## INDEPENDENT AUDITOR'S REPORT

To the Board of Education  
Prairie Grove Consolidated School District No. 46  
Crystal Lake, Illinois

### **Report on the Financial Statements**

#### ***Opinions***

We have audited the modified cash basis financial statements of the governmental activities and each major fund of

Prairie Grove Consolidated School District No. 46

as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements present fairly, in all material respects, the respective modified cash basis financial position of the governmental activities and each major fund of the District as of June 30, 2025, and the respective changes in financial position – modified cash basis thereof for the year then ended in accordance with the modified cash basis of accounting described in Note 1.

#### ***Basis for Opinions***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Prairie Grove Consolidated School District No. 46 and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### ***Emphasis of Matter - Basis of Accounting***

We draw attention to Note 1 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Our opinions are not modified with respect to this matter.

## ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 1, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for one year after the date that the financial statements are issued.

## ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risk of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Prairie Grove Consolidated School District No. 46's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Prairie Grove Consolidated School District No. 46's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## ***Supplementary Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The supplementary information, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information, except for the average daily attendance figure included in the computation of operating expense per pupil and per capita tuition charges, has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated September 12, 2025 on our consideration of Prairie Grove Consolidated School District No. 46's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering Prairie Grove Consolidated School District No. 46's internal control over financial reporting and compliance.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL  
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN  
AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE  
WITH GOVERNMENT AUDITING STANDARDS

To the Board of Education  
Prairie Grove Consolidated School District No. 46  
Crystal Lake, Illinois

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of

Prairie Grove Consolidated School District No. 46

as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise Prairie Grove Consolidated School District No. 46's basic financial statements, and have issued our report thereon dated September 12, 2025. Our opinion was qualified because the financial statements are not prepared in accordance with generally accepted accounting principles. However, the financial statements were found to be fairly stated on the cash basis of accounting, in accordance with regulatory reporting requirements established by the Illinois State Board of Education, which is a comprehensive basis of accounting other than generally accepted accounting principles.

***Report Internal Control Over Financial Reporting***

In planning and performing our audit of the financial statements, we considered Prairie Grove Consolidated School District No. 46's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Prairie Grove Consolidated School District No. 46's internal control. Accordingly, we do not express an opinion on the effectiveness of Prairie Grove Consolidated School District No. 46's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### ***Report on Compliance and Other Matters***

As part of obtaining reasonable assurance about whether Prairie Grove Consolidated School District No. 46s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### ***Purpose of this Report***

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

PRAIRIE GROVE CONSOLIDATED SCHOOL DISTRICT NO. 46  
FUND FINANCIAL STATEMENTS  
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND  
CHANGES IN FUND BALANCES - MODIFIED CASH BASIS TO THE  
STATEMENT OF ACTIVITIES - MODIFIED CASH BASIS  
YEAR ENDED JUNE 30, 2025

|                                                        |                 |
|--------------------------------------------------------|-----------------|
| Net Change in Fund Balances - Total Governmental Funds | \$ (11,057,050) |
|--------------------------------------------------------|-----------------|

Amounts reported for governmental activities in the Statement of Activities - Modified Cash Basis are different because:

Governmental funds report capital outlays as expenditures. However, in the Statement of Activities - Modified Cash Basis the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlay exceeds depreciation expense in the current period.

|                      |                |           |
|----------------------|----------------|-----------|
| Depreciation Expense | \$ (1,242,366) |           |
| Capital Outlay       | 9,610,312      | 8,367,946 |

In the Statement of Activities - Modified Cash Basis, only the gain or loss on the sale of capital assets is reported, whereas in the governmental funds, the proceeds from the sale increase financial resources. Thus, the change in net position differs from the change in fund balance by the undepreciated balance of the capital assets sold.

|                                       |     |
|---------------------------------------|-----|
| Gain/(Loss) on Sale of Capital Assets | 474 |
|---------------------------------------|-----|

Some expenses reported in the Statement of Activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.

|                                           |              |           |
|-------------------------------------------|--------------|-----------|
| Right to Use Asset (Lease) - Amortization | \$ (347,169) |           |
| Amortization of Bond Premium              | 63,306       | (283,863) |

Repayment of long-term liabilities requires the use of current financial resources of governmental funds and is therefore shown as an expenditure in the Statement of Revenues, Expenditures, and Changes in Fund Balances - Modified Cash Basis, but the repayment reduces long-term liabilities in the Statement of Net Position - Modified Cash Basis and is therefore not reported in the Statement of Activities - Modified Cash Basis.

|                                                     |            |         |
|-----------------------------------------------------|------------|---------|
| Repayment of Long-Term Debt                         | \$ 525,000 |         |
| Right to Use Asset (Lease) - Present Value Payments | 352,493    | 877,493 |

|                                                   |                |
|---------------------------------------------------|----------------|
| Change in Net Position of Governmental Activities | \$ (2,095,000) |
|---------------------------------------------------|----------------|

PRAIRIE GROVE CONSOLIDATED SCHOOL DISTRICT NO. 46  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2025

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Prairie Grove Consolidated School District No. 46's (District) financial statements are prepared in accordance with the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America (GAAP). The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The most significant accounting policies used by the District are discussed below.

