

THE SCIENCE, THE CULTURE & THE COMMUNITY OF ECISD K-12 CLASSROOMS

PARTNERSHIPS

PICK Education brings the real world into the classroom by partnering with universities, businesses and institutions. Students are able to contribute data to the real world.

INFO SHARING

PICK Education experiences seek collaboration and data sharing with collaborators and partners.

DATA COLLECTION

Currently, PICK Education students and teachers help contribute data to various fields of research and technology such as human health, neuroscience and paleontology, just to name a few.

CROSS CURRICULAR

PICK Education experiences meet curriculum standards and are vertically aligned. PICK Education classrooms are cross-curricular and become an extension of a university, college, business or institute. It provides students an opportunity to retain ownership of their education.

COLLABORATIONS & PARTNERSHIPS
