RE: Policy Recommendations
DATE: April 28, 2014

The following policies are requested to be reviewed by the District #304 Policy Committee.

1. Attendance

Policy 5200 (Revised)

This is a revised policy from NEOLA which addresses recent changes to Illinois Legislation regarding student attendance.

Provisions contained in this policy reflect the current state of the law regarding the definitions of “chronic or habitual” truants; specifically the new policy provisions outline a more restricted level of student “unexcused” absence. In addition, once a student is identified as a “chronic or habitual” truant, the policy identifies supportive services as well as consequences that may be imposed.

2. Educational Opportunity for Military Children

Policy 5111.04 (New)

Illinois legislature adopted the requirements of the Charter on Educational Opportunities for Military Children. This Charter was designed to ease the transition between school districts of children in military families. This policy reflects the current state of law and should be adopted so as to have accurate policies.