**A. *Reporting Entity***

The accompanying financial statements comply with the provisions of GASB statements, in that the financial statements include all organizations, activities, and functions that comprise the District. Component units are legally separate entities for which the District (the primary entity) is financially accountable. Financial accountability is defined as the ability to appoint a voting majority of the organization's governing body and either (1) the District's ability to impose its will over the organization or (2) the potential that the organization will provide a financial benefit to, or impose a financial burden on, the District. Using these criteria, the District has no component units. In addition, the District is not included as a component unit in any other governmental reporting entity as defined by GASB pronouncements.

**B. *Basic Financial Statements – Government-Wide Financial Statements***

The District's basic financial statements include both government-wide (reporting the District as a whole) and fund (reporting the District's major funds) financial statements. Both the government-wide and fund financial statements categorize all of the primary activities of the District as governmental activities. The District does not have any business-type activities.

In the government-wide Statement of Net Position – Modified Cash Basis, the governmental activities column (a) is presented on a consolidated basis, and (b) is reported on a modified cash, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. The District's net position is reported in three parts – net investment in capital assets; restricted net position; and unrestricted net position. The District first utilizes restricted resources to finance qualifying activities.

The government-wide Statement of Activities – Modified Cash Basis reports both the gross and net cost of each of the District's functions. The functions are also supported by general government revenues (property taxes, personal property replacement taxes, grants and contributions not restricted to specific activities, unrestricted investment earnings, etc.). The Statement of Activities – Modified Cash Basis reduces gross expenses (including depreciation) by related program revenues, operating, and capital grants. Program revenues must be directly associated with the function (regular programs, special education programs, payments to other districts and governmental units, etc.). Operating grants include operating-specific and discretionary (either operating or capital) grants while the capital grants column reflects capital-specific grants.

The net costs (by function) are normally covered by general revenues (property taxes, personal property replacement taxes, grants and contributions not restricted to specific activities, unrestricted investment earnings, etc.).

The District does not allocate indirect costs.

## NOTES TO FINANCIAL STATEMENTS (Continued)

This government-wide focus is more on the sustainability of the District as an entity and the change in the District's net position resulting from the current year's activities.

### C. *Basic Financial Statements – Fund Financial Statements*

The financial transactions of the District are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprise its assets, liabilities, reserves, fund equity, revenues and expenditures/expenses. The various funds are reported by generic classification within the financial statements.

The emphasis in fund financial statements is on the major funds. GASB No. 34 sets forth minimum criteria (percentage of the assets, liabilities, revenues or expenditures of all governmental funds) for the determination of major funds. The District electively made all governmental funds major funds.

The following fund types are used by the District:

#### Governmental Funds

The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income. The following is a description of the governmental funds of the District:

General Fund – The General Fund is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund. Educational, Working Cash, and Tort are included in this fund.

This fund also includes student activity funds held and controlled by the District, under the direction of district personnel, and administrative involvement of the board of education.

Special Revenue Funds – The Special Revenue Funds (Operations and Maintenance Fund, Transportation Fund, and Illinois Municipal Retirement/Social Security Fund) are used to account for the proceeds of specific revenue sources that are restricted, committed, or assigned to expenditures for specified purposes other than debt service and capital projects.

Debt Services Fund – The Debt Services Fund is used to account for financial resources that are restricted, committed, or assigned to expenditures for the periodic payment of principal, interest, and related fees on general long-term debt.

Capital Projects Funds – The Capital Projects Funds (Capital Projects Fund and Fire Prevention and Safety Fund) are used to account for financial resources that are restricted, committed, or assigned to expenditures for the acquisition or construction of major capital facilities and fire prevention and safety projects.

### D. *Basis of Accounting*

Basis of accounting refers to the point at which revenues or expenditures/expenses are recognized in the accounts and reported in the financial statements. It relates to the timing of the measurements made regardless of the measurement focus applied.

