

Operational Services

Accounting and Audits ¹

The School District's accounting and audit services shall comply with the *Requirements for Accounting, Budgeting, Financial Reporting, and Auditing*, as adopted by the Ill. State Board of Education (ISBE), State and federal laws and regulations, and generally accepted accounting principles. Determination of liabilities and assets, prioritization of expenditures of governmental funds, and provisions for accounting disclosures shall be made in accordance with government accounting standards as directed by the auditor designated by the Board. The Superintendent, in addition to other assigned financial responsibilities, shall report monthly on the District's financial performance, both income and expense, in relation to the financial plan represented in the budget.

Annual Audit ²

At the close of each fiscal year, the Superintendent shall arrange an audit of the District funds, accounts, statements, and other financial matters. The audit shall be performed by an independent certified public accountant designated by the Board and be conducted in conformance with prescribed standards and legal requirements. A complete and detailed written audit report shall be provided to each Board member and to the Superintendent. The Superintendent shall annually, on or before October 15, submit an original and one copy of the audit to the Regional Superintendent of Schools.

Annual Financial Report ³

The Superintendent or designee shall annually prepare and submit the Annual Financial Report on a timely basis using the form adopted by the ISBE. The Superintendent shall review and discuss the Annual Financial Report with the Board before it is submitted.

Inventories ⁴

The Superintendent or designee is responsible for establishing and maintaining accurate inventory records. The inventory record of supplies and equipment shall include a description of each item, quantity, location, purchase date, and cost or estimated replacement cost, unless the supplies and equipment are acquired by the District pursuant to a federal or State grant award, in which case the

¹ State or federal law controls this policy's content. A board policy or resolution is required concerning revolving funds and petty cash. 23 Ill.Admin.Code §100.70. This policy is intended to facilitate the board's fiscal oversight role. The last sentence of the first paragraph should be modified to align with local conditions.

² Audit requirements are found in 105 ILCS 5/3-7 and 5/3-15.1, and 23 Ill.Admin.Code §100.110. The federal Single Audit Act adds audit requirements for federal programs. 31 U.S.C. §7501 *et seq.* Grant Accountability Transparency Act (GATA) (30 ILCS 708/) rules also require districts that receive federal pass-through and State-issued awards to have a financial statement audit conducted in accordance with 23 Ill.Admin.Code §100.110, regardless of the amount of award expenditures. 44 Ill.Admin.Code §7000.90(c)(3). See f/n 5, below, for additional information regarding GATA.

For districts in suburban Cook County, replace "Regional Superintendent of Schools" with "appropriate Intermediate Service Center Executive Director."

The following optional sentence establishes an audit committee: "The Board will annually establish an audit committee to help the Board select an external auditor, confer with the auditor regarding the audit's scope, and oversee the audit process."
Note: All board committees are subject to the Open Meetings Act (5 ILCS 120/).

The following optional sentence establishes a competitive process for selecting the external auditor; it prevents a long-term relationship with an auditor and reduces the possibility of audits being too routine or friendly: "The Board will annually advertise a request for proposals to perform the external audit." Substitute "periodically" for "annually" if desired.

³ Requirements for the annual financial report are found in 105 ILCS 5/2-3.27 and 5/3-15.1; 23 Ill.Admin.Code §100.100. The last sentence of this section should be modified to align with local conditions.

⁴ The content of inventory records is at the district's discretion, with the exception of supplies and equipment that are governed by 2 C.F.R. §200.313. See f/n 5, below.

inventory record shall also include the information required by 2 C.F.R. §200.313, if applicable.⁵ The Superintendent shall establish procedures for the management of property acquired by the District under grant awards that comply with federal and State law.⁶

Capitalization Threshold⁷

To be considered a capital asset for financial reporting purposes, a capital item must be at or above a capitalization threshold of \$10,000 and have an estimated useful life greater than one year.

