

SUBJECT: Consideration and possible approval of an agreement between Pasadena Independent School District and the Western Governors University for a Nursing Administration Practicum for a nursing student.

BACKGROUND: Nursing students enrolled in a master's level college program are required to obtain clinical hours in the area of Nursing Administration. Public School Nurse Administrators have historically served as clinical preceptors to nursing students for this program.

The objective of this clinical experience includes application of core leadership skills such as professionalism, communication, staffing, budget, and creation of professional development for nurses.

FINANCIAL IMPLICATIONS: No additional costs

RECOMMENDATION: We recommend approval of an agreement between Pasadena Independent School District and the Western Governors University for a Nursing Administration Practicum for a nursing student.