In the government-wide Statement of Net Position - Modified Cash Basis and Statement of Activities - Modified Cash Basis and the fund financial statements, governmental activities are presented using the modified cash basis of accounting. This basis recognizes assets, liabilities, net position/fund equity, revenues, and expenditures/expenses when they result from cash transactions with a provision for depreciation in the government-wide statements. This basis is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

## NOTES TO FINANCIAL STATEMENTS (Continued)

As a result of the use of the modified cash basis of accounting, certain assets and their related revenues (such as accounts receivable and revenue for billed or provided services not yet collected) and certain liabilities and their related expenses (such as accounts payable and expenses for goods or services received but not yet paid, and accrued expenses and liabilities) are not recorded in these financial statements.

If the District utilized accounting principles generally accepted in the United States of America, the fund financial statements for governmental funds would use the modified accrual basis of accounting. The government-wide financial statements would be presented on the accrual basis of accounting.

### E. *Budgetary Process*

The District follows procedures mandated by Illinois State law and District Board policy to establish the budgetary data reflected in its financial statements. The budget was passed on September 17, 2024. The modified cash basis budgeted amounts in this report are the result of full compliance with the following procedures:

For each fund, total fund expenditures may not legally exceed the budgeted amounts. The budget lapses at the end of each fiscal year.

The District follows these procedures in establishing the budgetary data reflected in the financial statements:

1. Prior to July 1, the Superintendent submits to the Board of Education a proposed operating budget for the fiscal year commencing on that date. The operating budget includes proposed expenditures and the means of financing them.
2. A public hearing is conducted to obtain taxpayer comments.
3. Prior to October 1, the budget is legally adopted through passage of a resolution.
4. Formal budgetary integration is employed as a management control device during the year.
5. The Board of Education may make transfers between the various items in any fund not exceeding in the aggregate 10% of the total of such fund as set forth in the budget.
6. The Board of Education may amend the budget by the same procedures required of its original adoption.

### F. *Cash and Cash Equivalents and Investments*

Separate bank accounts are not maintained for all District funds. Instead, the funds maintain their balances in common bank accounts, with accounting records being maintained to show the portion of the common bank account balances attributable to each participating fund.

Occasionally certain of the funds participating in the common bank accounts will incur overdrafts (deficits) in the account. Such overdrafts in effect constitute cash borrowed from other District funds and are, therefore, interfund loans which have not been authorized by School Board action.

The District has defined cash and cash equivalents to include cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

Investments are stated at cost basis. Gains or losses on the sale of investments are recognized as they are incurred.

## NOTES TO FINANCIAL STATEMENTS (Continued)

### G. *Inventories*

No inventory accounts are maintained to reflect the values of resale or supply items on hand. Instead, the costs of such items are charged to expense when purchased. The value of the District's inventories is not deemed to be material.

### H. *Interfund Activity*

Interfund activity is reported either as loans, services provided, reimbursements or transfers. Loans are reported as interfund receivables and payables as appropriate and are subject to elimination upon consolidation. Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures/expenses. Reimbursements are when one fund incurs a cost, charges the appropriate benefiting fund, and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers. Transfers between governmental funds are netted as part of the reconciliation to the government-wide financial statements.

### I. *Capital Assets*

Capital assets purchased or acquired with an original cost of \$10,000 or more are reported at historical cost or estimated historical cost. Contributed assets are reported at fair market value as of the date of donation. Additions, improvements, and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Depreciation on all assets is provided on the straight-line basis over the following estimated useful lives:

|                                      |            |
|--------------------------------------|------------|
| Building and Building Improvements   | 40 years   |
| Site Improvements and Infrastructure | 20 years   |
| Capitalized Equipment                | 3-15 years |

### J. *Lease and Subscription Based Information Technology Agreement*

The District is a lessee in noncancellable leases of copiers, office space and busses.

The District recognizes a right-to-use liability and asset for various lease agreements right-to-use assets (right-to-use asset) in the government-wide financial statements.

At the commencement of a lease or subscription-based IT agreement, the District initially measures the right-to-use liability at the present value of payments expected to be made during the agreement term. Subsequently, the right-to-use liability is reduced by the principal portion payments made. The right-to-use asset is initially measured as the initial amount of the right-to-use liability, adjusted for payments made at or before the commencement date, plus certain initial direct costs. Subsequently, the right-to-use asset is amortized on a straight-line basis over the term of the lease or subscription-based IT agreement. Key estimates and judgments related to leases or subscription-based IT agreements include how the District determines (1) the discount rate it uses to discount the expected payments to present value, (2) the term, and (3) payments.

The District uses the interest rate charged by the lessor as the discount rate. When the interest rate charged by the lessor is not provided, the District uses its estimated incremental borrowing rate as the discount rate for leases or subscription-based IT agreements.

The term includes the noncancellable period of the lease or subscription-based IT agreement. Payments included in the measurement of the right-to-use liability are composed of fixed payments and purchase option prices that the District is reasonably certain to exercise.

