Zionsville Community Schools Monthly Financial Summary Notes on Variances and Other Comments June 30, 2025

Notes

- Monthly revenue and expenditure projections are not maintained as part of this report for the funds not included in the state budgetary process. Revenue is posted as earned and expenditures are processed as items are received and/or projects reach completion in compliance with regulatory basis accounting principals.
- In a typical month, we expend more than we receipt given the nature of our funding cycle. The exceptions to this generality are the months when we receive the property tax distributions June and December. In this case, we received the majority of our property tax settlement in May, creating a positive overall surplus for the month of May. Debt payments are processed in June, which causes the swing back to an overall negative monthly position since the revenue to support those payments was received in May. Overall, this will not affect the year when taken as a whole.
