

SPRING 2024 MAP ASSESSMENT PRESENTATION

ECISD students engaged in the third round (End of Year) Spring MAP assessment during the month of May 2024. The data received measures the amount of growth our students made between Fall 2023 and Spring 2024.

The presentation tonight will show the growth for students from Fall 2023 to the Spring 2024. You will see bar graphs (purple bars) which illustrate our observed growth vs. the expected growth (gold diamonds) for English Language Arts and Reading, Math and Science.