The District monitors changes in circumstances that would require a remeasurement of its lease or subscription-based IT agreements and will remeasure the right-to-use asset and liability if certain

## NOTES TO FINANCIAL STATEMENTS (Continued)

changes occur that are expected to significantly affect the amount of the right-to-use liability. Right-to-use assets are reported with Capital Assets and right-to-use liabilities are reported with Long Term Liabilities on the Statement of Net Position.

### K. *Long-Term Obligations*

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the Statement of Net Position – Modified Cash Basis. Bond premiums and discounts are deferred and amortized over the life of the bonds on a straight-line basis. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are expensed as they are incurred.

In the fund financial statements, governmental funds recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

### L. *Government-Wide Net Position*

Government-wide fund net position is divided into three components:

- Net investment in Capital Assets – consists of capital assets (net of accumulated depreciation) reduced by the outstanding balances of bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- Restricted Net Position – consists of net position that is restricted by the District's creditors (for example, through debt covenants), by the state enabling legislation (through restrictions on shared revenues), by grantors (both federal and state), and by other contributors.
- Unrestricted Net Position – the remaining position is reported in this category.

### M. *Governmental Fund Balances*

Governmental fund balances are divided between nonspendable and spendable.

Nonspendable fund balances are balances that cannot be spent because they are not expected to be converted to cash or they are legally or contractually required to remain intact. The spendable fund balances are arranged in a hierarchy based on spending constraints.

- Restricted – Restricted fund balances are restricted when constraints are placed on the use by either (a) external creditors, grantors, contributors, or laws or regulations of other governments or (b) law through constitutional provisions or enabling legislation.
- Committed – Committed fund balances are amounts that can only be used for specific purposes as a result of constraints of the Board of Education. Committed amounts cannot be used for any other purpose unless the Board of Education removes those constraints by taking the same type of action (e.g. legislation, resolution, ordinance). Committed fund balances differ from restricted balances because the constraints on their use do not come from outside parties, constitutional provisions, or enabling legislation.
- Assigned – Assigned fund balances are amounts that are constrained by the District's intent to be used for specific purposes but are neither restricted nor committed. Intent is expressed by an appointed body (e.g. a budget or finance committee) or official to which the Board of Education has delegated the authority to assign, modify or rescind amounts to be used for specific purposes. The District has not delegated this authority to an appointed body or official.

NOTES TO FINANCIAL STATEMENTS (Continued)

Assigned fund balances also include (a) all remaining amounts that are reported in governmental funds (other than the General Fund) that are not classified as nonspendable, restricted or committed, and (b) amounts in the General Fund that are intended to be used for a specific purpose. Specific amounts that are not restricted or committed in a special revenue, capital projects or debt service fund are assigned for purposes in accordance with the nature of their fund type. Assignment within the General Fund conveys that the intended use of those amounts is for a specific purpose that is narrower than the general purpose of the District itself. All assigned fund balances are the residual amounts of the fund.

- Unassigned – Unassigned fund balance is the residual classification for the General Fund. This classification represents the General Fund balance that has not been assigned to other funds, and that has not been restricted, committed, or assigned to specific purposes within the General Fund. Unassigned fund balance in the General Fund also includes amounts levied and/or borrowed for working cash.

The District permits funds to be expended in the following order: Restricted, Committed, Assigned and Unassigned.

N. *Property Tax Calendar and Revenues*

Property taxes are levied each calendar year on all taxable real property located in the District on or before the last Tuesday in December. The 2024 tax levy was passed by the Board on November 19, 2024. Property taxes attach as an enforceable lien on property as of January 1 of the calendar year and are payable in two installments early in June and early in September of the following calendar year. The District receives significant distributions of tax receipts approximately one month after these dates.

**NOTE 2 - DEPOSITS, INVESTMENTS, AND FAIR VALUE MEASUREMENT**

*Deposits*

*Custodial Credit Risk.* Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The District has a policy that all deposits and investments in excess of any insurance shall be collateralized by pledged securities and the market value of the pledged securities shall equal or exceed the portion of deposit requiring collateralization. As of June 30, 2025, deposits with financial institutions are fully insured or collateralized by securities held in the District's name.

*Investments and Fair Value Measurement*

The District is allowed to invest in securities as authorized by the School Code of Illinois, Chapter 30, Section 235/2 and 6; and Chapter 105, Section 5/8-7.

