MRS. NAVARETTE PICKED UP LETTER

Zenaido & Elva Navarette
1019 W 13th St
Odessa, Texas 79763

Re: Property Purchase 2nd Offer
Lots 05-07, Block 10, Winton

Dear Mr. and Mrs. Elva Navarette,

Thank you for coming in to visit today regarding all appraisals you had obtained. From the three appraisal you have chosen to use the appraised value from Ector County Appraisal District, we established its fair market value at \$118,800.00. The Ector County Independent School District is still interested in purchasing your property described above. In an attempt to compensate you for any relocation expense as well as any inconvenience associated with the sale of your property, the district is willing to offer you twenty (20%) percent above that independent appraisal amount for the total sum of \$142,560.00. In addition, the school district will give you the option to "buy back" any structures currently on your property for \$1.00. The district will also allow up to \$1,800.00 as expenses for moving those structures and in the event that you do not desire to move any structure, then the district is willing to add that amount to its offer.

Please also be advised that the district will be more than willing to work with you as far as timing on the district taking possession of the property. I would appreciate it if you would please contact me at my office and advise as to whether or not this offer is acceptable and if so, the district will begin the preparation of the closing documents as well as establishing a mutually agreeable date for actual closing and transfer of the property to the district.

Ector County Independent School District appreciates the opportunity to partner with you in the improvement of the campus for the Odessa High School students and staff.

Sincerely,

David Finley, AIA
Chief Operations Officer

Cc: Mike Atkins, School Attorney
Tom Crowe, Interim Superintendent of Schools