Disposition of District Property⁸

The Superintendent or designee shall notify the Board, as necessary, of the following so that the Board may consider its disposition: (1) District personal property (property other than buildings and land) that is no longer needed for school purposes, and (2) school site, building, or other real estate that is unnecessary, unsuitable, or inconvenient. Notwithstanding the above, the Superintendent or designee may unilaterally dispose of personal property of a diminutive value. The Superintendent shall establish procedures for the disposition and, when permitted by the terms and conditions of the award, the retention of property acquired by the District under grant awards that comply with federal and State law.

⁵ 2 C.F.R. §200.313. The uniform federal rules that govern federal grant awards in 2 C.F.R. Part 200 apply to State-issued awards through the Grant Accountability Transparency Act (GATA) (30 ILCS 708/), unless exempted in whole or in part by the Governor's Office of Management of Budget. 30 ILCS 708/55. See www.isbe.net/gata for further information about the scope of GATA's application to federal awards and State-funded grant programs administered by the Ill. State Board of Education (ISBE). See sample administrative procedure 4:80-AP3, *Inventory Management for Federal and State Awards*. ISBE guidance is available at: www.isbe.net/Documents/fiscal_procedure_handbk.pdf and www.isbe.net/Pages/Federal-and-State-Monitoring.aspx.

⁶ *Id.* In connection with ISBE's grant monitoring function, ISBE published a *Checklist for Equipment and Inventory Review* which requires an approved policy (or procedure) related to the management of equipment at: www.isbe.net/Pages/Federal-and-State-Monitoring.aspx. At the time of **PRESS** Issue 118's publication (Apr.2025), ISBE had not updated its Checklist to incorporate 2024 amendments made to 2 C.F.R. Part 200, including the increase in the capitalization threshold from \$5,000 to \$10,000.

⁷ Optional. 23 Ill.Admin.Code §100.60 requires school boards to adopt a capitalization threshold, which can be done through policy. The capitalization threshold is a dollar figure above which the cost of an item will be included on financial statements and depreciated. A minimum threshold of \$10,000, or a lesser amount established by the board, and useful life greater than one year complies with the definition of *equipment* under federal grant rules. 2 C.F.R. §§200.1 and 200.313(e). Multiple thresholds can be established for different categories of capital assets. *Id.* The Government Accounting Standards Board (GASB) Statement No. 34 at para. 115(e) states that a government should disclose its policy "for capitalizing assets and for estimating the useful lives of those assets." See GASB Statement 34 and Implementation Guide No. 2015-1 both available at: www.gasb.org. District auditors may require or recommend a district have a more comprehensive capitalization policy and/or procedure. Such an accounting policy or procedure should be developed in consultation with the district's accounting professional(s) and tailored to reflect local conditions.

⁸ The requirements in this section are specified in 105 ILCS 5/5-22 (allowing property constructed or renovated by students as part of a curricular program to be sold through the services of a licensed real estate broker subject to certain requirements), 5/10-22.8 (sale of personal property); and 2 C.F.R. §200.313(e) and (f) for federal awards and State awards governed by GATA. See f/n 5, above, regarding grant award requirements. A board that desires to act on the disposition of property having *any* value should use the following alternative to this section's last sentence: "Notwithstanding the above, the Superintendent or designee may unilaterally dispose of worthless personal property."

The recipient (through either sale or donation) of any discarded school bus must immediately: (1) remove, cover, or conceal the "SCHOOL BUS" signs and any other insignia or words indicating the vehicle is a school bus; (2) render inoperable or remove entirely the stop signal arm and flashing signal system; and (3) paint the school bus a different color from those under 625 ILCS 5/12-801. 625 ILCS 5/12-806(b).

Taxable Fringe Benefits ⁹

The Superintendent or designee shall: (1) require that all use of District property or equipment by employees is for the District's convenience and best interests unless it is a Board-approved fringe benefit, and (2) ensure compliance with the Internal Revenue Service regulations regarding when to report an employee's personal use of District property or equipment as taxable compensation.