*Investments*

As of June 30, 2025, the District had the following investments, maturities, and fair value measurements:

| Types of Asset          | Credit<br>Quality/Ratings | Segmented<br>Time Distribution | Amount               | Fair Value Measurements Using: |                     | Net Asset<br>Value (NAV) |
|-------------------------|---------------------------|--------------------------------|----------------------|--------------------------------|---------------------|--------------------------|
|                         |                           |                                |                      | Level 1                        | Level 2             |                          |
| Certificates of Deposit | NR                        | less than 1 year               | \$ 4,650,853         | \$ -                           | \$ 4,650,853        | \$ -                     |
| ISDLAF+ Term Series IL  | AAAm                      | less than 1 year               | 700,000              | 700,000                        | -                   | -                        |
| State Investment Pool   | AAAm                      | less than 1 year               | 6,038,393            | -                              | -                   | 6,038,393                |
| Total Investments       |                           |                                | <u>\$ 11,389,246</u> | <u>\$ 700,000</u>              | <u>\$ 4,650,853</u> | <u>\$ 6,038,393</u>      |

## NOTES TO FINANCIAL STATEMENTS (Continued)

The fair value of investments in the State Investment Pools is the same as the value of pool shares, which are measured at net asset value per share (NAV). The State Investment Pools are not SEC-registered, but do have regulatory oversight through the State of Illinois.

The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets. Debt securities and certificates of deposit classified in Level 2 of the fair value hierarchy are valued using a matrix pricing technique. Matrix pricing is used to value securities based on the securities' relationship to benchmark quoted prices.

Debt and equity securities classified in Level 1 of the fair value hierarchy are valued using prices quoted in active markets for those securities. Debt securities and certificates of deposit classified in Level 2 of the fair value hierarchy are valued using a matrix pricing technique. Matrix pricing is used to value securities based on the securities' relationship to benchmark quoted prices.

**Interest Rate Risk.** The District's investment policy limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

**Credit Risk.** State law limits investments based on credit risk. The District's investment policy further limits its investment choices to ensure that capital loss, whether from credit or market risk, is avoided.

**Concentration of Credit Risk.** The District places no specific limit on the amount the District may invest in any one issuer. The District did not invest in more than 5% of the District's total investments in any one issuer that was not either a United States government agency security, mutual fund, or investment pool.

### NOTE 3 - CAPITAL ASSETS

Capital asset activity for the year ended June 30, 2025 was as follows:

|                                                 | Balance<br>July 1, 2024 | Increases     | Decreases    | Balance<br>June 30, 2025 |
|-------------------------------------------------|-------------------------|---------------|--------------|--------------------------|
| <b>Governmental Activities</b>                  |                         |               |              |                          |
| Capital Assets not being depreciated            |                         |               |              |                          |
| Land                                            | \$ 3,873,232            | \$ -          | \$ -         | \$ 3,873,232             |
| Construction In Progress                        | 4,165,700               | 132,548       | 4,165,700    | 132,548                  |
| Total Capital Assets not being depreciated      | \$ 8,038,932            | \$ 132,548    | \$ 4,165,700 | \$ 4,005,780             |
| Other Capital Assets                            |                         |               |              |                          |
| Buildings and Building Improvements             | \$ 26,483,948           | \$ 13,415,321 | \$ -         | \$ 39,899,269            |

Overages were covered by remaining fund balance in all funds.

### NOTE 9 - RETIREMENT FUND COMMITMENTS

#### A. *Teachers' Retirement System of the State of Illinois*

##### *General Information About the Pension Plan*

##### Plan Description

The District participates in the Teachers' Retirement System of the State of Illinois (TRS). TRS is a cost-sharing multiple-employer defined benefit pension plan that was created by the Illinois legislature for the benefit of Illinois public school teachers employed outside the city of Chicago. TRS members include all active non-annuitants who are employed by a TRS-covered employer to provide services for which teacher licensure is required. The Illinois Pension Code outlines the benefit provisions of TRS, and amendments to the plan can be made only by legislative action with the Governor's approval. The TRS Board of Trustees is responsible for the System's administration.

TRS issues a publicly available financial report that can be obtained at <http://www.trsil.org/financial/acfrs/fy2024>; by writing to TRS at 2815 W. Washington, PO Box 19253, Springfield, IL 62794; or by calling (888) 678-3675, option 2.

##### Benefits Provided

TRS provides retirement, disability, and death benefits. Tier I members have TRS or reciprocal system service prior to January 1, 2011. Tier I members qualify for retirement benefits at age 62 with five years of service, at age 60 with ten years, or age 55 with 20 years. The benefit is determined by the average of the four highest consecutive years of creditable earnings within the last ten years of creditable service and the percentage of average salary to which the member is entitled. Most members retire under a formula that provides 2.2% of final average salary up to a maximum of 75% with 34 years of service. Disability and death benefits are also provided.

