CURRENT RECOMMENDATIONS

1. GASB STATEMENT NO. 102 CERTAIN RISK DISCLOSURES

Comment

In December 2023, the Governmental Accounting Standards Board (GASB) issued Statement No. 102, Certain Risk Disclosures, which establishes the requirements for disclosing, in the notes to the financial statements, the risks related to a government's vulnerabilities due to certain concentrations or constraints that is essential to their analyses for making decisions or assessing accountability. Governments may be vulnerable to risks from certain concentrations or constraints that limit its ability to acquire resources or control spending. Concentration risk is a lack of diversity related to an aspect of a significant inflow of resources (revenues) or outflow of resources (expenses). Constraint risk is a limitation that is imposed by an external party or by formal action of a government's highest level of decision-making authority. GASB Statement No. 102, Certain Risk Disclosures is applicable to the District's financial statements for the year ended June 30, 2025.

Recommendation

Lauterbach & Amen, LLP will work directly with the District to review the new risk related criteria to determine the appropriate financial reporting disclosures for these activities under GASB Statement No. 102.

Management Response

Management acknowledges this comment and, if applicable, will work to implement it when required by GASB.