Controls for Revolving Funds and Petty Cash ¹⁰

Revolving funds and the petty cash system are established in Board policy 4:50, *Payment Procedures*. The Superintendent shall: (1) designate a custodian for each revolving fund and petty cash fund, (2) obtain a bond for each fund custodian, and (3) maintain the funds in compliance with this policy, State law, and ISBE rules. A check for the petty cash fund may be drawn payable to the designated petty cash custodian. Bank accounts for revolving funds are limited to a maximum balance of \$1,000. All expenditures from these bank accounts must be directly related to the purpose for which the account was established and supported with documentation, including signed invoices or receipts. All deposits into these bank accounts must be accompanied with a clear description of their intended purpose. The Superintendent or designee shall include checks written to reimburse revolving funds on the Board's monthly listing of bills indicating the recipient and including an explanation.

Control Requirements for Checks ¹¹

The Board must approve all bank accounts opened or established in the District's or a District school's name or with the District's Federal Employer Identification Number. All checks issued by the School District must be signed by either the Treasurer or Board President, except that checks from accounts containing student activity funds or fiduciary funds and checks from revolving accounts may be signed by their respective account custodians.

⁹ The intent of this optional section is twofold: (1) to control personal use of district property and equipment; and (2) to ensure compliance with IRS rules. As to the first point, allowing personal use of district property or equipment is arguably prohibited by the Ill. Constitution, Art. VIII, Sec. 1 which states: "Public funds, property or credit shall be used only for public purposes." As to the second point, any fringe benefit an employer provides is taxable and must be included in the recipient's pay unless the law specifically excludes it. See Publication 15-B (2025), *Employer's Tax Guide to Fringe Benefits*, at: www.irs.gov/pub/irs-pdf/p15b.pdf.

¹⁰ 105 ILCS 5/10-20.19(2); 23 Ill.Admin.Code §100.70. This paragraph's contents are mandatory, except for the \$1,000 cap on the maximum balance of revolving funds. The cap amount may be changed or the following alternative used: "Each revolving fund shall be maintained in a bank that has been approved by the Board and established in an amount approved by the Superintendent consistent with the annual budget."

The School Code defines petty cash as a type of revolving fund. *Id.* It and other revolving funds carry a standard balance and are regularly reimbursed to maintain the standard balance amount (generally referred to as an *imprest system* of financial accounting). In practice, petty cash is paid out of a *de minimis* cash amount maintained by a fund custodian. Disbursement from a revolving fund other than petty cash is typically made against an imprest checking account, by an authorized signor who is readily available in the district, e.g., a superintendent or building principal. The authorized signor manages the revolving fund and requests the board to reimburse the fund for expenses incurred to bring the imprest account back to its standard balance.

¹¹ This section is largely up to the local board's discretion; additional controls may be added. The following alternative to the second sentence will mandate two signatories for checks:

Two of the following individuals: the Treasurer, Board President, and/or Board Vice President, shall sign all checks issued by the School District, except that checks from accounts containing student activity funds or fiduciary funds and checks from revolving accounts may be signed by their respective account custodians.

See sample policy 4:90, *Student Activity and Fiduciary Funds*, for more information about a board's responsibilities for *student activity funds* and *fiduciary funds*. A board must comply with State law requirements concerning the use of facsimile or electronic signatures on checks. The Secretary of State, Index Department, maintains certified manual signatures of officers authorized to sign checks. Uniform Facsimile Signature of Public Officials Act, 30 ILCS 320/. Electronic records and signatures are governed by the Uniform Electronic Transactions Act. 815 ILCS 333/. Attorneys disagree about the applicability of these laws to school districts.

Internal Controls ¹²

The Superintendent is primarily responsible for establishing and implementing a system of internal controls for safeguarding the District's financial condition; the Board, however, will oversee these safeguards. The control objectives are to ensure efficient business and financial practices, reliable financial reporting, and compliance with State law and Board policies, and to prevent losses from fraud, waste, and abuse,¹³ as well as employee error, misrepresentation by third parties, or other imprudent employee action.

