MAP Winter Benchmark

Students have started testing and it is exciting to hear students talk about their goals and getting excited when they meet or exceed their goal. We are doing a school competition for largest percentage of students meeting their growth goal. It is all about the bragging rights to hang the Trojan flag in your hall. 5th and 6th grades are competing against 7th and 8th grades.

Veterans Day

We had an assembly with local veterans joining us to play in the band. The level of respect from our HMS student body was impressive and the veterans in attendance commented on the level of respect.

HMS Students of the Month

Every month teachers are recognizing students who exemplify the FISH! philosophy on a daily basis. These students are recognized and called to the office as a group and receive a certificate and a student of the month pencil.

Upcoming Events:

End of semester one December 20th
HMS Art Show December 18th 6:00-7:30
