| Panel | For | Against | Abstain | Reason |
|----------|-----|---------|---------|--|
| Baldwin | x | | | Waiver requests are consistent with operational practices of other small charter schools. |
| Kremers | x | | | I approve the amendment request. Limitations of a small school seem appropriate for the requested waivers. |
| Newton | x | | | I voted on the amendment request with the condition that the Charter's operation will be reviewed at the end of the school year. |
| Rogers | x | | | I approved the amendment request. This is a small school and needs to be able to balance people and finances to meet the needs of their student population. Other charters have similar waivers. |
| Williams | | | | absent |
| Wilson | X | | | I voted for the motion. I believe the remaining technical corrections can be satisfied with the assistance of ADE staff. |