Tier II members qualify for retirement benefits at age 67 with ten years of service, or a discounted annuity can be paid at age 62 with ten years of service. Creditable earnings for retirement purposes are capped and the final average salary is based on the highest consecutive eight years of creditable service rather than the highest four. Disability provisions for Tier II are identical to those of Tier I. Death benefits are payable under a formula that is different from Tier I.

Essentially all Tier I retirees receive an annual 3% increase in the current retirement benefit beginning January 1 following the attainment of age 61 or on January 1 following the member's first anniversary in retirement, whichever is later. Tier II annual increases will be the lesser of 3% of the original benefit or ½% of the rate of inflation beginning January 1 following attainment of age 67 or on January 1 following the member's first anniversary in retirement, whichever is later.

Public Act 100-0023, enacted in 2017, creates an optional Tier III hybrid retirement plan, but it has not yet gone into effect. Public Act 100-0587, enacted in 2018, requires TRS to offer two temporary benefit buyout programs that expire on June 30, 2024. One program allows retiring Tier 1 members to receive

## NOTES TO FINANCIAL STATEMENTS (Continued)

a partial lump-sum payment in exchange for accepting a lower, delayed annual increase. The other allows inactive vested Tier 1 and 2 members to receive a partial lump-sum payment in lieu of a retirement annuity. Both programs began in 2019 and will be funded by bonds issued by the state of Illinois.

### Contributions

The State of Illinois maintains the primary responsibility for funding TRS. The Illinois Pension Code, as amended by Public Act 88-0593 and subsequent acts, provides that for years 2010 through 2045, the minimum contribution to the System for each fiscal year shall be an amount determined to be sufficient to bring the total assets of the System up to 90% of the total actuarial liabilities of the System by the end of fiscal year 2045.

Contributions from active members and TRS contributing employers are also required by the Illinois Pension Code. The contribution rates are specified in the pension code. The active member contribution rate for the year ended June 30, 2024 was 9.0% of creditable earnings. The member contribution, which may be paid on behalf of employees by the employer, is submitted to TRS by the employer.

On-Behalf Contributions to TRS. The State of Illinois makes employer pension contributions on behalf of the District. For the year ended June 30, 2025, State of Illinois contributions recognized by the District were based on the State's proportionate share of the collective net pension liability associated with the District, and the District recognized revenue and expenditures of \$3,452,945 in pension contributions from the State of Illinois.

2.2 Formula Contributions. Employers contribute 0.58% of total creditable earnings for the 2.2 formula change. The contribution rate is specified by statute. Contributions for the year ended June 30, 2025 were \$40,754.

Federal and Special Trust Fund Contributions. When TRS members are paid from federal and special trust funds administered by the employer, there is a statutory requirement for the employer to pay an employer pension contribution from those funds. Under Public Act 100-0340, the federal and special trust fund contribution rate is the total employer normal cost beginning with the year ended June 30, 2018.

Previously, employer contributions for employees paid from federal and special trust funds were at the same rate as the state contribution rate to TRS and were much higher.

For the year ended June 30, 2025, the District pension contribution was 10.34% of salaries paid from federal and special trust funds. For the year ended June 30, 2025, salaries totaling \$11,525 were paid from federal and special trust funds that required District contributions of \$1,192.

Employer Retirement Cost Contributions. Under GASB Statement No. 68, contributions that an employer is required to pay because of a TRS member retiring are categorized as specific liability payments. The employer is required to make a one-time contribution to TRS for members granted salary increases over 6% if those salaries are used to calculate a retiree's final average salary.

A one-time contribution is also required for members granted sick leave days in excess of the normal annual allotment if those days are used as TRS service credit. For the year ended June 30, 2025, the District paid \$1,015 to TRS for employer contributions due on salary increases in excess of 6% and \$0 for sick leave days granted in excess of the normal annual allotment.

NOTES TO FINANCIAL STATEMENTS (Continued)

B. *Illinois Municipal Retirement Fund*

Plan Description

The District's defined benefit pension plan for regular employees provides retirement and disability benefits, post-retirement increases, and death benefits to plan members and beneficiaries. The District's plan is managed by the Illinois Municipal Retirement Fund (IMRF), the administrator of a multi-employer public pension fund. A summary of IMRF's pension benefits is provided in the "Benefits Provided" section of this document. Details of all benefits are available from IMRF. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available Annual Comprehensive Financial Report that includes financial statements, detailed information about the pension plan's fiduciary net position, and required supplementary information. That report is available for download at [www.imrf.org](http://www.imrf.org).

Benefits Provided

IMRF has three benefit plans. The vast majority of IMRF members participate in the Regular Plan (RP). The Sheriff's Law Enforcement Personnel (SLEP) plan is for sheriffs, deputy sheriffs, and selected police chiefs. Counties could adopt the Elected County Official (ECO) plan for officials elected prior to August 8, 2011 (the ECO plan was closed to new participants after that date).

