Background Information on School Funding

District's Budget

District's Proposed Tax Levy for Taxes Payable in 2025

**Public Comments** 

# MN Legislature Must Set Funding for Minnesota Public Schools

Minnesota Constitution ARTICLE XIII

MISCELLANEOUS SUBJECTS

Section 1

**"UNIFORM SYSTEM OF PUBLIC SCHOOLS**. The stability of a republican form of government depending mainly upon the intelligence of the people, it is the duty of the legislature to establish a general and uniform system of public schools. The *legislature shall make such provisions by taxation or otherwise* as will secure a thorough and efficient system of public schools throughout the state."

# As a Result, Funding is Highly Regulated

### **State Sets:**

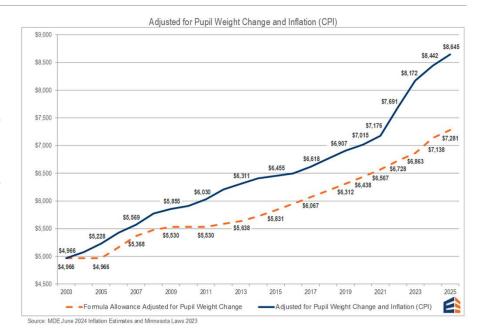

- Formulas which determine revenue; most revenue based on specified amounts per pupil
- Tax policy for local schools
- Maximum authorized property tax levy
  - Districts can levy less, but not more than amount authorized by state, unless approved by voters in November

State also authorizes school board to submit referendums for operating & capital needs to voters for approval

## General Education Formula Allowance, 2003-25

- Since 2002-03, state General Education Revenue formula has not kept pace with inflation
- For Fiscal Year 2023-24, an increase of 4.00% or \$275 over previous year was approved
- For Fiscal Year 2024-25, an increase of 2.00% or \$143 over previous year was approved

Per-pupil allowance for Fiscal Year 2024-25 of \$7,281 would need to increase by another \$1,364 (18.7%) to have kept pace with inflation since 2002-03, resulting in an allowance of \$8,645

## According to MN Department of Education (MDE):

FY 2023 costs of providing programs were underfunded statewide by \$726 million

Even with recent funding, costs will be underfunded by \$455 million statewide by FY 2027

Primary options to bridge funding gap are to cut regular program budgets or increase referendum revenue, most districts have done both

# Underfunding of Special Education

## Budget Information

Because approval of school district budget lags certification of tax levy by six months, state requires <u>only current year budget</u> information be presented at this hearing. Fiscal Year 2025-26 budget will be adopted by School Board in June 2025.

# School district budgets are divided into separate funds, based on purposes of revenue, as required by law.

### **Our District's Funds:**

- General
- Food Service
- Community Service
- Building Construction
- Debt Service
- Internal Service
- OPEB\* Trust
- OPEB\* Debt Service

## 2024-2025 Budget General Fund Revenue

# 2024-2025 Budget General Fund Expenditures

# Change in Tax Levy <u>does not</u> Determine Change in Budget

Tax levy is based on many state-determined formulas plus voter approved referendums

Some increases in tax levies are revenue neutral, offset by reductions in state aid

<u>Expenditure budget is limited</u> by state-set revenue formulas, voter-approved levies & fund balance

An increase in school taxes <u>does not</u> always correlate to an equal increase in budget

## Difference in Levy Cycles

## **School District:**

- Budget year begins July 1st
- 2025 taxes provide revenue for 2025-26 fiscal year
- Budget adopted in June 2025

## City/County:

- Budget year begins Jan. 1st
- 2025 taxes provide revenue for 2025 calendar year budget

- Property Tax Process
  - Key steps in process are summarized on next slide
  - Any of these steps may affect taxes on a parcel of property, but district has control over only 1 of 6 steps

# **Explanation of Levy Changes**

**Category:** 

General Fund – Voter Approved Operating Referendum

**Change:** 

+\$1,191,661

**Use of Funds:** 

**General Operating Expenses** 

**Reasons for Change:** 

- Passage of referendum question in November 2024
- Slight increase in enrollment projections

## **Explanation of Levy Changes**

**Category:** 

General Fund – Long Term Facilities Maintenance (LTFM)

**Change:** 

-\$666,209

**Use of Funds:** 

Deferred Facility Maintenance & Health & Safety Program Costs

**Reason for Change:** 

- Revenue provided through a combination of property tax levy and state aid
- District borrowed against future LTFM revenue in order to tackle deferred maintenance projects. The offset is an increase in the Debt Service Fund

# Factors Impacting Individual Taxpayers' School Taxes

Many factors can cause a tax bill for an individual property to increase or decrease from year to year

- Changes in value of individual property
- Changes in total value of all property within District
- Increases or decreases in levy amounts caused by changes in state funding formulas, local needs & costs, voter-approved referendums & other factors

## Four Year School Levy Comparison

- Examples include school district taxes only & are shown based on no change and a 29.5% increase in property value for residential homes over the past four years
  - Actual changes in value may be more or less than this for any parcel of property
  - Intended to provide a fair representation of what happened to school district property taxes over this period for typical properties
- Examples are for property in City of Fridley
- Amounts for 2025 are preliminary estimates; final amounts could change slightly
- Estimates prepared by Ehlers (District's municipal financial advisors)
