It is the belief of the Craig City School District that evaluation can be an effective tool to improve of performance. It is the goal of this evaluation to effect change in the direction of continually increasing professional excellence. The Marzano Model domains and methodology are utilized as the foundation of this evaluation tool. CCSD utilized the work from the Washington Office of Public Instruction as a foundation for the CCSD Standard Certified Teacher Evaluation Form. Documents for Revised Marzano Framework (NASOT) can be accessed at the following link: <https://www.k12.wa.us/educator-support/teacherprincipal-evaluation-program/frameworks-and-rubrics/marzano%E2%80%99s-teacher-evaluation-model>

A teacher, in partnership with the evaluating administrator, must provide evidence and/or artifacts for all elements within a component not already observed by the evaluating administrator in order for any component to possibly be rated exemplary. Without evidence and/or artifacts for all of a component’s elements, the highest rating a teacher can receive in each component is proficient. Having evidence and/or artifacts is no guarantee of an exemplary component rating.

Criterion Ratings:

- **Exemplary:** A teacher should receive a Criterion rating of Exemplary if at least two of the components are rated Exemplary, with the remaining components rated now lower than Proficient.
- **Proficient:** A teacher should receive a Criterion rating of Proficient if no more than one component is rated Basic, with the remaining components rated Proficient or Exemplary.
- **Basic:** A teacher should receive a Criterion rating of Basic if the teacher received no Unsatisfactory component ratings and two or more Basic component ratings.
- **Unsatisfactory:** A teacher should receive a Criterion rating of Unsatisfactory if any one component is rated Unsatisfactory.
