Goal/Objective Addressed	<p>Student Achievement</p> <p>Crosby ISD will ensure that every student achieves their full academic potential by providing high quality instruction, engaging learning opportunities, and a supportive environment that prepares all learner for success in an ever-changing world.</p>
Background	<p>The CISD Board of Trustees approved the adoption of STEMscopes Math for grades Kindergarten through Algebra I on May 19, 2025. We are requesting additional Algebra I licenses to accommodate the number of students in both middle and high school.</p> <p>The new Instructional Materials Review and Approval (IMRA) process replaces the former State Board of Education (SBOE) Proclamation and the Texas Resource Review (TRR) processes for textbook adoption. IMRA was enacted under House Bill (HB) 1605 (88th Texas Legislature, Regular Session, 2023) and brings new components to a single, SBOE-governed review of instructional materials. The first reviews conducted under this process evaluates English and</p>

The SBOE also approved the IMRA suitability rubric. These rubrics will be used to evaluate instructional materials submissions for this year’s inaugural IMRA review cycle. The SBOE also approved the process to be used to conduct IMRA reviews.</p>
Staffing Implications	N/A
Budget Information	If approved, the funds for the \$342,510.15 purchase will come from the Instructional Materials and Technology Allotment (IMTA).
Impact of this Action	A growing body of research points to the positive impact that high-quality instructional materials can have on student learning. The Texas Education Agency defines high-quality materials as those that ensure full coverage of Texas Essential Knowledge and Skills (TEKS), align with research-based instructional strategies in each subject area, support all learners, and include progress monitoring through embedded, aligned assessments, implementation support, and teacher- and student-facing resources needed for instruction.