All three IMRF benefit plans have two tiers. Employees hired before January 1, 2011, are eligible for Tier 1 benefits. Tier 1 employees are vested for pension benefits when they have at least eight years of qualifying service credit. Tier 1 employees who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with eight years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last ten years of service, divided by 48. Under Tier 1, the pension is increased by 3% of the original amount on January 1 every year after retirement.

Employees hired on or after January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating employees who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with ten years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last ten years of service, divided by 96. Under Tier 2, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the *lesser* of:

- 3% of the original pension amount, or
- 1/2 of the increase in the Consumer Price Index of the original pension amount.

Employees Covered by Benefit Terms

All appointed employees of a participating employer who are employed in a position normally requiring 600 hours (1,000 hours for certain employees hired after 1981) or more of work in a year are required to participate. As of December 31, 2024, the following employees were covered by the benefit terms:

|                                                                      |       |
|----------------------------------------------------------------------|-------|
| Inactive plan members and beneficiaries currently receiving benefits | 184   |
| Inactive plan members entitled to but not yet receiving benefits     | 138   |
| Active plan members                                                  | 68    |
|                                                                      | <hr/> |
|                                                                      | 390   |

## NOTES TO FINANCIAL STATEMENTS (Continued)

### Contributions

As set by statute, the District's Regular Plan Members are required to contribute 4.5% of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The District's annual contribution rates for calendar years 2024 and 2025 were 7.42% and 8.08%, respectively. For the fiscal year ended June 30, 2025, the District contributed \$185,371 to the plan. The District also contributes for disability benefits, death benefits, and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by IMRF's Board of Trustees, while the supplemental retirement benefits rate is set by statute.

### *C. Social Security*

Employees not qualifying for coverage under the Teachers' Retirement System of the State of Illinois, or the Illinois Municipal Retirement Fund are considered "non-participating employees". These employees and those qualifying for coverage under the Illinois Municipal Retirement Fund are covered under Social Security. The District paid the total required contribution for the current fiscal year.

## **NOTE 10 - POST EMPLOYMENT BENEFIT COMMITMENTS**

### *Teacher Health Insurance Security Fund (THIS)*

#### *General Information About the OPEB Plan*

### Plan Description

The District participates in the Teacher Health Insurance Security (THIS) Fund, a cost-sharing, multiple-employer defined benefit post-employment healthcare plan that was established by the Illinois legislature for the benefit of retired Illinois public school teachers employed outside the city of Chicago. The THIS Fund provides medical, prescription, and behavioral health benefits, but it does not provide vision, dental, or life insurance benefits to annuitants of the Teachers' Retirement System (TRS). Annuitants not enrolled in Medicare may participate in the state-administered participating provider option plan or choose from several managed care options. Annuitants who are enrolled in Medicare Parts A and B may be eligible to enroll in a Medicare Advantage plan.

The publicly available financial report of the THIS Fund may be found on the website of the Illinois Auditor General (<http://www.auditor.illinois.gov/Audit-Reports/ABC-List.asp>). The current reports are listed under "Central Management Services" (<http://www.auditor.illinois.gov/Audit-Reports/CMS-THISF.asp>).

### Benefits Provided

The State of Illinois offers comprehensive health plan options, all of which include prescription drug and behavioral health coverage. The State of Illinois offers TCHP, HMO, and OAP plans.

- Teachers' Choice Health Plan (TCHP) benefit recipients can choose any physician or hospital for medical services; however, benefit recipients receive enhanced benefits, resulting in lower out-of-pocket costs, when receiving services from a TCHP in-network provider. TCHP has a nationwide network and includes CVS/Caremark for prescription drug benefits and Magellan Behavioral Health for behavioral health services.
- Health Maintenance Organizations (HMO) benefit recipients are required to stay within the health plan provider network. No out-of-network services are available. Benefit recipients will need to select a primary care physician (PCP) from a network of participating providers. The PCP will direct all healthcare services and make referrals to specialists and hospitalization.

NOTES TO FINANCIAL STATEMENTS (Continued)

- Open Access Plan (OAP) benefit recipients will have three tiers of providers from which to choose to obtain services. The benefit level is determined by the tier in which the healthcare provider is contracted.
  - Tier I offers a managed care network which provides enhanced benefits and operates like an HMO.
  - Tier II offers an expanded network of providers and is a hybrid plan operating like an HMO and PPO.
  - Tier III covers all providers which are not in the managed care networks of Tiers I or II (i.e., out-of-network providers). Using Tier III can offer benefit recipients flexibility in selecting healthcare providers but involves higher out-of-pocket costs. Furthermore, benefit recipients who use out-of-network providers will be responsible for any amount that is over and above the charges allowed by the plan for services (i.e., allowable charges), which could result in substantial out-of-pocket costs. Benefit recipients enrolled in an OAP can mix and match providers and tiers.

