in our district, due to COVID remote learning in 20-21 as well as the inability to re-engage some students in their learning. Many of our students are having a difficult time catching up and are struggling with learning on grade level and need those extra supports that we can offer more effectively in person. We are asking for your partnership in helping our community grow in their knowledge and skills by allowing us to work with them face to face.

Financial Impact: N/A