The Superintendent or designee shall annually audit the District's financial and business operations for compliance with established internal controls and provide the results to the Board. The Board may from time-to-time engage a third party to audit internal controls in addition to the annual audit.

30 ILCS 708/, Grant Accountability and Transparency Act, implemented by 44 Ill.Admin.Code 7000 et seq.
105 ILCS 5/2-3.27, 5/2-3.28, 5/3-7, 5/3-15.1, 5/5-22, 5/10-21.4, 5/10-20.19, 5/10-22.8, and 5/17-1 et seq.
23 Ill.Admin.Code Part 100.

CROSS REF.: 4:10 (Fiscal and Business Management), 4:50 (Payment Procedures), 4:55 (Use of Credit and Procurement Cards), 4:90 (Student Activity and Fiduciary Funds)

¹² This section is largely up to the local board's discretion. The annual audit must include a "review and testing of the internal control structure." 23 Ill.Admin.Code §100.110. This review's limited scope means that boards should not rely on it to reveal uncontrolled financial risks. The board's responsibility is to establish policy to safeguard the district's financial condition. Indeed, the oath of office includes this promise: "I shall respect taxpayer interests by serving as a faithful protector of the school district's assets." In this sample policy, the board sets the control objectives and the superintendent is responsible for developing an internal controls system. In addition, ISBE has issued guidance on internal controls pursuant to its administration of the Grant Accountability and Transparency Act (GATA), 30 ILCS 708/. See ISBE's *State and Federal Grant Administration Policy, Fiscal Requirements, and Procedures*, at: www.isbe.net/Documents/fiscal_procedure_handbk.pdf, which states that "to establish a strong control environment, grantees must...[d]esign internal controls that are in compliance with guidance in *Standards for Internal Control in the Federal Government* issued by the Comptroller General of the United States" (a free resource, available at: www.gao.gov/assets/670/665712.pdf) or the *Internal Control Integrated Framework* issued by the Committee of Sponsoring Organizations of the Treadway Commission (a fee-based resource, available at: www.coso.org/guidance-on-ic). Boards that wish to take a larger oversight role regarding internal controls may list the numbered sentences in the IASB sample administrative procedure 4:80-API, *Checklist for Internal Controls*, as required inclusions in the superintendent's program for internal controls. This alternative, for insertion at the end of this section's first paragraph, follows:

The District's system of internal controls shall include the following:

1. All financial transactions must be properly authorized and documented.
2. Financial records and data must be accurate and complete.
3. Accounts payable must be accurate and punctual.
4. District assets must be protected from loss or misuse.
5. Incompatible duties should be segregated, if possible.
6. Accounting records must be periodically reconciled.
7. Equipment and supplies must be safeguarded.
8. Staff members with financial or business responsibilities must be properly trained and supervised, and must perform their responsibilities with utmost care and competence.
9. Any unnecessary weaknesses or financial risks must be promptly corrected.

¹³ Unless specifically exempted, grantees receiving funds from any State agency, including ISBE, must comply with GATA and annually complete a *Fiscal and Administrative Internal Controls Questionnaire* (ICQ). The ICQ covers a number of different topics related to internal controls. Districts that are identified as having one or more areas of elevated risk based on their answers to the ICQ, are required to develop and implement corrective action to address the area(s). Districts that fail to take necessary corrective action to address weak areas of internal control put their grant funding at risk. One of the sections of the ICQ may address a grantee's internal controls for fraud, waste, and abuse, including whether the grantee has a *fraud awareness program*. See sample administrative procedures 4:80-API, *Checklist for Internal Controls*, and 4:80-AP2, *Fraud, Waste, and Abuse Awareness Program*, which incorporate ISBE-recommended practices related to fraud, waste, and abuse.