Contributions

For the fiscal year ended June 30, 2025, the State Employees Group Insurance Act of 1971 (5 ILCS 375/6.6) requires that all active contributors of the TRS, who are not employees of a department, make contributions to the plan at a rate of 0.90% of salary and for every employer of a teacher to contribute an amount equal to 0.67% of each teacher's salary. For the fiscal year ended June 30, 2024, the employee contribution was 0.90% of salary and the employer contribution was 0.67% of each teacher's salary. The Department determines, by rule, the percentage required, which each year shall not exceed 105% of the percentage of salary actually required to be paid in the previous fiscal year. In addition, under the State Pension Funds Continuing Appropriations Act (40 ILCS 15/1.3), there is appropriated, on a continuing annual basis, from the General Revenue Fund, an account of the General Fund, to the State Comptroller for deposit in the Teachers' Health Insurance Security Fund (THIS), an amount equal to the amount certified by the Board of Trustees of TRS as the estimated total amount of contributions to be paid under 5 ILCS 376/6.6(a) in that fiscal year. The member contribution, which may be paid on behalf of employees by the employer, is submitted to TRS by the employer. Total employer contributions for the fiscal year ended June 30, 2025 were \$47,076.

On-Behalf Contributions to THIS. The State of Illinois makes employer benefit contributions on behalf of the District. For the year ended June 30, 2025, State of Illinois contributions recognized by the District were based on the State's proportionate share of the collective net OPEB liability associated with the District, and the District recognized revenue and expenditures of \$ 60,624 in benefit contributions from the State of Illinois.

**NOTE 11 - INTERFUND TRANSFERS**

The following were transfers for the year ended June 30, 2025:

| Transfer from                   | Transfer to        | Amount     |
|---------------------------------|--------------------|------------|
| General Fund                    | Debt Services Fund | \$ 717,657 |
| Operations and Maintenance Fund | Debt Services Fund | 981,196    |

The transfers were made to cover current year debt and right-to-use liability payments.

**NOTE 12 - RISK MANAGEMENT**

The District is exposed to various risks of loss related to torts; theft of, damage to, and the destruction of assets; errors and omissions; and injuries to employees.

NOTES TO FINANCIAL STATEMENTS (Continued)

The District is a member of the Collective Liability Insurance Cooperative (CLIC), a joint risk management pool of school districts through which property, general liability, automobile liability, crime, excess property, excess liability, and boiler and machinery coverage is provided in excess of specified limits for the members, acting as a single insurable unit.

The relationship between the District and CLIC is governed by a contract and by-laws that have been adopted by resolution of each unit's governing body. The District is contractually obligated to make all annual and supplementary contributions for CLIC, to report claims on a timely basis, cooperate with CLIC, its claims administrator and attorneys in claims investigation and settlement, and to follow risk management procedures as outlined by CLIC. Members have a contractual obligation to fund any deficit of CLIC attributable to a membership year during which they were a member.

CLIC is responsible for administering the self-insurance program and purchasing excess insurance according to the direction of the Board of Directors. CLIC also provides its members with risk management services, including the defense of and settlement of claims, and establishes reasonable and necessary loss of reduction and prevention procedures to be followed by the members.

During the year ended June 30, 2025, there were no significant reductions in insurance coverage. Also, there have been no settlement amounts that have exceeded insurance coverage for the past three fiscal years. The District is insured under a retrospectively-rated policy for workers' compensation coverage whereas the initial premium may be adjusted based on actual experience. Adjustments in premiums are recorded when paid or received. During the year ended June 30, 2025, there were no significant adjustments in premiums based on actual experience.

**NOTE 13 - CONTINGENCIES**

The District is not aware of any litigation which might have a material adverse effect on the District's financial position.

**NOTE 14 - CONSTRUCTION COMMITMENTS**

At June 30, 2025, the District had several uncompleted construction contracts. The estimated remaining commitment on these construction contracts, including retainage, is \$1,037,701.

**NOTE 15 - LEGAL DEBT LIMITATION**

The Illinois School Code limits the amount of indebtedness to 6.9% of the most recent available equalized assessed valuation (EAV) of the District. The District's legal debt limitation is as follows:

|                       |                             |
|-----------------------|-----------------------------|
| 2024 EAV              | \$ 368,282,271              |
| Rate                  | <u>6.9%</u>                 |
| Debt Margin           | \$ 25,411,477               |
| Current Debt          | <u>486,751</u>              |
| Remaining Debt Margin | <u><u>\$ 24,924,726</u></u> |
