

The Zone 2025-2026

Millsap ISD School Board Report

The Zone, at Millsap Elementary, started the 2025-2026 season on Monday, August 18, 2025. There are 169 students currently enrolled with an average daily attendance of approximately 75 students. The Zone coordinator this year is Ms. Gomez, who handles the day-to-day operations, and Mrs. Williams and Mrs. Myers help support the administrative side of the program.

Last year, the Zone schedule was completely reconstructed to increase student engagement by supporting academic needs and physical activity, and that schedule continues this year. The Zone structure includes 3 groups of students K-1, 2-3, and 4-Middle School. The three learning stations are extracurricular, leadership development and a homework/reading help station. The group leaders adjust activities each rotation to meet the needs of the different age groups.

We have eight full-time employees, with various staff and guest presenters working throughout the week. The Good News Club begins on October 15th and will run for eight weeks. This is a partnership with Soda Springs Baptist Church and will be an option for students with parent permission. Soda Springs Baptist Church has partnered with us for several years and is one of the most anticipated activities for our kids.
