"Activity funds" shall mean all funds received by school officials paid or collected to participate in any school activity, such activity being part of the school program and partially financed with public funds or supplemented by public funds. The term "activity funds" shall not include any funds raised and/or expended by any organization unless commingled in a bank account with existing activity funds, regardless of whether the funds were raised by school employees or received by school employees during school hours or using school facilities and regardless of whether a school employee exercises influence over the expenditure or disposition of such funds.

Each Attendance Center, Jackson County Technology Center, and the Alternative School will maintain its own bank account for the receipt and disbursement of activity funds. The Business Office will centrally manage separate bank accounts for the receipt and disbursement of activity funds for each Attendance Center, the Jackson County Technology Center, and the Fab Lab. All activity fund accounts must be approved by the school board and entered into its minutes along with the name of the only persons authorized to sign checks on the account. Accounts must be in financial institutions selected by the school board in accordance with state statutes. A copy of the school activity account will be kept on file in each Attendance Center office, the Jackson County Technology Center Office, the Alternative School Fab Lab office and available at any time to the teachers, students, or parents.

All activity funds received by a local school must be deposited into its activity fund bank account. The Assistant Superintendent for the Attendance Centers, Principal of the Technology Center and Alternative School Fab Lab must maintain a permanent three-part receipt book in which to record all receipts. A person remitting activity funds for deposit will be given the original receipt, the second copy will be attached to the transmittal report to the Business Office, and the third copy will be kept in the book and on permanent file in the Assistant Superintendent/Principal's Business office. All of these pre-numbered receipts must be accounted for. A copy of the

deposit slip indicating the amounts of money deposited to the bank must also be attached to the transmittal report. The deposit slip should indicate the sequence of receipt numbers that particular deposit covers. No more than five hundred (\$500.00) shall be maintained in a school building beyond bank closing hours.

Funds raised by any organization independent of the District (such as PTA, PTO, PTSO or Booster Clubs) will be separate and not part of the activity fund. The District shall not manage these funds in any fashion. (see Board Policy JKAA)

If any organization donates any assets to the school district, the school board must acknowledge in its official minutes who has title to the donated assets.

Pre-numbered tickets shall be used at any event at a local school for which a fee is charged for admission.

All activity fund payments will be processed centrally, following the same procedures as other district expenditures. Direct check writing from individual activity accounts is prohibited.

Any disbursements of activity funds must be made from the account on pre-numbered checks. The disbursement shall be adequately supported by an invoice or statement. All purchases made with activity funds must comply with the state purchasing laws. Only the Superintendent, Assistant Superintendent, Principal of the Jackson County Technology Center and Principal of Alternative School may sign checks on the account. All prenumbered checks must be accounted for. Within five working days of the close of the month, the Assistant Superintendent of the Attendance Center/Principal of the Technology Center and Alternative School shall deliver to the district Business Office a transmittal of all activity fund receipts and disbursements during the preceding month. This transmittal form shall contain receipts and disbursements by individual activity. It will list each check by check number, date and purpose and each deposit by date, receipt numbers and source. Upon receipt of the transmittal forms, the Business Office staff shall review them for accuracy and completeness prior to making the entries to the accounting records. The information from the transmittal form will be used to reconcile the monthly bank statements. All school district activity fund transmittal reports shall have an assigned claim number. These reports and bank reconciliations shall be reviewed and approved by the school board. This approval shall be acknowledged in the board's official minutes. The activity funds account shall be audited annually.

Any activity fund which becomes dormant and inactive may have its surplus, if any, transferred to another activity fund if approval is granted by the school board.

This school board may authorize to conduct, on behalf of the school district, fund-raising activities deemed by the board, in its discretion, to be appropriate or beneficial to the official or extracurricular programs of the district. Any proceeds of such fund-raising activities shall be treated as activity funds and shall be accounted for as are other activity funds. Approval of all fund-raising activities must have prior approval of the Principal, Attendance Center Assistant Superintendents, Superintendent and School Board. Club accounts are exempt from this step.

Fund-raising activities conducted or authorized by the board for the sale of school pictures, the rental of caps and gowns or the sale of graduation invitations for which the school board receives a commission, rebate or fee shall contain a disclosure statement advising that a portion of the proceeds shall be contributed to the student activity fund.

Any arrangement between a local school and a company supplying merchandise, such as school pictures, class rings and caps and gowns, shall be by written contract, signed by the Assistant Superintendent and the company's representative, approved by the school board, and on file available for public review in the Assistant Superintendent's office. The contract shall include all provisions of the arrangement including any rebate or commission to the school. Any rebate or commission provision in a contract shall be fully disclosed in the school board minutes and to any prospective purchasers of the merchandise. In cases where the merchandise is purchased by the student directly from the vendor, any such rebate or commission to the school shall be paid by check from the company directly to the school's activity fund. Under no circumstances shall a company or a purchaser make a payment directly to an Assistant Superintendent or Principal.

Purchases made for school activities which are totally financed with privately generated funds that are not accounted for in a school district's financial accounting system or school bank account are not required to be made pursuant to state purchasing laws or have prior approval by the school board.
