Summary: Purchase of White Fleet for District

Background Information: With the opening of the new high school and the new elementary that will be completed in the future, district operations and technology staff will be traveling to multiple locations that will require vehicles capable of transporting tools and parts needed to complete jobs and to handle

deliveries of large orders.

The district's existing white fleet is not sufficient to meet the increased demands created by the wider distribution of campuses. This purchase will be funded through bond proceeds. We confirmed with bond counsel that the use of bond funds for the purchase of needed white fleet utility vehicles was an allowable expense for bond funds.

The following vehicles will be purchased through the TIPS vendors below:

Vendor	Vehicle	Total Price
Ford Mt.Pleasant	2026 W3X 350 Hi Roof Cargo Van RWD	\$61,535.00
Chuck Nash Chevrolet	2025 Chevrolet Cutaway w/16ft box truck w/liftgate	\$64,456.95
Chuck Nash Chevrolet	2026 GMC Sierra 1500 Crew Cab 2wd	\$46,239.68
Chuck Nash Chevrolet	2025 GMC 2500 Sierra 4wd Diesel	\$74,094.66

Technology staff has selected to purchase the vehicle from Ford Mt.Pleasant (TIPS Coop vendor). This vehicle has a higher roof that will allow staff to stand up while working. In addition, the vehicle will be outfitted with built in storage needed for them to transport materials safely.

The Operations and Safety department has selected to purchase the vehicles above from Chuck Nash Chevrolet in San Marcos, TX, an authorized TIPS cooperative vendor. These vehicles will provide essential support for daily operational functions, improve response times for maintenance and safety needs, and strengthen the district's overall ability to serve students and staff across all sites.
