

Subject: Staffing Update
Date: January 21, 2025

Transitional bilingual classroom enrollment should be 90% of the size of corresponding monolingual classrooms. Enrollment in the two monolingual classrooms at North is 22 and 19 students, but the TBE classroom enrollment will soon be 26 students.

To address the increased enrollment, we are recommending adding a TA to the 3rd grade TBE classroom. Cost will be covered via Title I funding for the remainder of the school year.
