Why the Spikes?

“I have a job, so often I am very busy. The online videos give me the option to have tutorials on my own time.” Madee Ford

“....I can pause the videos and understand it at my own pace.”

Humair Islam

“Mrs. Crockett’s videos were always helpful and gave you NO excuse for not understanding.”

Lilith Fedorisko-McBeth

“I have difficulty keeping up with the expectations in AP Physics but these videos Mrs. Crockett puts on her website help me understand the concepts in my own time.”

Megally Duran

- Coordinate all the Algebra I @ GHS
- Serve on the Algebra I Curriculum Team @DISD
- 2nd year teaching after 18 years of being a stay at home mom

I teach because it gives me such incredible joy to inspire students to learn math! I am touching the world one “problem” at a time! -Mrs. Dean

TIA 2016

Michelle Overton and I will be presenting a session on how to create your very own YouTube channel and make your own videos.

I like the videos because it really helps me out at home, if I ever forget how to do something I can watch the videos to figure it out, or if I missed a day and I need to catch up to the other people I can use the videos. They really help me understand more of what we're learning.

-Leybin Gross

I see my child using them all the time. They are so helpful especially for us parents who haven't done math in 25 years!

-Marci Tamplen

My son, struggles in math...and let's be honest, I'm not so great at it either....with Mrs. Dean's step by step breakdown video...it makes studying at home much smoother and less stressful.

-Ms. Goswick

**The morning of the STAAR:
Twin sisters, GHS freshmen,
watch the short 3 min reminder video.**

Mrs Dean- this is the Papalexis' twins mom,
Angela Hurst - I want you to know your work
is not in vain. Thank you for all you do and
having breakfast with us this morning! We
appreciate you!!!!
